What is The Learning Center?

Going to college involves more than just showing up to class. In a typical class most of the work is done outside of the classroom: homework, group projects, test preparation, and papers. At College of the Canyons there is a place on campus that can help every step of the way, The Learning Center (TLC). **TLC offers tutoring in English, math, CIT, and many other subjects.** These services are available to enrolled College of the Canyons’ students for their COC courses on a walk-in basis at no charge. No appointment is needed. **Student Identification is required for all students** who wish to utilize services in The Learning Center (TLC), in both the Valencia and Canyon Country Campus. Student ID may be obtained in the office of Student Development, STNC 102.
