These services include work study, other educational-related work experiences, job placement services, and coordination with the county welfare offices to determine eligibility and availability. CAMPUS ACTIVITIES AND STUDENT LIFE

Students are strongly encouraged to become involved with student development activities and opportunities for enrichment outside the classroom. These activities can be found on campus, online or in the surrounding community. Participation in such activities helps students apply, in practical situations, the theory they learn in the classroom. Benefits include leadership development, skill-building, interacting with people and understanding group dynamics, all of which can be utilized throughout one's life.

Information about all of the following programs and services can be obtained by visiting the staff of the Office of Student Development located in Room STCN-102 in the Student Center on the Valencia campus.

Emerging Leaders Program

This program is designed to provide opportunities for students to develop their leadership skills and techniques through workshop attendance and to network with local leaders in business, industry and city government.

The program has five core categories of leadership including ethics and values; leadership development; communication; interpersonal skills; and process management. Within each of these core categories are numerous specific workshops in which students can participate.

Student Development has established a partnership with the SCV Jaycees to sponsor the program. The SCV Jaycees are active members of the Chamber of Commerce and are comprised of business professionals

between 21 and 40 years of age. Generally, the facilitators for the Emerging Leaders Program will be provided by members of the SCV Jaycees.

The Emerging Leaders Program is self-paced, meaning students can choose how often they attend. They may choose to participate in one or more workshops per semester or year. When a College of the Canyons student participates in and completes a total of 12 workshops and engages in a service project coordinated by the Jaycees, he/she will receive an official certificate of completion that can be attached to a resumé, or university or scholarship application.

Students who attain the certificate of completion will have their first year's membership dues in the SCV Jaycees paid for by the Associated Student Government, a sponsor of the Emerging Leaders Program.

For more information, please call (661) 362-3983 or drop by the Student Development Office in Room STCN-102 of the Student Center on the Valencia campus.

The Student Development Transcript Program is offered through the Office of Student Development (STCN-102). In order to receive a Student Development Transcript, each student must first register to be enrolled in the program. Students are encouraged to register for the program as soon as possible to ensure a complete transcript by the time they are ready to apply to transfer to a university or apply for a professional job or scholarships. The Student Development Transcript Program is not retroactive and only activities that have been verified for the current semester can be documented.

Photo Identification Card

All students are encouraged to obtain a student photo identification card through the Office of Student Development. Besides serving as a form of photo identification, the card is also used by many departments providing student services such as the tutorial lab, fitness center and the library, which uses the card for books and materials checkout.

Once a student receives the initial card, he or she should keep the card for the entire time period during which the student may attend the College, even during periods of non-enrollment.

The initial card is the only one the student will receive during the student’s attendance at the College. The same card is used each semester the student is enrolled. It is necessary for the student to receive a new validation sticker from the Office of Student Development at the beginning of each semester to validate student benefits for that semester.

THE COC HONORS PROGRAM

The program offers students the opportunity to enroll in semester-length Honors courses, each of which is designated by an "H" (e.g., SOCI 101H). These classes are designed to enhance reading, writing, critical thinking, and research skills. The overall program strives to recognize academic excellence, provide transfer information, and increase the number of students who transfer from COC to 4-year colleges and universities.

Community service, scholarships, and enrichment activities are also available to students who join Alpha Gamma Sigma (a California honor society) or Phi Theta Kappa (an international honor society). The Transfer Alliance Program (TAP) will also benefit Honors students transferring to UCLA. In addition, transfer alliance agreements exist with Pomona College, Chapman University, UC Riverside, UC Santa Cruz, and other colleges and universities through COC's membership with the Honors Transfer Council of California (HTCC). For more information about the Honors Program, please email Dr. Patty Robinson, Dean, Social Sciences and Business Division at patty.robinson@canyons.edu, or visit her in SCOH-310.

Located in the Student Support Center, the ISP staff can assist students who wish to obtain I-20 certification as a step to receiving an F-1 student visa. Counseling of foreign students is available from the ISP staff, who will provide academic, vocational and personal counseling to foreign students.
