College of the Canyons and the Hart District has engaged in many partnerships and joint use agreements over the years. It was noted that over $3 million has been contributed by both entities in partnerships, cooperative educational ventures, and facility use agreements. These agreements were reviewed by Ms. Coleal and Ms. Engbrecht, and there was a brief discussion at the meeting.

Dr. Van Hook distributed to both Boards some Talking Points about the impact of the budget on COC, classes that have been cancelled, and recounted our commitment to our students. She also distributed copies of “What They’re Saying...” which highlighted information about concurrent enrollment bills being held in committee at the state level. Mr. Castellanos reviewed some of the issues the Hart District is facing, as well.

Agreements Between the SCCCD and the WMHUHSD (2.7)
Dr. Gribbons provided a PowerPoint with information on concurrent enrollment, trends, retention and success rates, and joint efforts between the two Districts to help create a smooth transition from high school into college. He also highlighted the Gates/Foundation for California Community College Initiative ideas in the works. Dr. Van Hook added that there is another discussion going on in the Legislative Analyst Office right now regarding duplicative efforts. As of now, high school students who take the minimum number of classes at the high school can also take up to 11 units at the community college. This means the state is paying the high school district for the full ADA for that student and also paying the college for the FTES generated by them for taking college courses. The LAO is looking into this duplicative and possibly unjustifiable expenditure of tax-payer funds, and this may become a big issue for the community college and the high school district in the near future.

His presentation is hereby made a part of these minutes as if fully set forth herein.

There were none.

Mrs. Mercado-Fortine requested that Hart District staff look at District duplication of programs being conducted by both the Hart District and College of the Canyons.
