## Noncredit Curriculum Committee Retreat/Training

- Welcome/Introduction
- Goals for the Year
- Curriculum Institute Reports
- Training
- Routines and Roles
- Noncredit Five-Year Revision List

## NEW COURSE PROPOSALS – DISCUSSION OF NEED

The following new course proposals will be discussed at this meeting with the authors of the proposals to determine the need of adding the course to our curriculum.  
The course outlines will not be reviewed at this meeting.

Subject & Number	Title	Rationale for New Course Proposal	Author	Effective
NC.OAD-002	Brain Fitness for Older Adults	The Brain Fitness course is designed to meet a growing need in the Older Adult Program by helping students strengthen and maintain cognitive health—a key factor in healthy aging and independent living.	M. Pakgohar	TBD
NC.OAD-003	Understanding Alzheimer’s Disease	The Understanding Alzheimer’s Disease course is a timely and essential addition to the Older Adult Program. As life expectancy increases, so does the prevalence of Alzheimer’s and related dementias—affecting more than 6.9 million older adults in the U.S. alone (Alzheimer’s Association, 2024). This course helps students understand how to recognize, respond to, and address the early signs of Alzheimer’s disease while promoting healthy brain aging through evidence-based strategies.		

**-Motion to adopt the need for and conduct a full review of NC.OAD-002 & 003; Motion by Jermey Patrich, second Jessie Crowley. All in favor: Unanimous**

## DELETED COURSES – CONSENT CALENDAR

The following items are being approved as part of the Consent Calendar of this agenda and will not be reviewed during this committee meeting. The authors of the following items are not required to attend this meeting.

Subject & Number	Title	Type of Delivery	Author	Effective
