Agenda Item Details

Meeting Jan 18, 2012 - Santa Clarita Community College District - Board of Trustees
Category 4. CONSENT CALENDAR
Subject 4.1 IS - Approval of New and Modified Courses and Programs
Type ACTION/CONSENT
Recommended Action Motion to approve the new and modified courses and programs as presented.
Goals Teaching and Learning

The following list represents 17 course modifications and 1 program modification that were approved by the Curriculum Committee of the Academic Senate, and subsequently by the Academic Senate for the November 17th and December 1st 2011 Curriculum Committee meeting. Members of the Curriculum Committee reviewed a total of 41 course and program proposals, prior to the Curriculum Committee meeting listed above, in technical review sessions in order to streamline the approval process. Curriculum is constantly evaluated to ensure course content and delivery methods meet the needs of the community at large. This agenda item represents a major effort on the part of the faculty to implement the Program Reviews for their departments and initiate changes to ensure courses and programs remain current in each field of study. As each piece of curriculum is processed, the Student Learning Outcomes (SLO’s) are also updated. In addition the Curriculum Committee approved 17 courses to be deleted from our inventory because they are no longer relevant in their Career Technical Education (CTE) area, or are not needed for lower division transfer if in a non-CTE area.
