3.1 **Information: Multicultural Day**

Motion: Our Fight Our People, Chase Longan

Second: Technology, Engineering, Coding and Hardware Club, Danielle Jalos

Background: ASG is hosting its 3rd Multicultural Day in collaboration with the Intercultural Center. Multicultural Day is an annual event established by ASG as part of our Legacy Projects. It is a day full of cultural booths and food for students to embrace all cultures and ethnicities at College of the Canyons. We are still looking for individuals to host a table to represent their cultures. Hosting a booth will earn your club 40 points (20 for attending, 20 for hosting).

Ellie will hold a cultural table during this event which the invitation is also open to club members.

Mid-eastern countries, china, plus more have already confirmed a table at the event.

One club member may earn 20 points to attend and 20 points to host a table to equal up to 40 points.

Submit to the ICC incentive program online to redeem the points from the event.

The event is April 29th from 12:00 pm to 2:00 pm.

The food permit form would not be needed to host a table for this event.

During Covid, there were other options to showcase a culture aside from the food aspect.

Create a spreadsheet with excel to share with Ellie for the points earned for ICC.

3.2 **Information: ASG Elections**

Motion: Our Fight Our People, Chase Longan

Second: Psi Beta Honor Society, Brennan Jones

Background: ASG is hosting its annual elections for the upcoming school year. Voting will open on April 29th at 9 a.m. and will close May 3rd at 12p.m. Clubs can earn up to 100 points if members vote (5 points per student, 20 students max).

Some of the candidates may contact you to make a presentation during one of your club meetings.

Must be fair to all candidates in allowing them to present during a meeting.

This is in an effort to increase voting on campus.

Correction that the voting closes at 11:59 pm, rather than 12:00.

3.3 **Information: New Club Application Process**

Motion: Our Fight Our People, Chase Longan

Second: Technology, Engineering, Coding and Hardware Club, Danielle Jalos
