

Undecided Major?

Undecided Major Orientation

This workshop is designed to help students unsure of their major. The link between personal interests, majors and possible career choices will be addressed. This workshop introduces career assessment tools: Kuder Journey, the Strong Interest Inventory (SII), and the Myers-Briggs Type Indicator (MBTI). Students will be introduced to online career resources to further research majors, careers and the current labor market.

You will leave the workshop with a better understanding of how to move forward with selecting the major that is right for you.
