

# WHAT STUDENTS SAY ABOUT THEIR EXPERIENCE IN PAL

## • What would you tell someone who's interested in taking PAL classes?

"If you're interested in establishing strong friendships and finishing two semesters of math or English in one semester, take PAL!"

"Take the PAL class because it's so much easier to be in the same class with the same teacher and students."

"Go for it! You won't forget, or regret the experience."

## • How was PAL different than you thought it would be?

"While the material was new, it was all familiar because we had the same professor and the same classmates, so there was a sense of comfort."

"It wasn't as fast as I expected, and it was worth saving the time of taking the two classes over two semesters."

The pace of the course was more manageable than I thought, I expected it to be faster."

"PAL wasn't as intense as I thought it would be."

## • What's the greatest benefit of taking PAL classes?

"By taking math daily, the concepts become easier."

"Expanded network, perspective and confidence building."

"Finishing my required classes faster."

"PAL Math didn't feel like math, it felt more like life skills, incorporating a bit of math."

"You have the ability to work at a faster pace and finish your classes at COC faster."
