We will meet on campus for our orientation on 8/21 from 7:35 – 10:00 PM in Menh 249. Your attendance is mandatory. You will be dropped if you do not make it to the orientation meeting. You are required to complete the pretest prior to our first meeting.

Introduction
This course is taught 100% online. We will meet online Monday, Wednesday, and Sunday from 9:00 – 10:30 PM for lecture/seminars. Your attendance in the online lecture/seminar is mandatory. We will meet on campus a few times throughout the term to take exams. The actual dates of these on campus meetings are posted in the schedule that is in Canvas.

Course Description
Presents beginning algebra skills, including first-degree equations in one variable, factoring and operations on polynomials, rational expressions, linear equations and graphs, systems of linear equations, exponents, quadratic equations, and applications. Units do not apply to the associate degree.

Course Information
We will meet on campus only a few times to take exams. Exams will be free response, you will not be allowed to use a calculator, and there will be no bathroom breaks during an exam. You will not need a scantron.

You will need to have access to Canvas to take the course. Through canvas you will be able to access the online work in MyMathLab and the online seminars.

Student Learning Outcomes: Here are the over-arching goals of the class.

The students will be able to:
1. Analyze and interpret equations of lines.
2. Solve and analyze systems of linear equations.
3. Factor polynomials.

Textbook information
You are only required to purchase the MyMathLab access code ISBN: 9780321199911. The textbook will be available online once you login to our MyMathLab course through canvas. You will be dropped from the course if you do not purchase the access code.
