NEW COURSE PROPOSALS – DISCUSSION OF NEED

The following new course proposals will be discussed at this meeting with the authors of the proposals to determine the need of adding the course to our curriculum.

The course outlines will not be reviewed at this meeting.

Subject & Number	Title	Rationale for New Course Proposal	Author	Effective
NC.COUN-061	Introduction to UC	Designed for students who are interested in transferring to a University of California (UC) school. This course will help students understand the transfer process to the UC system. Topics are specific to UC information and resources that include UC transfer credits, minimum admission requirements, major preparation, general education breadth, UC transfer pathways, UC application, personal insight questions, and developing a plan for UC transfer.	A. Ortega	TBD
NC.OAD-015	Relief and Monotype Printmaking for Older Adults	Currently we do not have a NC course for printmaking. This will be an opportunity for those who do not want a credit course and are not seeking a degree to learn about and create using techniques not commonly known about, and hard to learn on your own. This can also be a refresher for students who have knowledge of printmaking. I have been asked by past students if there is a NC printmaking class they can take to work on their skills. Current and past printmaking and general art students. Community members interested in art and refreshing previous knowledge or learning new techniques. Emails to students, posters around art department, catalogue and other community outreach that the OA classes use to reach possible students.		TBD
