

## College of the Canyons Associate Degrees for Transfer (ADTs) 2018-2019

Please note that a minimum of 60 CSU degree applicable units that combine general education courses (CSU or IGETC) with major courses are required to earn an Associate Degree for Transfer (AA-T or AS-T). The units listed below are for major course requirements only.

### What is the California Community Colleges-Associate Degree for Transfer Program (ADT)?

The California Community Colleges (CCC) Associate in Art for Transfer (AA-T) and the Associate in Science for Transfer (AS-T) degrees are two-year associate degrees that are fully transferable to the CSU and are no more than 60 semester units. With these Associate Degrees for Transfer (ADT), students who meet the CSU's minimum eligibility requirements are guaranteed priority admission to a CSU campus, though not necessarily to a particular campus or major. With an ADT a student will be able to earn two degrees – the associate degree and the bachelor's degree with only 120 units if the students transfers into a program at the CSU that's similar to the one in which the student earned the associate's at the California Community College. *Visit the COC Counseling office to better understand the ADTs that COC has and the possibility of transfer to various CSU campuses with similar majors.*
