Re: Additional Feedback on the Academic Staffing Committee  
Recommendations for Fulltime Faculty Hires 2019/20

Date: February 13, 2019

Thank you very much for getting the results of yesterday's Academic Staffing Committee meeting to me in such a timely manner. I appreciate very much that you took the time to consider my input, respond to my questions and provide clarification. I am pleased at this time to be able to tell you that I will be including on the March 13<sup>th</sup> board agenda the following positions for approval to hire:

<u>Discipline</u>	<u>New/Replacement</u>
1. Nursing	New
2. Kinesiology/PE	New
3. Cinema	Replacement

I anticipate that there will be more recommendations coming from the Academic Staffing Committee relative to additional vacancies that have or will be occurring. I can assure you that I will respond to those recommendations in a timely manner.

I also wish to tell you that from the list of "*urgent recommendations*" my next priorities for filling positions are in Anthropology – Biological/Forensic and Water Systems Technology.

As the budget becomes more clear and we realize what funds we have to work with, I look forward to being able to move forward to continue to hire additional faculty that will enhance the access and success of our students.

Thank you again for all of your work. Onward and upward!
