SHARING THE  
**Natural Beauty**  
OF COLLEGE OF THE CANYONS

The Gardens of the Canyons Nature Walk and accompanying SNAC (Student Nutrition & Wellness Advocates at College of the Canyons) Fitness Walk offer students, faculty, staff and community members inspiration, education, exercise and enjoyment through the study and appreciation of nature. The gardens strengthen personal attachments to the college and serve as outdoor classrooms and laboratories. These unique gardens also serve as living examples of interdisciplinary approaches to the study of conservation and sustainability.

**Nature Walk**

Beginning at the Carl A. Rasmussen Amphitheater, the Nature Walk encompasses seven gardens. Incorporated into the Nature Walk is the SNAC Fitness Walk, which offers a 1- or 1.5-mile loop that covers a significant portion of the Canyon Country campus.

**Ongoing Support**

The gardens are sustained by the Friends of the Gardens volunteer support group, composed of people dedicated to maintaining Gardens of the Canyons as a recognized asset and landmark of both the college and community. The group's mission is to advance the gardens to enhance the quality of life on campus, support educational programs, and become a community destination.

## Tree Dedication Program

The Friends of the Gardens at College of the Canyons offers our friends and donors the opportunity to dedicate a tree on our campus to remember someone dear, to pay honor or tribute to someone deserving, or to commemorate an event or family milestone.

With a contribution of \$650, donors may select any tree on campus (excluding Heritage Oaks). A permanent, engraved marker noting the occasion, date of dedication and tree variety will be provided, as well as a dedication certificate suitable for framing.

The College of the Canyons Foundation will maintain the database of donors, which will be published on the Gardens of the Canyons website ([GardensoftheCanyons.com](http://GardensoftheCanyons.com)).

For more information, call the
