2. Indents at one-half inch

3. Right justification is not specified

4. Spacing is block paragraph, single space within the abstract, notes, titles and headings, block quotes, tables and figures and references (everything not the main text), double space before and after each single spaced blocked.

5. Page Number are consecutive beginning with the title page.

6. Emphasis should be in italics

7. There are NO Footnotes
1. References should represent the most recent and pertinent literature available.

2. References should be cited within the txt using superscript numbers.

3. In the bibliography, list items numerically in the order that they are cited in your paper.

4. Cite your sources sequentially (starting with 1, 2, 3 etc.).

5. Source material is cited at the end of a sentence before the period, or at the end of paragraph outside of the period.

6. Double-space bibliographic sources.

7. Do NOT alphabetize the bibliography.
AUTHORS

1. Use the initials of forts and second name with NO spaces

2. Include up to six authors

3. If more than six, list first three followed by *et al*

4. Four or more authors: list all authors

5. More than four authors: list three, followed by *et al*

6. Data form tables can be commented upon but not repeated in the text

7. Anything not created by the student must be cited properly
**SOURCES**

1. **Book**: Including the edition between the title and publisher if it is not the first edition

2. **Journal**: abbreviate titles as shown in index Medicus. If the journal does not paginate continuously, include the month and day

3. **Place**: Abbreviate states and do not include postal codes

4. **Web sites**: include the name of the page, the name of the site, the full date of the page (if available) and the date you looked at it. Remove the hyperlink
