Welcome to Surv 101 – Introduction to Land Surveying!! In this class you will develop a basic but general understanding of land surveying, field practices, and surveying related calculations. By the end of the class you will be able to perform basic land surveying applications, calculations, and field practices.

Course Format:
Surv 101 is being offered as a video conferencing hybrid (HyFlex) with lectures on Mondays and labs on alternating Fridays or Saturdays depending on your section.

Class Meeting Dates:
This course starts on Monday, August 21, 2017 and ends on Saturday, December 9, 2017.

LECTURE
The lecture portion of the course will be offered on Monday evenings from 6:00pm – 9:05pm. You may either attend the lecture in person or you may join the lecture synchronously using WebEx. If you choose to join using WebEX, you MUST have a camera and microphone on your device. The WebEx login information will be provided to all of the students enrolled in the course a few days before the start of the course. Additionally, all of the lectures will be recorded and the links will be posted in the course Learning Management System (LMS), Canvas.

LAB
The lab portion of the course will be offered from 9:00am – 3:35pm. If you are enrolled in Section# 27978, the lab portion of the course will meet on the following alternating Fridays 8/25, 9/8, 9/22, 10/6, 10/20, 11/3, 11/17, and 12/1. If you are enrolled in Section# 27979, the lab portion of the course will meet on the following alternating Saturdays 8/26, 9/9, 9/23, 10/7, 10/21, 11/4, 11/18, and 12/2.

You must attend all the labs in person.

CANVAS
Canvas will be used as the LMS for this course. You will find all of the course content, handouts, grades, etc., and WebEx information posted here. Please log into Canvas by visiting https://coc.instructure.com. The Canvas classroom will not be available until the start of the semester. If you haven’t used Canvas previously or want a refresher, please visit the guides.

If you need help with Canvas, you can email cvsupport@canyons.edu. General Canvas support will be available after hours (5pm-8am) at (884) 698-7484.

WebEx
WebEx is a video conferencing/training/meeting system. I am very excited to be able to integrate this technology into the program and our courses and I strongly believe that you will enjoy using it as well. Your login information will be emailed to you just prior to the start of the semester. It will also be posted in Canvas.

If you plan to join using WebEx, you MUST have a camera and a microphone on or connected to your device.

The minimum system requirements for WebEx can be found here.
http://kb.webex.com/WBX4830

WebEx is easy to use and can be accessed from your computer, tablet, or mobile device. Additional information about joining a WebEx meeting and the ability to join a test WebEx meeting can be found here.
If you need help, WebEx support can be reached at 877-509-3239.

To be successful in this course you will need to attend lecture class meetings (either in person or via WebEx) and lab class meetings. It is not possible to make up field labs so it is essential that you attend each of the scheduled lab meetings. You should also plan on frequently (at least 2 times per week) checking your email and Canvas.

All exams will be given during class or lab meetings.

**Contacting the Instructors:**

Regina Blasberg (lecture content)  
Office: Student Support Center (SSC) 101  
Email: regina.blasberg@canyons.edu  
Phone: (661) 362-5096

Kyle Gatlin (lab content)  
Office: Student Support Center (SSC) 102  
Email: kyle.gatlin@canyons.edu  
Phone: (661) 362-5096

**Required Textbook and Course Materials:**

Published by Pearson Prentice Hall  
ISBN# 978-0-13-700940-4

You will also need **one** of the following scientific calculators.

- **Texas Instrument**: Any TI-30X or TI-36X models.
- **Casio**: Any FX-115 model.
- **Hewlett Packard**: Any HP 33s or HP 35s model.

Scientific calculators can easily be purchased in the campus bookstore, at WalMart, Staples, Office Depot and a number of other stores and online sites including amazon, Target, etc. Please note that **calculator apps on your cell phone are not permitted in class**.

In addition to one of the calculators listed above, you will need a reliable internet connection, your college email address, and basic computer skills including familiarity with basic windows formats, opening and closing files, sizing windows, starting programs, sending emails, attaching documents, and basic file management skills.

**You are responsible for checking and using your assigned college email address.** This is the only email address that will be used in this course. You will miss important course information if you do not check this email account on a regular (daily) basis.

If you have any course related questions, please contact us via email at regina.blasberg@canyons.edu or kyle.gatlin@canyons.edu and by telephone at (661) 362-5096.

We look forward to seeing you in class!

Regina Blasberg and Kyle Gatlin
