Dr. Van Hook:
✓ Distributed a new “What They’re Saying…” (written by Mr. Eric Harnish). She briefly highlighted the key issues included therein.
✓ Noted that there are many emails and conference calls happening across the state in regards to the ongoing budget issues, but there is not much new information to share. She noted COC made an 11.3% cut to last years general fund revenue as we moved forward into this year.

Mr. Dermody was not present at the meeting.

Mr. Patrick Backes:
✓ Shared some photos from the trip to Dodger stadium, where 50 people attended a game.
✓ Noted that The Trading Post exchange will be held on July 18th in Lot 9. Everyone is invited to attend and bring items for exchange.
✓ Announced that the first draft of the delineation of duties between the Classified Senate and CSEA has been put together.
✓ Noted that a new newsletter entitled Cougar Chronicles is in the works.
✓ Announced that the next Classified Senate meeting will be on July 15th at the Canyon Country Campus.
✓ Added they are planning a summer beach day, a fundraiser at Racer’s Edge, various museum tours, and they are also trying to bring back the Classified staff vs. Faculty softball game.

Ms. Jenkins noted she attended the SCV Trustees Association sub-committee meeting for the local Candidates Night event was supposed to be held on Monday, July 13th, but she has not heard any specific details from the SCVTA to date.

Dr. Van Hook invited administrators to provide updates in their areas.

Dr. Maloney noted that:
✓ Earlier today, a structural fire broke out across the street from the Canyon Country Campus. There was a lot of smoke, and there was a brief interlude for students trying to get on campus while the fire department equipment was blocking the entrances. The campus staff and safety personnel handled everything very well.
✓ They had a staff picnic last week, and Mr. Sid Gent (Facilities), and Mr. Be Phan (Information Technology) were inducted as Cougar Award winners.
✓ The staff from the City and College’s Economic Development team is having a joint meeting next Monday to discuss how we can work and partner together, as outlined in the City’s 21-point plan.

Ms. Bozman noted that:
✓ The new PAC Season brochure has arrived, and more will be coming tomorrow.
Mr. Schrage added that:
- The Fine Arts expansion project is ramping up and getting underway.
- We have started the underground digging for the Applied Technology building in Canyon Country.
- We started moving furniture into the University Center last Monday.

Dr. Wilding had nothing to report.

Ms. Fiero noted that:
- The Boys and Girls Club auction on June 13th was great.
- She has joined the Single Mother’s Outreach Board.

Dr. Capet had nothing to report.

Ms. Coleal noted that:
- She attended the fundraiser for Congressman Buck McKeon.
- She had a meeting with the AT&T Golf Classic representatives and they committed to giving us $60,000 for next year’s event, which is $10,000 more than last year.

Dr. Van Hook:
- Noted her appreciation of the Board’s support in approving her contract amendments and that it is a privilege to work here. Because of the support of the Board, who is willing to let us take risks, it allows everyone to do that we do for this District.
- Distributed the SCV Arts Education season brochure, highlighting the events coming up this year.
- Noted that the Gates proposal has been trimmed from $2.5 to $1.5 million a year, and the proposal is being sent off this Friday.
- Announced that last week, Joyce Arnston (VP, Foundation for California Community Colleges, FCCC) invited us to visit EON Reality in Irvine, (which is the company Dr. Mark Drummond wanted us to work with to develop a virtual simulation project, but the SB70 funding for it was never released for the visual simulation center by the State Department of Education). The proposal was designed to help us fund a virtual simulation center, work with business and industry, identify the content for software, and develop a training program to train the technicians to develop the software. There is now both Gates and stimulus funding that may help towards this. So, we sent 12 faculty members to EON Reality, and the FCCC asked COC to write the proposal for the system, submit it to the Gates Foundation and be the leader on this project. This would be great for business and industry and would the aerospace sector as well. It would enable online and in class education as everything is done in 3D application.
- Added that the Ribbon Cutting Culinary Arts program is scheduled for Friday, August 7th. The SCV Project is hosting an event in this facility on August 8th, which was approved ahead of our Culinary Arts program moving into this location, so we need to host the open house accordingly.
- Noted we hosted a Regional Deans conference in the PAC last week. Dr. Patty Robinson organized it as a part of her objective in the 08/09 COC mentor program. They had a great turnout. Drs. Robinson and Capet met with her today and noted they’d like to make it an annual event in the University Center, and possibly work with the LEAP project-based learning initiative to help plan and execute the event.

Mr. Cardenas had nothing to report.

Ms. Jenkins announced that she rode on the fire truck in the 4th of July parade, and had a great time.
Mr. Wilk had nothing additional to report.

Ms. MacGregor announced that:
✓ She was given a quick tour of the Counseling and Admissions and Records offices, and noted the new carpeting and paint looks very nice.
✓ As a reminder, the Chamber’s Quarterly Lunch will feature a presentation on Economic Development and the SBDC, and the next VIA lunch has a presentation from COC as well.
✓ She appreciated Mr. Steve Dixon’s help in getting everything ready with the fire truck and driving it in the July 4th parade, and noted they had a great time.
✓ She attended Congressman McKeon’s fundraiser.

There were none.
