Star Party and Garden Walk Success!!

Thank you to all who attended either the Star Party and/or the Garden Walk events this past semester. Those who attended the Star Party (400+) were treated to a guest speaker from NASA who presented on the search for Earth-like planets. There were also high-powered telescopes on hand for stargazing, and a number of clubs set up displays and interactive activities for all to enjoy. Garden Walk attendees enjoyed a hike around the campus, where we spotted and identified plants and trees, bird-watched, and collected samples that we took to the lab to explore under microscopes. If you are into science, these two events are held every semester and we hope to see you in the Fall. If you are not into science, they are still a lot of fun and are open to the public, so bring a friend! Visit www.canyons.edu/ccc and click on "Events" for more details on these two great events.
