

RECREATION MANAGEMENT AA DEGREE

Program Description: An Associate in Arts degree in Recreation Management involves classes which assist the student to prepare for work in the recreation and leisure industry. Recreational managers are responsible for planning and assisting in a variety of programs and overseeing the daily operations of recreational facilities for public agencies (federal, state and municipal), private non-profit agencies and businesses. The diverse curriculum exposes students to a wide range of possibilities for work and career within the recreation and leisure industry.

Program SLO: Analyze the motives, values, and benefits to the individual as well as to society that are commonly associated with recreation and leisure experiences.
