Dear Student,
Hello and Welcome to Counseling 110, Career- Life Planning!

My name is KerryFaythe Brown, Academic Counselor/ Counseling Education Professor, and you are about to enter a fantastic journey into the, “Twilight Zone”........oh well- ok, maybe not there exactly, but the Journey of your own personal and professional development of a Career Pathway that fits who you are and where you’re potentially going! This is an online class! We do not meet in person at all! However, you will have the opportunity to get to know me by watching my weekly “Hot Topics” with “Faythe” that’s me, which will highlight the key concepts and allow you to get to know me better as your Instructor along with my personal and professional knowledge of Career-Life experiences!
The ultimate goals of this course are to prepare you as an individual to invest in yourself by understanding, assessing, and mindfully establishing a plan of action.

After completing this course, you should be able to:

2. Utilize specific job search techniques.

3. Analyze trends and issues in the changing workplace.

4. Explore and apply career development information through the use of technology.

5. Analyze occupational decision-making models and implement a specific model for a career choice.

6. Explain how specific job acquisition skills can be utilized to obtain employment.

7. Develop short and long-term goals.

8. Demonstrate successful collaborative workplace and group setting behaviors through classroom exercises.

You can access COC Blackboard through:

You will be required to login before **August 26th at 11:30pm**. Failure to login by the time listed will result in being **dropped from the course**. I highly recommend that you take a look at the online tutorials provided by the COC Blackboard website to better familiarize yourself with Blackboard 9:

Once you log in, you should change your password to something unique that you will remember. Your password does not reset to “student” each semester. Distance education is not for everyone, please exam your personal learning style preference. You should be self-motivated, independent, enjoy spending time on the computer, have the ability to articulate your voice in written language and have the time required to complete the class. Are you ready for distance education? If you do not know, please take the
following distance learning self-assessments: How prepared are you for distance learning? In addition, determine your technology know-how quizzes at:
