The Financial Report – Month Ending June 30, 2007 was presented to the Board as information.

Ms. Coleal noted that we finished the year strong because we worked to get paid for additional FTES this year, as we moved FTES we had earned into 2006/07. We did so strategically as we know that growth funding would be deficited in 2007/08.

Ms. Coleal also distributed information to the Board about the 2007/08 Growth Factor and the impact on our funding potential due to our understanding of the formula. She discussed the events leading up to and through the resolution of Dr. Van Hook catching the fact that the Chancellor’s Office had not considered FTES numbers to be secured at Canyon Country in their funding formula as related to COC’s facility factor.

The Board complimented Dr. Van Hook, Ms. Coleal, Mr. Schrage, Dr. Gribbons and Ms Grandgeorge for their quick thinking, action, and ability to catch (and fix) such a significantly large amount of money that otherwise would have been lost for our District. Ms. MacGregor also noted that other Districts are very complimentary to our District about the work we do that benefits other districts as well.

Ms. Coleal added that the Chancellor’s Office has been extremely responsive to us, and this is due in part to Dr. Van Hook’s ability to understand the “big picture” and through our work with Eric Skinner in the Chancellor’s Office.

(6.16)

Dr. Van Hook took the opportunity to thank Mr. Schrage for the all efforts that he undertook to make sure we were able to open the Canyon Country Campus on time and to hold the ribbon cutting ceremony that same week. She noted none of it would have happened if Mr. Schrage had not been so on top of everything and willing to go the extra mile each and every day.

The Board members added that many of our contractors have made note of the fact that Mr. Schrage is wonderful to work with, and the college has become a great organization to work with for these contractors. The fiscal services department should be complimented for their work in helping to pay these companies on time.

Dr. Van Hook added that the construction management process we are using has worked wonderfully, as it gives local contractors the opportunity to bid on a job that is being done locally, and to do the work in their own community. She credits Mr. Schrage with this process as he had experience doing it the other way, and he was the one who presented the ideas of how we could make it work on our campus.

Ms. Jenkins noted that Mr. Vanover had requested we place this item on our agenda for consideration. Mr. Vanover highlighted key points in the resolution, and noted the major components of this initiative, should it be passed by the voters in California. Our District would acquire a $5.9 million increase over the next 5 years if passed.

The Board moved Approval of Resolution 2007/08-11: In Support of the Community College Governance, Funding Stabilization, and Student Fee Reduction Act (California Community College Initiative).

Dr. Van Hook will be honored with the President’s and Chancellor’s award. We are fortunate that Dr. Van Hook believes in professional development and continues to see that it is funded. Other districts provide only 20% release time for someone to coordinate their Professional Development activities, while COC has a fully dedicated full-time Director for our program. COC is also receiving a Merit Award for the Professional Development program, and she complimented Ms. Leslie Carr for her hard work and dedication as the Director of this program, noting that this is a tremendous accomplishment for her as well.

President Jenkins announced the next meeting will be a Budget Study Session/ Business Meeting held on September 26, 2007 beginning at 5:00 for Closed Session, 6:30 pm for Open Session in the Staff Dining Room.
