

## Landscaping the "Cougar Way"

The central walkway—or "fireroad" at CCC has been graced with many new plants, trees, and grass, as part of a campus beautification project. This significantly expands the park-like space surrounding the Carl A. Rasmussen Amphitheater and Maui Wowi, and expands the space available for students and the community during the week and at campus events such as movie night or the Star Party. See photos below!

To celebrate this transformation, the "fireroad" will now be known as **COUGAR WAY**, in honor of College of the Canyons' illustrious mascot. Stay tuned for an official unveiling of this new name, or read more [online](#)!

## CCC Social Networking—Follow Us!

Fall 2010 is a busy time at the Canyon Country Campus. Be sure to check out our new social networking resources to ensure you receive the latest news about events and other campus happenings. It's time—get connected!
