BP 6370  Independent Contractor Services

Reference:
Education Code 45103.1, 88003.1

Independent Contractor Qualification

The term “independent contractor” is commonly used for IRS purposes. The services of an independent contractor generally are of a limited or temporary nature.

An individual must meet specific criteria, as determined by District to be appropriate to meet various state and federal guidelines, to be qualified as an independent contractor. District employees, including adjunct, adult hourly and college assistants, cannot be contracted as an independent contractor.
