Welcome to College of the Canyons! As a former student returning to college after a break, I understand the courage and determination it takes to come back to college.

You are probably juggling many priorities in your life. You may also have a few fears about your ability to succeed. You should know that some of our best students are returning adults. They are more mature, and focused on their goals. I commend you and want you to know that you can do it. We are creating a program that can help you navigate those first steps to completing your educational goal. We call it the Adult Reentry Program.

I'd love to meet you; why not come to our next information session? You can also find out more about the program by browsing our website. Feel free to contact us if you don't find what you're looking for on the site and I wish you success as a returning student.
