WELCOME

On behalf of the Board of Trustees, Chancellor Dr. Dianne Van Hook, and the entire campus community, we would like to welcome you to College of the Canyons. We hope your experience at the college will be a rewarding one.

As a new faculty member, you are cordially invited to participate in SYNERGY. This New Faculty Learning Community Cohort at College of the Canyons is designed to assist new faculty in becoming integrated members of the College. The SYNERGY Program consists of a year-long set of experiences and training sessions, designed to be conducted in a learning community setting, to orient new faculty to the college and the community. SYNERGY addresses the unique needs of new faculty as they launch their academic career at the College. It is filled with energizing workshops, informative gatherings, social activities, and intellectually stimulating seminars that can help new hires situate themselves into a college environment.

We strongly believe that the well-being of newly hired faculty deserves the campus community's attention. The program aims at building a strong sense of community on campus; strengthening connections and cultivating opportunities to advance organizational commitment; ensuring success in the tenure process; developing a positive working experience that extends to the larger campus community.

Much success to you!

SYNERGY Solution Team,

Our Program’s Mission

The COC New Faculty Learning Community Cohort is designed to assist new faculty in becoming integrated members of the college. The SYNERGY program addresses the unique needs of faculty as they are introduced into the college. This learning community will encompass five core values: collective energy and creativity, reciprocal values and vision, supportive environment, shared personal practices, as well as responsive leadership.
Goals of the learning community cohort based on SYNERGY

Supportive environment for communication

Yielding progressive learning and knowledge

Navigating the COC roadmap and its culture

Expectations the first year

Roles and Responsibilities

Growth and success for faculty
