   7. Discussion – Program Review Pilot
      Under Board Policy, the Senate is responsible for the development of program approval processes. The Comprehensive Planning Team asked if they could develop a pilot for the Senate to consider. This afternoon we will have reports from 6 departments who have completed this process.

V. Open forum/adjournment
Academic Senate Summary  
March 23, 2006

Welcome Jim Urbanovich as new Adjunct Representative.

Routine Matters: the consent calendar was approved for Curriculum and Senate, with the notation that CIT will provide additional information to Curriculum for final ratification.

On-line Instructor Readiness Guidelines was discussed. Additional information to follow.

Department Chair elections for Math and PE have been conducted, using a “two-envelope” ballot system. We are still working on Chairs for PoliSci and Theatre. All other Department Chairs were confirmed.

Manufacturing Technology courses will now be housed in Engineering.

Title V regulations, dealing with unit values for courses, has been brought up for discussion. Carole Long says that we do not have to make any changes prior to Spring 2007; in the meantime we will ask Curriculum to review our operations to ensure Title V compliance.

Academic Freedom was discussed with changes noted below.

The Statewide Senate will meet April 27 to April 30. Michael will be attending this meeting in San Francisco.

Mike Wilding gave a calendar update. Although we are awaiting final Chancellor Office approval, the calendar for next year is looking pretty set without any major changes anticipated. There are still some questions with FLEX that may need to be addressed in the near future..

The meeting adjourned at 4:25 p.m. Our next meeting will be April 27, 2006 at 3:00 p.m. in I-330.
Date: March 29, 2006

NEW – AUTOMATED WAITLIST
Move from the waitlist into the class before the term begins!

This summer we are showcasing a new registration feature that we think students will love. It is called an automated waitlist and it means even though a class you are interested in may have no seats when you first attempt to register, if you put yourself on the waitlist, we will enroll you in the class as seats become available.

**How Does the New Automated Waitlist Work?**
When you register for a class and all the seats are filled, the registration system will ask if you want to be placed on a waitlist. This means that all seats in the class are taken, and you will be waiting for a seat to open up. If you answer yes, you will be added to the waitlist and given a waitlist number. For example, 3/10 means that you are number 3 on waitlist of 10 students. Then as students drop themselves out of the class, or are dropped for non-payment, seats will become available. The college will then enroll students from the waitlist into the class automatically. As students are enrolled, students remaining on the waitlist will move up closer to the top of the list. This process will be run daily until classes begin.

**What Happens if I am Moved from the Waitlist into the Class?**
Once you are moved into the class from the waitlist, we will send you an e-mail and phone call notifying you that you are enrolled and have seven calendar days to pay your fees. You should pay your fees right away. If you don't pay within seven calendar days, you will be dropped from the class and also lose your place on the waitlist. If you do not want the class, you can go online and drop it from your schedule, however, you cannot be placed back in your previous position on the waitlist.

**What Should I do to Prepare for Automatically Being Moved from the Waitlist to the Class?**

**BE SURE:**
- We have your most current phone number and e-mail address on file. We will contact you by both phone and also send an e-mail.
- You do not have any holds from a previous term
- The class is not one you have taken previously
- You have met any course prerequisites by submitting transcripts prior to the start of the registration period.
- The class does not conflict with any other already on your schedule
- You will not be enrolled in more than 18 units if you are moved into the class.

**How Can I file an updated e-mail address and phone number?**
Access the college website at [www.canyons.edu](http://www.canyons.edu), then click the Register Now! button and click on Change Email Address. Enter your new information here. Be sure you submit this prior to the start of registration, which begins on May 8, 2006.

**Can I be Placed Back on the Waitlist in the Same Position if I Don’t Pay My Fees?**
No. You can attempt to place yourself back on the waitlist, if there is room, but there is no guarantee you will be able to get on the waitlist again.

**When are waitlists no longer used?**
Once classes begin, you can no longer put yourself on the waitlist.

**Can I Check My Waitlist Status During the Registration Period?**
Yes. You can access the online registration system at [www.canyons.edu](http://www.canyons.edu), then click Register Now! and enter the Manage My Waitlist area of the system. You can drop yourself from the waitlist anytime.
Can I Be on a Waitlist for More Than One Section of the Same Course?
No. You can only be in one section of the same class, like ENGL 091. However, you can be on multiple waitlists for different classes like ENGL 091, GEOG 101, and HIST 111.

What Happens if I am Out of Town When I am Automatically Moved from the Waitlist into the Class?
We will contact you by e-mail and call you on the phone. If you plan to be gone during the registration period, plan to check your status on the Internet, or make sure we have a phone number or e-mail where you can be reached, or have someone check your status and pay your fees while you are away. You can reach us at www.canyons.edu, then click Register Now! button. You can check your waitlist status, change your e-mail and/or phone number, and pay your fees.

Remember, this process may take place while you are away, and you have seven days to pay your fees. If payment is not received, you will be dropped from the class and will lose your position on the waitlist. It would be wise to make arrangements that fit your situation.

Committee Update:
Maximum contact hours will be entered in the WebCMS course outline as "hours per term" in contrast to hours per week for Chancellor's Office accountability - this is effective immediately. All committee members were provided with a form outlining lecture/lab hours necessary in ratio of units to be eligible for apportionment: Deanna will notify Academic Senate - upon A.S. recognition, committee chairs will send a 'faculty all' notification of new practice.

Items in the Consent Calendar are recommended for approval by a Technical Review Committee that met on 4-18-06.

DISCUSSION ITEMS:
Gina would like to permanently remove two categories from the agenda/summaries: 'New Requisites,' and Modified Requisites.' Also, remove 'Other Action Items' only to appear as needed to identify items in the Summary: It was agreed to exclude both categories from agenda, however, the prerequisite categories must be included in 'Summary' - Title V states prerequisites must be approved separately.

The committee will prepare an updated Diversity List based on the 2005-2006 Curriculum Committee meeting recommendation in preparation for the 2006-2007 catalog: Gina will provide copies of course outlines to committee members including diversity requirement criteria. The following courses will be reviewed and voted on at the May 4, 2006 Curriculum Committee Meeting: CINEMA-123 and 131, HIST-161, 193 and 212, and SOCI-101H (SOCI-101 is currently on the diversity list).
