“New Objectives Related to SLOs as Indicated in the Use of Results Section”

New Objectives. While the number of new objectives is to be determined by your department, most departments will want to limit the number of new objectives to between 3 and 7. Also, there is no requirement to include objectives for each strategic goal. Rather, review the College Strategic Goals and reflect on many implications for your department. Only include objectives for a College Strategic Goal if appropriate. (Review College Strategic Goals)

New Objectives Related to SLOs as Indicated in Use of Results Section:

Add/Edit/Delete SLO Objectives

Other New Objectives:

Add/Edit/Delete Other Objectives

Please identify any substantive changes that occurred in the prior academic year that resulted in the addition of a new objective(s) in this year’s program review. In addition, please provide data or evidence to support the addition of this objective(s).

Level 1 user additional comments / dialogue about the information provided if desired.

Level 2 user comments / dialogue about the information provided if desired.
Program Review Objectives based on SLO Results
