

CHAPTER 2 CROSSWORD

Across

- 1 protein acceptor
- 3 smallest particle of an element
- 4 aka H⁺
- 5 links biological polymers
- 9 AGCU
- 11 two or more elements make a...
- 12 AGCT
- 13 a type of bear, or a charge
- 15 fully charged atom
- 16 amino acid polymer
- 17 cut with water

Down

- 2 proton donor
- 3 forms proteins
- 4 “puissance de hydroge’n” or “the power of hydrogen”
- 5 ionic, covalent, polar, etc...
- 6 subunit of nucleic acids
- 7 Heisenberg couldn’t find ‘em
- 8 bond formed due to the charge of atoms
- 10 CH₂O
- 14 Familiar high energy compound
