

## Associate in Science for Transfer Degree: Public Health

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including the California General Education Transfer Curriculum (CalGETC)
2. Obtainment of a minimum grade point average of 2.0. Associate Degrees for Transfer also require that students must earn a C, or Pass (P), or better in all courses required for the major or area of emphasis. This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system.

Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AS-T in Public Health. Additional majors are being developed. Please see a counselor or visit <http://www.canyons.edu> for more information.

### Degree Student Learning Outcome:

Students will be able to demonstrate the core science and health education principles necessary to function in public health careers.

### Program Requirements:

Units Required: 24 - 26

		Units:
HLHSCI-100	Health Education	3.0
HLHSCI-140	Introduction to Public Health	3.0

Plus one course from the following:

HLHSCI-113	Social Determinants of Health, Disparities and Equities	3.0
SOCI-110	Self and Society	3.0

Plus one course from the following:

PSYCH-104	Statistics for the Behavioral Sciences	4.0
STAT-C1000	Introduction to Statistics	4.0
STAT-C1000E	Introduction to Statistics	4.0
STAT-C1000H	Introduction to Statistics - Honors	5.0
SOCI-137	Statistics for the Social Sciences	4.0

Plus one course from the following:

BIOSCI-100	General Biology	4.0
BIOSCI-100H	General Biology – Honors	4.0
BIOSCI-101	Introductory Biology for Health Professions	4.0
BIOSCI-107	Molecular and Cellular Biology	4.0
BIOSCI-107H	Molecular and Cellular Biology – Honors	4.0

Plus one course from the following:

BIOSCI-201	Introduction to Human Anatomy	4.0
BIOSCI-202	Introduction to Human Physiology	4.0
BIOSCI-221	Introduction to Microbiology	4.0
CHEM-151	Preparatory General Chemistry	4.0
CHEM-151H	Preparatory General Chemistry – Honors	4.0
CHEM-201	General Chemistry I	5.0
CHEM-201H	General Chemistry I – Honors	5.0

Plus one course from the following:

HLHSCI-101	Introduction to Health and healthcare Careers	3.0
HLHSCI-243	Women and Health	3.0
ANTRHO-103	Cultural Anthropology	3.0
ANTRHO-103H	Cultural Anthropology – Honors	3.0
GEOGRPH-102	Human Geography	3.0
PSYC-C1000	Introduction to Psychology	3.0
PSYC-C1000H	Introduction to Psychology - Honors	3.0
SOCI-101	Introduction to Sociology	3.0
SOCI-101H	Introduction to Sociology – Honors	3.0
