RAP SHEET

College of the Canyons | Administration of Justice

Spring Graduates

CONGRATULATIONS to all of our COC Spring 2021 graduates! Admin of Justice conferred 99 AS-T degrees and 26 A.S. degrees. We are proud of all of our graduates who demonstrated the proficiency, knowledge, and skills to successfully complete our program and are ready to enter the workforce or continue with their academic studies!

COC Admin Justice Arrives at Castaic High

Through partnership with the Hart High School District, COC, Admin Justice, is happy to announce our AS-T pathway for students enrolled at Castaic High School.

Law Enforcement Technology

Starting fall 2021, College of the Canyons will launch a Law Enforcement Technology program that focuses on the emerging trends and uses of technology in law enforcement operations and criminal investigations.

The first of its kind in the country, the online program will allow students to earn an Associate in Science degree or a professional certificate in this emerging field of law enforcement.

"We are very excited to offer this cutting-edge

In the Spotlight: LASD Deputy Kylie Mirabal

Kylie Mirabal, an SCV native, came to COC from Valencia High School. She graduated with her AS degree with Honors in Admin of Justice in 2016, and she was quickly hired by the Los Angeles Sheriff's Department.

Deputy Mirabal is currently assigned to the Santa Clarita Valley Station where she works Patrol duties. "I am happy and honored to serve in my own community. At times it can be challenging but whatever my day entails, it never deters me from smiling and putting on my uniform every day. I love my job," said Deputy Mirabal.

Deputy Mirabal's career aspirations include becoming a Field Training Officer (FTO), working specialized units, and becoming a detective one day.

We look forward to Deputy Mirabal returning to COC one day to pass on what she has learned as a future Admin of Justice Professor!

program to students who are interested in pursuing law enforcement careers," said Larry Alvarez, chair of the college's Administration of Justice program. "As technological advances continue to transform law enforcement, the need for officers who are well-versed in tracking and analyzing technological data will only increase."

Students will gain insight into how technology impacts law enforcement, legal issues associated with technological uses, ethical boundaries considerations, and operational and investigative techniques.

Although not required, it is recommended that students successfully complete the following courses before enrolling in any courses in the Law Enforcement Technology program: Introduction to Administration of Justice (ADM JUS 101) and Principles and Procedures of the Justice System (ADM JUS 110).

For more information about the new Law Enforcement Technology program, please visit the program's webpage.
