This week College of the Canyons celebrated its 45th Anniversary. It was on September 22, 1969 that College of the Canyons welcomed 735 new students into its temporary bungalow-style classrooms on the Hart High School campus. In its first year 150 classes were offered, the student newspaper “The College Sound” ran its first issue and the Theater department produced “The World of Ferlinghetti” and “Our Town.” The college’s first commencement ceremony was an intimate one, held in the Hart High Cafeteria, honoring a small class of just 16 students.

At the June 2014 commencement ceremony College of the Canyons awarded diplomas to 1,288 students. In this semester we are holding 1,548 in-person classes and 183 online classes. The Valencia campus now boasts 41 buildings on 154 acres creating 793,605 sq. ft. of classroom and operational space. The Performing Arts Center offers a robust event calendar with book readings, comedic performances, theatrical productions and dance performances, the art gallery displays both student work and professional exhibitions. Recent additions to the Valencia campus include the expansion of the Library & TLC, a vineyard, new Student Services building and iCuE culinary facility, both of which are expected to be completed by the end of the fall term. The Canyon Country Campus was opened in 2007 on 70 acres of land and now houses 38 modular buildings and the Applied Technology Center with plans of 7 permanent buildings including a science center and planetarium. We have come a long way!
