

REGISTRATION APPOINTMENT FAQs

When is my registration appointment?

To check your registration appointment, log into your student account via "[MyCanyons](#)". Once you log in, select the "My Registration Appointment" link under the Registration menu on the left hand side.

I missed my registration appointment. What do I do now?

Our registration system is set up so that you may enter the registration system anytime beginning on or after your assigned registration appointment. If you missed your appointment, simply log into your student account via "[MyCanyons](#)".

I should have an earlier registration appointment. How are registration appointments determined?

Registration appointments are automatically assigned by the system. The system computes how many units have been completed at College of the Canyons and then it sorts by student ID number.

Why do I have a later appointment if I have more units?

Your registration appointment is based only on how many units you have completed at College of the Canyons; this does not include transfer units. If you have completed more than 100 units, you will be placed back on the lowest continuing registration block and will no longer have the earliest priority registration appointment.

What are the registration blocks and how many units do you need to have to fall into that particular category?

Continuing Students:	Returning Students:	E
A 45 – 100 units	New Matriculated Students:	F
B 30 – 44.9 unit	New Non-Matriculated Students:	G
C 15 – 29.9 units	High School Students:	H
D 0 – 14.9 units		

What are "Special Programs" and why can't I register on that day?

Special programs are for those students who are part of one of the following groups: ASG, Athletics, CalWORKS, DSPS, EOPS, MESA and Veterans. If you do not belong to one of these groups, you do not receive the special programs priority registration appointment.

I am an Honors student and/or belong to the President's Honors List. Why don't I have an earlier registration appointment?

Being an Honors student or belonging to the President's Honors List is not included in the determination of registration appointments. If you do not belong to one of the special student programs, you will not receive a "Special Programs" priority date. Registration appointments are solely determined by the number of units completed at College of the Canyons and then by student ID number.

I am graduating this semester. Why don't I have an earlier registration appointment?

Graduating students do not receive an earlier registration appointment. If you do not belong to one of the special student programs, you will not receive a "Special Programs" priority date. Registration appointments are solely determined by the number of units completed at College of the Canyons and then by student ID number.
