Acceptance of Mr. Douglas R. Sink’s Resignation
Ms. Amanda Konzelman, COC Student Representative to the Measure "C" Citizens' Oversight Committee was introduced and welcomed by the Committee members.

Ms. Rita Garasi accepted the nomination for the position of Vice-Chair of the Measure "C" Citizens’ Oversight Committee.

The Committee approved the selection of Ms. Garasi as Vice-Chair.

Motion: Harper Second: Lebecki Record of Vote: 8-0

Mr. Schrage presented the request for Measure "C" funds to build a separate Reprographics Building. He explained to the Committee that the department must be moved from the "I" Building (where it is currently housed) to allow for completion of the Repair and Renovation of the "I" Building. He indicated this department was originally planned to be housed in the basement of the new Administration and Student Services Building, but delays in the construction of this building created a need for this project.

He also noted there is no negative financial impact as the cost of the new building (located between the "S" Building and the PAC) will be less than the cost of a basement in the new "A" Building, which will not be needed.

The Committee approved funding of the Reprographics Building with Measure "C" funds.

Motion: Lebecki Second: Harper Record of Vote: 8-0

Ms. Garasi asked Ms. Marta to prepare a memo to the District informing them of the Committee's approval.

Ms. Coleal reviewed the Life to Date Expenses report submitted to the Committee.

Mr. Hedman asked if the report could be reformatted to add the original project budget and current cost of construction.

Dr. Van Hook described how the funding allocation process works at the state level and that the District could only give complete numbers for projects funded completely by the District as the state match numbers were constantly changing. Ms. Coleal will reformat the document and provide it to the Committee for review.

Member Basham asked if there were specific floor plans for the "L" Building and about access to the Reprographics building. Dr. Van Hook indicated that the new Reprographics building would be much closer to the major faculty/staff parking lots and the noise and odors will be away from instructional areas.

She also indicated there will be photocopying machine located in multiple areas of campus.

Dr. Van Hook provided an update on the Canyon Country Educational Center to the Committee. She informed them the item was to be placed on the December 14 and 15 CPEC agenda for approval. She also detailed the process COC will use as it moves forward including the CPEC item, the District’s interaction with that department, the approval process, the status of the modular buildings, and the timeline for moving forward.
The District has entered escrow for the purchase of 70 acres of land, and escrow is expected to close by December 31, 2004, based on:

- CPEC approval December 14 & 15,
- Sellers of all parcels of land agreeing to sell at fair market values, and
- Approval by the Measure “C” Citizens’ Oversight Committee to use Measure “C” funds to acquire the site.

She also noted that:

- The District has secured 30,000 square feet of modulars, which are currently being stored at Del Valle.
- The District will meet with the City of Santa Clarita to discuss coordination of site development, i.e., roads, utilities, etc.
- The District is using classrooms at the new Golden Valley High School; two in fall 2004 and ten in spring 2005. This student population should grow to provide a base of approximately 4,000 students who will move over to the permanent Educational Center in Canyon Country when it is opened in Fall 2006.

A Measure “C” Citizens’ Oversight Committee meeting will need to be scheduled on December 15 or 16, as soon as CPEC approves the establishment of an Educational Center. The District verified the availability of the Committee members in attendance and will set the meeting at 3:30 p.m. with an option of participation via conference call (if needed) to make a quorum.

The Committee moved to adjourn.

Motion: Garasi  Second: Harper  Record of Vote: 8-0

The meeting was adjourned at 4:07 p.m.
