Tech Prep Sheet: Bio Sci 230

Fish Forensics Part I: Sample Preparation ease review list before beginning of semester and ensure ALL items are available as listed.

Supplies	Amount/	Total #	Total	Precautions/storage/timeline
	student pair	students	amount	
1.5 mL Microfuge Tubes	2/sample			
1.5 mL Locking Microfuge Tubes				
P-20-200 uL Micropipettor w/ tips	1			
Transfer Pipettes	1			
Floating Racks				
Biohazard Waste Container	1			
Reagents	Amount/Student	Total #	Total	
	Pair	students	Amount	
Fish Types	0.1 g			Keep frozen till use to reduce smell
Laemmli w/SDS Running Buffer	200 uL/Samp			Should not have blue loading dye
Laemmli w/Triton 100X Running	8 uL/Samp			Should not have blue loading dye
Buffer				
Laemmli w/SDS Buffer & Loading Dye	10 uL/Samp			Blue in color
Laemmli w/Triton 100X Buffer &				Blue in color
Loading Dye				
10X Reducing Agent				From Invitrogen
Equipment	Amount/	Total #	Total	Precautions/storage/timeline
	student pair	students	amount	
Clinicial Centrifuge				
70C Water Bath				
Power Supplies				
Analytical Balance				
Weighing Paper	1/Sample
