

BP 6390 Memberships

The CEO shall direct the CBO to establish procedures for the approval and payment of memberships. These memberships, whether individual or institutional, should provide benefits to the college such as reduced fees for conferences, workshops, supplies and materials; accreditation services; professional publications and journals; and access to information relevant to the instruction of students or the administration of the college.

The Board of Trustees shall annually approve or ratify a list of memberships for the faculty, staff, administration and Board of Trustees to belong to professional organizations in connection with their employment and service to the Santa Clarita Community College District.
