

PROGRAM OF STUDY

Kinesiology Associate in Arts for Transfer (AA-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
 - b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Kinesiology. Additional majors are being developed. Please see a counselor or visit <http://www.canyons.edu> for more information.

Student Learning Outcome:

Demonstrate proficiency in the core academic skills and knowledge required for transfer into a kinesiology program at a four-year college or university.

Program Requirements:

KPET 200	Introduction to Kinesiology	Units 3 - 0
----------	-----------------------------	-----------------------

Plus eight units from the following:

BIOSCI 201	Introduction to Human Anatomy	Units 4 - 0
------------	-------------------------------	-----------------------

and

BIOSCI 202	Introduction to Human Physiology	4 - 0
------------	----------------------------------	-------

or

BIOSCI 204	Human Anatomy and Physiology I	4 - 0
------------	--------------------------------	-------

and

BIOSCI 205	Human Anatomy and Physiology II	4 - 0
------------	---------------------------------	-------

Plus a maximum of one course from any three of the following areas for a minimum of three units:

Units

Aquatics

KPEA 180B	Intermediate Swimming	Units 1 - 0
