- We are working to finalize the information going to our Congressman for our appropriations requests. Dr. Gribbons added that 3 appropriations requests were recently completed (K-12 arts initiative, the University Center consortium, and an alternative energy training institute).

There was no one present at the meeting.

Ms. Madia noted:
- Her appreciation to the Executive Cabinet members who are involved in the negotiation process. It was smooth with great cooperation during the meetings.
- CSEA has been working closely with the Classified Senate. She attends their board meeting so the two entities know what is going on within each group.

- He and Foundation Chair Jill Meliady met to discuss ways to move the Foundation forward.

Dr. Van Hook invited administrators to provide updates in their areas. She noted Mr. Schrage will be traveling to Tahoe with the COC Hockey team this weekend, entering the tournament as the #1 team in the Pacific Region.

Mr. Schrage announced that:
- Playoffs for the state hockey playoffs will begin this weekend in Tahoe. If they win, they retain their #1 ranking, which will give them a bye through Regionals and onto Nationals in Ft. Myers, Florida in March.

Ms. Fiero added that:
- The dedication of the University Center was a great event and the committee did a great job. Mr. Scott Lay noted his congratulations to Dr. Van Hook in his weekly update to the state.
- Tomorrow is the LEAP mixer at Salt Creek Grill, hosted by Mr. Greg Amsler, manager of the restaurant.
- February 11 is the Castaic wine tasting fundraiser. She noted her appreciation to Board members for their support of this event.

Dr. Van Hook noted that:
- We are saddened by the death of Dr. Ram Manvi, and we will be holding a memorial service at COC on February 19th. She noted Dr. Manvi was witty and personal, and he loved students and his time with them. He made a huge difference at COC in his short time here, in particular in our work with Biotech/Nanotech, establishing our clean room new lab, and creating educational events such as the Star Party event at CCC.
- The FLEX sessions are full. She presented a session on leadership earlier today in which over 50 participants interacted and discussed their leadership styles.
The Measure C and M Oversight Committee meetings were held today in the University Center.
- Our FIPSE grant is moving forward. This is a two year grant (we have a year and a half left) designed to help expand the textbook rental program, train faculty to develop online course material, and offer students a variety of formats to acquire this content. Mr. James Glapa-Grossklag and Mr. John Makevich are heading this charge.
- We discovered last Friday that Ventura CCD is not going to reapply for regional biotech center. We are the logical ones to now apply, and we will be doing so before the February 18th deadline.
- Following a lead suggested by Mr. Fortine, Newhall Land & Farming offered COC the furniture in their current offices, as they are moving. We will move some nice furniture pieces into the incubator and office spaces in the University Center. It was nice of them to offer it to us, and will save us a lot of money.
- On February 11, Ms. Joyce Amston (Executive Director of Intersegmental Partnerships, Foundation for California Community Colleges) will be on campus to review the project (Academy of the Canyons/Early College High School).
- Tomorrow morning is the Chancellor’s Business Council symposium. We have 152 people who RSVP’d for the event. She, Jay Thomas and the committee are looking forward to it.
- She appreciated the hard work by the committee who planned the dedication event, including the PIO and their network. The event was perfect. She extended her gratitude to the Board for naming the building after her, and Ms. Jenkins for serving on the committee. She plans to participate in the FLEX workshop Q&A with the Board tomorrow.

Ms. Jenkins noted that:

- The CCLC conference was great, and she enjoyed participating as a presenter at the new trustee workshop, as well as with Dr. Van Hook. It is nice that we come from an innovative college and she is invigorated by her time with other trustees.
- The dedication event and the committee members worked really hard and took seriously the idea of doing something really nice. She echoed Mr. Berger’s comments about Mr. Green’s video and how great it was. He worked hours and hours on it.

Mr. Wilk noted that:

- He appreciated Mr. Cardenas participating in the legislative visits (with him and Mr. Eric Harnish) when they met with Senator Runner, Assemblywomen Strickland and Assemblyman Smyth. We have strong advocates for the community college system.

- The breakdown of the Cafeteria fund report be brought back (with the budget discussion) as an item for further information.

Dr. Van Hook noted Ms. Audrey Green may have some of this information and could put something together for the Board. She noted we have also been approached to set up a fee-based program (through community education) to compete with these schools, as we could do it for less cost.
