Mr. Bruce D. Fortine  Vice President
Mr. Steven D. Zimmer  Clerk
Mr. Michael D. Berger  Member
Ms. Joan W. MacGregor  Member
Ms. Avneet Ghotra  Student Trustee
Dr. Dianne G. Van Hook  Secretary/Parliamentarian
Welcome to College of the Canyons!

On behalf of our faculty, staff, administrators, Board of Trustees, and your fellow students, I welcome you to College of the Canyons!

All of us are excited that you have chosen College of the Canyons as the place where you will pursue, and ultimately achieve, your higher education goals. As one of 112 community colleges in California, College of the Canyons is uniquely equipped to help you fulfill your potential as it stands out from the rest in ways that count!

In the “Student Success Scorecard” released by the California Community Colleges Chancellor’s Office, College of the Canyons outpaces statewide averages in multiple indicators. First-time COC students who graduated high school as “college prepared” (eligible to enroll in degree-applicable math and English courses) posted a combined completion rate (defined as earning an associate degree, certificate, or achieving “transfer prepared” status) of more than 80 percent – 11 percent higher than the statewide average of 70 percent. Similarly, COC students who fell into this category also saw higher completion rates than students from five surrounding community colleges.

The reasons to attend College of the Canyons are as varied as the students themselves. In addition to typical college aged students, we attract students from a wide spectrum of educational interests and cultural backgrounds. Some students already have advanced degrees. Others attend classes to learn, for the first time, about technology that will enhance their careers and their lives. Still more decide that “now is the time, and this is the college” to get serious about a college education. Many enroll because they want and need the quality teaching, the extra care that COC instructors and staff provide, and the chance to prove themselves. Regardless of the reason they choose COC, our students are successful and the number who graduate each year continues to grow.

With over 150 degree and certificate options in fields of study ranging from Animation to Welding to Legal Studies, Culinary Education, Computer Networking and Math, Science and Engineering, students can obtain the classes needed to transfer to an elite university, or learn the skills necessary to enter cutting-edge fields. Students completing one of our 18 Associate Degree for Transfer programs are guaranteed admission to the California State University system with junior status and will be given priority consideration when applying to their local California State University campus and to a particular program that is similar to the student’s community college major.

Since opening in 1969, College of the Canyons has committed itself to enhancing access to higher education, and growing its capacity to meet the ever-changing needs of those we serve. Successfully serving such a diverse array of needs requires innovative thinking, flexibility, leadership, confidence, courage and enthusiasm. We are able to do so because the people of College of the Canyons embody these characteristics in everything we undertake!

So, what makes us different?

First, we dream big. John S. Herrington said, “There are no dreams too large, no innovation unimaginable and no frontiers beyond our reach.” At College of the Canyons, we believe this to be true. We believe in the power of education and the development of others. We believe in looking ahead. We believe in taking risks and creating solutions. We transform ideas into action and build great things that don’t yet exist. We believe in dreams and in making a difference in the lives of our students and our community.

Second, we think innovation. At College of the Canyons, innovation is and has been one of our strategic goals for over two decades. It has set the stage and unleashed the drive for us to be able to accomplish the things we have in our 45 years of service to the community. We challenge ourselves to create an environment that fosters innovation and creativity for our students and promotes student success. We embrace change, envision the future, expand capabilities, and empower ourselves to fulfill the mission of the college.

And third, we are driven. We know what we want, we know where we are headed and we know how to get there. We continue to look ahead, we don’t lose focus, we navigate around road blocks and we persist until we arrive!

And finally, we value and create partnerships with community organizations, government agencies and private industry to ensure that residents possess the skills that will sustain the economic growth of our community. We are a leader in economic development and the partner of choice for businesses looking to upgrade their workforce.

At College of the Canyons, my dream for you is that you will find opportunities that are not readily available at other community colleges. Our Math Engineering Science Achievement (MESA) enables students to explore careers in exciting fields and provides extra support and services to succeed in challenging classes. Our Institute for Culinary Education (iCUE) enables our students to receive culinary training comparable to private institutions at a fraction of the cost. Our University Center offers 40 bachelors, masters and doctoral degrees, along with teaching credentials, by five highly regarded partner colleges and universities. And, our new Online Student Ed Plan will be available by October of this year and will allow students to track their progress towards attainment of their degree and to develop “what if” analyses.

Inside the halls at College of the Canyons, the academic learning is strengthened by engaging in meaningful service and reflection. We offer a wide array of leadership and learning opportunities through clubs and campus activities. Whether you participate in our national award winning Model United Nations, Future Business Leaders of America or Forensics teams, or participate in Associated Student Government, our Honor’s Programs, Service Learning or one of more than 30 campus clubs, you will have an opportunity to grow your capabilities beyond the traditional classroom learning. The combination of those experiences can be transformative in the lives of people and as future leaders of our community you will get a real world education that will inspire social responsibility in yourself and others, that will cultivate respect for diversity, and that will encourage compassion for all.

New and expanded programs require the right facilities. This year we completed the Valencia Campus Facilities Master Plan with the opening of Canyons Hall, Center for Student and Community Engagement. This building brings together our most frequently used student services into one location and includes Admissions and Records, Financial Aid and Counseling. Our new Institute for Culinary Education (iCUE) also opened this year and features multiple teaching kitchens and a 140-seat dining room. This state-of-the-art educational facility will enable future chefs to hone their skills and be successful in the fast-growing culinary industry. Other recent projects at the Valencia campus include the expansions of Mentry Hall, our media and fine arts building, and the Library and The Learning Center (TLC). At the Canyon Country Campus we opened the Applied Technology Education Center, the first permanent building on that campus. Of course, all of this expansion means more opportunities to provide the training and classes that the community tells us it wants.

At College of the Canyons we dare to dream and have seen very tangible results of that creativity and innovation. We work hard to inspire our students and create momentum to move forward. Theodore Levitt said, “Creativity is thinking up new things. Innovation is doing new things.” At College of the Canyons we work to discover solutions to problems, transform ideas into action, shape and create lasting change, improve performance and productivity, expand how we currently do business into the new business climate arena and develop breakthroughs and invent things from markets that don’t yet exist. In other words, creativity and innovation will help us invent a future that we may not yet be able to see! Again, I welcome you to College of the Canyons. I know that during your time with us, you will discover new opportunities, create lasting memories, and grow in your ability to succeed.

Dr. Dianne Van Hook
Chancellor
MISSION STATEMENT

As an innovative institution of excellence, College of the Canyons offers an accessible, enriching education that provides students with essential academic skills and prepares students for transfer education, workforce-skills development, and the attainment of learning outcomes corresponding to their educational goals. To fulfill its mission, College of the Canyons embraces diversity, fosters technical competencies, supports the development of global responsibility, and engages students and the community in scholarly inquiry, creative partnerships, and the application of knowledge.

VISION STATEMENT

College of the Canyons is dedicated to being a leading two-year college, recognized locally, regionally, statewide and nationally for technical advancement, institutional effectiveness, student support, model academic and professional programs, excellence in teaching and learning, fostering a broad range of community partnerships, maximizing student access, and for the sense of community that we provide to our students and staff.

PHILOSOPHY

We believe in the following values:

Teaching and Learning
We honor and reward high performance in teaching and learning.

Respect for All People
We foster a climate characterized by civility, collegiality and acceptance. We expect honesty, integrity, social responsibility and ethical behavior.

Partnership with Community
We create relationships providing the foundation of success for chosen current and future partnerships with local schools, colleges and universities, businesses, government, and social agencies. These partnerships advance the educational, intellectual, artistic, civic, cultural, and economic aspirations of our surrounding community.

Excellence
We set the highest standards for ourselves and support the professional development of faculty, staff and administrators.

Creativity and Innovation
We are an innovative and creative community college. We encourage members of the college community to be entrepreneurial, forward thinking, creative, persistent, spontaneous and welcome changes that will enhance the college's ability to fulfill its mission.

Strategic Goals

TEACHING AND LEARNING – College of the Canyons will provide a positive environment and necessary resources to support excellent teaching, student learning, and the completion of students’ goals including attaining degrees and certificates.

STUDENT SUPPORT – College of the Canyons will provide student support services to facilitate student success and maximize student opportunity.

CULTURAL DIVERSITY – College of the Canyons will promote diversity of the community, students, and staff.

HUMAN RESOURCES – College of the Canyons will select and develop high-quality staff.

INSTITUTIONAL ADVANCEMENT – College of the Canyons will generate support, resources, networks and information to enhance the college’s success.

INSTITUTIONAL EFFECTIVENESS – College of the Canyons will use outcomes data on progress being made towards college goals -- including student learning outcomes, administrative unit outcomes, and other accountability measures -- on a regular basis to inform planning and decisions.

FINANCIAL STABILITY – College of the Canyons will provide support, direction and oversight for all District financial resources to ensure fiscal compliance, proper accounting and positive audits and develop financial resources to maintain and improve programs and services consistent with institutional commitments (mission, goals, and objectives) and in alignment with our enrollment management plans.

HISTORY OF COLLEGE OF THE CANYONS

As we near the end of our 45th anniversary, we can reflect on how far College of the Canyons has come since 1969, when our first students attended classes in a small, non-descript bungalow at Hart High School. Today, College of the Canyons provides relevant, cutting-edge educational and training programs to more than 30,000 students annually at campuses in Valencia and Canyon Country.

Consistently ranked as one of the fastest-growing colleges in California and the nation, College of the Canyons owes its success to an equally fast-growing, dynamic and historically supportive community, as well as the vision of college leadership to build the finest and most-innovative community college in the country.

Meeting and Exceeding Demands

Although the physical campuses of College of the Canyons have been characterized by ongoing construction activity in recent years, those familiar sights and sounds are fading into memory with the opening of the College of the Canyons Institute for Culinary Education. As the last major construction project, the culinary education center signifies the completion of the current Valencia campus facilities master plan – and a renewed focus on the Canyon Country campus, where several new permanent buildings are planned.

The new permanent home for the popular culinary arts program covers 12,200 square feet and includes a variety of specialized teaching areas, including a Show Kitchen, Savory Kitchen, Sweets Kitchen, Wine Studies Room and Culinary Lab.

Preceding the opening of the culinary education center was the completion of Canyons Hall, the new Center for Student Services and Community Engagement. The two-story, 46,000-square-foot building serves as a one-stop shop for a variety of student services and a centralized location for key administrative offices. Located within the building are Admissions & Records, Counseling, Financial Aid, the Transfer Center, and the Job & Career Center.

With the Valencia campus essentially completed, attention will turn to the Canyon Country campus, whose first phase opened in 2007. With more than 3,000 students on opening day alone, this 70-acre campus has experienced significant growth of its own, requiring the addition of more modular classroom buildings as well as its first permanent building, the Applied Technology Education Center. The 10,315-square-foot building opened in 2011 with a variety of educational and training programs such as Alternative Energy Management, Automotive Technology, Construction Management, Building Inspection, Landscape Management, and Water Systems Technology.

A variety of permanent buildings are planned at the Canyon Country campus, signifying a longstanding commitment by college leadership and the Board of Trustees to create the facilities necessary to provide relevant, in-demand and cutting-edge educational and training programs well into the future.

College Leadership

The vast majority of the college’s growth and development has occurred under the watch of Chancellor Dr. Dianne G. Van Hook, who has led the college since 1988. She has radically transformed the Valencia campus – and created an entirely new one in the eastern Santa Clarita Valley – to keep up with the community’s demands and to anticipate the educational and training programs of the future.

When Dr. Van Hook arrived in 1988, she quickly got down to business and spearheaded a major update of the college’s master plan. The result has been a seemingly non-stop series of construction projects that have dramatically altered the college landscape – and provided the facilities to accommodate an ever-increasing number of educational and training opportunities.

When she first arrived, the college was housed in just eight buildings on one campus. By 2015, another 15 major buildings had been built or expanded, and a new campus created in Canyon Country. Her vision and leadership are responsible for the creation of the Performing Arts Center, the Library, Mentry Hall, the Family Studies & Early Childhood Education Center, Pico Canyon Hall, Aliso Hall, Aliso Lab, Hasley Hall, the Canyon Country campus, the University Center, the East Physical Education Building (and adjacent tennis courts), the Library/TLC expansion, the Mentry Hall expansion, the Applied Technology Education Center, Canyons Hall, and the College of the Canyons Institute for Culinary Education.

She was instrumental in creating the University Center, which is home to a variety of public and private universities that offer degree programs at the Valencia campus – eliminating the need for residents to commute long distances to obtain advanced degrees, specialized certificates and credentials.

Completed in 2009, the University Center also houses the William S. Hart Union High School District’s Academy of the Canyons, the City of Santa Clarita’s WorkSource Center, the SCV Economic Development Corp., and the college’s Economic Development Division, among others. Because of Dr. Van Hook’s key role in its creation and development, the Board of Trustees deemed it appropriate to attach her name to the building, which is now known as the Dr. Dianne G. Van Hook University Center.

“Pensive” - from 2015 COC Student Calendar.

Educational & Training Expansion
Academic and occupational offerings also have been vastly expanded. The college offers associate in arts and science degrees in 76 academic areas, as well as credentials in 70 certificate programs. By comparison, the college offered 49 degree and 35 certificate programs just a decade ago.

Academic programs run the gamut, ranging from Animation to Television, Film and Video Production, from Audio/Radio Production to Video Game Animation, from Biotechnology to Theatre Arts, from Child Development to Paralegal Studies, and from Dance to Industrial Manufacturing.

One of the unique characteristics of community colleges in general, and College of the Canyons specifically, is the ability to quickly adapt educational and training programs to meet changing needs. The most recent economic downturn, for example, created an increased demand for programs that retrain displaced workers, help businesses operate more efficiently, educate students in emerging career fields, and meet the immediate needs of critical businesses and industries. The college met that demand by embracing flexibility and innovation in adapting existing programs and developing new ones.

Outstanding Athletic Opportunities
College of the Canyons’ institutional philosophy is to educate both the mind and the body. Sixteen intercollegiate athletic programs – divided equally between men and women’s sports – provide outstanding opportunities. The college competes in the Western State Conference and Southern California Football Association. The college also offers a club hockey team, a program noteworthy for its winning record against larger university teams and, of course, four consecutive Pacific Division titles and its American Collegiate Hockey Association National Championship in 2011.

Recent intercollegiate achievements include the first-ever Western State Conference Supremacy Award for the collective performance of the College of the Canyons athletic programs in 2013-14, which encompassed six conference championships. That achievement was followed by four more conference titles in the fall of 2014 – for men’s cross country, women’s volleyball, women’s golf, and women’s soccer – as well as the men’s cross country team’s California Community College Athletic Association State Championship, its first since 1975. And, the men’s golf team won the California Community College Athletic Association State Championship for the seventh time this past May, which followed on the heels of its sixth straight Western State Conference Championship.

Consistent Community Support
Students’ needs have been met by a historically supportive and generous community, which has consistently approved the college’s requests for bond funding for capital construction projects. The most recent, Measure M, was approved by voters in November 2006, providing $160 million in general-obligation bond funding to pay for construction and modernization projects.

This fourth bond measure in the college’s history has allowed the Santa Clarita Community College District to add more classrooms and labs, build permanent facilities and equip classrooms at the Canyon Country campus, upgrade technology to expand instruction in public safety and other high-demand professions, and improve earthquake, security and fire safety. The locally generated funds also are used to help the district secure millions of dollars in additional state matching funds.

College Formation
Local voters approved creation of the college in 1967. Taking the helm of the fledgling institution was the first superintendent-president, Dr. Robert Rockwell. College of the Canyons officially opened in temporary quarters at William S. Hart High School in Newhall in 1969.

The following year, the college purchased 153 acres of land along the east side of Interstate 5, south of Valencia Boulevard and north of McBean Parkway. It was here that the college relocated, moving into a collection of modular buildings as permanent facilities were being built.

Innovative Partnerships
The college participates in numerous partnerships that have redefined the traditional role of community colleges.

Academy of the Canyons, operated by the William S. Hart Union High School District, opened at College of the Canyons in 2002 and allows promising high school students to attend high school and college concurrently.

The Center for Applied Competitive Technologies and Employee Training Institute, both of which operate at the college, help local business and industry become more efficient while providing up-to-date training for employees.

The Small Business Development Center, funded by the Small Business Administration and run by the college, helps small regional businesses and entrepreneurs succeed.

And, the Clinical Education Center, a partnership between the college and Henry Mayo Newhall Memorial Hospital, provides real-world training for nursing students on the hospital’s campus.

Gateway to Opportunity
College of the Canyons serves as a gateway to higher education, professional training and, by extension, opportunity. More than 200,000 people have attended the college since it opened in 1969. Thousands have graduated, and many students have returned to pursue their professional careers. Nearly half of the college’s staff members were once students here.

The college’s commitment to excellence is a tradition reflected by its innovative, results-oriented leadership. As the next chapters of the college’s history are written, the outstanding foundation that has been laid will be further built upon, and the institution will continue to uphold the ideals of education and contribute to the development of our vibrant, thriving community for generations to come.
THE SPECIAL MISSION OF THE COLLEGE OF THE CANYONS FOUNDATION

The mission of the College of the Canyons Foundation is to generate and administer contributions to promote the general welfare of the college. These contributions are used to assist the college in providing the programs and services beyond what tax dollars alone will support, and to strive for the highest reaches of excellence in teaching, scholarship, vocational training and innovation.

The foundation is governed by a volunteer board of directors that is composed of Santa Clarita Valley business and community leaders. Dedicated to providing funds to College of the Canyons through private gifts, the Board of Directors believes that public educational institutions and private enterprise must work together to provide an affordable and accessible college education for all who have the desire to succeed.

Through annual giving, special events and programs, the foundation provides College of the Canyons with crucial private resources. The foundation needs more support. Individuals, businesses and organizations interested in contributing to the College of the Canyons Foundation are encouraged to contact:

Murray Wood, Chief Development Officer of the College of the Canyons Foundation, 26455 Rockwell Canyon Road, Santa Clarita, California 91355; Telephone: (661) 362-3433.

COC FOUNDATION OFFERS ACTIVITIES TO THE COMMUNITY

Students, parents and community members have many opportunities to become involved with the college through foundation-managed support groups. Members of these support groups enjoy a variety of benefits, including social events, on-campus privileges, recognition and advance notice of upcoming events. Current support groups include:

- Chancellor’s Circle: A prestigious group of community and business leaders
- Alumni and Friends Association: Current and former students at COC and friends of the college
- Patrons of the Performing Arts
- Library Associates: Individuals who are interested in supporting the COC Library
- Center for Early Childhood Education Circle of Friends
- Friends of the Fine Arts: Art lovers who support the activities of the COC Art Gallery
- Cougar Club: Through a variety of activities, this club supports the enhancement of COC athletic programs

The foundation also has an active Legacy Society through which friends of the college make planned gifts to the foundation. If one is interested in becoming involved with the College of the Canyons Foundation, please call (661) 362-3433.

Admission to the College
/ Getting Started
Any person applying for admission to the college must qualify using one of the following conditions:

A. Be a graduate of high school, or have passed the California High School Proficiency Exam.
B. Has completed coursework for high school graduation and is in possession of a Certificate of Specialization, or the equivalent.
C. Be 18 years of age or over and be capable of profiting from the instruction offered.
D. Be eligible for admission as a special student pursuant to Sections 48800, 48800.5, 48802, 76001, and 76002 of the California Education Code.

1. Students falling under these criteria must be approved by their high school principal or designee for “advanced scholastic or vocational work,” and must be identified as a special part-time or full-time student.
2. Students may be admitted from K-10 if identified as “highly gifted.”
3. Students may be admitted as a special part-time or full-time student if:
   (a) The class is open to the general public, and
   (b) The student is currently enrolled in grades 11-12. Exceptions may be made for some special programs and course work, and
   (c) The student has demonstrated eligibility for instruction by completing assessment and orientation.

Eligibility for Admission Definitions:

A. Advanced scholastic or vocational work is identified as College of the Canyons degree applicable course work.
B. A special part-time student is identified as attending high school and College of the Canyons concurrently, and is enrolled in 11.0 college units or less.
C. A special full-time student is identified as a high school student who has been completed released by his or her high school to attend College of the Canyons full-time, and is enrolled in 12.0 units or more.
D. A highly gifted student would be a student in K-10 who has a score of 150 or higher on the most current version of the WISC intelligence test.

The College may restrict admission in some courses and programs. For instance, special admission students cannot enroll in Culinary Arts 226-Food and Wine and HLHSCI 151-Emergency Medical Technician I as both courses have an age restriction. In addition, special admission students must obtain departmental consent for all courses in welding and manufacturing.

Students participating in the Santa Clarita Valley Youth Orchestra program do not have a grade level restriction for taking music classes in this program. Students participating in Academy of the Canyons middle college programs follow the same assessment and orientation process as other special admission students. However, Academy of the Canyons students will be enrolled in classes according to the agreement their institution has made with College of the Canyons.

Students enrolled in grades 11-12 in a public or private school district may apply for admission to the College upon submitting an approved Special Admit form as well as an Authorization to Consent to Medical Treatment form and any other forms as deemed necessary. Home school programs for grades 11-12 must meet state guidelines for special admit students to apply for admission.

Pursuant to California Education Code Section 76001 (d), specially admitted part-time students may not enroll in more than 11 units per semester.

Pursuant to California Education Code Section 76300 (f), specially admitted part-time students may be exempt from payment of the enrollment fees, per special action of the Board. All other appropriate fees shall be assessed. Specially admitted students released from their high school to attend College of the Canyons full-time must pay the enrollment fee and all other appropriate fees as assessed.

Admission Procedure - Application

A formal application for admission must be filed with the Admissions and Records Office. This should be done as soon as the decision has been made by the individual to seek admission to the College. Students returning after missing one semester or more must submit a new application to reactivate their student history file.

Documents Required (Transcripts)

Applicants entering as first-time freshmen must arrange to have academic transcripts from their high school of graduation or school of last attendance sent to the Admissions and Records Office. Students should have transcripts sent from each college attended. All transcripts should arrive prior to the student's registration date to be used to meet course prerequisites and prevent an interruption to the automated registration process. All transcripts become the property of the College, and photocopies may not be released.

Student Correspondence

College of the Canyons is making every effort to communicate with students by sending correspondence through email. The College provides each student with a College of the Canyons email address. This email account is assigned once a student submits an application and (re)sets their “My Canyons” username and Password. The email account is supported by Microsoft. We advise you to check your email often, as information we send will often be time sensitive and important to your college career.

Credit Accepted

College of the Canyons accepts credit for courses completed at colleges and universities that have been accredited by one of the regional accrediting associations. Upon petition and after evaluation, credit may be accepted from schools and colleges having other types of accreditation. Students must have 12 units in residence before credit will be placed on the academic transcript. Some exceptions apply; for more information contact Admissions and Records.
Residency
New and returning students to College of the Canyons are classified for the purpose of determining California residency and/or non-resident status. The classifications are as follows: Unmarried minors (persons under 18 years of age), who are US Citizens or a status that allows residence, whose parents have resided in California for a period of one year immediately prior to the first day of instruction of the term the applicant expects to attend, may attend as residents.

Persons over 18 years of age, who have legal residence in California for a period of one year immediately prior to the first day of instruction of the term the applicant expects to attend, may attend as residents.

Applicants having less than one year of residence in California immediately prior to the first day of instruction of the term they expect to attend are classified as non-residents for tuition purposes.

United States citizens, permanent residents, and aliens without lawful immigration status who have attended a California high school for at least three years and then graduated may qualify for a non-resident tuition waiver.

Contact Admissions and Records for more details.

Non-immigrant alien students are required to pay the non-resident tuition and may need to meet certain other admission requirements. Contact Admissions and Records for more information.

International Students
College of the Canyons is authorized under federal law to enroll non-immigrant alien students. International students applying for admission and subsequent student visas must meet special admission requirements. For a statement of these requirements and procedures, inquiries should be made to the Director of International Students.

STUDENT SUCCESS AND SUPPORT PROGRAM - THE MATRICULATION PROCESS
Student Success and Support Program (3SP) is a comprehensive student success program involving the entire campus community. 3SP enhances student access to the California Community Colleges and promotes and sustains the efforts of credit students to be successful in their educational endeavors. The goals of 3SP are to ensure that all students complete their college courses, persist to the next academic term, and achieve their educational objectives through the assistance of the student-direct components of the matriculation process. It is College of the Canyons’ way of supporting the student’s right to succeed in college. College of the Canyons recognizes that student success is the responsibility of the institution and the student, supported by well-coordinated and evidence based student and instructional services to foster academic success.

3SP is a partnership agreement between students and College of the Canyons. The agreement includes the provision of core matriculation services, including an admission process, college orientation, pre-enrollment assessment and placement, advisement and counseling for course selection, educational planning services, a suitable program of study, and follow-up on student progress.

The student agrees to express a broad education goal upon admission, declare a course of study within a reasonable period of enrollment, attend class and complete coursework diligently, and maintain progress toward an education goal.

Student’s responsibilities include: the identification of an education and career goal upon application; completion of orientation; assessment to determine appropriate course placement; participation in counseling, advising, or another education planning service to develop, at minimum, an abbreviated student education plan; declaration of a specific course of study no later than after completion of 15 semester units of degree applicable credit coursework; diligent engagement in course activities and completion of assigned coursework; completion of courses and maintain progress toward the completion of an education goal and course of study, according to standards established by the college, the District, and the state; cooperation in the development of a comprehensive student educational plan by the end of the second semester in attendance.

College of the Canyons agrees to provide a strong foundation and support for academic success, providing and mandating the services necessary for students to achieve their educational goals and complete their course of study. College of the Canyons will ensure information regarding its matriculation policies are accessible and available to all students during or prior to enrollment.

College responsibilities include: The processing of applications for admission; orientation services designed to provide, on a timely basis, information concerning campus procedures, academic expectations, financial assistance, resources, and other matters; assessment of students using State Chancellor-approved tests to determine student competency in computational and language skills; to identify aptitudes, interests, and educational objectives; and to evaluate study and learning skills; counseling, advising, or other education planning services to assist students in interpreting test results, exploring educational and career interests and aptitudes, identifying educational objectives, and in developing and updating of an education plan; assistance in the development of a student education plan identifying the student’s education goal, course of study, and the courses, services, and programs to be used to achieve them; follow-up services to evaluate the academic progress of, and provide support services to, at risk students, students enrolled in basic skills courses, those who have not declared an educational goal as required, or who are on academic probation, as defined by the college, the District, and the state; referral of students to: support services that may be available, including, but not limited to, counseling, financial aid, health and mental health services, campus employment placement services, Extended Opportunity Programs and Services, campus child care services, tutorial services, foster youth support services, veterans support services, and Disabled Students Program and Services; and curriculum offerings which may be available, including but not limited to, basic skills courses and English as a Second Language.
MANDATORY CORE SERVICES
Evidence-based practices and research demonstrate that students who participate in orientation, assessment, and advising create a strong academic foundation and are more likely to persist and flourish in college and to meet their education goals. All new students entering College of the Canyons are required to complete three core matriculation services: orientation, assessment, and the development of a first semester education plan through participation in New Student Advising.

ADMISSION
New students must complete and submit an application for admission either online (www.canyons.edu) or in person prior to enrollment at College of the Canyons.

ORIENTATION (Mandatory)
Online orientation is required of all new and first-time to College of the Canyons students. It provides valuable information about the services, programs, and courses available at the College. Orientation helps new students navigate through the rich array of resources and services available at the college and teaches students how to use these resources to their fullest.

ASSESSMENT (Mandatory)
Consultation with a counselor to plan courses, establish goals, and chart an educational path is one of the most important connections a new student can make. Professional counselors are available to assist students in identifying interests, aptitudes and educational objectives. All matriculated students are encouraged to meet with a counselor to formulate a Student Educational Plan (SEP).

NEW STUDENT ADVISEMENT - (Mandatory)
New students must complete and submit an application for admission either online (www.canyons.edu) or in person prior to enrollment at College of the Canyons.

COUNSELING
All students are encouraged to meet with a counselor for educational and career planning. Counselors help students write individual educational plans that list all the courses needed and in the correct sequence to reach their educational goals. However, first-time students must have attended a New Student Workshop and completed their first semester at College of the Canyons prior to making a counseling appointment. For a list of available workshops and to sign-up, first-time students should visit the Counseling Department website at www.canyons.edu/offices/Counseling or the New Student Checklist website at www.canyons.edu/offices/SSSP/NewStudentCheckList

COUNSELING / PROGRAM ADVISEMENT
The mission of the Counseling Department is to help students reach their educational and career goals. The specific goals are to assist students with the effective use of campus learning resources, student services, and educational opportunities. Counselors assist students in determining, analyzing, and understanding their interests, aptitudes, abilities, limitations, and opportunities. Counselors are also skilled in providing personal counseling assistance to students as it relates to achieving their educational objectives.

Program Advisors are available throughout open office hours at the drop-in desk in the Counseling Office for quick consultations. Program Advisors provide information about certificate, degree, and transfer requirements, and college policies and procedures. Students should contact the Counseling Office or the counseling webpage at www.canyons.edu/offices/counseling to schedule private half-hour appointments with counselors. Students should, before the time of their appointments, study this catalog, the catalog of any college or university to which they may seek transfer, and the Schedule of Classes for the upcoming term at College of the Canyons. To obtain the most benefit from the appointment, students need to be able to discuss their long-range educational goals as well as the courses desired in the ensuing term. Students are responsible for making final decisions concerning their college programs. Counseling classes are taught by counselors and cover such topics as college-success skills, career development, and transfer planning. See Schedule of Classes for specific offerings. Specialized counseling is also provided through the DSP&S, EOPS, and CalWORKs.

REGISTRATION
Registration is the formal process of arranging courses desired by the student into a program of classes and of securing a seat in classes. College of the Canyons determines enrollment priority based on Title 5 section 58108. Priority will be determined by the following levels:

Level 1:
New fully matriculated and continuing or returning students in good standing who are part of one or more of the following student groups: Veterans, Foster Youth, EOPS, DSP&S, or CalWorks.

Level 2:
New fully matriculated and continuing or returning students in good standing who are part of one or more of the following student groups: Athletics, ASG, and MESA. Students who petition to graduate, earn a certificate or are in their last semester prior to transfer. (This priority is given one time only to a student)

Continuing and returning students in good standing from 99.9 units to 20 units
New fully matriculated students
Continuing and returning students not in good standing from 19.9 units to 0 units

Level 3:
Continuing students not in good standing
New non-matriculated students
Students with over 100 degree applicable units
High school students

Please visit our website on enrollment priorities for more information on these levels at www.canyons.edu. Admissions. Students are given a registration date and time and may register anytime on or after this date and time. For online registration: www.canyons.edu. Late registration, which occurs after the regular registration period closes, will be permitted on a first-come, first-served basis into those vacancies that may exist in
classes. Students registering during the late registration period must meet all criteria to be eligible to attend. See the current Student College Calendar for specific information.

Clearance of Obligations (Holds)
All obligations to the College must be met before a student's record will be considered clear. Outstanding obligations will prevent registration for classes, the ability to obtain verifications of enrollment, grades, academic transcripts, degrees, and any other services offered by the College.

Classification of Students

**Full Time:** Enrolled in 12 units or more in a full-length semester

**3/4 Time:** Enrolled in 9 to 11 units

**1/2 Time:** Enrolled in 6 to 8 units

**1/4 Time:** Enrolled in 3 to 5 units

**Freshman:** One who has completed 30 units or less

**Sophomore:** One who has completed 31 units or more

Schedule of Fees
Fees are due at the time of registration each semester or each time materials are acquired or services rendered. Fees must be paid at the time of registration. If all fees are not paid at the time of registration, the student will be removed from all courses.

All fees are established by action of the Board of Trustees of the Santa Clarita Community College District and the California State Legislature. The following fees are effective as of fall semester 2015.

Fees are subject to change. Consult the online Class Schedule or the Student Business Office for current fee schedules.

Enrollment Fee
Students are required to pay an enrollment fee upon registration at a community college in California. At the time of printing, the fee is $46 per unit. The enrollment fee and other fees are subject to change during the academic year. Check the online Class Schedule for the most up-to-date fee information.

Additional Fees
Annual Student

- **Center Fee:** $1 per unit/$10 maximum
- **Audit Fee (Paid in Community Education Office):** $15/unit
- **Credit by Examination Fee:** $55/unit
- **Health Fee (Semester):** $19.00
- **Health Fee (Summer/Winter):** $16.00
- **International Student Tuition:** $200 plus $46 Enrollment fee per unit plus $10 Capital Outlay fee per unit
- **Non-resident Student Tuition:** $200 plus $46 Enrollment fee per unit plus $10 Capital Outlay fee per unit
- **Official Transcript (first two free):** $5.00
- **Official Transcript (2 business days):** $10.00
- **Official Transcript (on demand):** $15.00
- **Refund Processing Fee (once semester begins):** $10.00
- **Parking Fee (Semester):** $50.00
- **Parking Fee (Winter/Summer):** $25.00
- **Parking Fee (Motorcycles):** $15.00
- **Student Representation Fee:** $1.00
- **Student Support Fee**
  - **Optional (Fall/Spring):** $15.00
  - **Optional (Winter/Summer):** $10.00

1 **Student Center Fee:** Students who qualify for the BOGW-A fee waiver are exempt from paying the Student Center Fee. Contact the Financial Aid Office for further information.

2 **Credit by Exam Fees:** The $46.00/unit plus $9.00/unit credit by exam fee applies equally for resident, non-resident and international students. See the Credit by Exam policy and procedure for more information.

3 **Health Fee:** College of the Canyons requires all students attending college, both full and part-time, to pay the health fee as outlined in California Education Code section 76355. According to statute, students who fall into one of the following categories may apply for an exemption to the health fee: dependence on prayer for healing, apprentices, and low-income students eligible for a Board of Governors Enrollment Fee Waiver. Method 'A' Exemption forms are submitted to the Student Business Office on the Valencia campus in Seco Hall or the Canyon Country campus in Quad 1.

4 **Parking Fee:** Students with a BOGW-A fee waiver will have their parking fee waived. Students with a BOGW-B or C fee waiver will pay $20 per semester and $10 for Winter or Summer parking. Each semester, students with a BOGW are eligible to purchase one (1) parking pass at a discounted rate.

Capital Outlay Fee
The Capital Outlay Fee is charged to all nonresident and international students to contribute to the cost associated with capital outlay of the District. This fee can be waived for any student who can demonstrate economic hardship. Economic hardship is defined as any student who is a recipient of benefits under the Temporary Assistance for Needy Families program described in Part A of Title IV of the Social Security Act (42 E.S.C. Secs. 601, et seq.), the Supplemental Income/State Supplementary Program, or a general assistance program. Students must provide documented evidence of receiving the benefits dated within the last year. All documentation must be provided to the Student Business office prior to the refund deadline of the term charged. The fee can also be waived for a student who is a victim of persecution or discrimination in the country in which the student is a citizen and resident. The student must show court documented evidence or USCIS documentation of persecution or discrimination.
Instructions for Returning Class Material Fee

Some courses at College of the Canyons require an instructional materials fee. The fee is used to supply the student with materials of particular value outside the classroom setting. Such materials include, but are not limited to textbooks, sheet music, tools, equipment, clothing, and those materials which are necessary for a student's vocational training and employment. In most cases, these materials are being provided at or below cost to the college. See the individual department for a complete list of materials. Instructional material fees vary by course, and are listed in the course description of all classes charging this fee. Students may waive this fee prior to the refund deadline if they choose to provide the materials themselves. To waive these fees, please see the Student Business Office on the Valencia campus in Seco Hall 101 or the Canyon Country campus in Quad 1.

International Student/Non-Resident Tuition

Students classified as non-residents by the residency determination date each semester or term, are subject to non-resident tuition. Students classified as International Students (have an F-1 or J-1 visa) are subject to International Student tuition. For the 2015-2016 academic year, tuition is set at $200 per unit, plus a Capital Outlay Fee of $10 per unit, plus an Enrollment Fee of $46 per unit for a total of $256/unit for non-resident and international students.

Enrollment fees and other fees are subject to change during the academic year.

Returned Check Policy

If a check is not honored by the bank, the student will be notified by mail that payment of the original fees plus a $25 dishonored check fee will be charged. Payment must be made by cash or certified funds. If a check is returned and the student withdraws from classes, the regular withdrawal procedures must be followed. These procedures are outlined in the class schedule. A "hold" will be placed on the student's account until receipt of full payment. If a student's check is not honored by the bank, the student will no longer be able to pay by check. All future transactions must be paid by cash, certified or cashier's check, or credit card.

Refund Policy

A student must drop their classes and request a refund at the Student Business Office prior to the refund deadline printed on their individual schedule print out. Refund checks are processed approximately six weeks after the refund deadline. A $10 processing fee is deducted once the semester begins. For more information, please contact the Valencia campus Student Business Office at (661) 362-3033, or the Canyon Country Campus at (661) 362-3901.

A student who misses the established deadline for a particular class may obtain a late refund if a petition to the Student Business Office is approved. If the refund deadline is missed, the student must demonstrate extenuating circumstances and provide appropriate documentation as part of the petition process. The extenuating circumstances must have occurred prior to the refund deadline for the class and term in question in order for the student to be eligible for the refund. The Petition for Late Refund form and all supporting documentation for late refunds must be submitted no later than the end of the term in which the class in question is offered.

Note: All credit balances/refunds must be applied for by the refund deadline. All credit balances/refunds not applied for by the refund deadline will be lost. Credit balances/refunds cannot be transferred to the next semester/term.

Refund of Parking Permits

To receive a refund on a parking permit, a refund request must be made and the parking permit must be returned to the Student Business Office prior to the established refund deadline date for semester length classes. Check the Student College Calendar for refund deadline dates.

Refund of Student Support Fee

To receive a refund of the optional student support fee, a student must opt out by the refund deadline date on the student's individual class printout. Opting out of the fee and all of its associated benefits must be done in person during the registration period for the semester or term in question at any of the following locations: the Office of Student Development, Student Center, Room 102 or the Student Business office in Seco Hall, Room 101 on the Valencia campus or Quad 1, or building C at the Canyon Country Campus during posted business hours. All locations will have extended office hours during the first week of each semester. Students may also contact the Office of Student Development directly at (661) 362-3648 to arrange for a special appointment if they are exclusively online students or if their work schedule does not permit coming to campus during regular or extended business hours. After the refund deadline date for the semester/term has passed, students enrolling for late start classes may opt out within one week of their initial enrollment. For more information, please check the Student Development webpages on the College's website at www.canyons.edu or email questions to studentsupportfee@canyons.edu.

STUDENT SPONSOR AGREEMENTS

Organizations, agencies or businesses may sponsor or pay for a student's education. Sponsors will need to submit a Sponsorship Application to the Student Business Office, located in Seco Hall, Room 101 on the Valencia Campus prior to the beginning of the new semester. Students will be required to bring in appropriate documentation and sign a sponsorship agreement prior to registering for classes to prevent them from being dropped from classes for non-payment.

The sponsor will be billed directly for the tuition/fees that they are covering and the student will be responsible for all remaining fees.

If there is a refund due for any items that were paid by the sponsor, the refund will be returned directly to the sponsor. Students that are sponsored by Veterans' Affairs under the GI Bill Chapter 33 may receive refunds. In these cases, it will be the student's responsibility to follow up with their sponsor.
The Student Business Office will be available to assist with any additional questions. Please call (661) 362-3033 or email sbo@canyons.edu for more information.

LIMITATION OF UNIT LOAD
A unit load of 18 units per semester is considered maximum. To take more than the maximum, approval must be obtained from the Counseling Office.

CHANGE OF STUDENT SCHEDULE
The Santa Clarita Community College District’s Chief Student Services Officer or designee, in conjunction with the Director of Admissions and Records and the Academic Senate, will determine the last day to add classes. The specific date for each semester will be published in the Student College Calendar and made available in Admissions and Records. Exceptional cases will be considered by the Director of Admissions and Records after receipt of documented extenuating circumstances. Students must follow the established change of student schedule procedures.

Non-standard length classes have individual change-of-schedule deadlines. Check with the class instructor for specific deadline dates.

Exceptions to this policy may be made for students who:
1. are transferring from one section to another section of the same class;
2. are transferring from an advanced section to a less advanced section in the same department;
3. enter an open entry/open exit class;
4. are being reinstated following an administrative adjustment.

WAITLISTS
Once a class meets its maximum seat capacity, the registration system will ask students if they wish to be placed on a waitlist for the class. This means that all seats in the class are taken and students on the list are “waiting” for a seat to open up. Once a student has elected to be placed on the waitlist, the registration system will issue a waitlist number. The lower the number, the better the chance you have of actually obtaining a seat in the class.

As students drop themselves, or are dropped for nonpayment, seats will become available. The College will then automatically enroll students from the waitlist into the class. As students are enrolled into the class, those remaining on the waitlist will move up toward the top of the list. Students enrolled in a class from a waitlist will be notified by email that this action has taken place. Once the student is moved into the course, the student has until midnight to pay their fees. If registration fees are not paid, the student will be dropped from the course and the next student on the waitlist will be moved in. All fees must be paid at the time the student is moved into the course. If students are dropped for nonpayment, they may attempt to place themselves back on the waitlist, if there is room available; however, the original waitlist position is not guaranteed.

Because this process is run daily, students are advised to check “My Canyons” daily to see if they have been moved into the class. Students may drop themselves from the waitlist or the class at any time prior to the start of the class. It is important that the student check their College email account regularly and verify the College has an accurate phone number on file. Changes to your phone number may be made on the College website at www.canyons.edu and click “My Canyons.” Students are responsible for meeting all eligibility requirements to enroll in the class, such as clearing any holds, prerequisites, time conflicts, and unit maximums.

ADD PROCEDURES
Open Classes: Classes that have not met their maximum seat capacity will remain open during the first week of the fall or spring semesters. Students may use online registration to enroll in these courses. Proof of enrollment must be presented to the instructor at the next class meeting.

Closed Classes: Classes that have met their maximum seat capacity and/or have students on a waitlist are considered closed and require instructor permission to enroll. The instructor will issue an add code to students allowed to enroll in the course. The add code must be processed using the online registration system. Add codes and add forms are no longer valid after the add deadline.

LATE ADD PROCEDURES
All adds must be processed by the add deadlines which are published in the Student College Calendar, or obtained by the class instructor. Students who have verifiable extenuating circumstances may petition to add after the deadline by submitting a late add petition before 50% of the course is complete.

The student’s first date of attendance must be prior to the established add deadline to submit a petition along with documented evidence of extenuating circumstances (mandatory). Examples of extenuating circumstances are verified cases of accidents, illness, family, work obligations, or other circumstances beyond the control of the student. The Admissions and Records office will notify the student with a determination in two to four days after receiving the above documents.

Late Add Petitions will not be accepted after 50% of the class has passed in the semester/term for which the student wishes to add. Please see Board Policy 5903 for more information.

DROP PROCEDURES AFFECTING A STUDENT’S TRANSCRIPT
A student may drop from a course anytime during the first two weeks of a full-semester course, (or within the first 20% of instruction for a short-term course) without receiving any grades or notations on his or her transcript. A student may withdraw from a course after the second week and up until the end of the twelfth week of the full-semester course, (or 75% of instruction for a short-term course) and will receive a grade of a W on his or her transcript. Drops and withdrawals may be processed online through “My Canyons” or by visiting the Admissions and Records office during business hours.
Academic Information
OPEN CLASSES

It is the policy of this district, unless specifically exempted by statute, that every course, course section or class, the average daily attendance of which is to be reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the College and who meets such prerequisites as may be established pursuant to Title 5, section 51006 of the California Administrative Code.

ABSENCE FROM CLASS

Students are expected to attend class on a regular basis. Any student absent for any reason for more than 10% of the class meetings may be dropped by the instructor prior to 75% if the course. After 75% of the course, the instructor, nor the student, may withdraw from the course. The student must earn a grade in the course.

For distance education courses, the instructor and student must have regular and substantive interaction. The student’s absence from an online course shall be determined by the last day on which the student was academically engaged and participated in an academically related activity in the class.

Any student who receives Federal financial aid and completely withdraws or fails to complete any units during the payment period or period of enrollment, will be required to repay any unearned financial aid funds. For more information on absences form classes, please consult your instructor syllabus and Board Policy 4233, Attendance.

DEGREE APPROPRIATE CLASSES

Certain courses in English, mathematics and other disciplines can no longer be used toward the 60 unit requirement for the associate degree. These courses are noted with the term non-degree-applicable or “NDA” in the course description.

TRANSFERABLE COURSES

In the following course descriptions, “CSU” indicates that a course is baccalaureate certified to California State Universities; “UC” indicates that a course is transferable to the University of California.

ACADEMIC RECOGNITION

Chancellor’s Honors List

A Chancellor’s Honors List of students who achieve academic honors is published each semester. It lists the name of each student who has completed 12.0 units or more of work with a grade point average of 3.5 or higher during the regular semester immediately preceding the posting of the grade point average. In addition to the public recognition given to the Chancellor’s Honors List, each student listed will receive a letter of commendation.

Academic Recognition at Graduation

Academic recognition at graduation will be based upon all degree applicable units from College of the Canyons and from all other regional accredited colleges where the student has completed units. Categories of academic recognition include the following:

- Cum Laude Graduate – requires a cumulative associate degree applicable grade point average of 3.5 - 3.69.
- Magna Cum Laude Graduate - requires a cumulative associate degree applicable grade point average of 3.7 - 3.89.
- Summa Cum Laude Graduate - requires a cumulative associate degree applicable grade point average of 3.9 - 4.0.
- Chancellor’s Honors Scholar – the student or students with the highest cumulative associate degree applicable grade point average and has completed the College of the Canyons Honor’s Program requirements; including at least a 3.5 grade point average in all University of California transferable courses.
- Valedictorian – the student or students with the highest cumulative associate degree applicable grade point average.

COC Honors Program

The COC Honors Program at College of the Canyons provides an enriched curriculum to students with a strong academic record to enhance their chances for successful transfer to competitive four-year institutions. The program provides opportunities for critical thinking, extensive writing, and in-depth learning in a wide variety of transferable general education courses. In addition, innovative and creative classroom activities are fostered, as well as extra curricular enrichment activities. The Honors Program provides an enriched learning environment for academically motivated students. Students are required to complete 15 units of Honors coursework with a grade of a “B” or higher and earn a cumulative GPA of 3.5 to receive Honors Program recognition at graduation. To join COC Honors, students must maintain a 3.25 GPA of at least 12 units of UC/CSU credit courses to enroll in the program. In addition, students must remain enrolled in COC Honors for at least two semesters in order to receive graduation recognition, as well as to apply for UCLA TAP Certification. Honors courses are designated in the class schedule by the letter “H” and “Honors” found in the course number and title (e.g., SOCI 101H: Introduction to Sociology--Honors). Students who complete COC Honors receive special recognition at graduation, as well as receive diploma and transcript notation. The COC Honors student with the highest GPA will be recognized as a COC Honors Scholar. Additional benefits include an increased opportunity to work closely with Honors faculty; apply for scholarship opportunities; gain “partner” benefits with several four year universities through membership in the Honors Transfer Council of California (HTCC); and, most importantly, to receive “priority admission consideration” to UCLA’s College of Letters and Science through the Transfer Alliance Program (TAP) Agreement. Community service, scholarships, and enrichment activities are also available to students who join Phi Theta Kappa (an international Honor society). For more information about the Honors Program, please email Dr. Patty Robinson, Dean, Social Sciences and Business Division at patty.robinson@canyons.edu, or visit her in SCOH-308. Also, see the Honors webpage at www.canyons.edu/Offices/Honors/pages/default.aspx for more information.

Membership in one or more of these societies entitles the students to special recognition, the opportunity to compete for scholarships and more. For more information about the COC Honors Program or the Honor Societies, please visit the COC Honors homepage at www.canyons.edu/Offices/Honors/pages/default.aspx or contact program representatives at honors@canyons.edu
Transfer Alliance Program (TAP) Agreements
The Transfer Alliance Program (TAP) comprises partnerships with California community colleges that have Honors Programs. Qualifying students receive “priority admission consideration” each year to majors within UCLA’s College of Letters and Science. Honors students who meet COC Honors Program criteria, including the completion of 15 units of UC transferable Honors coursework by the end of the semester they submit their admission’s packet, are eligible for UCLA Transfer Alliance Program (TAP) Certification. Students who successfully complete COC Honors Program requirements are “certified” by COC and receive the following benefits:

1) Priority admission consideration when being reviewed for one of UCLA’s College of Letters and Science majors. TAP students can list an alternate major (which must be listed on the UCLA application and the TAP Certification form) as long as it does list one of the most highly selective majors as listed in the UCLA Transfer Admissions Guide. NOTE: Students who apply to majors outside the College of Letters and Science may list an alternative major within the College of Letters and Science.

2) Eligibility to apply for scholarships reserved for the Transfer Alliance Program.

3) Limited privileges at UCLA’s main library. (For more information, see www.ugeducation.ucla.edu/tap/)

HONOR SOCIETIES

Alpha Delta Nu Nursing Honor Society
Alpha Delta Nu Nursing Honor Society at College of the Canyons promotes scholarship and academic excellence in the profession of nursing, recognizes the academic excellence of students in the study of Associate Degree Nursing, and encourages the pursuit of advanced degrees in the profession of nursing as well as continuing education as a life-long professional responsibility.

Alpha Mu Gamma
Alpha Mu Gamma is the National Collegiate Foreign Language Honor Society. Its primary purpose is to honor students for outstanding achievement and excellence during their first years of foreign-language study in college. More than three hundred chapters have been granted to state and private universities. At College of the Canyons, our chapter is Kappa XI. Eligibility requirements include:
- Two final course grades of “A” in two college level courses (each at least 3 semester units) of the same foreign language or American sign language (ASL). A candidate who is a native of non-English speaking country, may offer two final course grades of “A” in college level English or ESL. A GPA of 3.0 or higher in college level work.
- Members receive national distinction and notation on school transcripts, an official certificate and a gold pin. Members are eligible to apply for scholarships for foreign language study.

The COC Honors Club
The COC Honors Club works to promote the Honors Program through various activities involving community service, leadership, and academic scholarship. The club’s goal is to enrich the lives of members through professional collegiality while paving the way for future college success. Membership requirements include maintaining a 3.25 GPA or higher while attending College of the Canyons. If a student is currently attending COC while still enrolled in high school or has recently graduated from high school, a GPA of 3.5 or above is required for membership.

Gamma Beta Phi Honor Society
Gamma Beta Phi Honor Society is an honor and service organization for students of any major. The three major objectives of Gamma Beta Phi are to recognize and encourage individual excellence in education; promote the development of leadership ability and character in its members; and foster, disseminate, and improve education through appropriate service projects.

Phi Theta Kappa
Phi Theta Kappa, the international community college honor society, recognizes and encourages scholarship among two-year college students, as well as fosters leadership, service, fellowship, and academic excellence in an academically-enriched environment. Membership requirements include at least 12 units of completed coursework applicable to an associate degree (part-time students are also eligible) and demonstrate a 3.5 GPA or higher.

Psi Beta
Psi Beta is the national honor society in psychology for community and junior colleges. Psi Beta is committed to the development of psychology students through promotion and recognition of excellence in scholarship, leadership, research, and community service. Eligibility requirements include completion of at least one psychology class, have an overall 3.25 GPA, and have at least a B average in all psychology classes.

Phi Rho Pi
Phi Rho Pi is a national organization committed to increasing knowledge and appreciation of the forensics arts at the community college level. It has the distinct honor of being one of the oldest forensics organizations in the United States. Phi Rho Pi’s purpose is to promote forensics programs at community colleges and to foster the growth, development, and participation of forensics. In addition, Phi Rho Pi promotes educational services, organizes national conventions and tournaments, maintains national honorary society status, and facilitates competitive forensic activities, as well as academic, professional, and leadership activities for members.

Sigma Chi Eta Honor Society
The mission of the Sigma Chi Eta Honor Society is to recognize, promote, and reward excellent scholastic achievement in Communication Studies; to foster interest in and provide opportunities for exchange of ideas in the field of communication; and to explore the field for options for four-year transfer students or those entering the workforce.

Sigma Delta Mu
Sigma Delta Mu is the National Honor Society for Hispanic Studies. At College of the Canyons, our chapter is Iota Chapter of California. The society is committed to honoring those who seek and attain excellence in the study of the
literature and culture of Spanish-speaking people, and to foster friendly relations and mutual respect between the nations of Hispanic speech and those of English speech. Membership requirements include a 3.0 GPA or higher and a Spanish course with at least a B average.

**Sigma Kappa Delta**
Sigma Kappa Delta's central purpose is to confer distinction upon outstanding students of the English language and literature in undergraduate studies. Sigma Kappa Delta also recognizes the accomplishments of professional writers who have contributed to the fields of language and literature. To be eligible for membership, students must have completed a minimum of one college course (excluding developmental courses) in English language or literature, have no grade lower than a B in English, have a minimum grade point average of 3.0 (on a 4.0 scale) in general scholarship, and have completed at least one semester or two quarters of college course work for a cumulative total of twelve semester hours. Students are not required to be English majors. Students who are members gain the prestige of membership in a national Honor society, can apply for scholarships and awards, may represent the local chapter at state, regional, and national conventions, and have the opportunity to associate with other Sigma Kappa Delta members on local levels and regional levels and with Sigma Kappa Delta and Sigma Tau Delta members on the national level who share their interest in literature, the English language, and fine arts.

**Sigma Zeta**
Sigma Zeta National Science and Mathematics Honor Society is a national undergraduate honor society to encourage and foster scholarly activity and recognize academic scholarship in the natural and computer sciences and mathematics. Membership requirements to include the completion of at least 25 semester hours, including 15 semester hours in natural Sciences, computer science, or mathematics and attain at least a 3.0 grade point average in all subjects including science and mathematics.

**ACADEMIC RENEWAL**
In certain cases and within the guidelines outlined below, students may petition for alleviation of previously recorded, substandard academic performance, which is not reflective of a student's demonstrated ability.

A student's recently demonstrated performance may be quite satisfactory, but his/her cumulative grade point average may be greatly affected by poor grades earned during an earlier period when undefined educational or career goals, as well as personal difficulties inhibited demonstration of his/her academic potential. In these cases, current “satisfactory” performance may not be sufficient to ensure "normal" advancement to current educational goals.

College of the Canyons acknowledges these difficulties and has adopted guidelines, Board Policy 5902, for petition of alleviation of previously substandard coursework.

If the following conditions are met, the Santa Clarita Community College District may disregard substandard coursework associated with the computation of a student's cumulative grade point average, up to a maximum of two semesters of coursework or three quarters taken at any college.

These conditions are:
A. The coursework to be disregarded is substandard. The semester/quarter grade point average of the courses to be disregarded is less than 2.0.
B. A minimum of 24 semester units have been completed at College of the Canyons with a grade point average of at least 2.0, subsequent to the coursework to be disregarded.
C. At least three calendar years have elapsed since the most recent coursework to be disregarded.

Courses with substandard grades will have the units and grade points earned during such a semester disregarded. If another accredited college has acted to remove previous coursework from consideration in computing the grade point average, such action shall be honored in terms of its policy.

Academic renewal actions are irreversible. Students should meet with a counselor before taking such an action.

If the student is otherwise eligible for graduation, academic renewal may not be used to raise the grade point average in order to qualify for graduation with honors. Academic renewal cannot be used to set aside a semester containing units or coursework which has been used to meet graduation requirements by a student who has previously graduated.

This policy is adopted for use in the Santa Clarita Community College District. Other institutions may have adopted different policies. The transfer status of such action depends upon the policy of the college to which a student transfers.

**ADVANCED PLACEMENT**
College of the Canyons shall grant associate degree credit for successful completion of examinations in the Advanced Placement Program of the College Entrance Examination Board. Students who present scores of three or better may be granted up to eight semester units for each examination. (Refer to the table of equivalences.)

**Advanced Placement Credit**
Credit for Advanced Placement exams varies from university to university. Although College of the Canyons will give credit for Advanced Placement scores of three or higher, the policy may be different at the university to which the student intends to transfer. All students are advised to consult with a COC counselor or to review the catalog of their transfer college for specific rules concerning Advanced Placement Credit.

**International Baccalaureate**
College of the Canyons shall grant associate degree credit for successful completion of examinations that are part of the International Baccalaureate program. Credit is awarded as noted on the International Baccalaureate credit equivalency chart in this catalog.

ASSOCIATE DEGREES/GRADUATION REQUIREMENTS

The Board of Trustees of the Santa Clarita Community College District as authorized by the Board of Governors of the California Community Colleges shall confer the degree of Associate in Arts or Associate in Science upon a student who has satisfactorily completed the degree requirements which include all of the following:

1. a minimum of 60 semester degree applicable units
2. the required courses for a specific major
3. General Education, American Institutions, PE/Wellness, and Diversity requirements
4. a cumulative grade point average of 2.0 or better in associate degree applicable units and good academic standing at College of the Canyons
5. a minimum of 12.0 units completed at College of the Canyons
6. a maximum of 18 semester units of coursework with the grade of “P” or CR used towards the 60 degree applicable units

All updates to associate degree requirements after the printing of this catalog can be found on the Counseling Department website at www.canyons.edu/offices/counseling. Please see Board Policy and Administrative Procedures 4100 for more information regarding the associate degree or certificates.

Philosophy of General Education

College of the Canyons is dedicated to the philosophy that all students will receive the highest quality education possible. Central to this philosophy is the belief that all students granted an associate degree should be required to enroll in a variety of general education courses in addition to those courses that are required by a student’s major. These general education courses comprise a body of knowledge that introduces students to the natural sciences, social sciences, humanities and arts, written communications, critical thinking, and physical education and wellness. The intent of the requirement for general education courses is to cultivate in each student:

- The skills necessary to think clearly, logically, and ethically; to find information from a variety of sources and technologies; to examine information critically; to communicate effectively both orally and in writing; to develop effective and creative capabilities and social attitudes; and to reason quantitatively.
- An understanding of scientific principles and methods of inquiry.
- Knowledge, understanding and appreciation of the arts, ideas, and values expressed in the world’s cultural traditions, including the contributions of women, ethnic minorities, and non-western cultures.
- An understanding of history, the political and economic practices of societies, and the social and psychological dimensions of human behavior.
- An understanding and appreciation of the differences and similarities that exist within the pluralistic society of the United States, including the rights and responsibilities of participating within its democratic system.
- An understanding and appreciation of cultural diversity and a motivation for lifelong learning and well-being.

GENERAL EDUCATION REQUIREMENTS

Complete a minimum of 18 semester units of general education including at least one course in each of the following areas. A given course meets the requirements in only one area.

A. Natural Sciences - minimum 3 semester units required

D. Language and Rationality - 6 semester units - minimum grade of “C” required (completion of both 1 and 2 are required)
1. English Composition:
   Select one course from the following:
   English 101, 101H, 102, 103, 103H, 204
2. Communication and Analytical Thinking:
   Select one course from the following:
   Communication Studies 105, 105H, 223, 225, 227; Computer Science 111, 122, 256;
   Economics 291; Math 070, 075, 083, 102, 103, 104, 110, 111, 130, 140, 141, 144, 190, 211, 212, 213, 214, 215, 240; Philosophy 106, 230; Psychology 103, 104; Sociology 102, 108 or 137

AMERICAN INSTITUTIONS
6 semester units required:
United States History – 3 units
U.S. Constitution, State and Local Government – 3 units (complete one course from #1 and one course from #2)
1. Economics 170 or 170H; History 111, 111H, 112, 112H, 120, 120H, 130, 170, 170H
2. Political Science 150 or 150H
   Or complete both History 111 or 111H and 112 or 112H

PHYSICAL EDUCATION AND WELLNESS
Minimum two units or 2 courses:
Physical Education activity (KPEA or KPEI) or Dance activity courses (except Dance 100) Health Science 100 or 149. (Veterans exempted. DD214 required.)

DIVERSITY REQUIREMENT
Complete at least 3 units from the following:
Anthropology 103, 103H, 210; Business 126; Cinema 123; Communication Studies 235, 256, 260; Early Childhood Education 160, 165; Education 203; English 262, 270, 271, 273, 274, 280; Geography 102; Health Science 243, History 120, 120H, 130, 161, 191, 192, 193, 210, 243; Music 108; Philosophy 102, 220; Political Science 290; Psychology 230, 235, 240, 272; Sign Language 110; Sociology 101, 101H, 103, 103H, 105, 106, 110, 200, 207, 208, 210, 230, 233. The course used to satisfy this area may also be used to satisfy another area of general education, if applicable.

COMPETENCY REQUIREMENTS
• Reading Competency - Minimum grade of “C” required. Competence is demonstrated by completion of English: 101 or 101H

• Written Expression Competency - Minimum grade of “C” required. Competence is demonstrated by completion of English: 101, 101H, 102, 103, 103H, and 204
• Mathematics Competency - Minimum grade of “C” required. Competence is demonstrated by completion of Economics 291; Mathematics 070, 075, 083, 102, 103, 104, 111, 130, 140, 211, 212, 213, 214, 215, 240; Psychology 104 or Sociology 137

ASSOCIATE DEGREES WITH GENERAL EDUCATION EXCEPTIONS
College of the Canyons offers transfer associate degrees with exceptions made to the general education requirements. The associate degrees listed below have exceptions made based on current law or requirements placed on the degree by external certifying boards.
- Requirements for AA-T and AS-T transfer majors prescribed by SB 1440 are exempt from all local general education requirements and may not be changed by local authorities.
- The Liberal Arts and Sciences majors (as well as the former Transfer Studies major) are exempt from the physical education and wellness requirement.
- The RN and LVN-to-RN majors are exempt from Physical Education and Wellness and the diversity requirement.
- The Paralegal Studies major must meet the American Bar Association criteria. Therefore a separate general education pattern is required for this major. Please see the Paralegal Department course descriptions for more information.

MAJOR REQUIREMENT
Completion of the required courses for an approved major listed in the Program/Course Description section of the catalog. All courses required for the major must be completed with a “C” grade or better.

UNIT REQUIREMENT
To satisfy the unit requirement for graduation, the student must complete a minimum of 60 semester units of college-level work that includes the courses and units:
   1. required for the student’s major,
   2. specified in the general education requirements above, and
   3. electives to total 60 units.

GRADE POINT REQUIREMENT
A minimum 2.0 grade-point average (“C”) or better in the Associate Degree applicable units and the student must be in good academic standing at College of the Canyons.

RESIDENCE REQUIREMENT
Complete a minimum of 12 units at College of the Canyons.

PETITION FOR GRADUATION
File a petition for graduation in the Counseling Office no later than the first class meeting of the semester/term of graduation. See the Schedule of Classes for the specific date. Petitions are accepted for graduation for fall, spring, and summer terms only.
ACADEMIC RECOGNITION AT GRADUATION

Graduation with Honors
Academic recognition at graduation will be based upon completed degree applicable units from College of the Canyons and from all other regional accredited colleges where the student has attended. Categories of academic recognition include the following.

Cum Laude Graduate – requires a cumulative associate degree applicable grade point average of 3.5 - 3.69.
Magna Cum Laude Graduate - requires a cumulative Associate degree applicable grade point average of 3.7 - 3.89.
Summa Cum Laude Graduate - requires a cumulative associate degree applicable grade point average of 3.9 - 4.0.

Chancellor's Honors Scholar – the student or students with the highest cumulative associate degree applicable grade point average and has completed the College of the Canyons Honor’s Program requirements; including at least a 3.5 grade point average in all University of California transferable courses.

Valedictorian – the student or students with the highest cumulative associate degree applicable grade point average.

SECOND ASSOCIATE DEGREE
All major requirements for the additional degree must be satisfied, per student's catalog rights.

1. A minimum of 18 semester units are completed in the new major.

2. Courses used towards the first degree may be used towards the major in the second degree unless either degree is the Liberal Arts and Sciences major (as well as the former Transfer Studies and General Arts and Sciences majors).

3. A minimum of 12 semester units are completed in residence within the Santa Clarita Community College District after the awarding of the first degree. Students are exempt if they completed the first associate degree in the Santa Clarita Community College District.

4. All current Santa Clarita Community College District general education requirements listed above will have been met with the awarding of the first degree. If not, these additional general education courses will also be required.

MULTIPLE MAJORS
Multiple majors are acceptable and occur when a student works simultaneously toward the completion of more than one major field of study. Completion of the major field of study does not change if a student has declared multiple majors. An Associate in Science or Associate in Arts degree with a multiple major can be earned by completion of all general education requirements plus the courses required for the majors as outlined in the College catalog under Associate Degree Programs. The student must petition to graduate with each major. The student will be awarded one diploma for each major completed.

AUDITING CREDIT COURSES
The governing board of the Santa Clarita Community College District has authorized the auditing of credit classes at College of the Canyons pursuant to Ed Code 76370.

Course auditing is permitted as a service to students who have completed designated credit courses for the maximum number of allowed repeats. The purpose of auditing is to allow students to continue study after course repeatability has been exhausted. The following list of courses has been approved for auditing:

Music- 165, 173, 174, 175, 176, 177, 185, 186
Photography- 090L, 091L
Theatre- 120, 161, 180A, 184A, 186A, 190

Classes taken by audit follow the same deadline dates as classes taken for credit. Contact Community Education if you wish to audit classes.

Regulations
1. Students wishing to audit classes must receive the approval of the instructor of the course.

2. Students wishing to audit a course must be in at least grades 11-12. Those students in grades K-10 are not eligible to audit classes. The exception to this regulation, are the music classes eligible for audit listed in the college catalog.

3. No student auditing a course shall be permitted to change enrollment in that course to receive credit for the course.

4. Students auditing a course are not subject to attendance, test or grade requirements. Attendance of students auditing a course is not included in computing the apportionment accounting procedures.

5. A fee of $15 per unit will be charged. Students enrolled in classes to receive credit for ten or more units shall not be charged a fee to audit three or fewer semester units. Audit fees are paid through the Community Education office.

6. Once enrolled, students must present their class instructor with a copy of the audit receipt obtained in the Community Education office.

BASIC SKILLS LIMITATION (College Success Skills)
Basic skills courses provide a foundation in reading, writing, mathematics, English as a Second Language, learning and study skills. These classes are not applicable to the associate degree but provide the skills necessary for students to succeed in college-level work.

Basic Skills Course Limitation
Except as specifically exempted, no student shall accrue more than 30 units of credit for basic skills coursework at College of the Canyons. Non-exempt students who have exhausted the unit limitation shall be referred to appropriate alternate educational service providers.

Exemptions from Basic Skills Course Limitation
The following classifications of students are exempted from the 30-unit limitation on Basic Skills coursework:

1. Students enrolled in one or more courses of English as a Second Language.
2. Students identified as learning disabled according to Title 5, section 55035.

Waiver of Basic Skills Course Limitation
A waiver of the 30-unit limitation for Basic Skills coursework may be granted to non-exempt students who demonstrate significant measurable progress toward the development of skills necessary for college-level courses. Such waivers shall be given for specified periods of time or for a specified number of units. A petition to waive the 30-unit limitation must be submitted to the Counseling Department for approval.

CATALOG RIGHTS FOR CONTINUING STUDENT STATUS
Students establish catalog rights in the first semester/term they complete courses at College of the Canyons. This initial catalog will be used when validating associate degree and vocational certificate requirements. If a student stops attending College of the Canyons for one year or longer, initial catalog rights are lost. One year is defined as four consecutive terms (including summer and winter intersessions).

Upon re-entry to the college after one year’s absence, catalog rights will be reestablished using the current academic catalog determined by the student’s semester/term of re-entry.

Degree and transfer requirements for continuing students are determined by those listed in the catalog for the year in which they initially enrolled.

Students who have stopped attending College of the Canyons due to active military duty will not lose catalog rights. Upon return, the student must present their orders to the Veterans office to establish their previous catalog rights.

CERTIFICATES
Certificate programs are designed for students who are looking for programs of instruction, some of which are short-term, with a high degree of specialization. These programs typically are designed to prepare students for employment, job enhancement and/or job advancement. Certificate programs vary in length and generally require less than two years of full-time study.

Certificate of Achievement
A Certificate of Achievement program is awarded by the Board of Trustees of the Santa Clarita Community College District as authorized by the Board of Governors of the California Community Colleges when a student has successfully completed required courses in an approved program of study as specified in the Program/Course Description and Certificate Programs section of this catalog. To qualify for the Certificate of Achievement, students must satisfy the following requirements:

1. Complete at least half of the units required for the certificate program in residence;
2. Earn a grade of “C” or better in each course required for the certificate;
3. File a petition for the certificate in the office of Admissions and Records during the semester in which requirements will be completed.

Certificate of Specialization
A Certificate of Specialization is a departmental award in an area of specialization requiring less than 18 semester units. This issuance of the departmental award is not recorded on the student’s official transcript. To qualify for the Certificate of Specialization, students must satisfy the following requirements:

1. Complete at least half of the units required for the certificate program in residence;
2. Earn a grade of “C” or better in each course required for the certificate;
3. File a petition for the certificate in the academic department issuing the certificate during the semester in which requirements will be completed.

Non-Credit Certificate Requirements
Certificates of Completion and Competency are non-credit awards granted by the District to students who have demonstrated mastery skills within a noncredit area.

a. Students must complete required courses in an approved program of study as specified in the Continuing Education section of the course catalog.
b. The Certificate of Competency within the noncredit ESL program requires the student to meet the criteria for the certificate based on the combination of placement and successful course completion with a grade of “P”.
c. The Certificate of Completion requires the student to complete all required courses in the approved program of study as listed in the college catalog.

COURSE PREREQUISITES
Some courses require the completion of prerequisites. A prerequisite is a course that must be completed, or a placement score that must be achieved, before a more advanced course is attempted. Students are advised to consult the course descriptions found in the current college catalog or schedule of classes to identify course prerequisites.

All prerequisites must have been completed with a satisfactory grade. “Satisfactory grade” means the grade earned must be a C, P, or better; D, F, FW, or NP grades are not acceptable.

Many of our courses have prerequisites. Our policy allows you to enroll in the next course, but unless your final grade in the prerequisite course meets the minimum grade of a C, you will not be allowed to stay in the next course. Once the previous semester grades are posted you will be dropped from the more advanced course. The drop may happen after the semester has begun and could impact your ability to obtain another course.

Units may not be granted after credit has been earned for a more advanced College of the Canyons course. Additionally, unit credit may not be granted for prerequisites once the more advanced course has been completed.

• Prerequisite – a condition of enrollment, typically a course or a placement score that a student is required to meet before being allowed to enroll in a more advanced course or educational program.
Corequisite – means that there are two courses offered that connect to each other and the student is required to enroll in both of them.

Strongly Recommended – means that students are advised to strengthen their subject skills by taking the recommended course but are not required to do so.

Challenge Process
Prerequisite challenge petitions are available in the Admissions and Records office. A prerequisite may be challenged for the following reasons:

- The prerequisite has not been made reasonably available;
- The prerequisite was established in violation of regulation, or in violation of District approved processes;
- The prerequisite is discriminatory or applied in a discriminatory manner; and/or
- You have knowledge or ability to succeed in the course despite not meeting the prerequisite.

In each case the student must provide documentation to support the challenge. Examples of documentation are transcripts, copies of certificates, proof of knowledge of the required material, etc.

The procedure for prerequisite challenge petitions is as follows:

1. Fill out a Prerequisite Challenge Petition.
2. Submit it to Admissions and Records (if the class is closed an add form with instructor’s signature must also be attached).
3. Admissions and Records will enroll you in the class pending petition approval. You must pay for the class at this point and continue attending class until the petition is approved or denied.
4. The petition will be forwarded by Admissions and Records to the appropriate division for review.
5. If the petition is approved, you will be sent a copy and will be officially enrolled in the class.
6. If the petition is denied, you will be sent a copy of the petition, an administrative drop will be processed and a refund of class fees will be sent to you.

COURSE REPETITION
Per Title 5 of the California Code of Regulations, Section 55040-55046, the Santa Clarita Community College District has adopted the following policy with regard to the repetition of courses for which a student has received a substandard grade. Nothing in this policy should be taken as an exception to Section 55040-55041 of Title 5, of the California Code of Regulations.

Definitions:
For the purposes of course repetition, academic renewal, and all other grade-related issues, substandard grades shall be defined as meaning coursework for which the student has earned a D, F, FW, NC and/or NP.

For the purposes of course repetition, academic renewal, and all other grade related issues, non-substandard grades shall be defined as coursework for which the student has earned an A, B, C, CR or P.

For the purposes of this policy “extenuating circumstances” is taken to mean verified cases of accidents, illness, or other circumstances beyond the control of the student.

1. Students may enroll in a course for which they have earned a substandard grade or a withdrawal no more than three times.
2. If a student repeats a course for which he or she has earned a substandard grade or a withdrawal and receives a non-substandard grade (A, B, C, CR or P), he or she cannot repeat the course a second time.
3. If the student repeats a course for which he or she has earned a substandard grade or a withdrawal and receives a second substandard grade or a withdrawal, he or she can repeat the course one more time. If the student receives a withdrawal or a substandard grade on the third enrollment, the student cannot repeat the course again. A withdrawal does not alleviate the substandard grade on the previous enrollment.
4. After course repetition occurs to alleviate substandard grades, the previous grade and unit credit will be disregarded in computing the student’s GPA for the previous two instances of substandard repetition. The course will be annotated such that the GPA calculation occurs for the most recent grade. A withdrawal does not alleviate a substandard grade.

Exceptions:
Students may repeat a course for which a substandard or withdrawal grade has been recorded twice under the following conditions:

- That previous grades were, at least in part, the result of extenuating circumstances.
- Certain courses may be repeated up to a maximum of three times for a total of four enrollments regardless of the grades earned. These courses are identified in the college catalog and the schedule of classes. All grades earned for the authorized repeats shall be counted toward the grade point average.

Transcript Notation:
When courses are repeated for which a substandard grade was received, all coursework shall remain on the student’s permanent record. The course will be annotated such that the grade point calculation occurs for the most recent grade. No more than two substandard grades will be removed from the grade point average.

When courses are repeated for which a non-substandard grade was received, credit will be given once. All coursework shall remain on the student’s permanent record. When a course is repeated pursuant to this manner, the previous grade and unit credit will be disregarded in computing the GPA.

Repetition of courses for which the student has received a non-substandard grade
Per Section 55041 of Title 5, California Code of Regulations, the Santa Clarita Community College District has adopted Board Policy 5901, with regard to repeating courses for which the student has earned a non-substandard grade:
Students may submit a Repeat Petition, accompanied by verified extenuating circumstances, requesting that courses be repeated. If approved, the previous grade and unit credit will be disregarded in computing the GPA. Course repetition shall be permitted in cases where such repetition is necessary for a student to meet a legally-mandated training requirement as a condition of continued paid or volunteer employment. Such courses may be repeated for credit, any number of times, regardless of whether or not substandard work was previously recorded, and the grade and units received each time shall be included for purposes of calculating the student’s GPA. The Santa Clarita Community College District reserves the right to require a student to certify or document that course repetition is necessary to complete legally mandated training pursuant to this section.

The District may permit or require a student to repeat a course due to significant lapse of time. Students cannot repeat courses where a non-substandard grade was received, unless there has been a significant lapse of time (36 months) and:

i. there is an established recency prerequisite established by the course curriculum; or,

ii. there is an established recency requirement as established by a transfer institution; or,

Course repetition for a significant lapse of time can only occur once. All course work shall remain on the student’s permanent record. When a course is repeated pursuant to this section, the previous grade and unit credit will be disregarded in computing the GPA.

PASS/NO PASS

It is recognized that many students fail to explore outside their specific fields of competence for fear of damaging their academic records. To offset this, a system of pass (P)/no pass (NP) grading has been devised. Students have the option, during the time of registration, to petition to take classes on a P/NP basis in lieu of a grade of A, B, C, D, F, or FW.

Students electing to be evaluated on a P/NP basis will receive credit upon satisfactory completion (grade of “C” or better) of the course. Students who fail to perform satisfactorily will be assigned a grade of no pass (NP).

Regulations

1. A maximum of 18 semester units of credit can be applied towards the associate in arts or associate in science degree. Pass (P)/no pass (NP) grades received as a result of awarding Advanced Placement units are exempt from the 18 unit limit.

2. Students who elect to take a course on a pass/no pass basis must receive approval from their counselor and file a Pass/No Pass Petition in the Admissions and Records Office before 30% of the semester or course transpires.

3. Courses in which this option is available are listed in the college catalog. Generally, no course taken for a pass/no pass grading option may be used toward a major for an associate degree. Students should be aware that courses graded P/NP might not be accepted in a transfer major, and are advised to consult with their intended transfer institution.

4. Students who elect to be evaluated on a P/NP basis do not have the option of reversing their decision at a later date.

5. Students taking courses on a P/NP basis are held responsible for all assignments and examinations.

6. Courses graded on a P/NP basis are not counted in calculating grade point average; however, they are considered in calculating progress probation/dismissal. Students electing to take courses on a P/NP basis must meet any course prerequisite prior to enrolling in the course.

7. The P/NP option is not applicable to courses taken through credit by examination.

8. Some courses are offered on a P/NP basis only. These courses are listed in the college catalog.

CREDIT BY EXAMINATION

Credit by examination may be granted for proficiency previously accomplished in other than an accredited institution; for study; travel; or other experiences in College of the Canyons approved courses. Credit attempted by this method shall be so marked on the student's permanent record on an A - F grading system.

Units and grade points earned shall be counted toward the associate degree. Units earned by credit by examination are not considered as units completed in residence and will not be used for reports to insurance companies or other similar agencies.

Students must obtain permission from the division dean or department chair from which the course is offered and obtain approval from a counselor. A $55/unit fee must be paid prior to taking the exam. Department chairs (or division chairs) will forward the results of the examination to the Admissions and Records Office for processing and recording. The $55 fee represents the current enrollment fee of $46 a unit plus a $9 per unit processing fee. The fee for credit by exam will change if the enrollment fee changes.

Requirements for Credit by Examination

1. Students wishing to receive credit by examination must be in good academic standing at College of the Canyons and be currently enrolled at least half time.

2. Petitions for credit by examination in approved courses must be submitted before 50% of the term is completed. Grades for courses taken through credit by examination are due in the Admissions and Records Office by the last day of finals for the semester or term.

3. Courses taken through credit by examination are subject to A - F grading. Incomplete, withdrawals, or no-pass grades are not allowed.

4. Unit credit may not be granted after credit has been earned for a more advanced College of the Canyons course. Additionally, unit credit may not be granted for prerequisites once the more advanced course has been completed.

5. A second examination may not be attempted for the same course, but the course may be taken for credit following regular enrollment procedures.

6. The student must be eligible to take the particular course for credit in terms of any prerequisites and other enrollment requirements.
7. A maximum of 18 units may be taken through credit by examination.
8. Resident, non-resident and international students will all be charged at the same rate of $55/unit through credit by examination.
9. Credit by examination fees must be paid prior to taking the exam. Fees are non-refundable.

**CREDIT FOR PUBLIC SAFETY ACADEMY TRAINING**
Credit for basic recruit academy training instructional programs in Administration of Justice or other public safety occupations shall be granted as follows:
- Unit credit will be given for training from institutions which meet the standards of training of the California Peace Officers Standards and Training Commission or training verified by other public safety agencies.
- A single block of unit credit will be given and identified as academy credit.
- A unit of credit may be granted for each 50 hours.
- Credit for basic recruit academy training instructional training will be posted upon completion of one unit of College of the Canyons coursework.
- Physical Education and Wellness for the associate degree requirement will be waived.
- A maximum of 10 units may be awarded for public safety academy training.

**CREDIT FOR MILITARY SERVICE**
A veteran who has completed a continuous active duty period of 181 days or more with the United States military service (Air Force, Army, Coast Guard, Marine Corps and/or Navy), and who was discharged or released from active duty under conditions other than dishonorable, may petition and be allowed credit as follows:

Depending on the branch of service, a veteran will be awarded between three and four units of college credit for completion of Military Basic Training. Two of these units can be used to meet the Physical Education requirement for both the College of the Canyons associate degree and/or CSU General Education breadth certification. The remaining unit(s) will be posted as elective credit.

The veteran may also receive additional elective credit for formal service school courses offered by the United States military services. Service school transcripts are evaluated and credit granted based on the recommendations by the Commission on Accreditation of Service Experiences of the American Council on Education. A maximum of 18 units will be allowed for military school service. Unit credit will be posted on the academic transcript and reported to the Veteran's Administration at the end of the second semester/term of attendance.

**DIRECTORY INFORMATION**
The Santa Clarita Community College District regards the following as "directory information" which can be released to the public: student's name, district provided email address, current enrollment status, dates of attendance, major field of study, degrees and awards received from the District, participation in officially-recognized activities and sports, weight and height of members of athletic teams, the most recent public or private school attended by the student.

If a student desires to withhold directory information, he or she must file a written request with the Admissions and Records Office.

In accordance with the Family Education Rights and Privacy Act of 1974, all other student information, excluding that designated as directory information, cannot be released to a third party without written permission submitted to the college by the student. This law applies to all students attending College of the Canyons, regardless of the student’s age.

**FAMILIES OF COURSES**
New regulations governing the repetition of credit courses in the California Community College system effective Fall 2013 have eliminated repeatability in the Art, Dance, Graphic & Multimedia Design, Kinesiology (activity courses), Media Entertainment Arts, Music, Photography, and Theatre departments. While students will not, in most cases, be allowed to repeat active participatory courses in these departments, students will still be allowed to enroll in a series of active participatory courses that are related in content (commonly referred to as a family of courses) a maximum of four times.

A family of courses may include more than four courses, but students are limited to a maximum of four courses in any family. Further, all grades, including “W”s, will count toward the four course enrollment limitation and for computing the grade point average (GPA). Students can repeat Art, Dance, Drama, Music, and PE courses that are included in Families of Courses in which a “NP”, “D”, “F” grade was earned or “W” was assigned; however, all enrollments count toward the 4 enrollment maximum for each family of courses.

College of the Canyons has developed 49 Families of Courses which can be accessed at www.canyons.edu/offices/curriculum. For further information regarding enrollment into a Family of Courses, visit the link above or contact the Admissions and Records office.

**GRADES**
Awarding grades to students is the responsibility of the instructor of the course in which the student is enrolled. Once awarded, grades may not be changed except where evidence is presented that a clerical error has occurred. (See Student Grievance Policy, page 272.) The grading system and grading point equivalent follow:
- A Excellent 4 grade points/units
- B Good 3 grade points/units
- C Satisfactory 2 grade points/units
- D Passing, less than Satisfactory 1 grade point/unit
- F Failing 0 grade points/units
- FW Failing, lack of attendance 0 grade points/units

The I, W, NC, CR, NP, P and IP are not used in computing grade point averages; however, I, W, NP, and NC are used in the calculation of progress probation/discharmlss. MW grades are given to students.
ACADEMIC INFORMATION

called up to active duty in the military. Upon presentation of orders, an MW grade is awarded for each class for which the student was enrolled, regardless of when the student stopped attending. MW grades are non-evaluative and do not count in computing the grade point average, nor are they used in calculating progress probation/dismissal. Upon returning from active duty, the student is considered a continuing student with no break in attendance. They retain original catalog rights and resume the same level of priority registration.

W Withdrawal
MW Military Withdrawal
CR Credit
NC No Credit
P Pass
NP No Pass
IP In Progress
I Incomplete
RD Report Delayed

Note: The grade of incomplete is given only in cases of emergency and when the student is unable to complete the course due to circumstances beyond his/her control usually during the final weeks of the course. Arrangements to receive an "I" must be made with the instructor before the course ends.

To clear an "I" grade, a student must make arrangements with the instructor to make up the grade prior to the end of the ensuing semester in which the incomplete was given. Failure to clear an "I" grade will result in a grade by the instructor given in lieu of completion of the course and could result in an F or FW grade being assigned. An incomplete grade cannot be changed to a W or to NC. Students may not re-enroll in a class in which an "I" is pending.

Grading Review Policy
533.1 Introduction
California Education Code Section 76224, quoted below, states the conditions upon which grades or grading may be questioned.

“When grades are given for any courses of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course, and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.”

Students may ask that final course grades be reviewed under the guidelines stated in this policy.

533.2 Conditions under which final grades may be reviewed
a. The course grade to be reviewed must be an evaluative grade as defined in Santa Clarita Community College District Policy 508.

b. Final grade review must be requested by the student in writing, using the appropriate College form, within 180 calendar days from the posting of the final grade.

1. Students may petition to the Chief Student Services Officer for an extension of this time limit. Petitions must be based upon extenuating circumstances as defined in the Education Code.

c. Grades may only be reviewed within the following context:
1. Mistake – defined for the purposes of this policy as an error in calculation, or an error in marking the roll book relevant to grades, or attendance. Additionally, mistakes may occur when physically assigning grades or when grades are scanned into the computer system.

2. Bad Faith – defined for the purpose of this policy as disregarding or changing the basis of assigning grades after publication in the course syllabus or using a system of grading other than that found in the syllabus without prior notification to the students.

3. Fraud – for the purpose of this policy, may exist when a grade is based upon some sort of dishonest activity, for example, selling grades or asking students to perform non-relevant activity in exchange for grades.

4. Incompetency – defined for the purpose of this policy as, but not limited to, an instructor who is not able to judge a student's performance in the class. A student may claim incompetency when he or she feels the instructor has an impaired ability (due to accident or illness) to adequately judge the student's performance.

d. Students possess evidence that the final grade was determined based upon one of the criteria in 533.2.C above.

533.3 Review Procedure
533.3.A Step I
A student who believes the final grade received was due to mistake, fraud, bad faith, or incompetence shall meet with the faculty member in an attempt to resolve his/her concern.

533.3.B Step II Hearing
In the event Step I fails to resolve the concern, the student shall meet with the faculty member, the appropriate division dean, and/or the department chair (as determined by the division dean).

1. During this meeting the student must produce a preponderance of evidence that the final grade was determined based upon one of the criteria in 533.2 above.

2. Students may be accompanied by representation at the student's expense.

3. The division dean shall produce a written decision on the matter within fourteen (14) calendar days. Copies of the decision will be forwarded to the student and the faculty member in question.

533.3.C Step III Appeal
In the event Step II fails to resolve the concern, the matter may be appealed to the Grade Review Committee (GRC).

1. The GRC shall be comprised of the following:
   a. The Chief Student Services Officer, or designee, who shall serve as chair,
Academic Subject-to-Dismissal:
1. Standards for Subject-to-Dismissal

Academic Probation:
1. Standards for Probation

3. Consecutive semesters: Enrollment in two semesters
2. Units enrolled: All units of credit for which the student
1. Units attempted: for probation, subject-to-dismissal,
Academic Standards Definitions:
the end of the fall and spring semesters.

PROBATION/DISMISSAL

Academic standing is determined exclusively by grades
earned at College of the Canyons and is calculated at
the end of the fall and spring semesters.

Academic Standards Definitions:
1. Units attempted: for probation, subject-to-dismissal,
   and dismissal purposes only, all units of credit in
   which the student is enrolled at College of the
   Canyons.
2. Units enrolled: All units of credit for which the student
   is enrolled after the first two weeks or 20% of the
time the class is scheduled to meet, whichever is
   less, at the College.
3. Consecutive semesters: Enrollment in two semesters
   (fall and spring) or enrollment in one semester,
   followed by a break, then enrollment in another full
   semester. Summer sessions and intersessions are
   not considered when calculating consecutive
   semesters.

Standards for Probation
1. Academic Probation: A student shall be placed on
   academic probation if the student has completed at
   least 12 units at College of the Canyons and the
   overall grade point average has fallen below a 2.0
   after one semester.
2. Progress Probation: A student shall be placed on
   progress probation if the student has enrolled in a
   total of at least 12 units and the percentage of all
   enrolled units in which entries of W (Withdrawal), I
   (Incomplete), and NP (No Pass) are recorded
   reaches or exceeds 50%.

Standards for Subject-to-Dismissal
1. Academic Subject-to-Dismissal: A student shall be
   subject-to-dismissal for academic performance after
   being placed on probation and having earned a
cumulative grade-point average of below 2.0 for the
second consecutive semester.

2. Progress Subject-to-Dismissal: A student shall be
   subject to dismissal for progress after two
   consecutive semesters of progress probation as
defined above.

Standards for Dismissal
1. Academic Dismissal: A student shall be dismissed
   for academic performance after being placed on
   subject-to-dismissal status and having earned a
cumulative grade-point average of below 2.0 for the
   third consecutive semester.
2. Progress Dismissal: A student shall be dismissed
   for progress after three consecutive semesters of
   progress probation as defined above.

Restoration of Good Standing
1. Academic: A student who has a grade-point
   deficiency for one, two, or three semesters shall be
   restored to good standing when the student's
   cumulative COC grade-point average is 2.0 or higher.
2. Progress: A student who has accumulated more than
   50% of total COC units noted W (Withdrawal), I
   (Incomplete), and NP (No Pass) for one, two, or three
   semesters shall be restored to good standing when
   the percentage of those notations drops below 50%.

Determination of good standing is made at the end of the
fall and spring semesters.

Exceptions to Dismissal
A student who is dismissed may be automatically
continued for one semester under the following
conditions:
1. Academic: When, at the end of the most recent full
   semester, the student enrolled in a credit course
   bearing at least one graded unit and earned a
   semester grade-point average of 2.25 or higher.
2. Progress: When, in the most recent full semester, the
   student completed more than 75% of the units in
   which the student enrolled.

Re-admission after Dismissal
A student who is dismissed must stay out one semester
or file a successful appeal.
1. Staying out one semester: reinstatement may be
   requested after one semester has elapsed (excluding
   summer sessions and intersessions). The student
   must consult with a counselor, prior to the start of the
   semester, to formulate a corrective educational plan
   and to obtain approval to enroll.
2. Dismissal appeal: dismissal may be postponed and
   the student continued for one semester if the student
   presents evidence of extenuating circumstances and
   their appeal is approved. The written appeal should
   be submitted to the counseling department. Appeals
   should be based on the following:
   a. Evidence, based on the academic record, that
      dismissal status does not reflect the student's
      usual level of performance.
   b. Circumstances beyond the control of the student,
      for example, accident or illness.
Continuation in all cases may be granted, denied, or postponed subject to fulfillment of conditions prescribed by the College. Students are continued in subject-to-dismissal status in accordance with policy 4250.

TRANSCRIPTS

Transcript Evaluation
Students who submit transcripts from other colleges and universities must request them to be evaluated by submitting an Inclusion of External Coursework form to the Admissions and Records Office. In most cases, units accepted from other institutions will not be posted on College of the Canyons academic transcripts until students have completed 12 units in residence. The most notable exceptions are for students requesting financial aid, military benefits, and completion of at least one unit for IGETC certification on the students' final transcripts. For further information, contact the Admissions and Records Office.

Transcript Requests
Unofficial Transcripts: Unofficial transcripts are free and can be printed from your printer or you can have them emailed to you. Please visit our website at www.canyons.edu and click on “My Canyons.” You will need a user name and password to use this option. If you do not have a user name and password, you can create one under “Student Profile”. If you decide to come on campus to request an unofficial transcript, a picture ID will be required.

Official Transcripts: College of the Canyons has partnered with Credential's Solutions to accept official transcript orders via the internet on a secured site. You can order official transcripts online at www.canyons.edu and click on “My Canyons.” You will need a user name and password to use this option. If you do not have a user name and password, you can create one under “Student Profile.” This will eliminate the need to come to the College, stand in line, or mail in a request. This service also allows you to check on the status of your order and will communicate with you via email about your order.

College of the Canyons provides three processing times for an official transcript. The regular transcript is processed within 7-10 business days. The rush transcript is processed within 2 business days. The on-demand transcript is produced at the time of request. Two regular transcripts are made available for free. The request for your free transcripts must be made in person or by mail. The cost of a regular transcript is $5, a rush transcript is $10, and an on-demand transcript is $15.

Degree and Enrollment Verifications
College of the Canyons has authorized the National Student Clearinghouse to provide degree and enrollment verifications. The National Student Clearinghouse can be contacted at www.studentclearinghouse.org or www.degreeverify.org. The fax number is (703) 742-4239 and the mailing address is National Student Clearinghouse, 13454 Sunrise Valley Drive, Suite 300, Herndon, VA, 20171. Enrollment verifications for students are free through this service. Employers and entities acting on behalf of the student are required to pay a nominal fee. Continuing Education (noncredit) enrollment verifications must be requested at the Continuing Education office on the Valencia campus, room UCEN-316.

TRANSFER REQUIREMENTS
Transfer curricula information has been compiled to help the many College of the Canyons students who intend to transfer to another college or university. Each institution of higher learning has its own requirements for admission and for junior standing.

To prepare for continued education, a student must decide to which college/university the student will transfer and learn the transfer admission and major preparation transfer requirements of that particular college. These requirements can be found in the catalog of that institution.

Students should also consult the California articulation database ASSIST (www.assist.org) for articulation agreements between California Community Colleges and the California State University (CSU) and the University of California (UC) systems. A university may be made up of a number of colleges. The college in which one will do work depends upon the field of study or major. This means that in any institution of higher learning it will be necessary for a student to fulfill three types of requirements:

First, the general university requirements for graduation; second, those set up by the college under which the major department is classified; and third, those set up by the department in which a student majors.

While attending College of the Canyons, a student who plans to transfer to a four-year college or university should take the courses required by the institution the student is preparing to attend. Since each institution numbers its courses differently, the student must study the course descriptions at both colleges to see if they are equivalent.

The student is advised to seek counseling assistance as early as possible in planning transfer to a four-year institution. The student should take care in observing the application deadlines that are published by the various institutions. For help on which courses meet transfer requirements for specific majors at various four-year colleges and universities, please see a College of the Canyons counselor.

2015-2016 INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC) FOR TRANSFER TO CSU AND UC

Please note that IGETC alone does not meet the transfer requirements.

Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) satisfies the lower division general education at California State University or University of California system without the need, after transfer, to take additional lower-division general education courses to satisfy campus general
education requirements. IGTC may be an inappropriate option for some UC campus majors. Students must meet UC or CSU admission requirements in order to transfer.

The course requirements for all areas must be completed before the IGTC can be certified. All courses must be completed with grades of "C" or better ("C" minus grades are not allowed). Certification of IGTC is not automatic; certification must be requested from Admissions and Records at the time when the final COC transcript is sent to the transfer college/university. The first term that a course can be applied to this plan is indicated by the semester and year. For example, F00 indicates Fall 2000, which is the first term this course can be applied.

A course may be listed in more than one area, but shall not be certified in more than one area.

* Indicates that transfer credit may be limited by UC or CSU or both. Please consult with a counselor.

(F#) indicates first year that a course can be applied to this plan.

**AREA 1 - ENGLISH COMMUNICATION**

**CSU:** Three courses required, one from each group below. UC: Two courses required, one each from group A and B.

**Group A:**
English - Composition (one course, three semester units) English 101, 101H

**Group B:**
Critical Thinking - English Composition (one course, three semester units) Communication Studies 227, English 102, 102H or English 103, 103H

This requirement must be met by completing a course at a California community college only. AP credit is not applicable.

**Group C:**
Oral Communication - CU only (one course, three semester units) Communication Studies 105 or 105H

**AREA 2 - MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING**

*(One course, three semester units minimum)*

*Economics 291* (F05); Mathematics 103, 104, 111 (F04), 140, 140H, 211, 212, 213, 214, 215, 240; Psychology *104; Sociology *137

**AREA 3 - ARTS & HUMANITIES**

*(At least three courses, with at least one from the "arts" and one from the "humanities," nine semester units, "C" minimum)*

**Arts Courses:**
Art 110, 111, 115, 205; Cinema 120, 121, 122, 123 (SP06), 131; Dance 100; Graphic and Multimedia Design 120 (F10); Media Entertainment Arts 102 (F10); Music 100, 105, 106, 107 (F03), 108, 112; Photography 140 (F00); Theater 110, 220, 221

**Humanities Courses:**
Anthropology 210; Economics 170, 170H (F10); English 110, 111 (F05), 135, 225, 250, 251, 260, 261, 262 (F03), 263, 264, 265, 270, 271 (F96), 272, 273 (F99), 274 (F99), 275, 280 (F95), 281, 285; French 201, 202; History 101, 101H, 102, *111, 111H *112, *112H, 115 (Sp07), 120 (F00), 120H (F10), 130 (F06), 161 (F02), 170, 170H (F10), 191 (F00), 192 (F00), 193 (F06), 210, 212, 240, 243 (F01); Humanities 100 (F02), 101 (F00), 150 (F02); Philosophy 101, 101H, 102, 110 (F02), 111 (F02), 112 (F02), 120, 130, 220, 225 (F06), 240, 250 (F02); Sign Language 110 (F00); Sociology 200, 200H; Spanish 201, 202, 240

**AREA 4 - SOCIAL AND BEHAVIORAL SCIENCES**

*(At least three courses in at least two disciplines - nine semester units)*

Anthropology 103, 103H, 105, *210, 220; Communication Studies 250, 250H, 256 (F97); Early Childhood Education 101, 125 (F03); Economics 170, 170H (F10), 201, 201H, 202, 202H; Environmental Sciences 101 (S11); Geography 102, 104; History 101, 101H, 102, *111, 111H *112, *112H, 115, *120 (F00), 120H (F10), 130 (F06), 161 (F02), 170, 170H (F10), 191 (F00), 192 (F00), 193 (F06), 210, 212, 240, 243 (F01); MEA 100; Philosophy 130; Political Science 150, 150H, 200, 230, 250, 270, 290; Psychology 101, 101H, 105, 109 (F02), 126, 172, 172H, 225, 230 (F00), 235 (F95), 240 (F03), 272; Sociology 101, 101H (F06), 102, 103 (F01), 103H, 105 (F97), 106, 108 (F05), 110, 150 (F04), 200, 200H (F10), 205, 207, 208 (F00), 210 (F00), 230, 233 (F04)

**AREA 5 - PHYSICAL AND BIOLOGICAL SCIENCES**

*(Two courses, one Physical Science course and one Biological Science course; at least one must include a laboratory, seven - nine semester units)*

Underlined courses indicate a laboratory course.

**5A-Physical Sciences:**
Astronomy *100 (F97), *101, *102; Chemistry *110 (F02), *151, 151H, *201, *201H, 202, 255, 256; Environmental Sciences 103 (S11), 104; Geography 101, 101H, 101L (S06) 103; Geology 100, 101, 102, 104, 105, *109, 218; Physical Science 101 (F03); Physics *101 (SP07), *110, *111, *220, *221, *222

**5B-Biological Sciences:**
Anthropology 101, 101H (F10), 101L (F02); Biological Sciences *100 (F01), 100H, *106, *107, 107H (F10), 130 (F95), 132, 140 (F02), *201 (F03), *202 (F03), *204, *205, *215, *216, 219 (F02), 221, 230 (F00), 240 (F02); Chemistry *110 (F02), *151, 151H, *201, *201H, 202, 255, 256; Environmental Sciences 103 (S11); Geography 101L (S06); Geology 100, 102, 218; Physical Science 101 (F03); Physics *101 (SP07), *110, *111, *220, *221, *222

---

College of the Canyons

35
LANGUAGE OTHER THAN ENGLISH
UC requirement only. Proficiency equivalent to two years high school study. High School Transcript must be on file in Admissions and Records Office.
Chinese 101, 102 (SU07); French 101; German 101; Italian 101, 102 (F06); Sign Language 101 (F00); Spanish 101, 101H, 211

AMERICAN INSTITUTIONS
(Six units required) Not part of IGETC but required for graduation from CSU.
U.S. History (three units) and U.S. Constitution, State and Local Government (three units) required. Complete one course from each area below:
1. Economics 170, 170H (F10); History *111, 111H, *112, 112H, 120 (F02), 120H (F10), 130 (F05), 170, 170H (F10)
2. Political Science 150, 150H or 112H
Or complete History 111 or 111H, 112 and 112H combined
Please consult with a COC Counselor. AP Exam scores of three, four or five may be used to satisfy any IGETC subject area except Critical Thinking - English Composition.

Courses used to meet the American Institutions requirement may not be used to fulfill IGETC requirements above for CSU.

2015-2016 GENERAL EDUCATION TRANSFER REQUIREMENTS TO CALIFORNIA STATE UNIVERSITY SYSTEM
(In Compliance with Executive Order 595 - Subject to revision by CSU system)
Upon completion of this pattern of courses, College of the Canyons will certify that a student's lower-division general education requirements are completed for any of the 23 campuses within the CSU system. Students who transfer with GE certification will be responsible only for the upper-division requirements in general education. Certification is not automatic. A student must have completed 12 units in residence at College of the Canyons and must request GE certification from the Admissions and Records Office with the final transcript.

NOTICE:
1. These requirements apply to students who began college starting with the Fall, 2011 Semester.
2. Students must have a minimum of 60 transferable semester units with a "C" average (2.0 GPA) to be considered an upper division transfer. Of the 60 units needed, at least 30 semester units must be from the GE courses listed below. Students may earn up to (9) units of coursework with the grade of D.
3. Students must complete all of Area A (Communication in the English Language and Critical Thinking) and Area B-4 (Mathematics/Quantitative Reasoning) with "C" grade or better. Please be aware that some campuses may not let a student complete Area A and B-4 during the last term prior to transfer to CSU -- please see a counselor for specifics.
4. With the exception of the science lab requirement (B-3), a single course may not meet more than one general education requirement.
5. For clarification of transfer eligibility, please contact a COC counselor or program advisor.

AREA A: COMMUNICATION IN THE ENGLISH LANGUAGE AND CRITICAL THINKING
Nine units (Select three units from each sub-category)

A-1: Oral Communication:
Communication Studies 105, 105H (SP07), 223 (F97)

A-2: Written Communication:
English 101, 101H

A-3: Critical Thinking:
Communication Studies 225, 227 (F10); English 102, 102H, 103, 103H; Philosophy 106, 230 (F01); Sociology 108 (F01)

AREA B: PHYSICAL UNIVERSE AND ITS LIFE FORMS
Nine units (Select at least one three-unit class from B-1, B-2, and B-4. At least one of the selections must include a lab course, listed in B-3.)

B-1: Physical Science:
Astronomy 100 (F96), 101, 102; Biological Science 218 (F03); Chemistry 110 (F02), 151, 151H, 201, 201H, 202, 221, 255, 256; Environmental Sciences 103 (S11), 104; Geography 101, 101H, 103(F08); Geology 101, 102, 104, 105, 109, 218 (F09); Physical Science 101 (F01); Physics 101(Sp07), 110, 111, 220, 221, 222

B-2: Life Science:
Anthropology 101, 101H (F10); Biological Science 100 (F01), 100H, 106, 107, 107H (F10), 130, 132, 140 (F02), 201(F03), 202 (F03), 204, 205, 215, 216, 219 (F02), 221, 230 (F98), 240 (F02); Geology 103; Psychology 102

B-3: Laboratory Activity:
(At least one of the following classes, which have labs, must be included in Group B-1 or B-2):
Anthropology 101L (F02); Biological Science 100 (F01), 106, 107, 107 H (F10), 201 (F03), 202 (F03), 204, 205, 215, 216, 218 (F03), 219 (F02), 221, 230 (F98), 231 (F01), 240 (F02); Chemistry 110 (F02), 151, 151H, 201, 201H, 202, 221, 255, 256; Environmental Sciences 103 (S11); Geography 101L (F05); Geology 100, 102, 218 (F09); Physical Science 101 (F01); Physics 110, 111, 220, 221, 222

B-4: Mathematics/Quantitative Reasoning:
Economics 291 (F97); Mathematics 102, 103, 104, 111 (F03), 130, 140, 140H, 211, 212, 213, 214, 215, 240; Psychology 104; Sociology 137
AREA C: ARTS, LITERATURE, PHILOSOPHY, FOREIGN LANGUAGES, ETHNIC STUDIES, GENDER STUDIES
Nine units (Nine units total, with at least one class from C-1 and C-2.)

C-1: Arts: (Art, Dance, Music, Theater)
Art 110, 111, 115, 124A, 124B, 133 (F99), 140, 141, 205; Cinema 120, 121, 122, 123 (F06), 131; Communication Studies 150; Dance 100; English 105; Graphic and Multimedia Design 120; Interior Design 114 (F02), 115 (F02); MEA 102(F10); Music 100, 105, 106, 107 (F03), 108 (F08), 112, 120A, 120B, 125, 126 (F00); Photography 140 (F00), 150, 160, 285; Theater 110, 140, 141, 220

C-2: Humanities: (Ethnic Studies, Gender Studies, Literature, Philosophy, Foreign Language)
Anthropology 210; Business 160 (F02); Chinese 101, 102; Economics 170, 170H (F10); English 102, 102H, 108 (F03), 109 (F03), 135, 225, 250, 251, 260, 261, 262 (F03), 263, 264, 270, 271, 272, 273 (F98), 274 (F98), 275, 280, 281; French 101, 102, 201, 202; German 101, 102; History 101, 101H, 102, 111H (F09), 112, 112H, 115, 120 (F00), 120H (F10), 130 (F06), 161 (F02), 170, 170H (F10), 191 (F00), 192 (F00), 193 (F06), 212, 240, 243 (F01); Humanities 100 (F02), 101 (F00), 150 (F02); Italian 101, 102 (F06), 150; KPET 209; Philosophy 101, 101H, 102, 110 (F02), 111 (F02), 112 (F02), 120, 130, 215 (F05), 220, 225 (F05), 240 (F02), 250; Sign Language 101 (F06), 102 (F06), 103, 104 (F06), 110 (F00); Sociology 200, 200H; Spanish 101, 101H, 102, 150, 160, 201, 202, 211, 212, 240; Theater 240 (F00)

AREA D: SOCIAL, POLITICAL AND ECONOMIC INSTITUTIONS AND BEHAVIOR; HISTORICAL BACKGROUND
Nine units (Select classes from at least two of the sub-categories listed below. It is recommended that the American Institutions Requirement (AIR) be met within the selected nine units.)

D-0: Sociology and Criminology:
Sociology 101, 101H (F06), 102, 103, 103H (F10), 106, 108 (F00), 110 (F03), 150 (F03), 200, 200H (F10), 205 (F10), 207, 208 (F00), 210 (F00), 230, 233 (F01)

D-1: Anthropology and Archaeology:
Anthropology 103, 103H, 105, 220

D-2: Economics:
Economics 150, 150H, 201, 201H, 202, 202H (F10)

D-3: Ethnic Studies:
Anthropology 210; Business 126 (F02); History 101, 101H, 102, 240; Political Science 290; Sociology 105, 106 (F96), Spanish 240

D-4: Gender Studies:
Communication Studies 260 (F97); Health Science 243; History 120 (F00) 120H (F10); Political Science 290; Psychology 235; Sociology 200, 200H (F10)

D-5: Geography:
Geography 102, 104

D-6: History:
Economics 170, 170H (F10); History 101, 101H, 102, 111, 111H (F09), 112, 112H, 115, 120 (F00), 120H (F10), 130 (F06), 161 (F02), 170, 170H (F10), 191 (F00), 192 (F00), 193 (F06), 210, 212, 240, 243 (F01)

D-7: Interdisciplinary Social or Behavioral Science:
Communication Studies 246 (F95), 256 (S95); Early Childhood Education 101, 125 (F03); Environmental Sciences 101 (F10); Health Science 243; Philosophy 130; SHARP 101; Sociology 105 (F96)

D-8: Political Science, Government and Legal Institutions:
Political Science 150, 150H, 200, 210, 230, 250, 270, 290

D-9: Psychology:
Early Childhood Education 101; Psychology 101, 101H, 105, 109 (F02), 126, 172, 172H, 175, 180, 225, 230 (F00), 235, 240 (F03), 272

NOTE: The American Institutions Requirement (AIR) (U.S. History, Constitution, California State and Local Government) as well as requirements for Political and Economic Institutions may be met by completion of one of the following options:

Complete one course from (a) and (b) below:
(a) Economics 170, 170H (F10); History 111, 111H, 112, 112H, 120 (F02), 120 (F10), 170, 170H (F10)
(b) Political Science 150, 150H

OR Complete History 111 or 111H and 112 or 112H

AREA E: LIFELONG UNDERSTANDING AND SELF-DEVELOPMENT
Three Units

Communication Studies 235, 250, 250H; Counseling 100 (F08), 110 (S07), 111, 150 (F07); Dance 101 (F00), 107 (F06), 108 (F06), 130,133 (F00), 134 (F00), 135 (F00), 136, 137 (F03), 180 (F00), (all Dance courses limited to two units); Health Science 100, 149 (F05), 150 (F00), 243; Kinesiology/PE Activity (KPEA) 100A, 100B, 101A, 101B, 102, 103, 105, 107 (F07), 125, 145A, 145B, 150A, 150B, 165A, 165B, 165C, 170A, 170B, 175A, 175B, 180A, 180B, 180C, 185A, 185B, 185C, 195A, 195B, 195C; Kinesiology/PE Intercollegiate (KPEI) 153, 245A, 245B, 250A, 250B, 255A, 260A, 260B, 265, 270A, 270B, 275A, 275B, 280A, 280B, 290A, 290B, 295A, 295B (All preceding PE courses are limited to two units toward this requirement); Kinesiology/PE Theory (KPET) 150, 200 (F01), 204; MEA 100; Psychology 105, 150, 172 (F00), 172H, 230 (F00); Recreation 100, 101 (F06), 103 (F06); SHARP 101; Sociology 103, 103H (F10), 110 (F03), 208 (F00), 230, 233 (F01)
Support Services and Programs
ACADEMY OF THE CANYONS
College of the Canyons has several important partnerships with the William S. Hart Union High School District. One of them is Academy of the Canyons, located in the Dr. Dianne G. Van Hook University Center on the Valencia Campus.

Academy of the Canyons (AOC) began as a middle college high school in which 11th and 12th grade students could take required high school classes and college classes at the same time.

AOC is now a 4-year high school blending both the middle college and early college initiatives. This program is designed for students who are mature and ready for a college campus experience. Applications are made through the high school district. For information regarding AOC, contact the principal at (661) 362-3056 or by www.academyofthecanyons.com.

BOOKSTORE
Bookstore Hours
Please call the bookstore at (661) 362-3255 for current store hours.

The Campus Bookstore, located in Room STCN-134A of the Student Center Building on the Valencia campus, serves the general needs of the student body. The store stocks current semester textbooks, paperbacks, greeting cards, clothing, and miscellaneous supplies for sale to students, faculty and campus visitors.

Buyback
Students may sell their books back to the bookstore for cash every day. However, the best time for students to sell back their books and receive up to 50% of the retail price back is during finals week in May and December. Books sold back to the bookstore outside of finals week are not kept in the bookstore and students are not offered as much back.

All books sold back must be in good condition without water damage, missing pages or excessive writing. The covers of the books must be in good condition without tears or spine damage.

Website
Textbooks and COC clothing may be purchased 24 hours a day at the bookstore website www.coc.bncollege.com. Customers can request that orders be picked up at either campus bookstore location or shipped for their convenience. Please visit the website for additional information and updates including current store hours.

Refund Policy
Textbooks:
Full refund, if returned within the first week of class, in your original form of payment with a receipt.
• With a proof of schedule change, a full refund will be given in your original form of payment with a receipt during the first 30 days of classes.
• No refunds or exchanges given on textbooks without a receipt.

• No refunds given on custom course materials, outlines or study guides.
• Textbooks must be in original condition with no opened shrink-wrap for full refund.

All Other Merchandise:
Full refund in your original form of payment within 30 days of purchase.
• No refunds given on magazines or prepaid phone cards.
• All merchandise must be in original condition with a receipt.

CALWORKS PROGRAM
CalWORKs is a state-funded program that provides supportive services and encouragement to students who receive cash aid (i.e. AFDC, TANF) and are the parent of a dependent child. The program provides support to qualified students in the attainment of their educational goals and in their transition from college to work or to university. Students may receive:
• Work Study opportunities that ensure all earnings are 100 percent exempt from cash aid.
• Personal and academic counseling in a supportive and informative environment that encourages student success.
• Vocational and career counseling.
• Confidential liaison between program participant, the College, the Department of Public Social Services (DPSS), GAIN and other agencies.
• Referral to other departments at the College and to other agencies when required.

CalWORKs Eligibility Criteria
1. The student must be a legal resident of the State of California.
2. The student must be on cash aid (i.e. AFDC, TANF).
3. The student must be in compliance with DPSS and GAIN program requirements.
4. A CalWORKs contract must be signed and followed by the student.
5. The student must be in compliance with the College CalWORKs program requirements.
6. The student must maintain normal progress (as defined by college policies) toward a certificate or degree leading to employment while maintaining a satisfactory grade point average of 2.0 or higher.

CalWORKs is available in the Student Support Center or call (661) 362-3271 on the Valencia campus. Information is available at www.canyons.edu/offices/calworks.
CAMPUS ACTIVITIES AND STUDENT DEVELOPMENT
Students are strongly encouraged to become involved with student development activities and opportunities for enrichment outside the classroom. These activities can be found on campus, online or in the surrounding community. Participation in such activities helps students apply, in practical situations, the theory they learn in the classroom. Benefits include leadership development, skill-building, interacting with people and understanding group dynamics, all of which can be utilized throughout one’s life.

Information about all of the following programs and services can be obtained by visiting the staff of the Office of Student Development located in Room STCN-102 in the Student Center on the Valencia campus.

Associated Student Government (ASG)
The purpose of the Associated Student Government (ASG) is to promote the general welfare of the students, to guarantee equality of opportunity among students, to offer experience in the practice of American democratic government, and to encourage participation in planning student activities as permitted under the Education Code of the State of California and the policies of the Board of Trustees of the Santa Clarita Community College District.

The officers of the student government are elected by the student body to represent all students in interactions with the college administration, staff and faculty, and with state legislators and statewide organizations. Student government personnel serve on district committees and represent student viewpoints and opinions on matters of policy, curriculum, and other college issues.

The activity program supported by the ASG is a college-wide enterprise. Its operation is a direct benefit to each student. Cooperative financial support enables students to pay their own way for value received and at the same time makes a better and more extensive program possible.

ASG Benefits/Student Support Fee
The Associated Student Government provides benefits to all students who pay the student support fee at the time of registration, each term. The revenue generated from the student support fee funds student services, programs and campus activities that benefit all students and the campus.

ASG benefits also include reduced rates or free admission to most ASG-sponsored programs and activities such as concerts, athletic events, and lectures, as well as the following (subject to change without notice):

- FREE 25 Score Card (10-50% discount to 650+ merchants; learn more at www.25score.com)
- Discount movie tickets priced from $7.00 to $8.00 each for Regal, AMC, Cinemark and Pacific Theatres. To purchase, go to STCN-102, Valencia Campus or Quad 1C, Canyon Country Campus.
- Discount tickets and coupons to Southern California theme parks and attractions.
- ASG Computer Lab (STCN-124) privileges, including the use of 36 PC’s, 3 iMAC’s, free color & black and white printers (limited use), copier, fax, scanner, and other general office supplies (need Student Support Fee sticker to use).
- FREE entry to all COC home athletic events (need Student Support Fee sticker for admittance).
- FREE or reduced prices to all ASG campus events.
- Over $27,000 in ASG scholarship opportunities (apply during the first six weeks of the spring semester through the Financial Aid department).

Enjoy the following Performing Arts Center (PAC) savings:

- 50% off the regular ticket price on all “Arts on Campus” productions (Performing Arts Department productions).
- $20.00 rear balcony seats for all “COC Presents” (professional engagement) shows.
- Student Rush: Day of event only, $20.00 tickets for all “COC Presents” events. Pending availability at time of discount offer.
- Receive $5.00 off the regular ticket price for specified “COC Presents” events (professional engagements at the PAC) with your 25Score Card. Excludes rear orchestra and rear balcony sections.

COC students must purchase tickets in person at the PAC Box Office & Patron Services with valid COC student I.D. to receive the student discount. Limit of 2 tickets per student I.D., per event. No exceptions! Promotions are subject to change. All sales are final.

Note: Benefits subject to change without notice.

To receive a refund of the optional student support fee, a student must opt out by the refund deadline date on the student’s individual class printout. Opting out of the fee and all of its associated benefits must be done in person during the registration period for the semester or term in question at any of the following locations: the Office of Student Development, Student Center, Room 102 or the Student Business Office, Seco Hall, Room 101 on the Valencia campus or Quad 1, building C at the Canyon Country Campus during posted business hours. After the refund deadline date for the semester/term has passed, students enrolling for late start classes may opt out within one week of their initial enrollment. For more information, please check the Student Development webpages on the College’s website at www.canyons.edu or email questions to studentsupportfee@canyons.edu.

Clubs and Organizations
Many opportunities for involvement exist through membership and participation in student clubs and organizations. More than five dozen charters are on file for a variety of clubs and organizations. Please check with the Office of Student Development for currently active clubs and organizations.
Students are encouraged to develop new special interest groups on campus in addition to those which already exist. Before a new group is recognized officially, a constitution must be submitted and approved for charter by the Office of Student Development, the ASG and the Inter-Club Council. No student enrolled at the college may join or become a member of any fraternity, sorority, or club in violation of Section 10604 of the Education Code. Any student who violates Section 76035 or any other section of the Education Code will be subject to disciplinary action.

Student Resource Center
The Student Resource Center is a free service provided to all first-year students at College of the Canyons. The center offers a variety of programs and services that help first-year students adjust to college life including:

Student Involvement Campaign
A key to college success is becoming involved in an extracurricular activity. The Student Involvement Campaign is coordinated each fall semester to encourage students to become connected to the College by joining a campus club, organization, student government, or by participating in an extracurricular campus activity.

Student Development Transcript Program
The Student Development Transcript Program (SDTP) offers students the opportunity to maintain an official record of their involvement in co-curricular activities. When applying for scholarships, jobs, and/or admission to colleges and universities that they wish to transfer to, students are able to supplement their record of academic achievements with the addition of their Student Development Transcript.

The Student Development Transcript Program is offered through the Office of Student Development (STCN-102). In order to receive a Student Development Transcript, each student must first register to be enrolled in the program. Students are encouraged to register for the program as soon as possible to ensure a complete transcript by the time they are ready to apply to transfer to a university or apply for a professional job or scholarships. The Student Development Transcript Program is not retroactive and only activities that have been verified for the current semester can be documented.

To register for the SDTP or for more information, drop by the Office of Student Development, located in the Student Center, STCN-102 or call (661) 362-3983.

Cougar Volunteer Program
The Volunteer and Service-Learning Center has established working agreements with off-campus community agencies and on-campus departments to provide volunteer opportunities for students. Volunteerism through the Cougar Volunteer Program provides many altruistic rewards for the volunteer. A recognition system exists to acknowledge students' involvement in these volunteer activities.

Service-Learning
Service-Learning opportunities exist through various courses on campus, and allow students to directly tie what they are learning in the classroom to volunteer and community service. The Service-Learning Center coordinates the placement of students with community agencies, provides support and guidance, and encourages students to get the most out of their experience through reflection. For more information about Service-Learning, contact 661-362-3231, servicelearning@canyons.edu, or www.canyons.edu/sl.

Photo Identification Card
All students are encouraged to obtain a student photo identification card through the Office of Student Development. Besides serving as a form of photo identification, the card is also used by many departments providing student services such as the tutorial lab, fitness center, and the library, which uses the card for books and materials checkout.

Once a student receives the initial card, he or she should keep the card for the entire time period during which the student may attend the College, even during periods of non-enrollment.

The initial card is the only one the student will receive during the student’s attendance at the College. The same card is used each semester the student is enrolled. It is necessary for the student to receive a new validation sticker from the Office of Student Development at the beginning of each semester to validate student benefits for that semester.

CAMPUS SAFETY DEPARTMENT
The Campus Safety Department is committed to providing and maintaining a safe and secure instructional environment while respecting the rights and dignity of individuals utilizing programs and facilities of College of the Canyons. The mission shall be accomplished within the constraints of federal, state and local laws and ordinances.

Valencia Campus:
Campus Safety Office X-8
661-362-3229 and 661-362-3239
If there is no one in the office, you may reach Campus Safety through the switchboard by dialing 0 or, if it is an emergency, dial 7 from any on-campus telephone.

Canyon Country Campus:
Campus Safety Office: Quad 7 – 700A
17252 Sierra Hwy
Switchboard: Dial 3801
Emergency: Dial 77
661-476-3977 office phone with voice mail
SUPPORT SERVICES AND PROGRAMS

CHILD CARE ON CAMPUS
The Children’s Program in the Valencia Campus Center for Early Childhood Education has child care openings for financially qualified student-parents of children 12 months to five years of age. The Children’s Program on the Canyon Country Campus has child care openings for financially qualified student-parents of children three and four years of age.

In addition to subsidized childcare, there is placement available to students, staff/faculty and the community for a monthly tuition.

For information on morning, afternoon or all-day sessions and/or to see if you qualify, please call (661) 362-3501 or (661) 362-3531.

Under various state-funded programs, free and sliding scale enrollment may be possible. Openings are limited and subject to specific State requirements.

CIVIC CENTER
The Civic Center Office is responsible for processing facility requests for use of the college facilities. Facility requests are available online at canyons.edu/offices/CivicCenter. Please submit a request at least two weeks prior to the event/needs. Facility use questions can be answered by calling (661) 362-3240.

COOPERATIVE AGENCIES RESOURCES FOR EDUCATION (CARE)
CARE is a state-funded program dedicated to assisting single parents who receive cash aid. Since 1998 CARE has been a joint effort between the California Employment Development Department, Department of Public Social Services, California Community College Chancellor’s Office, and College of the Canyons to help the student reach his or her educational and career goals. CARE offers academic, economic, and emotional support to the student who is on the road to becoming independent. CARE emphasizes services to ensure student success and is sensitive to the student's needs. Qualified students may receive, but are not limited to:

- Counseling
- CARE peer advisement
- First-day book services
- Parenting workshops
- Group support seminars
- Referral services
- Child care grants
- Self-esteem seminars
- Other services, as determined by need eligibility criteria

To be eligible for CARE, a student must:

- Apply for financial aid
- Be EOPS-eligible
- Be single and head of household
- Be 18 years of age or older
- Have a dependent child under age 14

- Be enrolled full time (12 units or more)
- Be pursuing a certificate, associate degree, or a transfer program
- Be a legal resident of California for over a year
- Receive current assistance from CalWORKs, TANF, or AFDC. CARE information is available in the Student Support Center on the Valencia campus or by calling (661) 362-3279 or www.canyons.edu/offices/eops

COUNSELING & PROGRAM ADVISEMENT
The mission of the Counseling Department is to help students reach their educational and career goals. The specific goals are to assist students with the effective use of campus learning resources, student services, and educational opportunities. Counselors assist students in determining, analyzing, and understanding their interests, aptitudes, abilities, limitations, and opportunities. Counselors are also skilled in providing personal counseling assistance to students as it relates to achieving their educational objectives.

Program Advisors are available throughout open office hours at the drop-in desk in the Counseling Office for quick consultations. Program Advisors provide information about certificate, degree, and transfer requirements, and college policies and procedures. Students should contact the Counseling Office or the counseling webpage at www.canyons.edu/offices/counseling to schedule private half-hour appointments with counselors.

Students should, before the time of their appointments, study this catalog, the catalog of any college or university to which they may seek transfer, and the Schedule of Classes for the upcoming term at College of the Canyons. To obtain the most benefit from the appointment, students need to be able to discuss their long-range educational goals as well as the courses desired in the ensuing term. Students are responsible for making final decisions concerning their college programs.

New students may attend a New Student Advisement Workshop after completing the online orientation. By the end of the workshop, students will have developed a plan of classes to take their first semester at COC. All students are encouraged to meet with a counselor for educational and career planning. Counselors help students write individual educational plans that list all the courses needed and in the correct sequence to reach their educational goals.

Counseling classes are taught by counselors and cover such topics as college-success skills, career development, and transfer planning. See Schedule of Classes for specific offerings. Specialized counseling is also provided through DSP&S, EOPS, and CalWORKs.
PROGRAMAS Y SERVICIOS PARA ESTUDIANTE INCAPACITADOS (DSP&S)
Si usted está inscrito en el programa de DSP&S, consulte con dicha oficina ya que los recientes cortes presupuestales pueden haber alterado la información impresa en este programa.
La Oficina de Programas y Servicios para Estudiantes Incapacitados ofrece servicios de apoyo a estudiantes que tengan incapacidades físicas, psicológicas, lingüísticas y de aprendizaje. Algunos de los servicios que se ofrecen son: ayuda con la inscripción y con la selección de clases, asesoramiento académico y vocacional, tutorías, intérpretes, facilidades para tomar exámenes, ayuda para escribir las notas de clase, y conversión de textos a audio.
Para más información, comuníquese con el vice-rector de servicios para estudiantes, al (661) 362-3292.

DISABLED STUDENT PROGRAMS AND SERVICES (DSP&S)
If you are enrolled in the DSP&S program, budget cuts may have created changes to the program subsequent to the printing of this schedule. Please check with the DSP&S office for any changes that may apply to you.
The Disabled Students Programs & Services (DSP&S) offers educational support services for students with a variety of disabilities, including those students with physical, psychological, communicative and learning disabilities.
Support services and accommodations include, but are not limited to, priority registration, scheduling assistance, academic and vocational counseling, tutorial lab, interpreters, test-taking accommodations, assistive technology and taped text.
For students with learning disabilities or suspected of a learning disability who are enrolled in college classes, DSP&S offers assessment to determine individual strengths and weaknesses and program eligibility according to the California Community College criteria. Students with verified disabilities who require alternate formats of college publications and resources should check with DSP&S. Materials available include, but are not limited to, Braille, large print, books on tape and electronic text. These formats help accommodate students' specific needs and are created in the timeliest manner possible.
DSP&S serves as a liaison with the campus and community agencies on behalf of students with disabilities. Students may contact DSP&S in Seco Hall room 103 or by calling (661) 362-3341 in Valencia. In Canyon Country go to Quad 1 or call (661) 476-3813. Students with verifiable disabilities who do not wish to avail themselves of the services of the DSP&S Department may still be eligible for reasonable accommodation and service. Contact the Vice President of Student Services (661) 362-3292; or www.canyons.edu/dsp for more information.

ECONOMIC DEVELOPMENT DIVISION
Services for the Community:

Information Communications Technologies (ICT)
Information Communications Technologies and Digital Media (ICT-DM) works with educators on behalf of businesses, shaping and aligning college curriculum to reflect emerging IT demands in the workplace. ICT-DM partners with the college's Employee Training Institute to deliver intense immersion and fast-paced technical training programs. ICT-DM advocates and encourages adaptations of industry recognized IT and Digital Media certifications as part of our educational offerings.

Services at a Glance
• IT Project Management
• Programming/Web Development
• Big Data/Analytics
• Networking
• IT Security
Call (661) 362-5108 or visit www.canyons.econdev.org

Small Business Development Center
SBDC offers free assistance to emerging businesses in the Santa Clarita Valley (SCV) by providing a wide variety of information and consulting.
For more information or to schedule a free appointment, call (661) 362-5900 or visit the website at www.canyonsecondev.org and click on SBDC.

Employee Training Institute (ETI)
ETIs focus is to drive down costs, expand the talent pool in the local workforce, and help businesses adopt continuous improvement methods and processes. The ETI offers training programs customized to the needs of each business or organization. Training classes and services are offered at the client’s site or at one of several college training locations. Class schedules are flexible with schedules based on the needs of the client. They can be offered before, during, or after business hours. Training offerings can be short or long-term, ranging from a single workshop to a series that runs over several months.
ETI fees are competitively priced, and ETI also offers eligible employers the opportunity to access state training funds through the Employment Training Panel. This allows companies to stretch their precious training dollars farther. Call 661-362-3245 for more information, or come by our office in the University Center, room 279.
Center for Applied Competitive Technologies
The Center for Applied Competitive Technologies (CACT) is one of six technology centers hosted at California community colleges. This center is dedicated to helping California manufacturers compete successfully in the global marketplace by providing them with a single point of access to advanced technology training. Call (661) 362-3111 or visit www.canyonsecondev.org and click on CACT for more information.

Center for International Trade Development (CITD)
As a newly designated CITD, the college's goal is to help business owners and entrepreneurs progress through the various stages of export/import trade development and help those businesses grow and succeed. Our CITD is one of nine offices located across the state, providing a full range of free or low cost trade assistance services to both companies and individuals looking to expand their international business presence. For more information call the Small Business Development Center at 661-362-5900.

Fast Track Institute
The institute provides fast-paced, intensive, job preparation programs for job seekers, mid-career professionals, recent high school graduates and other community members looking for an opportunity to quickly jumpstart their career. Fast Track has two major focuses: entry level skills and professional certifications. Fast Track entry-level courses teach the job skills needed to quickly begin working in local businesses and industries where applicants with up-to-date training are in high demand. Most Fast Track courses take only a few months to complete, and result in participants completing a complement of skill competencies they can share with potential employers. For more information visit www.canyonsecondev.org.

WorkSource Center
The Santa Clarita WorkSource Center exists to help job seekers find the right job by giving them access to resources including internet access, employment workshops, interview preparation, computers and printers, communication tools including phone, fax and copy machines. Job developers and case managers assist clients with more focused job searches and employers with targeted recruitment. For more information call: 661-799-WORK or www.canyonsecondev.org and click on WorkSource Center.

Advanced Technology Incubator
The Advanced Technology Incubator program provides entrepreneurs starting or developing technology-based products or services with additional resources and the in-depth support necessary to launch and grow a successful startup technology business. For more information, visit www.canyonsecondev.org or call (661) 362-3241.

EXTENDED OPPORTUNITY PROGRAMS AND SERVICES (EOPS)
The Extended Opportunity Programs and Services (EOPS) is a state-funded retention program that recruits, and transitions to work or to university, those students who are eligible. The program’s goal is to serve and encourage students from various backgrounds to continue their education at the community college level. The specific responsibility of EOPS is to develop programs, services, techniques, and activities that are over and above traditional college programs. Qualified students may receive, but are not limited to:

• Academic counseling
• Personal counseling
• Vocational/Career counseling
• Peer advising
• Priority registration
• Meal cards
• Financial aid referrals
• Transfer assistance
• College survival workshops
• Special tutoring
• First-day book services
• School supplies
• Computer usage
• Study skills workshops
• Cultural awareness activities
• Other services as determined by need

EOPS Eligibility Criteria
1. Full-time student (12 units or more)
2. Legal resident of the State of California
3. Eligible for the Board of Governors fee waiver
4. An EOPS contract must be signed and followed
5. Maintain normal progress (as defined by College policies) toward a goal, certificate, or degree while maintaining a satisfactory grade point average (2.0 or higher)

EOPS applications and information are available in the Student Success Center on the Valencia campus, and Building 1B (by appointment) on the Canyon Country campus or by calling (661) 362-3279 or www.canyons.edu/offices/eops.

PROGRAMA Y SERVICIO DE OPORTUNIDAD EXTENDIDA (EOPS)
El Programa y Servicio de Oportunidad Extendida (EOPS en inglés) es una programa estatal de retención de estudiantes, cuya misión es reclutar y ayudar a estudiantes cualificados, que no podían asistir de otro modo a la universidad.

El objetivo del programa es servir a personas de diferente extracción social, animándolas y ayudándolas para que continúen su educación a nivel de la universidad comunitaria. De forma más concreta, el
FINANCIAL AID AND SCHOLARSHIP PROGRAMS

Federally and State-funded student financial aid provides access to a college education to those students who otherwise would not be able to afford one. The Financial Aid Office provides a complete array of student services that are designed to help students with educationally-related expenses pay for their college education.

COC participates in these financial aid programs:
- Board of Governors Enrollment Fee Waiver (BOGW)
- Cal Grant B & C
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant
- Federal Workstudy
- Federal Direct Loans
  - Subsidized
  - Unsubsidized
  - PLUS (Parent Loan for Undergraduate Students)
Grant, loan and workstudy job opportunities may be available to any College of the Canyons student who establishes financial need by completing the financial aid process. Students must complete a financial aid application online at www.fafsa.gov. Eligible students will be awarded financial aid through various types of programs as funding is available. Eligible applicants will be expected to maintain standards of progress to remain eligible for financial aid.

Additional information and criteria for each of the grant, loan and work study programs can be obtained on the College of the Canyons Financial Aid webpage www.canyons.edu/money4college. Additional information regarding financial aid services is available in the Financial Aid Office located in CHCS-123, or by calling (661) 362-3215, or email at finaid@canyons.edu. On the Canyon Country Campus go to Quad 1 or call (661) 362-3215.

Fee Waiver

The Board of Governors Enrollment Fee Waiver (BOGW) is for California residents and AB 540 students only. Students who qualify for the BOGW, will have their enrollment fees waived for the fall, spring, winter and summer sessions. By applying via the FAFSA, students will be considered for all of the financial aid programs, including the BOGW enrollment fee waiver. There is also a separate BOGW application available in the Financial Aid Office, in the College of the Canyons class schedule or on the college website at www.canyons.edu/money4college.

Grants

A grant is an award, based upon demonstrated financial need and other criteria, that does NOT have to be repaid. The College participates in the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Cal Grant B and Cal Grant C.

Loans

Low-interest loans made by the Federal government, are available to students to help pay for education costs. College of the Canyons offers three types of Federal Stafford student loans – subsidized, unsubsidized and PLUS loans. The Stafford student loans must be repaid by the student usually beginning six months after leaving college. Current and former students who are in default on their Federal Stafford Loan will not be permitted to receive financial aid, grades, transcripts, or diplomas, nor will copies of their grades be forwarded to other institutions.

SCHOLARSHIP PROGRAMS

College of the Canyons offers two types of scholarship programs:

Institutional Scholarships

Students applying for the COC annual institutional scholarship program must submit an online scholarship application. Applications are available annually in February at www.canyons.edu/scholarships. Student notification is in May for awards which will be disbursed in the following academic year.

Outside Scholarships

In addition to the annual program for students, many community groups and organizations also sponsor student scholarships as a means of expressing confidence in College of the Canyons students. Scholarships usually range in amounts from $200 to $1000 and are made available intermittently throughout the year. Student eligibility varies according to each individual scholarship; therefore, scholarship applications must be filed for each individual scholarship for which the student wishes to be considered. Scholarship deadlines vary. Scholarships have pre-established criteria which may include any or all of the following: academic merit, specific educational major, financial need, college/community involvement, and/or transfer to 4-year college/university. Scholarship applications may also require letters of recommendation.
SUPPORT SERVICES AND PROGRAMS

An up-to-date listing of available scholarships is available on the financial aid Webpage at www.canyons.edu/money4college. Further information is available from the Financial Aid Office which is located in CHCS-123, (661) 362-3215. Information is also available at the Canyon Country Campus, call (661) 362-3215 or go to Quad 1.

Student Employment - Workstudy
The Federal Workstudy Program (FWS) allows students to earn money for their educationally-related expenses through a variety of on-campus workstudy positions. These positions are usually tied to community service or to the student's educational major. Federal Workstudy is awarded through the FAFSA application and funding is limited. While participating in the Federal Workstudy program, a student must be enrolled at least half-time (six or more units) and maintain a minimum 2.0 GPA.

HOUSING
The college is a community college serving primarily the students who live within the Santa Clarita Community College District. Most of the students reside within commuting distance of the campus. The college provides no campus housing.

As a service to students living away from home, the Student Development Office maintains an online housing board listing available rooms, apartments, and houses for rent. However, the college assumes no responsibility for inspecting or supervising and validating such housing facilities.

Landlords wishing to have their housing facilities listed must indicate that they, in offering housing, do not discriminate on the basis of race, religion or national origin. A signed statement to this effect must be on file in the Student Development Office. The landlords agreement with this statement must be submitted electronically to the College at the time of completing the online posting of information prior to listing. For more information and to view the online housing board please visit: www.canyons.edu/Offices/Student_Development/housing.

INTERNATIONAL SERVICES PROGRAMS (ISP)
The International Services Programs (ISP) assists all foreign students attending the college. Located in the Student Support Center, the ISP staff can assist students who wish to obtain I-20 certification as a step to receiving an F-1 student visa. Counseling of foreign students is available from the ISP staff, who will provide academic, vocational and personal counseling to foreign students. Students are encouraged to contact the ISP Office by calling (661) 362-3580 to make an appointment.

JOB & CAREER CENTER
The Job & Career Center offers students and community members the tools and preparation needed to explore career opportunities and to be prepared to apply for full- or part-time employment. Assistance with career exploration includes taking a career assessment, resources, and one-on-one career advisement. Job search assistance includes resume and cover letter development and critique, interview prep, and new job opportunities posted daily in the MyJOBS Database. Also offered are biannual job fairs, special events, and a series of career-related workshops covering resumes, interviewing, job search, job fair prep, etc.

Appointments are available to meet with a Career Advisor by calling (661) 362-3286, or stopping by Canyons Hall, Room 102 (Valencia Campus), or Quad 1 at the Canyon Country Campus.

LEARNING RESOURCES
The primary goal of Learning Resources is to support the college curriculum. To achieve this goal, Learning Resources, primarily through the Library and the TLC Lab, provides services and materials to assist instruction, enhance student success, and support lifelong learning.

LIBRARY
The college library serves students, staff, faculty, and the community. Services include reference assistance, orientation, copy machines, group study rooms, instructor reserves, open computer lab (with internet access and word processing available), and interlibrary loans. Printing from many computer stations is possible with the purchase of a print card in the library or TLC Lab. Materials include books, magazines, and newspapers; audiovisual media such as videotapes, DVDs, CDs and CD ROMs are also available. A number of online databases are accessible to students, faculty, and staff on campus and at home; these include ProQuest, Academic Search Premier, and EBSCO Host eBook Collection.

On the Valencia Campus, the Open Media Lab on the library’s second floor houses the video/DVD library, foreign language instructional material, English as a Second Language material, and circulation keys for most group study rooms. The library on the Canyon Country campus is located in Quad 3 room 307. The library website, with links to online databases, the online catalog and many special resources, can be accessed at www.canyons.edu/offices/library.

MATHEMATICS, ENGINEERING, SCIENCE ACHIEVEMENT (MESA)
Mathematics, Engineering, Science Achievement (MESA) is an enrichment program for students majoring in math, engineering and the sciences. Participation in the program helps to build the skills needed to be successful in math and science courses at COC and beyond. We will also assist with the transfer process. Academic Excellence Workshops help in gaining content mastery for courses such as calculus and general chemistry. The program also supports the development of student learning networks, access to technology, academic advisement, and other support services. The MESA Student Study Center, located in Aliso Lab, room ALLB-114 on the Valencia campus, provides a place where students can study, participate in workshops, and receive free academic support. For more information about the program please call (661) 362-3448.
PARKING AND TRAFFIC REGULATIONS
Permits are required in all student lots seven days a week, 24 hours a day, 365 days of the year. Student permits are valid in student lots only.

Display of Permit
On both campuses, permits must be displayed clearly from the rear view mirror when parking. Failure to display a valid permit may result in a parking citation for the amount of $25.

Refund of Parking Fees
See Refund Policy on page 16.

Citations
The Security Department receives its authority to enforce the traffic and parking regulations from the California Penal Code, the California Vehicle Code and the Municipal Court. Ignoring a citation will result in immediate legal action in the form of additional penalties and a hold being placed on your vehicle registration with the Department of Motor Vehicles.

Citations will be issued for violation of provisions of the California Vehicle Code as well as the following special college regulations under Section 21113 C.V.C.:

1. Any vehicle parked in a regular stall shall have displayed a valid Student Parking Permit which must be displayed clearly from the rear view mirror when parking in college parking lots. Students with vehicles without permits may purchase a temporary parking permit from the permit vending machines, located in lots #6, 8, 13 and 15 on the Valencia campus and in lots #2 and 3 on the Canyon Country Campus, which requires $3.00 in coins, dollar bills or credit/debit cards for an all-day parking permit good in any student lot.

2. No person shall fail to obey any sign or signal erected to carry out these regulations or any section of the California Vehicle Code.

3. Parking is not allowed in any area that does not have a clearly marked stall.

4. Vehicles parked within a stall shall not overlap the lines that designate that stall.

5. All vehicles shall be parked heading into a parking stall.

6. Painted curbs are an indication of restricted parking and the color denotes the type of parking allowed as follows:
   a. RED ZONE - indicates no parking or stopping anytime, whether the vehicle is attended or not.
   b. YELLOW ZONE - indicates a fifteen- (15) minute time limit for loading and unloading vehicles. Vehicles parked in these areas must leave flashers on.
   c. GREEN ZONE - indicates thirty- (30) minute parking as marked.
   d. BLUE ZONE - indicates handicapped persons' parking area only with special permit.

7. No person shall abandon, leave standing, any vehicle or motorized cycle on the campus for 72 or more consecutive hours without permission of the Campus Safety Department. Violations will result in vehicle removal and storage.

8. No person shall drive any unlicensed vehicle, nor shall any person stop, park or leave standing any vehicle, whether attended or unattended, upon driveways, paths, or the grounds of College of the Canyons without permission. Any unidentifiable vehicle on campus is subject to removal and storage. Exception is made for district-owned vehicles.

Special Parking Areas
VISITORS - Thirty-minute time areas are designed with green curbs on the Valencia campus and Canyon Country Campus. If any visitor is going to be in a space for longer than the designated time limit, he/she should purchase a temporary parking permit from the permit vending machines. Located in lots 6, 8, 13 and 15 on the Valencia campus and lots 2 and 3 on the Canyon Country Campus.

HANDICAPPED - Several areas on both campuses are designated for handicapped parking. Vehicles parked in these blue-lined parking stalls are required to properly display a California handicapped placard.

STAFF LOTS - Staff members must have properly affixed on their vehicles, a staff parking permit. Staff permits are not valid in metered stalls, handicapped areas or red zones.

MOTORCYCLES - Motorcycles may park in designated motorcycle parking areas located in the south lot 13 and in student lot 4 on the Valencia campus and across from Quad 2 on the Canyon Country Campus. They shall have a student motorcycle permit. A staff permit is required on all motorcycles parking in staff lots.

For additional parking information visit our website at www.canyons.edu/offices/campussafety.

Parking Lot Security
The college provides personnel to patrol the parking lots. However, persons parking on district property do so at their own risk. Santa Clarita Community College District does not assume any responsibility for loss or damage to vehicles or their contents while parked anywhere on district property.

PEFORMING ARTS CENTER
The Santa Clarita Performing Arts Center at College of the Canyons opened in 2004 and provides performance space for college instructional productions, professional and community entertainment and informational programs. Developed in partnership with the City of Santa Clarita, the PAC boasts a spectacular proscenium theater seating 886 and a state-of-the-art sound system, as well as an experimental “black box” theater. Information may be found at www.canyonspac.com.
PHYSICAL EDUCATION/ATHLETICS (KPEI)
The college has 16 intercollegiate Cougar athletic teams that compete in the Western State Conference. Cougar men’s teams compete in baseball, basketball, soccer, cross country, football, golf, swimming, and track and field. Cougar women’s teams compete in basketball, cross country, golf, soccer, softball, swimming, track and field, and volleyball. Intercollegiate athletic competition is governed by the California Community College Commission on Athletic Association. Information may be found at cocathletics.com
To be eligible for intercollegiate competition, student athletes must be enrolled in a minimum of 12 units during the season of sport (nine of these units must be degree applicable). Between seasons of sport, student athletes are required to complete 24 units, 18 of which must be degree applicable, with a 2.0 grade point average. Consult the athletic director or athletic counselor (in WPEK-107) to determine athletic eligibility and to complete a student educational plan.

STUDENT HEALTH & WELLNESS CENTER
The mission of the Student Health & Wellness Center is to keep students physically and emotionally healthy so they can succeed in school and life. Quality clinical services, innovative health promotion activities, referrals and assistance in securing affordable health insurance are provided in a caring, confidential, cost effective and convenient manner for COC students.
Eligibility
Full-or part-time students, who have paid enrollment fees and are currently enrolled and active in classes are eligible for services.
Cost
No charge is made for most services. A nominal fee is charged for certain laboratory tests or injections.
Personnel
A registered nurse and/or nurse practitioner, mental health counselors and a registered dietitian are available by appointment during Student Health & Wellness Center hours.
Services include:
• Treatment of acute illness
• Mental health counseling with a psychologist
• Blood pressure checks
• Free health literature for personal use
• Family planning: information, pap tests, birth control, pregnancy tests
• Screening and treatment for sexually transmitted infections
• Nutritional counseling with a registered dietitian
• Help to apply for Medi-Cal, Family PACT or group student health insurance
• Vaccinations
• Referrals to physicians and other health agencies

TREATMENT OF A MINOR
Any student under the age of 18 is required to have a parental consent form signed prior to receiving treatment, except in emergencies or cases exempted by state law. A minor student’s parent must sign permission for treatment at time of enrollment.

ACCIDENT INSURANCE
Accident insurance is included in the student health fee and provides on-campus accident coverage while attending college or college-sponsored activities. It is recommended that each student carry voluntary insurance coverage for off-campus emergencies and illnesses.
Information on various insurance carriers may be obtained in the Student Health & Wellness Center, Student Center, room STCN-122 on the Valencia campus and in Quad 1B on the Canyon Country campus or call (661) 362-3259 for further information.

HEALTH RECOMMENDATION
Each student should be free from any communicable disease. It is strongly recommended that student immunizations are current, including two doses of the measles-mumps-rubella vaccine and a tetanus-diptheria-pertussis (Tdap) vaccination within the past 10 years.

TRANSFER CENTER
The Transfer Center serves as a clearing house for transfer activities and information. The Transfer Center provides a variety of services and information for students who are interested in transferring to a four-year college or university.
In the Transfer Center students will receive assistance in reaching their transfer goals. In addition, the Center offers workshops to assist transfer-ready students in completing admission’s applications, the writing of personal statements and the overall knowledge of the transfer process.
University representatives are available by appointment to provide counseling on up-to-date information on their admission requirements, financial aid, housing facilities, majors and much more. Also available is a 1 unit CSU transferable course entitled, Counseling 120 "University Transfer Planning."
Students may obtain additional information by visiting the Transfer Center, Canyons Hall, second floor, on the
Veterans who were separated from active duty with the armed forces within the past 10 years who participated in the:

1. Montgomery GI Bill - Active Duty Educational Assistance program (Chapter 30),
2. Montgomery GI Bill - Selected Reserve Educational Assistance program (Chapter 1606) and
3. REAP – Reserve Educational Assistance Program (Chapter 1607)
4. VEAP (Chapter 32) - Contributory VEAP or Section 903 - Services beginning on or after January 1, 1977 through June 30, 1985.
5. Vocational Rehabilitation (Chapter 31) - Veterans who served in the armed forces are eligible for vocational rehabilitation if they suffered a service-connected disability while on active service which entitles them to compensation or would do so except for the receipt of retirement pay. The Veterans Administration (VA) determines a veteran's need for vocational rehabilitation to overcome the handicap of their disabilities.
6. Spouses and/or children of the following categories of veterans may be eligible for Dependent’s Educational Assistance Program (Chapter 35):
   - Veterans who are 100% permanently disabled as the result of a service-connected disability. The disability must arise out of active service in the armed forces.
   - Service persons who were missing in action or captured in the line of duty.
   - Service persons forcibly detained or interned in the line of duty by a foreign government or power.
7. New GI Bill – The Post 9/11 GI Bill (Chapter 33).

Additional information regarding any of the above Chapters may be obtained from the Department of Veteran's Affairs, P. O. Box 8888, Muskogee, OK 74402-8888. For individual questions regarding claims, benefits, or payments call (888) 442-4551.

To start using your benefits, please go to the U.S. Department of Veterans Affairs Website at http://vabenefits.vba.va.gov/vonapp/main.asp. Once you submit your application, you can meet with the VA advisor at College of the Canyons. To make an appointment, please visit the College of the Canyons VA website at www.canyons.edu/veterans.asp. Dependents of veterans with disabilities (spouses and/or children) may be eligible to receive tuition-free assistance at any California post-secondary educational institution (community college or university). Additional information may be obtained from the Los Angeles County Veterans Service, 335-A East Avenue K #6, Lancaster, CA 93535, (661) 723-4495.
Veterans Policy
Veterans Administration regulations (21.4253, 21.4277, 21.4135, and 21.4203) have established a requirement that all schools set standards of attendance and progress for attending veterans. The following guidelines have been developed to meet these requirements. For the purpose of this policy, the term "veteran" will be considered to mean all veteran-students collecting educational assistance under Chapters 34 and 35, Title 38, U.S Code.

Evaluation of previous education/training, CFR 521.4253 (d) (3)
This institution will conduct an evaluation of previous education and training, grant appropriate credit, shorten the veteran or eligible person's duration of the course proportionately, and notify the VA and student accordingly.

Counseling
All veterans are required to have course approval and counseling at College of the Canyons prior to the end of their second semester of attendance to help determine the best program available to meet their educational objectives. Veterans are encouraged to consult an advisor prior to each registration and at any other time they have problems concerning their educational program.

Attendance
All students, including veterans, are expected to regularly attend all classes. Any student absent for any reason whatsoever, from any class for one more time than that class meets in one week may be dropped from the class. Students who will be required to leave due to a call to action prior to the end of the term must file an Academic Standards Committee petition with the Veteran's Office. Official orders must be attached to the petition.

Academic Probation and Disqualification of Veterans Benefits
Federal regulations prohibit the certifying of a veteran or dependent who has been dismissed for substandard academic work or lack of progress. Veterans and dependents follow the same academic standards set for all students attending the College. See the section on "Probation/Dismissal" listed in this catalog for specific information.

Extended Benefits
The Veterans Administration assumes that when students receive an associate degree or complete 70 semester units, they have met their objective. Any additional coursework completed at College of the Canyons beyond this limit requires special justification before benefits may be received. Such special justification might take the form of a letter from a four-year college or university indicating that additional courses required for a specific major will be transferred at full credit.

Duplication of Work
Veterans programs at College of the Canyons cannot duplicate satisfactorily completed previous training. Transcripts of all college work attempted must be on file in the Admissions and Records Office at College of the Canyons prior to certification for veterans' benefits. (See Credit for Military Service in the following pages.)

INTERNSHIPS AND WORK EXPERIENCE
The Internships Department offers students an opportunity to receive college credit through Cooperative Work Experience Education (CWE) courses. CWE-188 courses have been integrated into programs throughout the College. Internships allow students to apply knowledge gained in courses to an actual work setting. In addition to college credit, students are able to sample career choices and to improve job-readiness skills. This would be in a paid or unpaid work setting. Students may also earn college credit for their current job by enrolling in CWE-189 General Work Experience. Information regarding student eligibility requirements is available from the Internship Office by calling 661-362-3309. To search for an Internship and find out more about how to obtain an internship, visit www.canyons.edu/interns or stop by the office located in Student Center, room STCN-123 on the Valencia campus.
Instructional Programs
College of the Canyons offers credit education in four areas: general education, transfer education, career/technical education and college success skills.

General Education
Many courses are taken by students to meet general education requirements for associate degrees or transfer. These general education requirements are intended to provide students with a broad educational background, so that they may participate in society more completely and benefit from their participation.

Transfer Education
College of the Canyons provides preparation for transfer to four-year colleges and universities in a variety of majors. The transfer courses are articulated to either or both the California State University and University of California systems (designated in the course description as CSU and UC courses, respectively) as well as other transfer institutions.

Career/Technical Education
Career Technical Education programs at College of the Canyons include courses that enable students to acquire or update job skills or prepare for transfer to technical programs at four-year institutions. All career programs firmly support the principle of gender equity: all students are encouraged and supported to enter and complete any career program whether or not it has been a “traditional” field for their gender.

College Success Skills
Many courses in the English and mathematics departments are oriented toward allowing students to develop language (reading, spelling and writing) or mathematics skills (basic arithmetic through high school courses) that are needed for college success.

DISTANCE LEARNING
Distance Learning opportunities support the District’s mission to provide education, training, and lifelong learning opportunities to all who seek them. Technology is utilized to make a wide range of college courses available to students unable or who do not wish to attend traditional on-campus classes. Distance Learning currently includes three formats: online, hybrid, and educational travel. Each of these options offers a variety of learning opportunities and delivery methods and are listed in each schedule of classes and at www.canyons.edu/distancelearning or call (661) 362-3600.

Online Classes
Online classes require no on-campus meetings. Note: Some classes may require proctored testing that can be arranged through the college’s TLC on the Valencia campus. To access the class, regular access to a computer with Internet access is required. Communication occurs with instructor(s) and other online students using communication tools within an online classroom.

Hybrid Online-based Classes
Hybrid classes meet on campus at least once during the semester with remaining classwork conducted online via the Internet. There may also be on-campus orientation meetings and periodic on-campus testing. The same level of technology as used with online classes is required.

Educational Travel Program
College of the Canyons’ Educational Travel Program provides individuals an opportunity to broaden their knowledge and perspective, as well as to enhance their ability to effectively apply what they have learned in a classroom setting to an international environment. Courses are delivered in a combination of online, on-campus and/or on-site lectures and/or field work.

For more information about educational travel opportunities visit www.canyons.edu/travel.

SPECIAL COURSES

Special Topics
Courses listed as 198 (transferable) or 098 (non-transferable) or 097 (non-degree applicable) are offered in a department to add depth to the course offerings. Special topics courses in a department’s curriculum offer the same pedagogy but with a focus area that changes from term to term. Topics are differentiated from one another within the department offering, by a unique letter designation after the number (i.e. 198 A, B, C).

Experimental Courses listed as 199 or 099
An experimental course is offered with the intent to eventually make it part of the regular curriculum. Each experimental course is designated with the number 099 (non-transferable) or 199 (transferable).

COURSE DESCRIPTIONS
Course descriptions are arranged alphabetically by subject discipline and are distinguished by identifying numbers and course titles.

The credit value of each course is indicated in semester units. Each unit represents one hour per week of lecture or recitation, or a longer time in laboratory or activity classes.

Repeatability
Some courses may be repeated for credit, but only if explicitly indicated in the description. Unless otherwise indicated, a course may only be taken once for credit. Students wishing to repeat a course for the purpose of recalculating the grade point average should refer to the policy regarding “Course Repetition.”

Below each course title, the units, hours, prerequisites, and course description is given. Students should read this material carefully to ensure that they are qualified to take the course and that the course content meets their needs and interests.

In many areas, courses are intended to be taken in sequence. This is especially true in mathematics, the sciences, foreign languages and English. In these cases, credit will not be given for a lower-level course after
receiving credit for a higher-level (i.e., no credit is earned for Spanish I if it is taken after credit has been earned for Spanish II, etc.)

A Schedule of Classes is issued at the opening of the fall, winter, spring and summer terms, and lists the courses to be offered.

**Course Identification Numbering System (C-ID)**

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to www.assist.org to confirm how each college’s course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

Students may consult the ASSIST database at www.assist.org for specific information on C-ID course designations. Counselors can always help students interpret or explain this information.

**CLASSES THAT DO NOT PROVIDE CREDIT**

**Continuing Education (Noncredit Courses)**

Continuing Education classes, also known as “noncredit,” are financially supported by the state of California and are offered tuition-free. Continuing Education classes are designed to provide students with a high-quality learning experience. Tuition-free classes include GED Preparation, ESL (English as a Second Language) and Citizenship Courses. These classes are offered as the State’s funding agenda permits. Some courses may require a materials fee or the purchase of a textbook. These classes do not earn college credit. For more information please call the Continuing Education Office at (661) 362-3304 or visit www.canyons.edu/CE.

**Community Education**

The Community Education Program provides learning opportunities for the entire community through short-term classes in a variety of topics, including: short-term vocational programs, summer youth programs; traffic school; driver’s education; and hundreds of online classes in a wide variety of subjects. None of the classes earn college credit and are offered for a nominal fee. For more information please call the Community Education Office at (661) 362-3300 or visit www.canyons.edu/communityed.

Program/Course Description
The Administration of Justice program focuses on the study of law enforcement in the United States with the primary emphasis on California law, procedures, and evidence. The student gains an insight into the history of law enforcement, the evolution of law, both Constitutional and statutory, investigative techniques, report writing, evidence, and criminal procedure.

Upon successful completion of the Administration of Justice degree program, the student will have a general, but very practical knowledge of modern law enforcement in the United States and an in-depth knowledge of California criminal laws and techniques.

Target occupations typical to this major include Police Officer, Deputy Sheriff, Highway Patrol Officer, Correctional Officer, FBI Agent, DEA Agent, Secret Service Agent, Customs Officer, Border Patrol Officer, Evidence Technician, Security Officer, Loss Prevention Officer, and Private Investigator.

NOTE:
Most law enforcement agencies have extensive testing procedures prior to hiring including written, oral, and psychological tests and require the applicant to complete additional rigorous academy training prior to being hired. Most federal agencies require a bachelor’s degree prior to appointment. Security officers employed in the state of California must take additional courses and pass state approved examinations in order to meet state mandates.

**Associate in Science Degree:**
**Administration of Justice for Transfer**

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0. Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AS-T in Administration of Justice. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

**Degree and Certificate Student Learning Outcome:**
Students will be able to analyze, interpret, and evaluate concepts related to the administration of justice.

**Program Requirements:**
Units required: 18

ADMJUS 101 INTRODUCTION TO ADMINISTRATION OF JUSTICE
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID AJ 110

Recommended Preparation: ENGL-101 or ENGL-101H
Examines due process in criminal proceedings from pre-arrest through trial and the appeal process using statutory law and state and federal constitutional law precedents. Includes an in-depth study of each primary segment of the administration of justice system. UC credit limitation: ADMJUS-101 and 110 combined, maximum credit one course.

ADMJUS 110 PRINCIPLES AND PROCEDURES OF THE JUSTICE SYSTEM
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID AJ 122

Examines due process in criminal proceedings from pre-arrest through trial and the appeal process using statutory law and state and federal constitutional law precedents. Includes an in-depth study of each primary segment of the administration of justice system. UC credit limitation: ADMJUS-101 and 110 combined, maximum credit one course.

ADMJUS 125 CRIMINAL LAW
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID AJ 120

Recommended Preparation: ENGL-101 or ENGL-101H
Presents the historical development, philosophy of law and U.S. Constitutional provisions, including definitions, classification of crimes, concepts of legal research, case law and concepts of law as a social force. Discusses various elements of crimes and relates common law to current California law.

ADMJUS 126 SUBSTANTIVE CRIMINAL LAW
Units: 3.00
CSU 54.00 hours lecture

Presents the substantive laws most often encountered by municipal, county, or state police officers; emphasizing in depth examination of the most common misdemeanor and felony violations of the California law.

ADMJUS 130 REPORT WRITING FOR LAW ENFORCEMENT
Units: 3.00
CSU 54.00 hours lecture

Prepares students to complete police reports consistent with their departments policies, incorporating proper grammar, sentence and paragraph construction, and necessary elements of the incident(s) reported therein.

ADMJUS 135 CRIMINAL EVIDENCE
Units: 3.00
CSU 54.00 hours lecture
C-ID AJ 124

Introduces the fundamentals of evidence in a law enforcement context including relevant constitutional issues, Supreme Court decisions, and the California and Federal Rules of Evidence.

ADMJUS 150 POLICE FIELD OPERATIONS
Units: 3.00
CSU 54.00 hours lecture

Explores the theories, philosophies, and concepts related to the role of the line law enforcement officer, including patrol, traffic, and public service responsibilities and their relationship to the administration of justice.

ADMJUS 155 CRIMINAL INVESTIGATION
Units: 3.00
CSU 54.00 hours lecture
C-ID AJ 140

Introduces the basic principles of investigation utilized in the justice system, including how to deal with the public, knowledge of crime scenes, interviews, evidence, surveillance, follow-up, technical resources, and the role of the investigator in case preparation for trial.
ADMJUS 160 TRAFFIC: ENFORCEMENT AND INVESTIGATION
Units: 3.00
CSU 54.00 hours lecture
Examines traffic collision investigation, including basic reporting requirements, classification and determination of the cause of collisions, and traffic control and enforcement.

ADMJUS 175 ORGANIZED CRIME AND VICE
Units: 3.00
CSU 54.00 hours lecture
Introduces the history of gangs and organized criminal enterprises including the social, political and legal influences of organized crime and its impact on crime in the United States.

ADMJUS 180 DANGEROUS DRUGS AND NARCOTICS
Units: 3.00
CSU 54.00 hours lecture
Presents law enforcement's role in the prevention of narcotics and dangerous drugs sales and use, including the study of laws pertaining to controlled substances, detailed identification of drugs, symptoms of use, sales and packaging and investigative techniques.

ADMJUS 185 POLICE-COMMUNITY RELATIONS
Units: 3.00
UC:CSU 54.00 hours lecture
Presents a study of the roles of the Administration of Justice agencies and their interaction with the community, including role expectations of the various agencies and the public at large. Emphasizes professionalism and the development of positive relationships between members of the system and the public.

ANTHRO 101 PHYSICAL ANTHROPOLOGY
Units: 3.00
UC:CSU 54.00 hours lecture
Focuses on the evolution of the human species and non-human primates primarily from the biological perspective. Topics include human heredity and population genetics, primate behavior and conservation, the human fossil record, and modern human variation.

ANTHRO 101H PHYSICAL ANTHROPOLOGY-HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
Focuses on the evolution of the human species and non-human primates primarily from the biological perspective. Topics include human heredity and population genetics, primate behavior and conservation, the human fossil record, and modern human variation. Additional reading, writing, and research techniques are required.
ANTHRO 101L PHYSICAL ANTHROPOLOGY LABORATORY
Units: 1.00
UC:CSU 54.00 hours lab
Co-requisite: ANTHRO-101 or ANTHRO-101H
A laboratory course in physical anthropology designed primarily for non-science majors. A half-day field trip is required.

ANTHRO 103 CULTURAL ANTHROPOLOGY
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ANTH 120
Presents the nature of humankind, culture and society, including concepts and theories used for their analysis and understanding. Topics including social organization, marriage and family systems, politics and economics, language, religion, the arts, culture change and applied anthropology are examined.

ANTHRO 103H CULTURAL ANTHROPOLOGY - HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ANTH 120
Recommended Preparation: ENGL-101 or ENGL-101H
Presents the nature of humankind, culture, and society, including the concepts and theories used for their analysis and understanding. Prehistory and cultural growth, social organization, family systems, politics and economics, war, religion, values, culture shock, and applied anthropology are examined. Additional reading, writing and research techniques are required in the honors section.

ANTHRO 105 INTRODUCTION TO ARCHEOLOGY
Units: 3.00
UC:CSU 54.00 hours lecture
Examines archeology and human prehistory from an interdisciplinary perspective, including methods for recovery, dating, interpretation, conservation of items of material culture, and the reconstruction of past social systems and human behavior. Field trips may be required.

ANTHRO 210 INDIANS OF CALIFORNIA
Units: 3.00
UC:CSU 54.00 hours lecture
Examines Native American cultures of California from prehistoric times to the present, including geographic origins, settlement areas, technology, subsistence patterns, social organization, religion, folklore, material culture and current social problems.

ANTHRO 220 MAGIC, WITCHCRAFT AND RELIGION
Units: 3.00
UC:CSU 54.00 hours lecture
Contrasts the cross-cultural phenomena of religion, witchcraft and magical behavior in society from an anthropological perspective, including the role of religion in healing and curing, social control, politics, economics, family, and cultural change.
ARCHITECTURAL DRAFTING

Associate in Science Degree: Architectural Drafting and Technology

The Architectural Drafting program is designed to prepare students for careers in industry as drafters or related occupations, and/or transfer to a four or five-year architectural program. Drafting technicians are in short supply, affording many employment opportunities for qualified individuals. The program provides students with entry-level skills and knowledge in the fields of computer and architectural drafting. Competencies include knowledge in AutoCAD generated drawings, current practices in architectural drafting and construction technology, 2-D and 3-D drawings, drafting techniques such as clarity, line weight expression and accuracy.

Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in the core knowledge and skills required for employment in architectural computer-aided drafting

Program Requirements:
Units Required: 38

Certificate of Achievement: Architectural Drafting

The architectural drafting program is designed to prepare students for careers in industry as drafters or related occupations, and/or transfer to a four or five-year architectural program. Drafting technicians are in short supply, affording many employment opportunities for qualified individuals. The program provides students with entry-level skills and knowledge in the fields of computer and architectural drafting. Competencies include knowledge in AutoCAD generated drawings, current practices in architectural drafting and construction technology, 2-D and 3-D drawings, drafting techniques such as clarity, line weight expression and accuracy to name a few.

Upon completion of the program, students will be prepared for entry level drafting positions. An associate degree and certificate can be earned in architectural drafting.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core knowledge and skills required for employment in architectural drafting.

Program Requirements:
Units Required: 31

Certificate of Specialization: Architectural Computer Aided Drafting
Students will complete a series of Architectural Drafting Computer Aided Drafting (CAD) courses to become proficient in a high-skilled specialization that is in high demand.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core knowledge and skills required for employment in architectural computer aided drafting.

Program Requirements:
Units Required: 15

Certificate of Specialization: Sustainable Design and Development
Provides the Green Collar Workforce with a practical training approach to sit for the LEED GA Accreditation exam. Courses consist of focused study in each LEED category. The certificate is most applicable to Architectural practices, Interior Design, Construction Technology, Building Management, Construction Management, Building Inspection, Landscape Architecture and Planning as well as related fields with an economic life-cycle approach to the built environment.

Certificate Student Learning Outcome:
Students will be able to possess technical knowledge of green building design and construction in order to meet the requirements for accreditation testing.

Program Requirements:
Units Required: 4.5

ARCHT 084 DIGITAL ILLUSTRATION FOR ARCHITECTURE AND INTERIOR DESIGN
Units: 2.00
18.00 hours lecture, 54.00 hours lab
Introduces graphic illustration software for architecture and interior design presentations. Same as ID-084.

ARCHT 085 INTRODUCTION TO THE LEED RATING SYSTEM
Units: 0.50
9.00 hours lecture
Introduces the LEED Rating System point structure, overview of the various LEED credits and an introduction to the LEED online application process. Units do not apply to the associate degree and offered pass/no pass only.

ARCHT 086 PROJECT SITE FACTORS
Units: 0.50
9.00 hours lecture
Defines and explores factors involved in sustainable site development, including Brownfield redevelopment and best practices for stormwater, landscape and transportation design. Field trip to a Brownfield site is required. Units do not apply to the associate degree and offered pass/no pass only.

ARCHT 087 SUSTAINABLE MATERIALS AND INDOOR ENVIRONMENTAL QUALITY
Units: 0.50
9.00 hours lecture
Provides an overview of sustainable building material selection for exterior and interior applications pursuing LEED certification credits. Indoor environmental health considerations such as indoor air quality, ventilation, interior lighting and acoustical quality will also be introduced. Units do not apply to the associate degree and offered pass/no pass only.

ARCHT 088 INNOVATION IN DESIGN AND REGIONAL PRIORITIES
Units: 0.50
9.00 hours lecture
Introduces innovative sustainable building design strategies, emphasizing emerging trends that address pressing regional environmental issues. Units do not apply to the associate degree and offered pass/no pass only.
ARCHT 089 GREEN BUILDING ECONOMICS  
Units: 0.50  
9.00 hours lecture  
Provides strategies on the application of economic principles to assess and balance the competing environmental and resource demands involved in the construction of the built environment. Factors analyzed will include the waste assimilation capacity of the environment, resource decision making based on market economy, building efficiency and life cycle-cost analysis. Units do not apply to the associate degree and offered pass/no pass only.

ARCHT 090 LEED ONLINE DOCUMENTATION AND PROCESSING  
Units: 0.50  
9.00 hours lecture  
Introduces students to LEED Online, the internet based interface for submitting credit compliance information to the Green Building Certification Institute for a project’s prospective LEED certification. Units do not apply to the associate degree and offered pass/no pass only.

ARCHT 091 GREEN BUILDING CONTROL SYSTEMS AND RESOURCE EFFICIENCY  
Units: 1.00  
18.00 hours lecture  
Presents the efficient use and conservation of energy resources for environmental control systems in green buildings, including heating, cooling, ventilation and lighting. Topics include the use of automated solar control, cross and stack ventilation, daylighting methods and an introduction to mechanical systems for interior environment control in green buildings. Emphasis on sustainable building technology use in the design of environmental control systems. Units do not apply to the associate degree and offered pass/no pass only.

ARCHT 095 LEED GREEN ASSOCIATE (GA) TEST PREPARATION  
Units: 0.50  
9.00 hours lecture  
Prepares students for the LEED Green Associate (GA) exam through a structured program that includes introduction to studying methodologies, test taking strategies and in-class practice testing. Units do not apply to the associate degree and offered pass/no pass only.

ARCHT 096L ARCHITECTURAL DRAFTING AND CAD LAB  
Units: 1.00  
54.00 hours lab  
A lab for the currently enrolled architecture or interior design student who wishes to increase skills through the use of the design lab facility. Note: Students must attend faculty supervised weekly scheduled class time posted in the online schedule. Hours must be accrued at a time separate from any other class in which the student is also registered. This course is not a required course for any certificate or degree in architecture or the interior design program. Offered pass/no-pass only. Units do not apply to the associate degree.

ARCHT 100 CAREERS IN ARCHITECTURE, INTERIOR DESIGN AND RELATED FIELDS  
Units: 1.00  
CSU 18.00 hours lecture  
Surveys careers in architecture, interior design and related fields, including degree requirements, transfer institutions, income, and employment opportunities. Field trips may be required. (Same as ID-100)

ARCHT 110 ARCHITECTURAL DRAFTING I  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Presents current practices in architectural drafting and construction technology focusing on a small single family residence. Drafting techniques will emphasize clarity, line weight expression and accuracy. Same as ID-110.

ARCHT 120 DESIGN I - ELEMENTS OF ARCHITECTURAL DESIGN  
Units: 3.00  
UC:CSU 36.00 hours lecture, 54.00 hours lab  
Introduces the fundamentals of 2-D and 3-D design and the design process and problems of structural and spatial definitions.

ARCHT 140 MATERIALS AND METHODS OF CONSTRUCTION  
Units: 3.00  
CSU 54.00 hours lecture  
Introduces principles, materials, methods, and processes of traditional and sustainable construction. Combines both theory and practical application. Field trips are required.

ARCHT 160 AUTOCAD FOR ARCHITECTURE AND INTERIOR DESIGN  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: ARCHT-110 or ID-110  
Prepares drawing and editing commands and procedures to complete basic 2-D drawings for an architectural set of construction documents.
ARCHT 180 CODES AND ZONING REGULATIONS
Units: 3.00
CSU 54.00 hours lecture
Provides an in-depth review of California Building Codes, ADA or California Title 24 (Disabled Access Regulations based on the Americans with Disability Act), as related to commercial, residential and institutional projects. Students will apply building and zoning codes for the design and drafting in architecture and interior design.

ARCHT 190 DESIGN II – DESIGN PROCESS
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: ID-110 or ARCHT-110 Recommended Preparation: ARCHT-120 and ID-101B and ID-103
Presents solutions to designing interior and/or exterior spaces, including human factors for all populations, and develops 2-D and 3-D presentations. Same as ID-190.

ARCHT 200A SUSTAINABLE DEVELOPMENT AND ENVIRONMENTAL DESIGN
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces sustainable development and environmental design concepts related to culture, economics, politics, climate, energy systems, architecture and city planning. Field trip may be required.

ARCHT 220 ARCHITECTURAL DRAFTING II
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: ARCHT-160
Presents architectural drawings using 2-D advanced commands, including appropriate codes for a two-story wood frame structure.

ARCHT 240 ARCHITECTURAL DESIGN PORTFOLIO
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Presents the process of preparing for employment in the architecture industry, including a portfolio of appropriate selection of work, concept improvement and methods of presentation.

ARCHT 260 ADVANCED CAD FOR ARCHITECTURE AND INTERIOR DESIGN
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: ARCHT-160
Presents advanced computer-aided drafting (CAD) features to create 3-dimensional conceptual drawings.

ARCHT 270 CAD 3-D MODELING/ANIMATION
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: ARCHT-160
Recommended Preparation: ARCHT-084 or ID-084
Presents intermediate to advanced architectural CAD in 3-D illustration, rendering and animation. Virtual "walk-through" and "fly-through" of interior/exterior 3-D models with photo-realistic materials and lighting will be produced. Field trips may be required.

ARCHT 280 DESIGN IV - ADVANCED DESIGN
Units: 3.00
UC:CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: ARCHT-140, ARCHT-200A, ARCHT-200B, ARCHT-220 and ID-114 Recommended Preparation: ID-115
Application of methods and theory used in architectural design projects. Includes graphic technique, design process, site analysis, presentation drawings, construction principles physical and cultural determinants of design and urban form. Portfolio will be produced. Field trip may be required.
ART

The Art Department program at College Of The Canyons provides students with introductory courses in the fine arts. The current program offers both studio and lecture sections, the majority are transferable to University Of California, California State University as well as most private art colleges in the nation. The College Of The Canyons catalog reflects California State University's lower division requirements for a BA at the freshman and sophomore levels. The art program provides a wide range of skills. Studio courses at the beginning and intermediate levels include: beginning drawing, life drawing, 2-D design, 3-D design, sculpture, two levels of printmaking, painting, watercolor painting, landscape painting and illustration. Art appreciation and art history courses survey the development of art from the Paleolithic period to the present. In addition to developing critical and creative skills, art students have many opportunities to get involved in contemporary art culture. As part of the regular program, students will do many of the following activities: visit local art exhibitions, artists' studios, private collections and art libraries; gain experience at review writing. The art gallery provides a program of up to five exhibitions a year. While our exhibition schedule represents diversity in culture and style, it also parallels the curriculum of the fine and applied arts departments. The gallery serves as an instructional tool for all visual arts courses, the college at large- indicating relationships with other academic departments and the community.

Associate in Arts Degree: Studio Arts for Transfer
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Studio Arts. Additional majors are being developed. Please see a counselor or visit www.canyons.edu for more information.

Degree Student Learning Outcome:
Students will be able to critically engage with the world of ideas, both historical and contemporary, enabling them to interpret and understand their place in the world as citizens and active participants in the expression of human culture and values.

- ART-237 Fundamentals of Printmaking  . . . . . . . . .3.0

Recommended electives:

- ART-224A Drawing III – Life Drawing  . . . . . . . . .3.0
- ART-236 Sculpture II  . . . . . . . . . . . . . . . . . . . . .3.0
- ART-238 Printmaking – Intaglio  . . . . . . . . . . . . . .3.0
- ART-295 Professional Skills for Artists  . . . . . . . . .3.0

ART 110 ART HISTORY: ANCIENT TO MEDIEVAL
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ARTH 110
Analyzes major works of art, emphasizing major monuments of art on painting, sculpture, and architectures of the Western World from prehistoric times until the Renaissance. Field trip may be required.

ART 111 ART HISTORY: RENAISSANCE TO MODERN
Units: 3.00
UC:CSU 54.00 hours lecture
Analyzes major works of art, emphasizing leading creative movements of the Western World from the Italian Renaissance through the contemporary period. Field trip may be required.

ART 115 ART HISTORY: U.S. AND EUROPEAN MODERNISM
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the history of architecture, sculpture and painting from the mid-nineteenth century to the present time in Western Europe and North America, emphasizing art of the twentieth century. Museum field trips may be required.

ART 124A DRAWING I
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
C-ID ARTS 110
The beginning course in drawing experiences emphasizing basic drawing techniques in a variety of media and compositional and design fundamentals.

ART 124B DRAWING II
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
C-ID ARTS 200
Recommended Preparation: ART-124A
Continues the study of drawing focusing on skeletal and muscular structure from a live model, and emphasizing the development of drawing skills to suggest proportion, form, and gesture.

ART 140 BEGINNING DESIGN: TWO-DIMENSIONAL MEDIA
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
C-ID ARTS 100
Introduces the study of the elements and principles of 2-D design with special emphasis on structure, color, and composition; materials may include pencil, gouache, and ink.

ART 141 BEGINNING DESIGN: THREE-DIMENSIONAL MEDIA
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
C-ID ARTS 101
Introduces the basic principles of three-dimensional design with applications in a variety of sculptural media including clay, plaster, wood and paper. Topics include basic design principles, interpretive analysis of form and content and theories of spatial organization. Field trip may be required.
ART 205 LANDMARKS OF ART AND VISUAL CULTURE
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces great works of art and visual culture, both past and present, as a means of stimulating visual, emotional, and intellectual awareness of the artistic heritage of world culture. Field trips may be required.

ART 220 WATERCOLOR PAINTING
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
Introduces the use of transparent watercolor media, including instruction in the techniques of wet into wet, dry brush, glazing and direct painting applications. Field trips may be required.

ART 222 ILLUSTRATION I
Units: 3.00
CSU 27.00 hours lecture, 81.00 hours lab
Prerequisite: ART-124A or ART-140
Introduces materials and techniques used by commercial illustrators. Projects emphasize concept development, style, imagery, and illustrative communication for use in and in combination with advertising, editorial print media, and various publications. Projects are designed to meet professional standards. Field trips may be required.

ART 224A DRAWING III - LIFE DRAWING
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
Prerequisite: ART-124A or ART-140
Introduces beginning drawing techniques, pictorial design, and composition. Includes exploration of various media such as oil and acrylic. Field trip may be required.

ART 227 PAINTING I
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
Prerequisite: ART-124A or ART-140
Introduces beginning painting techniques, pictorial design, and composition. Includes exploration of various media such as oil and acrylic. Field trip may be required.

ART 228 PAINTING II
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
Prerequisite: ART-227 or presentation of portfolio
Introduces advanced painting techniques, including pictorial design, creative interpretation, and using various media. Field trips may be required.

ART 235 SCULPTURE
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
Prerequisite: ART-141
Introduces the study of plastic form through the processes of modeling, casting, carving, and construction. Emphasis on the development of ideas and personal expression. Materials may include clay, plaster, hydrocal, stone carving, wood carving, and mixed media. Field trip may be required.

ART 236 SCULPTURE II
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
Prerequisite: ART-235
Second of a two course sequence in sculpture continuing the student's knowledge of contemporary techniques and materials. Additive, subtractive, manipulation and substitution techniques are further explored.

ART 237 FUNDAMENTALS OF PRINTMAKING
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
Recommended Preparation: ART-124A
Introduces materials and techniques of monotype, etching, silk screen and relief print including wood and linoleum.

ART 238 PRINTMAKING - INTAGLIO
Units: 3.00
UC:CSU 27.00 hours lecture, 81.00 hours lab
Prerequisite: ART-237
Introduces intaglio printmaking techniques and image development, including etching, photo etching, engraving, dry-point and aquatint.

ART 295 PROFESSIONAL SKILLS FOR ARTISTS
Units: 3.00
CSU 27.00 hours lecture, 81.00 hours lab
Emphasizes business and practical skills for a career in the arts, including photographing, documenting, matting, framing, crating, shipping, installation, lighting, resume writing, publicity, visual presentation, preparation of invoices and taxes, contracts, copyright law and portfolio presentation.
ASTRONOMY

Astronomy is the study of the principles and development of the solar system and the galaxies. Astronomy classes include general survey introductory courses for physical science majors or students looking for interesting alternatives to fulfill general education requirements. The following is a sample of career options available for astronomy majors, of which most require a baccalaureate degree, and some require a graduate degree: teacher, astrophysicist and astronomer. An associate degree is not available in astronomy.

ASTRON 100 SURVEY OF GENERAL ASTRONOMY
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the principal concepts of astronomy, including motion, light, telescopes, our solar system, extra-solar planets, and the evolution of stars, galaxies, and cosmology. UC credit limitation: No credit for ASTRON-100 if taken after 101 or 102.

ASTRON 101 STARS AND GALAXIES
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys stellar and galactic astronomy including the properties of atoms, light, stars, galaxies, and the formation and evolution of the universe. UC credit limitation: No credit for ASTRON-100 if taken after 101 or 102.

ASTRON 102 OUR SOLAR SYSTEM AND OTHER PLANETARY SYSTEMS
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the dynamics of our solar system and other planetary systems, including Kepler's Laws, motion, planets and their satellites, dwarf planets, comets, meteors, and extra-solar planet systems. UC credit limitation: No credit for ASTRON-100 if taken after 101 or 102.

AUTOMOTIVE TECHNOLOGY

Associate in Science Degree and Certificate of Achievement: Automotive Technology
The Automotive Technology program is a comprehensive two-year program designed to prepare students with the industry defined entry-level skills needed for an automotive technician position in a variety of settings including dealerships, independent automotive repair facilities or city/county agencies. Students may opt to complete an associate in science degree or a certificate of achievement in Automotive Technology. The program provides in-depth training with extensive hands-on experiences. In the classroom, students learn the theoretical aspects of automotive diagnosis, repair and service. In the automotive laboratory setting students will experience applying the theory learned in the classroom. Upon completion of the course work required for the certificate or major, students will have achieved competencies in the areas of brakes, suspension, electrical components and wiring, transmissions, engine diagnosis and drivability. While many automobile dealerships require technicians to acquire manufacturer specialty training, the basic skills and knowledge needed to enter specialty training will be obtained in the Automotive Technician program at College of the Canyons.

Degree and Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment in the automotive industry.

Program Requirements:
Units Required: 34

College of the Canyons
AUTO 090 AUTOMOTIVE MAINTENANCE AND OPERATION
Units: 3.00
36.00 hours lecture, 54.00 hours lab
Introduces an overview of automotive maintenance and repair concepts for the student with little or no background in the automotive field. Topics include: basic theory of operation, basic maintenance, lubrication, cooling system, fuel, lighting, brakes, tires and the ignition system.

AUTO 094 AUTOMOTIVE HEATING AND AIR CONDITIONING
Units: 3.00
27.00 hours lecture, 81.00 hours lab
Provides theory and practical application of the function and repair of heating and air conditioning systems as applied to domestic and imported automobiles.

AUTO 101 AUTOMOTIVE ENGINE FUNDAMENTALS
Units: 4.00
CSU 54.00 hours lecture, 67.50 hours lab
Introduces theory and practice in automotive engine repair, including operating principles and descriptions of all components in an engine.

AUTO 102 ENGINE PERFORMANCE I
Units: 4.00
CSU 45.00 hours lecture, 81.00 hours lab
Prerequisite: AUTO-101
Introduces the design and operation of domestic and import ignition, fuel and emission control systems.

AUTO 103 AUTOMOTIVE ELECTRICAL SYSTEMS
Units: 5.00
CSU 72.00 hours lecture, 54.00 hours lab
Recommended preparation: AUTO-101
Presents the theory and practical application of basic electricity and automotive electrical systems such as battery, starting, charging, and electronic ignition.

AUTO 104 STEERING, SUSPENSION AND ALIGNMENT
Units: 3.00
CSU 36.00 hours lecture, 72.00 hours lab
Provides theory, diagnosis and repair procedures of modern suspension and steering systems on import and domestic vehicles.

AUTO 105 AUTOMATIC TRANSMISSIONS
Units: 5.00
CSU 72.00 hours lecture, 54.00 hours lab
Recommended Preparation: AUTO-101
Introduces the theory and principles of automatic transmissions and transaxles, including procedures for diagnosing problems, adjusting, and overhauling the automatic transmission and transaxle.

AUTO 106 MANUAL TRANSMISSIONS, TRANSAXLES AND DRIVETRAINS
Units: 5.00
CSU 72.00 hours lecture, 54.00 hours lab
Recommended Preparation: AUTO-101
Presents the principles, theory, operation, and diagnosis of problems and service procedures of clutches, manual transmissions, drivelines, transfer cases, and transaxle assemblies.

AUTO 109 AUTOMOTIVE BRAKE SYSTEMS
Units: 4.00
CSU 45.00 hours lecture, 81.00 hours lab
Provides the theoretical and practical application of the operation, diagnosis and repair of automotive brake systems.
BIOLOGICAL SCIENCES

 Associate in Science Degree: Biological Sciences

Biological Sciences covers all aspects of the scientific study of life and emphasizes both the unity and diversity of living things. The structure, function, and behavior of organisms are studied at the molecular, cellular, organismal and environmental levels. The biology program serves three areas: a broad background of studies for the biology major preparing for transfer to a four-year institution; support courses in human anatomy, human physiology, and general microbiology, which may be used to satisfy prerequisites for nursing programs and other allied-health fields; and courses in natural sciences to fulfill general education requirements.

Degree Student Learning Outcome:
Students will be able to interpret, analyze, and evaluate biological knowledge using the scientific method.

Program Requirements:
Units Required: 32

Eight units from the following:

- BIOSCI-106 Organismal & Environmental Biology .......... 4.0
- BIOSCI-107 Molecular and Cellular Biology .......... 4.0
- or
- BIOSCI-107H Molecular and Cellular Biology Honors .......... 4.0

Eight units from the following:

- BIOSCI-201 Introduction to Human Anatomy .......... 4.0
- BIOSCI-202 Introduction to Human Physiology .......... 4.0
- BIOSCI-204 Human Anatomy and Physiology I .......... 4.0
- BIOSCI-205 Human Anatomy and Physiology II .......... 4.0
- BIOSCI-215 General Zoology .......... 4.0
- BIOSCI-216 General Botany .......... 4.0
- BIOSCI-221 Introduction to Microbiology .......... 5.0
- BIOSCI-240 Molecular Genetics .......... 4.0

Sixteen units from the following:

- CHEM-201 General Chemistry I .......... 6.0
- or
- CHEM-201H General Chemistry I – Honors .......... 6.0
- CHEM-202 General Chemistry II .......... 5.0
- CHEM-255 Organic Chemistry I .......... 5.0
- CHEM-256 Organic Chemistry II .......... 5.0
- MATH-211 Calculus I .......... 5.0
- MATH-212 Calculus II .......... 5.0
- PHYSIC-110 General Physics I .......... 4.0

Recommended electives:

- PHYSIC-111 General Physics II .......... 4.0
- PHYSIC-220 Physics for Scientists and Engineers:
  Mechanics of Solids and Fluids .......... 4.0
- PHYSIC-221 Physics for Scientists and Engineers:
  Electricity and Magnetism .......... 4.0

BIOSCI 100 GENERAL BIOLOGY

Units: 4.00

UC:CSU 54.00 hours lecture, 54.00 hours lab
Explores the nature of science, including cell structure and processes, energetics in living systems, heredity, development, evolution, diversity, and environmental relationships. UC credit limitation: No credit for BIOSCI-100 if taken after BIOSCI-106, 107, 107H, 201, 202, 204, 205, 215, 216, or 221.

BIOSCI 100H GENERAL BIOLOGY – HONORS

Units: 4.00

UC:CSU 54.00 hours lecture, 54.00 hours lab
Recommended Preparation: ENGL-101 or ENGL-101H
Explores the nature of science, including cell structure and processes, energetics in living systems, heredity, development, evolution, diversity, and environmental relationships. Critical analysis combined with written and oral presentation of primary scientific literature will differentiate BIOSCI 100H from BIOSCI 100. UC credit limitations: No credit for BIOSCI-100H if taken after BIOSCI-106, 107, 107H 201, 202, 204, 205, 215, 216, or 221.

BIOSCI 106 ORGANISMAL & ENVIRONMENTAL BIOLOGY

Units: 4.00

UC:CSU 54.00 hours lecture, 54.00 hours lab
Introduction to organismal and environmental biology, cell theory, patterns of reproduction, embryological and organ development in major plant and animal groups, behavior, Mendelian genetics, population genetics, diversity of plants and animals, classification, and principles of ecology and evolution.

BIOSCI 107 MOLECULAR AND CELLULAR BIOLOGY

Units: 4.00

UC:CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: MATH-070
Introduces the principles of cellular form and function including: bioenergetics and metabolism, molecular structure and evolution, gene regulation, cellular anatomy and physiology, and the principles of biotechnology.
BIOSCI 107H MOLECULAR AND CELLULAR BIOLOGY HONORS
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: MATH-070
Recommended Preparation: ENGL-101 or ENGL-101H
Introduces the principles of cellular form and function including: bioenergetics and metabolism, molecular structure and evolution, gene regulation, cellular anatomy and physiology, and the principles of biotechnology. Critical analysis combined with written and oral presentation of primary scientific literature will differentiate BIOSCI 107H from BIOSCI 107.

BIOSCI 130 ENVIRONMENTAL BIOLOGY
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces basic ecological principles, current environmental issues such as pollution (air, water, and soil), global warming, deforestation, the impact of human population growth on the earths environment, and possible solutions to these problems. Not designed for biological science majors.

BIOSCI 132 CONCEPTS IN EVOLUTION
Units: 3.00
UC:CSU 54.00 hours lecture
Explores the emergent concepts of evolution by natural selections, elementary population genetics, concepts of fitness and adaptation, genetic and developmental basis for evolutionary change, speciation, micro and macro evolution, human evolution, evolutionary science, creationism and society.

BIOSCI 140 PRINCIPLES OF HUMAN GENETICS
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces the principles of human genetics and function of DNA; genes, chromosomes and patterns of inheritance are explored. Not designed for biological science majors.

BIOSCI 180 BIOLOGY OF CANCER
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces the basic principles underlying the development and treatment of cancer, including risk factors, tumor formation, cancer genes, and cancer vaccines.

BIOSCI 201 INTRODUCTION TO HUMAN ANATOMY
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
C-ID BIOL 110B
Prerequisite: BIOSCI-107 or BIOSCI-107H
Covers the major structural characteristics of the human body, including cells, tissues, organs, and the following organ systems: skeletal, muscular, nervous, circulatory, respiratory, digestive, urinary, reproductive and endocrine. UC credit limitations: BIOSCI-201, 202 and 204, 205 combined; maximum credit 8 units.

BIOSCI 202 INTRODUCTION TO HUMAN PHYSIOLOGY
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
C-ID BIOL 120B
Prerequisite: BIOSCI-107 or BIOSCI-107H
Develops a general understanding of the functioning of the human body, including cells and membranes, nerve and muscle function, cardiovascular, respiratory, renal, and gastrointestinal physiology, metabolism, endocrinology and reproduction. Students gain experience in the use of standard and computerized physiological equipment. UC credit limitations: BIOSCI-201, 202 and 204, 205 combined; maximum credit 8 units.

BIOSCI 204 HUMAN ANATOMY AND PHYSIOLOGY I
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: BIOSCI-107 or BIOSCI-107H
Introduces the structure and function of the human body. UC credit limitation: BIOSCI-201, 202 and 204, 205 combined; maximum credit 8 units.

BIOSCI 205 HUMAN ANATOMY AND PHYSIOLOGY II
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
C-ID BIOL 115S
Prerequisite: BIOSCI-204
Continues the study of the structure and function of the human body. UC credit limitation: BIOSCI-201, 202 and 204, 205 combined; maximum credit 8 units.

BIOSCI 208 HUMAN PROSECTION
Units: 1.00
UC:CSU 54.00 hours lab
Prerequisite: BIOSCI-201 or BIOSCI-204 and 205
Provides experience in the dissection of human cadaver including identification of the major visceral organs and structures, and fine dissection of specific regions or organs.
BIOSCI 215 GENERAL ZOOLOGY
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: MATH-070
Recommended Preparation: BIOSCI-107 or BIOSCI-107H
Surveys the animal kingdom with emphasis on integrating mechanisms at the cellular, organismal, and population levels. Includes cell organization, morphology, and comparative development (anatomy/physiology) with principles of population biology, population genetics, evolution and ecology.

BIOSCI 216 GENERAL BOTANY
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: MATH-070
Recommended Preparation: BIOSCI-107 or BIOSCI-107H
Introduces morphology, anatomy, physiology, and taxonomy of the plant kingdom with an emphasis on seed-bearing plants. Includes principles of plant genetics, population biology, and plant ecology and economics.

BIOSCI 219 MARINE BIOLOGY
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
A study of the description, distribution and natural history of marine organisms. Laboratories will include both in class and field studies - which may extend outside the assigned laboratory times.

BIOSCI 221 INTRODUCTION TO MICROBIOLOGY
Units: 5.00
UC:CSU 54.00 hours lecture, 108.00 hours lab
Prerequisite: BIOSCI-107 or BIOSCI-107H
Introduces the biology of micro-organisms (bacteria, viruses, protozoa, parasitic worms, algae, fungi), their significance, and their role in human affairs.

BIOSCI 240 MOLECULAR GENETICS
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: BIOSCI-107 or BIOSCI-107H
Introduces the principles of both prokaryotic and eukaryotic genetics, while emphasizing the structure, function and regulation of genes along with patterns of inheritance.

BUSINESS

The Business department offers a comprehensive program for transfer and non-transfer students. The first two years of coursework in preparation for a four-year degree in Accounting and/or Business Administration may be completed, or students may earn associate degrees and/or certificates while exploring areas of personal interest or job enrichment. The department offers a variety of courses in Accounting, Bookkeeping, Business Administration, International Business, Business Mathematics, Management, Finance, Investing, Marketing, Salesmanship, Retail Management, Electronic Commerce, Advertising, Ethics, Law, Conflict Resolution and Managing Diversity in the Workplace. Associate degrees and certificates are designed to allow students to specialize in a particular area, and are especially useful for persons seeking a first job, or looking to advance in a current career.

Associate in Science Degree and Certificate of Achievement: Accounting (Transfer)

Degree and Certificate Student Learning Outcome:
Students will be able to analyze financial, economic, and management issues and formulate strategies for the growth and development of a business entity.

Program Requirements:
Units Required: 22-23

Certificate of Specialization: E-Commerce – Business

In recent years, various changes in the business environment have occurred, including the emergence of new information technologies. Consequently, many businesses need to realign with the new Internet economy in order to compete effectively in our changing world. In addition, there are opportunities for e-business start-ups with sound business foundations and competitive strategies. This certificate of completion in E-Commerce Business attempts to provide students with the skill-building techniques and knowledge that will empower them to achieve career goals in the current e-business environment.

Certificate of Specialization: International Trade – Finance

The continuing trend toward globalization requires that students in business have a fundamental grasp of the social and economic factors leading to commercial internationalization and the management practices required to operate successfully in an international environment. This certificate of specialization provides students with a solid foundation in the concepts of trade and commerce with an emphasis on the financial aspects of globalization. It is ideal for those currently working in an international business environment and wish to increase their fundamental knowledge regarding concepts and practices in addition to those who desire a solid introduction to international business. Students should also consider the International Trade – Marketing certificate of completion in addition to this certificate for an even more comprehensive course of study.

Certificate Student Learning Outcome:
Students will be able to analyze and develop a commercial multinational or globalization financial strategy to ensure the financial stability of an ongoing business.

Program Requirements:
Units Required: 15

Certificate of Achievement: Retail Management

Retail Management is an expanding career path supported by many industry sectors. Strong retail managers are essential to business success in electronics, clothing, food, entertainment, home furnishings, children's supplies, publishing, cosmetics, educational materials, gift, athletic equipment, pet supplies, and just about every other imaginable consumer product and service. The retail industry is at the heart of many local economies. Effective management is the key to long-term economic security throughout the state. This program, designed in collaboration with industry leaders, is intended to provide the student with many of the competencies required for success at the management level within the vast retail industry. This program encompasses the business essentials such as accounting and marketing, and also emphasizes management and communication skills required for career success.

Certificate Student Learning Outcome:
Students will be able to demonstrate the skills necessary to successfully manage a retail business enterprise, including human resources, marketing, and bookkeeping.

Program Requirements:

BUS 080 CUSTOMER SERVICE  
Units: 0.50  
9.00 hours lecture  
Introduces key skills and attitudes necessary to provide outstanding customer service to meet the needs of customers. Focuses on understanding and exceeding customer expectations and how to deal with unrealistic expectations. The long-term value of customers and reasons why customers leave will be addressed. Offered pass/no-pass only.

BUS 081 COMMUNICATION IN THE WORKPLACE  
Units: 0.50  
9.00 hours lecture  
Examines key elements in communication within business organizations, including verbal and nonverbal communication, listening skills, and workplace skills. Offered pass/no-pass only.

BUS 082 ATTITUDE IN THE WORKPLACE  
Units: 0.50  
9.00 hours lecture  
Introduces key skills related to attitude, how attitude is communicated, and how attitude can be adjusted to communicate effectively in the workplace. Offered pass/no-pass only.

BUS 083 CONFLICT RESOLUTION  
Units: 0.50  
9.00 hours lecture  
Examines the meaning and causes of conflict, including strategies for resolving interpersonal conflict and dealing with difficult customers. Offered pass/no-pass only.

BUS 084 VALUES AND ETHICS  
Units: 0.50  
9.00 hours lecture  
Examines how values and ethics influence actions and behaviors in the workplace, emphasizing how values influence actions, evaluating one’s ethical behavior, and helping people do the right thing. Offered pass/no-pass only.

BUS 085 TEAM BUILDING  
Units: 0.50  
9.00 hours lecture  
Provides the student with an understanding of how business teams work together, problems teams encounter, and how to solve those problems in the workplace. Offered pass/no-pass only.

BUS 086 DECISION MAKING AND PROBLEM SOLVING  
Units: 0.50  
9.00 hours lecture  
Introduces decision making and problem solving techniques used in business. Offered pass/no-pass only.

BUS 087 MANAGING ORGANIZATIONAL CHANGE  
Units: 0.50  
9.00 hours lecture  
Examines change and the influence change has on an organization and the individuals in that organization, including understanding organizational change, stages of change, and how to manage organizational change. Offered pass/no-pass only.

BUS 088 STRESS MANAGEMENT  
Units: 0.50  
9.00 hours lecture  
Examines the recognition and causes of stress in the workplace, including the benefits of stress management. Offered pass/no-pass only.

BUS 089 TIME MANAGEMENT  
Units: 0.50  
9.00 hours lecture  
Introduces time management principles and specific tools that assist in making maximum use of time in business situations, emphasizing prioritization, identifying time wasters, and goal setting. Offered pass/no-pass only.

BUS 100 INTRODUCTION TO BUSINESS  
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID BUS 110  
Introduces the field of business administration, examining how U.S. and global business policies and practices are affected by the interaction of economic systems, culture, legal, political, and financial institutions, including economic systems, leadership, entrepreneurship, strategic management, organizational structure and communication, marketing, accounting, finance, stock market, operations, information technology, human resources, organized labor, ethics, social responsibility, sustainability, and globalization.

BUS 101 BOOKKEEPING AND ACCOUNTING  
Units: 5.00  
CSU 90.00 hours lecture  
Introduces the theory and application of double entry bookkeeping for non-transfer business majors. Examines the accounting cycle for both service and merchandising sole-proprietorship firms, including the use of ledgers, worksheets, and special purpose journals.

<tr>
<td>BUS 103</td>
<td><strong>INTRODUCTION TO INTERNATIONAL BUSINESS</strong></td>
<td>3.00</td>
<td>Lecture</td>
<td>A combination of global business theory as affected by cultural, political, legal, and international economic factors with instruction on government regulation, foreign market analysis, exporting, and importing. Internet applications are utilized to familiarize the student with available international business and government resources. Case studies are emphasized to demonstrate the practical applications of course subject matter.</td>
</tr>
<tr>
<td>BUS 110</td>
<td><strong>PRINCIPLES OF MANAGEMENT</strong></td>
<td>3.00</td>
<td>Lecture</td>
<td>Focuses on the fundamental functions of modern management in a changing world with an emphasis on planning, leading, organizing, and control. Substantive areas include leadership in management, motivation, communication, cultural diversity, team decision-making, management by objectives, organizational environment, sustainability, planning and strategic management, control process, organizational structure, and managing organizational change.</td>
</tr>
<tr>
<td>BUS 111</td>
<td><strong>HUMAN RELATIONS IN THE WORKPLACE</strong></td>
<td>3.00</td>
<td>Lecture</td>
<td>Introduces basic concepts of individual, group, and organizational human behavior as they affect human relations, performance, and productivity within the workplace, including strategies and techniques that influence interpersonal, administrative, and organizational communications and interactions among people.</td>
</tr>
<tr>
<td>BUS 112</td>
<td><strong>HUMAN RESOURCE MANAGEMENT</strong></td>
<td>3.00</td>
<td>Lecture</td>
<td>Introduces the management of human resources and an understanding of the impact and accountability to the organization in terms of human resource activities. Topics include global human resource strategies, social and organizational realities, legal implications affecting people at work, union/non-union practices, comparable work, employee compensation and benefits, and employee rights.</td>
</tr>
<tr>
<td>BUS 113</td>
<td><strong>RETAIL MANAGEMENT</strong></td>
<td>3.00</td>
<td>Lecture</td>
<td>Introduces principles and practices used in the management of retail stores. Topics include site selection, layout, organization, staffing, positioning, customer service, the critical buying function, and promotional techniques.</td>
</tr>
<tr>
<td>BUS 117</td>
<td><strong>BUSINESS ENTREPRENEURSHIP</strong></td>
<td>3.00</td>
<td>Lecture</td>
<td>Comprehensive analysis of establishing, marketing, financing, promoting, insuring, developing and staffing a small business.</td>

<tr>
<td>BUS 120</td>
<td><strong>PRINCIPLES OF CUSTOMER SERVICE</strong></td>
<td>3.00</td>
<td>Lecture</td>
<td>Introduces principles and strategies used in providing excellent customer service. Emphasizes the key components of excellent customer service such as overcoming barriers to customer service, encouraging customer loyalty, resolving customer issues, communicating the importance of employee attitudes on customer relations, and developing internal values and ethics impacting corporate culture.</td>
</tr>
<tr>
<td>BUS 121</td>
<td><strong>SUPERVISORY SKILLS FOR BUSINESS LEADERSHIP</strong></td>
<td>3.00</td>
<td>Lecture</td>
<td>Introduces principles and practices used in supervisory and leadership roles in business. Topics include creative problem-solving, effective individual and group decision making, the impact of leadership on the corporate culture, how to influence change in the corporate culture, and the role of delegation and priority-setting in effective time management.</td>
</tr>
<tr>
<td>BUS 126</td>
<td><strong>MANAGING DIVERSITY IN THE WORKPLACE</strong></td>
<td>3.00</td>
<td>Lecture</td>
<td>Examines the effects of increasing diversity in the workplace, including the benefits and challenges to management and staff presented by diversity of gender, race, ethnicity, national origin, sexual orientation, and other differences. Organizational and interpersonal strategies for working effectively are examined along with developing skills for the creation of productive and diverse business environments.</td>
</tr>
<tr>
<td>BUS 132</td>
<td><strong>NEGOTIATION AND CONFLICT RESOLUTION</strong></td>
<td>3.00</td>
<td>Lecture</td>
<td>Introduces organizational conflict and strategies for effective resolution with concentration on internal and external sources of conflict. Emphasizes non-litigation resolution, including arbitration, mediation, and mini-trial.</td>
</tr>
</tbody>
</table>
### BUS 140 PRINCIPLES OF MARKETING
Units: 3.00  
CSU 54.00 hours lecture  
Focuses on the fundamental concepts of modern marketing in a changing world. Substantive areas include: creating customer value, buying behaviors, market research, market strategy, target market analysis, global marketing, electronic marketing, and sales techniques, with particular emphasis on the marketing mix, including product, pricing, promotion, and distribution decisions.

### BUS 141 PRINCIPLES OF ADVERTISING
Units: 3.00  
CSU 54.00 hours lecture  
Focuses on fundamental concepts of modern advertising in the current business environment while using specialized techniques to create and promote an advertising campaign. Topics include the role of advertising, its relation to the marketing mix, psychological and socio-cultural influences on consumer buying behavior, advertising research and strategy, target market analysis, the global marketing environment, electronic advertising, media selection, ethics, creative advertising message design, and integrated marketing. Emphasizes planning an advertising campaign and communicating ideas using advertising techniques.

### BUS 142 PRINCIPLES OF SELLING
Units: 3.00  
CSU 54.00 hours lecture  
Focuses on developing concepts of selling in the current business environment, including electronic selling, communication styles, sales servicing, ethics, and sales-force management. Emphasizes developing effective selling strategies and confidence building when making sales decisions.

### BUS 143 INTERNATIONAL MARKETING
Units: 3.00  
CSU 54.00 hours lecture  
Introduces the marketing of goods and services in an international environment, including the development of a comprehensive commercial marketing program. Covers topics such as market selection, effective distribution, and pricing.

### BUS 144 PERSONAL FINANCE
Units: 3.00  
CSU 54.00 hours lecture  
Introduces the concepts, tools, and applications of personal financial planning, including developing and prioritizing goals, managing money and credit, identifying investment alternatives, as well as examining retirement planning, housing decisions, tax planning, risk management/insurance, estate planning, and the institutional sources and regulation of financial services and products.

### BUS 156 INTRODUCTION TO INVESTMENTS
Units: 3.00  
CSU 54.00 hours lecture  
Introduces the principles of investing and money management as primarily related to the stock market, including the various types of financial assets an investor must choose from, as well as related institutional settings and valuations.

### BUS 157 ENTREPRENEURIAL FINANCE
Units: 3.00  
CSU 54.00 hours lecture  
Introduces the fundamentals of finance that apply to current or prospective entrepreneurs, including time value of money, cost of capital, working capital management, risk and return, financial performance, and the interpretation of financial statements.

### BUS 159 INTERNATIONAL FINANCE
Units: 3.00  
CSU 54.00 hours lecture  
*Recommended Preparation: BUS-157*  
Examines the international aspects of commercial finance. Topics include international corporate finance, foreign exchange, foreign direct investment, and multinational tax implications.

### BUS 160 BUSINESS ETHICS
Units: 3.00  
CSU 54.00 hours lecture  
Presents different schools of ethical thought applicable in the business environment including ethical issues and methodologies used for appropriate conduct. Current cases and fact scenarios are presented along with historical examples to demonstrate their effect on contemporary ethical dilemmas.

### BUS 185 PRINCIPLES OF IMPORTING AND EXPORTING
Units: 3.00  
CSU 54.00 hours lecture  
Introduces the basic aspects of importing and exporting, including terms and techniques essential to operating an import/export business.

### BUS 190 PRINCIPLES OF ELECTRONIC COMMERCE
Units: 3.00  
CSU 54.00 hours lecture  
Introduces the theoretical and practical issues related to conducting business via the internet. Topics include: evolving e-business models, web-based technologies, value chains, electronic marketing, payment systems, security, ethics, legal, international, and cross-cultural issues. Familiarity with navigating the internet is assumed.
BUS 192 E-BUSINESS STRATEGY
Units: 3.00
CSU 54.00 hours lecture
Focuses on the fundamental concepts of strategic planning for conducting business via the Internet. Substantive areas include: case analysis of business issues and strategies in the Internet economy, and key elements needed to develop a strategic e-business plan for competitive advantage. Familiarity with the Internet is assumed.

BUS 201 PRINCIPLES OF ACCOUNTING I
Units: 5.00
UC:CSU 90.00 hours lecture
Presents the fundamental principles, theory, and application of accounting through the use of journals, ledgers, and worksheets. Covers the entire accounting cycle for both sole-proprietorships and partnerships, including the preparation and analysis of financial statements. Designed for transfer majors in business disciplines.

BUS 202 PRINCIPLES OF ACCOUNTING II
Units: 5.00
UC:CSU 90.00 hours lecture
Prerequisite: BUS-201.
A continuation of the basic accounting theories and practices covered in BUS 201, expanding the use of financial and managerial accounting concepts used to make business decisions. Designed for transfer majors in business disciplines.

BUS 211 BUSINESS LAW
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID BUS 125
Introduces the legal environment of business, including the classification of civil actions and business crimes, examination of state and federal court systems, detailed study of contract, tort, employment discrimination, and property law.

BUS 211H BUSINESS LAW – HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: ENGL-101 or ENGL-101H
Introduces the legal environment of business, including the classification of civil actions and business crimes, examination of state and federal court systems, detailed study of contract, tort, employment discrimination, and property law. This is an honors section requiring additional reading, writing, research, and a higher level of critical legal analysis beyond the non honors sections.

BUS 214 INTERNATIONAL BUSINESS LAW
Units: 3.00
CSU 54.00 hours lecture
Introduces the legal environment of international commerce including a study of the forms of international business, multinational enterprises, trade in goods and services, and dispute settlement.
CHEMISTRY

Chemistry is the study of matter and its changes. Chemistry focuses on understanding matter and energy on a molecular level. The chemistry courses are designed to meet general education and major transfer requirements. Examples of career options include research scientist, teacher, pharmacist, and medical doctor. Some of these career options require a baccalaureate degree and others require a graduate degree. An associate degree is not available in chemistry.

CHEM 110 INTRODUCTORY CHEMISTRY
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: MATH-060
Introduces general, organic, and biochemistry to non-science majors, including scientific method, measurement, matter and energy, atomic theory, names and formulas, moles, reactions, stoichiometry, bonding, gas laws, solids and liquids, solutions, acids and bases, oxidation-reduction, nuclear chemistry, as well as names, structures, properties, and reactions of organic and biochemical compounds. Can not receive credit for both Chem 110 and Chem 151. Chem 110 can not be taken for credit after Chem 201.

CHEM 151 PREPARATORY GENERAL CHEMISTRY
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: MATH-060
A preparatory course for Chemistry 201. Provides basic foundation in problem solving, atomic theory, stoichiometry, nomenclature, states of matter, and solution chemistry. UC credit limitation: CHEM-110 and 151 combined, maximum credit, one course.

CHEM 151H PREPARATORY GENERAL CHEMISTRY - HONORS
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: MATH-060
A preparatory course for Chemistry 201. Provides basic foundation in problem solving, atomic theory, stoichiometry, nomenclature, states of matter, and solution chemistry. Honors work challenges students to be more analytical and creative through expanded assignments such as critical analyses of primary scientific literature, and enrichment opportunities which differentiate this course from CHEM-201. UC credit limitation: maximum credit, 5 units.

CHEM 201 GENERAL CHEMISTRY I
Units: 6.00
UC:CSU 90.00 hours lecture, 54.00 hours lab
C-ID CHEM 110
Prerequisite: MATH-070 and CHEM-151 or CHEM-151H, or MATH-070 and COC Chemistry Placement Exam
Provides a foundation in the basic principles of the molecular nature of matter and its change, including reaction chemistry, atomic and bonding theories of matter, the properties of matter (solids, liquids, gases, solutions) and their relationship to energy. Introduces gravimetric, volumetric, and spectroscopic analysis techniques in the laboratory portion. Required of all majors in chemistry and most other fields of science or technology. UC credit limitation: maximum credit, 5 units.

CHEM 201H GENERAL CHEMISTRY I – HONORS
Units: 6.00
UC:CSU 90.00 hours lecture, 54.00 hours lab
C-ID CHEM 110
Prerequisite: MATH-070 and CHEM-151 or CHEM-151H, or MATH-070 and COC Chemistry Placement Exam
Provides a foundation in the basic principles of the molecular nature of matter and its change, including reaction chemistry, atomic and bonding theories of matter, the properties of matter (solids, liquids, gases, solutions) and their relationship to energy. Introduces gravimetric, volumetric, and spectroscopic analysis techniques in the laboratory portion. Required of all majors in chemistry and most other fields of science or technology. Honors work challenges students to be more analytical and creative through expanded assignments such as critical analyses of primary scientific literature, and enrichment opportunities which differentiate this course from CHEM-201. UC credit limitation: maximum credit, 5 units.

CHEM 202 GENERAL CHEMISTRY II
Units: 5.00
UC:CSU 54.00 hours lecture, 108.00 hours lab
C-ID CHEM 120S
Prerequisite: CHEM-201 or CHEM-201H
Builds upon the foundation of principles of chemistry presented in Chemistry 201. Topics are chemical kinetics, ionic equilibria (solutions of acids and bases, buffers, solubility of insoluble salts, and solubility product), nuclear chemistry, thermodynamics (entropy & free energy), coordination compounds, advanced qualitative analysis, spectroscopy, and an introduction to organic chemistry.
CHEM 255 ORGANIC CHEMISTRY I
Units: 5.00
UC:CSU 54.00 hours lecture, 108.00 hours lab
Prerequisite: CHEM-202
First semester of a two-semester sequence in organic chemistry for science majors focusing on nomenclature, molecular structure, chemical and physical properties, reaction mechanisms, and synthesis of organic compounds. Laboratory experiments involve using appropriate methods, techniques, and instrumentation for the synthesis, purification, and identification of organic compounds.

CHEM 256 ORGANIC CHEMISTRY II
Units: 5.00
UC:CSU 54.00 hours lecture, 108.00 hours lab
C-ID CHEM 160S
Prerequisite: CHEM-255
Second semester of a two-semester sequence in organic chemistry for science majors, focusing on the syntheses and reaction mechanisms of aromatic, carbonyl, and biological compounds.

CINEMA
Courses in Cinema provide a broad survey of the history, theory, techniques and development of modern pictures. The history of film as an aesthetic form and its major artists, works and styles are emphasized. An associate degree is not available in cinema.

CINEMA 120 FILM AESTHETICS
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the motion picture both as a medium of mass communication and as a developing art form. Analyzes representative feature films as to genre, technique, aesthetics, and sociological impact.

CINEMA 121 HISTORY OF AMERICAN CINEMA
Units: 3.00
UC:CSU 54.00 hours lecture
Survey and critical analysis of American motion picture masterpieces. A study of the ideas and values of films as reflected and emphasized through artistic techniques.

CINEMA 122 HISTORY OF CINEMA
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys and analyzes motion picture masterpieces from their inception to the present, including how ideas and values are emphasized through artistic techniques.

CINEMA 123 AMERICAN CINEMA: CROSSING CULTURES
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys American motion pictures that have been made by filmmakers representing a variety of American ethnic groups. Students will analyze Hollywood's treatment of ethnic cultures throughout film history.

CINEMA 131 HISTORY OF INTERNATIONAL CINEMA
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys and analyzes international motion picture masterpieces from their inception to the present, including the ideas and values as reflected and emphasized through artistic techniques.

CHINESE
(See Modern Languages)
COMMUNICATION STUDIES

An Associate of Arts degree in Communication Studies seeks to provide students with a comprehensive knowledge of the complex and diverse nature of the communication process and a sharpened understanding of contexts within which humans use signs and symbols to create meaning. The degree focuses on the way[s] language and other symbolic systems are used interpersonally, within small group settings and in mass mediated formats. Courses will allow students to achieve three separate aims depending upon their academic goals. First, students will be well prepared to transfer to a four-year institution with a broad range of communication coursework completed. Second, students will be prepared for entry into a variety of careers—all of which require effective communication skills for working with diverse sets of people in an increasingly complex technological workplace. Careers including business, public relations, human resources, law [after law school], advertising arts, teaching, social & human services and entertainment industries are all suited for graduates of a Communication Studies degree. Finally, students who are interested in the field of Communication Studies but do not wish to complete a Baccalaureate degree in the discipline may pursue a terminal two-year course of study. Such study will prepare them to understand diverse communication messages and practice excellent communication skills in a variety of settings.

Associate in Arts Degree: Communication Studies for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Communication Studies. Additional majors are being developed. Please see a counselor or visit www.canyons.edu/Counseling for more information.

Degree Student Learning Outcome:

Students will be able to:
- Develop and deliver informative and persuasive presentations using clear written and oral communication skills.
- Analyze theoretical concepts of communication and assess how each concept is utilized within various communication contexts.

**COMS 105 Fundamentals of Public Speaking**

- Units: 3.00
- UC:CSU 54.00 hours lecture
- C-ID COMM 110

Examines the principles and practices of public speaking, communication theory, and techniques for public speaking. Includes speech organization, development, research, audience analysis, reasoning, and presentation skills for the development of informative and persuasive speeches.

**COMS 105H Fundamentals of Public Speaking - Honors**

- Units: 3.00
- UC:CSU 54.00 hours lecture
- C-ID COMM 110

Examines the principles and practices of public speaking, communication theory, and techniques for public speaking. Includes speech organization, development, research, audience analysis, reasoning, and presentation skills for the development of informative and persuasive speeches. Speech analysis and rhetorical criticism skills will differentiate COMS-105H from COMS-105.

**COMS 150 Oral Interpretation**

- Units: 3.00
- UC:CSU 54.00 hours lecture
- C-ID COMM 170

Introduces theoretical approaches to interpret literature and prepares students to apply these in the performance of that literature.

**COMS 190 Forensics**

- Units: 2.00-4.00
- CSU 18.00 hours lecture, 54.00-162.00 hours lab
- C-ID COMM 160B

May be taken four times for credit. Preparation for competitive speech team. Studies in argumentation and debate, informative and persuasive speaking, and extemporaneous and impromptu speaking. Involves research and one-on-one training. Requires participation in interscholastic competition or community speakers’ bureau.

**COMS 223 Small Group Communication**

- Units: 3.00
- UC:CSU 54.00 hours lecture
- C-ID COMM 140

Applies principles of communication in a variety of group contexts. Examines the theory, application, and evaluation of group communication processes, including problem solving, conflict management, decision making, and leadership.
COMS 225 STRATEGIES OF ARGUMENTATION
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID COMM 120
Introduces the strategies used for rhetorical argument, including finding issues, using evidence, and detailing fallacies in rhetorical communications.

COMS 227 INTRODUCTION TO RHETORICAL CRITICISM
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: ENGL-101 or ENGL-101H
Introduces critical methodologies of rhetoric and principles of rhetorical theory as a means to analyze and evaluate public discourse, including critical reasoning, advocacy, analysis, writing, and discussion.

COMS 235 INTERGENERATIONAL COMMUNICATION
Units: 3.00
CSU 54.00 hours lecture
Analyzes intergenerational interaction and communication patterns throughout the lifespan, including the examination of theories, attitudes, stereotypes, myths, and cultural differences.

COMS 246 INTERPERSONAL COMMUNICATION
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID COMM 130
Examines theories and topics within interpersonal communication, such as verbal and nonverbal communication, perception, self-concept, communication climate, relationship satisfaction, conflict, and self-disclosure within different communication contexts.

COMS 250 PROCESS OF COMMUNICATION
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID COMM 180
Surveys the discipline of communication studies, emphasizing a theoretical understanding of human communication. Explores the history, assumptions, principles, specializations, and processes of human communication as an academic field.

COMS 250H PROCESS OF COMMUNICATION – HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID COMM 180
Surveys the discipline of communication studies, emphasizing a theoretical understanding of human communication. Explores the history, assumptions, principles, specializations, and processes of human communication as an academic field. Additional reading, writing, critical thinking, and research techniques are required in the honors section.

COMS 256 INTERCULTURAL COMMUNICATION
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID COMM 150
Examines intercultural communication, including cultural patterns, verbal and nonverbal communication codes and their practical application in today's diverse society.

COMS 260 COMMUNICATION AND GENDER
Units: 3.00
UC:CSU 54.00 hours lecture
Examines the communication styles of males and females in a variety of settings and suggests ways to develop communication competence in gendered societies, including the areas of family, friendship, courtship and marriage, education, media, and business.

COMS 270 COMMUNICATION AND LEADERSHIP
Units: 3.00
CSU 54.00 hours lecture
Introduces students to the fundamental elements of communication in relation to leadership theories, ethics, styles, and perspectives, including the development of a personal philosophy of leadership that includes an understanding of self, others, and community. Prepares students for leadership roles in college and community settings.
COMPUTER APPLICATIONS AND WEB TECHNOLOGIES

Associate in Science Degree and Certificate of Achievement: Computer Applications
The CIT Computer Applications Degree is designed to provide a solid foundation in the latest, highly marketable business software used in industry today. This program provides the training and exposure that is essential to prospective computer users and office workers at all levels. The sequence of courses included in this program maps to the Microsoft Certified Applications Specialist (MCAS) exam, which provides an outstanding opportunity for students to present to prospective employers a globally recognized certificate representing high-level skills and achievement. At the conclusion of their studies, students will be prepared for entry-level positions such as administrative assistant, computer applications specialist, word processing specialist, database specialist, spreadsheet analyst, bookkeeping assistant, and web content provider. Students who complete this program will be eligible to sit for the MCAS examination.

Degree and Certificate Student Learning Outcome: Students will be able to demonstrate proficiency in the core skills and knowledge required to use popular office applications to develop professional documents for organizations and businesses.

Program Requirements:

Associate in Science Degree and Certificate of Achievement: Administrative Assistant
The CIT Administrative Assistant Degree and certificate is designed to provide a solid foundation in the area of office systems, procedures, and communications required for the modern office environment.

At the conclusion of their studies, students will be prepared for entry-level positions in a number of areas that relate to office procedures and protocol including business communications, and document formatting and processing. Also built into the program are options to pursue areas related to medical office procedures, bookkeeping, and database management.

Additionally, the CIT curriculum is tailored to meet the needs of businesses and organizations that are constantly responding to new trends and changes in technology.

Degree and Certificate Student Learning Outcome: Students will be able to demonstrate proficiency in the core skills and knowledge required for employment as an administrative assistant.

**Certificate of Specialization: Medical Office Administrative Assistant**

The Medical Office Administrative Assistant Certificate program provides students with the fundamental skills to work in entry-level office administrative positions for health-care facilities, doctors’ offices and hospitals. This program involves an experiential learning approach to expose students to concepts, skills, and practical application of computer software programs used in the health-care industry in the areas of front office reception, basic medical coding and billing, and transcription of dictated correspondence.

**Certificate Student Learning Outcome:**
Students will be able to demonstrate proficiency in the core knowledge and skills needed for employment as a medical office administrative assistant.

**Certificate of Specialization: E-Commerce - Technology**

The certificate of specialization in E-Commerce/Technology program provides students with an overview of the fundamental issues and skills involved in developing an online implementation of a business enterprise. The certificate should also appeal to those interested in general website development due to the business nature of many sites that pervade the web. The program’s “hands-on” approach assures prospective employers that students who complete the sequence will have obtained practical experience employing web technologies as business solutions. Courses are appropriate for those who seek entry-level positions in the field and for managers or entrepreneurs who desire a better understanding of the technologies employed in developing commercial websites.

**Certificate Student Learning Outcome:**
Students will be able to evaluate web technologies for potential business solutions and apply e-commerce principles to design an e-business Website.

**Certificate of Specialization: Website Development**

The certificate in website development affords students the opportunity to acquire basic skills related to the design, planning, and realization of functional websites. Many employers require their content developers to be proficient in markup languages, style sheets, generation of animated pages, and the latest authoring tools—the primary skills targeted by this certificate. This program is designed for those interested in all aspects of front-end website development and especially those who are considering future study, career moves, and promotional opportunities related to this growing and continuously evolving area.

**Certificate Student Learning Outcome:**
Students will be able to plan and create a functional website.

**CAWT 010 EXPLORING COMPUTERS - BRIEF**

Units: 1.50
18.00 hours lecture, 27.00 hours lab

Provides a brief overview of the use of computers, hardware, software, and application of the Internet in modern society. Formerly CIT-010.

**CAWT 011 MICROSOFT WINDOWS - BRIEF**

Units: 1.50
18.00 hours lecture, 27.00 hours lab

Provides a hands-on overview of Microsoft Windows fundamentals, including the basics of using a mouse, icons, Windows Explorer, file management, Windows accessories, and Control Panel. Formerly CIT-011.

**CAWT 035 THE INTERNET - BRIEF**

Units: 1.50
18.00 hours lecture, 27.00 hours lab

Explores the architecture and historical development of the Internet, including browsers, e-mail, online communications, netiquette, and online resources, including search engines, web applications, blogs, chat rooms, and RSS feeds. Familiarity with a PC and Microsoft Windows is assumed. Formerly CIT-035.

</tbody>
</table>
CAWT 115 BUSINESS ENGLISH
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces business language skills as they relate to written and oral communication in the contemporary business environment. Covers sentence structure, parts of speech, paragraph writing, and lays the foundation for clear and correct business writing. Formerly CIT-115.

CAWT 116 BUSINESS COMMUNICATIONS
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Presents concepts and techniques for developing written and oral communications skills adapted to various business situations, including the organization of information to support conclusions, using appropriate formats and business writing styles while applying conventions of standard English. Familiarity with computer keyboarding and the Windows operating system is assumed. Formerly CIT-116.

CAWT 120 ADMINISTRATIVE OFFICE PROCEDURES
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces the technological and procedural tasks typically encountered by the administrative assistant in the business environment. Formerly CIT-120.

CAWT 130 MEDICAL OFFICE PROCEDURES
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces administrative medical office procedures, including medical ethics, legal responsibilities and appropriate communications skills. Medical office software for completing such tasks as patient registration, records, appointment scheduling, and billing and collection is also examined. Formerly CIT-130.

CAWT 131 MEDICAL TRANSCRIPTION
Units: 2.00
CSU 18.00 hours lecture, 54.00 hours lab
Prerequisite: HLHSCI-249
Provides medical office assistant students with entry-level skills in medical transcription using computer applications, medical dictation and transcription software, incorporating business English, medical knowledge, proofreading, and editing skills. Formerly CIT-131.

CAWT 132 MEDICAL OFFICE FINANCES
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
C-ID IT IS 120
Examines the various financial methods used in medical offices and hospitals for a variety of duties using the latest medical management software program to perform such tasks as posting patient account entries, printing daily reports, managing office files, and billing routines such as insurance payments and adjustments, hospital coding and billing, report generation, and inpatient and outpatient coding and billing. Formerly CIT-132.

CAWT 140 SURVEY OF MICROSOFT OFFICE PROGRAMS
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces Microsoft Office and its organizational settings, including word processing, spreadsheet analysis, database management, and presentation software. Formerly CIT-140.

CAWT 145 QUICKBOOKS PRO
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces the basics of QuickBooks Pro, designed to assist in the operation of a small business as well as a merchandise business. Familiarity with the Windows operating system is assumed. Formerly CIT-145.

CAWT 150 MICROSOFT WORD I
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces the latest version of Microsoft Word, including creating, editing, formatting, saving, retrieving, and printing a variety of business documents. Prepares the student to take the Microsoft Office Specialist (MOS) certification core exam in Word. Formerly CIT-150.

CAWT 151 MICROSOFT WORD II
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: CAWT-150
Provides a continuation of CAWT-150, presenting a comprehensive overview of advanced features of Microsoft Word including, merging documents, sorting and selecting data using Access database, formatting macros, styles, working with shared documents, creating specialized tables and indexes, and using XML data in different applications. Prepares students for the Microsoft Office User Specialist (MOS) certification expert exam in Word. Formerly CIT-151.
CAWT 155 MICROSOFT EXCEL I
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces the latest version of Microsoft Excel, including formulas and functions as related to charting, formatting worksheets, creating absolute cell references, working with large worksheets, conducting what-if analysis, and using Excel to create static and dynamic Web pages. Prepares students for the Microsoft Office Specialist (MOS) certification core exam. Formerly CIT-155.

CAWT 156 MICROSOFT EXCEL II
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: CAWT-155
Provides a continuation of CAWT-155, presenting a comprehensive overview of advanced features of Microsoft Excel, including templates, SmartArt images, Pivot table reports, Pivot chart reports, formula auditing, data validation, and the use of Macros and Visual Basic for applications. Prepares students to take the MOS exam in Excel. Formerly CIT-156.

CAWT 160 MICROSOFT ACCESS I
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces the latest version of Microsoft Access, including creating, querying, and maintaining relational databases. Skills are developed from basic functions through intermediate features such as designing and building databases; creating tables, reports and forms with wizards; maintaining and updating databases; developing data access pages and combo boxes; and using OLE fields, hyperlinks, and subforms. Prepares the student to take the Microsoft Office Specialist (MOS) certification core exam in Access. Formerly CIT-160.

CAWT 161 MICROSOFT ACCESS II
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: CAWT-160
Provides a continuation of CAWT-160, presenting advanced features of Microsoft Access including creating, querying, and maintaining a database; creating reports, forms, and combo boxes; formulating cross tab queries, mailing labels, and mail merge reports; defining relationships, integrating Excel worksheet data into an Access database; using OLE fields, creating an application system using the Switchboard Manager; customizing forms using VBA, working with PivotTable and PivotChart objects, administering a database; establishing customized menu bars; publishing to the Internet using Data Access pages, using XML to share data, and using data from the Internet and other sources. Prepares students for the MCAS Exam. Formerly CIT-161.

CAWT 165 MICROSOFT POWERPOINT
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Provides an in-depth study of presentation fundamentals, using Microsoft PowerPoint software to create slide presentations incorporating templates, images, screen transitions, sound, and animation. Examines how to create dynamic slides, and develop slide shows based on business topics. Designed as preparation for the Microsoft Office Specialist (MOS) certification Core and Expert exams in PowerPoint. Formerly CIT-165.

CAWT 166 DESKTOP PUBLISHING
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces desktop publishing using Adobe InDesign to create graphically-rich layouts, brochures, posters, fliers, and newsletters. Familiarity with Windows, file management, and a PC is assumed. Formerly CIT-166.

CAWT 170 WEBSITE DEVELOPMENT I
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces the creation of web sites and remote web site administration using HTML, CSS, and FTP. Also includes related topics, such as information architecture, Internet infrastructure, Security, and Accessibility. Proficiency with Windows, the Internet, a browser, and a PC is assumed. Formerly CIT-170.

CAWT 171 WEBSITE DEVELOPMENT II
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Recommended Preparation: CAWT-170
Continues studies began in Website Development I using HTML coding and CSS positioning, including implementation of audio, video, Java applets, and introductory JavaScript. Concepts related to large-scale development, site promotion, and e-commerce may also be covered. Proficiency with HTML, CSS, the Internet, a browser, and Windows is assumed. Formerly CIT-171.

CAWT 173 WEB DEVELOPMENT: DREAMWEAVER
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces Adobe Dreamweaver to develop and publish web sites, emphasizing a critical-thinking approach and accepted standards of web page design. Proficiency with Windows, OS, PC, the Internet, and basic HTML and CSS is assumed. Formerly CIT-173.
CAWT 174 WEB PROTOTYPING AND IMAGES
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Recommended Preparation: CAWT-074, CAWT-105, CAWT-170
Provides hands-on training and application of theoretical concepts related to creating imagery for web delivery with digital imaging software, such as Adobe Photoshop or Fireworks. Topics include graphic formats, image optimization, image slicing, resolution, image maps, GIF animation, and web site prototyping with graphical mockups. Formerly CIT-174.

COMPUTER NETWORKING

Associate in Science Degree and Certificate of Achievement: Computer Networking
The Computer Networking Program will prepare students for an entry-level position in an IT-related industry with emphasis in either systems administration or network administration. The associate degree has two options: CCNA Network Administrator or MCITP Systems Administrator. It is designed for transfer to four-year colleges or universities. The program also offers the following Certificate of Specialization: Network Associate. Classes are designed for first-time college students, re-entry students, and current industry employees requiring skill enhancement or upgrade training. Emphasis is placed on hands-on labs and case studies designed to apply principles and develop troubleshooting skills. Students can prepare for industry certifications from industries and organizations such as BICSI, Cisco, CompTIA, or Microsoft.

Degree and Certificate Student Learning Outcome: Students will be able to design, implement, troubleshoot and maintain networking systems.

Program Requirements:
Units Required: 30

<table>

CMPNET 131 NETWORK CABLING INFRASTRUCTURE
Units: 4.00
CSU 36.00 hours lecture, 108.00 hours lab
Introduces cabling requirements and standards used in modern telecommunications infrastructures, including content related to the BICSI Level 1 Installer Exam.

CMPNET 132 A+ COMPUTER REPAIR
Units: 4.00
CSU 36.00 hours lecture, 108.00 hours lab
Provides instruction in computer repair and upgrade, including content related to the Computing Technology Industry Association (CompTIA) A+ certification.

CMPNET 133 DATA CENTER
Units: 4.00
CSU 36.00 hours lecture, 108.00 hours lab
Covers data center design and implementation with a focus on environmentally friendly "green" technologies.

CMPNET 151 CCNA PREP 1
Units: 7.00
CSU 108.00 hours lecture, 54.00 hours lab
The first of two classes in designing, configuring, and maintaining of LANs, including cabling, routing, IP addressing, network technologies and network troubleshooting skills. Prepares students for the Cisco CCNA and CompTIA Network+ certification exams.

CMPNET 152 CCNA PREP 2
Units: 7.00
CSU 108.00 hours lecture, 54.00 hours lab
Prerequisite: CMPNET-151
Second of two classes in designing, configuring, and maintaining of LANs and WANs, including WAN technologies PPP and Frame Relay and LAN technologies VLANs, VTP, and STP. Prepares students for the Cisco CCNA and CompTIA Network+ certification exams.

 CMPNET 166 MCSA PREP 1
Units: 7.00
CSU 108.00 hours lecture, 54.00 hours lab
Prerequisite: CMPNET-151
First of two courses covering Microsoft MCSA certification. This course aligns with the tests Windows client OS and Installing and Configuring Windows Server OS and helps the student with their preparation for those certification exams.

CMPNET 167 MCSA PREP 2
Units: 7.00
CSU 108.00 hours lecture, 54.00 hours lab
Prerequisite: CMPNET-166
Second of two courses covering Microsoft MCSA certification. This course aligns with the tests Administering Windows Server OS and Configuring Advanced Windows Server OS Services and helps the student with their preparation for those certification exams.

CMPNET 171 SECURITY+ CERTIFICATION
Units: 3.50
CSU 54.00 hours lecture, 27.00 hours lab
Prerequisite: CMPNET-133
Covers basic concepts in network security including security baselines, securing the network infrastructure, web security, cryptography, operational security, security policies, and introduces computer forensics. Prepares the student for the Security+ certification exam.

CMPNET 191 LINUX/UNIX 1: PREPARATION FOR LPIC-1
Units: 3.50
CSU 54.00 hours lecture, 27.00 hours lab
Provides the foundation for the development of Linux/UNIX administration skills. Prepares the student for the LPIC-1 certification.
CMPNET 251 CCNP: ROUTE
Units: 3.50
CSU 54.00 hours lecture, 27.00 hours lab
Prerequisite: CMPNET-152 or possession of a valid Cisco CCNA certificate
Covers Cisco CCNP topics offered through the College of the Canyons Cisco Academy, including advanced routing, routing protocols, routing tables, scalable routing protocols, access lists, route distribution, IPv6, and configuration of advanced networks.

CMPNET 253 CCNP: SWITCH & TSHOOT
Units: 3.50
CSU 54.00 hours lecture, 27.00 hours lab
Prerequisite: CMPNET-152 or possession of a valid Cisco CCNA certificate
Covers Cisco CCNP topics offered through the College of the Canyons Cisco Academy, including VLANs, STP, inter-VLAN routing, high availability and redundancy, switch security, and advanced services.

CMPNET 261 CCNA: VOICE
Units: 3.50
CSU 54.00 hours lecture, 27.00 hours lab
Prerequisite: CMPNET-152
Introduces Voice over IP (VoIP) and covers IP PBX, IP telephony, handset, call control, and voicemail. Prepares the student for the CCNA Voice certification exam.

CMPNET 271 CCNA: SECURITY
Units: 3.50
CSU 54.00 hours lecture, 27.00 hours lab
Prerequisite: CMPNET-152
Introduces WAN Network Security focusing on installation, troubleshooting and monitoring of network devices to maintain integrity, confidentiality and availability of data and devices. Prepares the student for the CCNA Security certification exam.

COMPUTER SCIENCE

The Computer Science program is designed to address problems in organizing, representing, manipulating, and presenting information in an automatic processing environment. Computerized information systems are being developed and used in almost every field where information must be processed. The goal of the Computer Science program is to provide understanding of the functions of the modern computer and operational skills in programming. The following list is a sample of the many career options available for the computer science major. While a few require an associate degree, most require baccalaureate degrees and some require a graduate degree: programmer, computer hardware specialist, data base specialist, computer operator, systems analyst, programmer analyst, software engineer, and instructor.

Associate in Science Degree: Computer Science for Transfer
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a CSU campus when planning to complete the degree for more information on universi-
admission and transfer requirements. At the time of
catalog publication, a student may earn an AS-T in
Computer Science. Additional majors are being devel-
oped. Please see a counselor or visit
http://www.canyons.edu for more information.

Degree Student Learning Outcome:
Students will be able to evaluate and analyze funda-
mental software solutions and their applications.

Program Requirements:
Units Required: 30

CMPSCI-111 Introduction to Algorithms and
Programming/Java ............... 3.0
CMPSCI-122 Computer Architecture and
Assembly Language ............ 3.0
CMPSCI-182 Data Structures and Program
Design ................................ 3.0
CMPSCI-256 Discrete Structures .......... 3.0
MATH-211 Calculus I ................... 5.0
MATH-212 Calculus II ................. 5.0
PHYSIC-220 Physics for Scientists and Engineers:
Mechanics of Solids and Fluids .... 4.0
PHYSIC-221 Physics for Scientists and Engineers:
Electricity & Magnetism .......... 4.0

Associate in Science Degree: Computer
Science

Degree Student Learning Outcome:
Students will be able to identify, evaluate, analyze, and
present fundamental software solutions and their appli-
cations.

Program Requirements:
Units Required: 36

CMPSCI-111 Introduction to Algorithms and
Programming/Java ............... 3.0
CMPSCI-111L Introduction to Algorithms and
Programming Lab ............. 1.0
CMPSCI-122 Computer Architecture and
Assembly Language ............ 3.0
CMPSCI-182 Data Structures and Program
Design .......................... 3.0
CMPSCI-182L Data Structures and Program
Design Lab ....................... 1.0
CMPSCI-235 'C' Programming ........ 3.0
CMPSCI-282 Advanced Data Structures .... 3.0

Plus six units from the following:

CMPSCI-132 Introduction to Programming .... 3.0
CMPSCI-190 Web Programming: JavaScript .... 3.0
CMPSCI-192 PHP Programming ............ 3.0
CMPSCI-222 Computer Organization ........ 3.0
CMPSCI-236 C++ Object Oriented
Programming ..................... 3.0
PHILOS-230 Symbolic Logic ............ 3.0

Plus 13 units from the following (for transfer students)

MATH-211 Calculus I ................... 5.0
MATH-212 Calculus II ................. 5.0
MATH-214 Linear Algebra ............. 3.0

Plus eight additional units from the above CMPSCI
courses that have not already been taken
(for non-transfer students).

CMPSCI 111 INTRODUCTION TO
ALGORITHMS AND PROGRAMMING/JAVA
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID COMP 122
Co-Requisite: CMPSCI-111L
Introduces computer programming using Java, including
algorithms, data and control structures, problem solving,
structured and object oriented programming.

CMPSCI 111L INTRODUCTION TO
ALGORITHMS AND PROGRAMMING LAB
Units: 1.00
UC:CSU 54.00 hours lab
Co-Requisite: CMPSCI-111
Required java programming laboratory to support CMP-
SCI 111.

CMPSCI 122 COMPUTER ARCHITECTURE
AND ASSEMBLY LANGUAGE
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID COMP 142
Introduces computer architecture, assembly/machine
language programming, system software and computer
applications.

CMPSCI 132 INTRODUCTION TO
PROGRAMMING
Units: 3.00
UC:CSU 54.00 hours lecture
Introduction to programming using Visual Basic.
Designed for students with little or no experience in
computer programming. Includes hands-on program-
ning projects, as well as the history of computer sci-
ence and theories of software development.
CMPSCI 182 DATA STRUCTURES AND PROGRAM DESIGN
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID COMP 132
Prerequisite: CMPSCI-111 Co-requisite: CMPSCI-182L
Presents object-oriented view of data structures: stacks, queues, trees, lists, hash tables and analysis of performance of algorithms for data structures. This course is a second semester (intermediate) Java programming language course.

CMPSCI 182L DATA STRUCTURES AND PROGRAM DESIGN LAB
Units: 1.00
UC:CSU 54.00 hours lab
Co-requisite: CMPSCI-182
Implementation and programming of object-oriented data structures using the Java programming language.

CMPSCI 190 WEB PROGRAMMING: JAVASCRIPT
Units: 3.00
CSU 54.00 hours lecture
Introduces Javascripting for web designers, including creating animated web pages, client-side forms validation, AJAX, processing forms data, and generating dynamically updated web pages. Experience creating web pages with HTML is strongly suggested prior to taking this course.

CMPSCI 192 PHP PROGRAMMING
Units: 3.00
CSU 54.00 hours lecture
Recommended Preparation: Student must be familiar with HTML and creating web pages.
Introduces programming and PHP language. Covers PHP language elements including object oriented programming (OOP). In-depth coverage of CGI programming and processing FORM elements from a web page. Additional topics include XML manipulation, data base interfaces and programming e-commerce web pages.

CMPSCI 222 COMPUTER ORGANIZATION
Units: 3.00
CSU 54.00 hours lecture
Introduces advanced computer architecture.

CMPSCI 235 C PROGRAMMING
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces C Programming including data types, operators and expressions, control flow logic, program structure, arrays functions and file I/O.

CMPSCI 236 C++ OBJECT ORIENTED PROGRAMMING
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: CMPSCI-235
Introduces Object Oriented Programming (OOP) using the language C++. Topics covered will be C++ classes/objects, input/output streams, overloading, inheritance, templates and exception handling.

CMPSCI 256 DISCRETE STRUCTURES
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID COMP 152
Prerequisite: CMPSCI-111
Introduces discrete structures used in Computer Science emphasizing their applications. Topics include functions, relations and sets, basic logic, proof techniques, basics of counting, graphs and trees, and discrete probability.

CMPSCI 282 ADVANCED DATA STRUCTURES
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: CMPSCI-111
Explores the foundations of database design with in-depth coverage of data structures using the Java programming language, including effective storage of data in disk-based files.
CONSTRUCTION MANAGEMENT TECHNOLOGY

Associate in Science and Certificate of Achievement: Construction Management Technology

The Construction Management Technology program is designed to prepare students with the foundation needed to meet the current technological requirements of the construction workplace. The program has two tracks: one for those interested in transfer to a four-year college or university to major in Construction Engineering Technology or Construction Management; the other option is for those students already employed in the construction industry or who plan to enter the industry after completion of a certificate or associate degree. The certificate and associate degree curriculum provides students with the industry identified skill competencies for entry into the field.

Degree and Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment in construction management.

Program Requirements:
Units Required: 33

Certificate of Achievement: Building Inspection

The Building Inspection option is designed to prepare students to meet entry-level requirements for employment in the building inspection profession. The coursework prepares students to take code certification exams typically required for employment. Inspectors are employed by government agencies, private companies, contractors and lending institutions. Inspectors observe, evaluate, judge and enforce laws and regulations pertaining to building construction. The inspector is required to have a broad base of knowledge in all components of construction including plan reading, specification interpretation, and legal requirements.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required to interpret California construction codes and apply them to building and construction applications.

CONST 101 INTRODUCTION TO CONSTRUCTION AND CONSTRUCTION ENGINEERING

Units: 2.00

CSU 36.00 hours lecture

Introduces the construction industry, the building design process, the construction project process, and the roles and responsibilities of those involved: clients, architects, engineers, contractors, project managers, technicians, sub-contractors, suppliers, regulatory agencies, bankers, lawyers and the public. Includes an overview of careers in construction.
CONST 102 CONSTRUCTION MANAGEMENT PRINCIPLES
Units: 3.00
CSU 54.00 hours lecture
Introduces construction management principles, practices, and methods used to produce a quality construction project. Topics include roles and responsibilities, delivery methods, human relations, project monitoring and control, contract documents, management styles, safety, general project administration, and computer aided construction management.

CONST 103 BLUEPRINT READING FOR CONSTRUCTION
Units: 3.00
CSU 54.00 hours lecture
Presents reading, interpreting, analyzing, and visualizing construction drawings and specifications prepared by architects and engineers, emphasizing reading and extracting information from detailed drawings for both residential and commercial construction.

CONST 104 THE CONSTRUCTION PROCESS - PLANNING AND SCHEDULING
Units: 3.00
CSU 54.00 hours lecture
Introduces the fundamental concepts used in planning, scheduling, and controlling construction projects including software applications. Introduces diagrams, precedence networks, resources, time assignment and computations, the Critical Path Method (CPM), monitoring and updating.

CONST 105 CONSTRUCTION ESTIMATING PRINCIPLES
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: CONST-103
Introduces methods and practices related to construction estimating, including quantities and costs of materials, labor and management as well as miscellaneous items related to construction costs. Course requires print reading knowledge and introduces basic scheduling concepts in relation to estimating. May include computer program applications.

CONST 106 SURVEY OF CONSTRUCTION CONTRACTS AND LAWS
Units: 3.00
CSU 54.00 hours lecture
Introduces the basics of construction contracts, including typical contract terms and conditions, and formation, administration and interpretation of contracts. Introduces laws and regulations applying to construction, including license laws for contractors and design professionals, mechanics liens, stop notices, labor regulations, safety and CalOSHA, SWPPP, and environmental issues.

CONST 108 INTRODUCTION TO CONSTRUCTION INSPECTION AND CODES
Units: 2.00
CSU 36.00 hours lecture
Recommended Preparation: ARCHT-140 or CONST-103
Introduces construction inspection, and the function, responsibilities, authority and technical requirements related to construction, including state building code requirements for residential and non-residential construction.

CONST 109 CALIFORNIA BUILDING CODE
Units: 3.00
CSU 54.00 hours lecture
Recommended Preparation: CONST-108
Focuses on California building code requirements for residential and non-residential construction as they pertain to the building inspection process.

CONST 120 CALIFORNIA MECHANICAL CODE
Units: 3.00
CSU 54.00 hours lecture
Recommended Preparation: CONST-108
Introduces the Uniform Mechanical Code as it applies to construction and maintenance of buildings regulated by this code.

CONST 122 PLUMBING SYSTEMS AND THE PLUMBING CODE
Units: 3.00
CSU 54.00 hours lecture
Introduces plumbing systems used in buildings and other construction projects, including systems for water, waste, storm water, fuel gas, medical gas and vacuum, sewage disposal, water reuse, and reclaimed water. Surveys the Plumbing Code requirements for each of these systems.

CONST 124 CALIFORNIA ELECTRICAL CODE
Units: 3.00
CSU 54.00 hours lecture
Recommended Preparation: CONST-108
Introduces the National Electrical Code, including provisions of the code, interpretation of construction documents, construction procedures, and inspection procedures.
COOPERATIVE WORK EXPERIENCE

The Cooperative Work Experience Education (CWEE) Program has been integrated into academic departments throughout the college. This program allows students to apply knowledge gained in college courses to an actual work setting. In addition, interns who qualify for this program are able to sample career choices and to improve job-readiness skills. This would be in a paid or unpaid work setting that provides elective college credit.

CWE 188 COOPERATIVE WORK EXPERIENCE EDUCATION
Units: 1.00-16.00
CSU 54.00 - 864.00 hours lab
Provides students with the opportunity to apply knowledge and skills gained from college courses in an actual work setting. Maximum of 4 units per enrollment.

CWE 189GNRL COOPERATIVE WORK EXPERIENCE EDUCATION GENERAL
Units: 1.00 – 3.00
CSU 60.00 – 225.00 hours lab
Develops desirable work habits, attitudes and career awareness. The work experience need not be related to students' educational goals. Students must be employed to register in this course. This work experience course of supervised employment is designed to assist students to become productive employees and provide students with career awareness for jobs. Credit may be accrued at the rate of 1 to 6 units per semester for a maximum of 16 units. Students must work 75 paid hours or 60 non-paid hours per unit earned.

COUNSELING

COUNS 010 CAREER EXPLORATION
Units: 1.00
18.00 hours lecture
Provides students with career exploration techniques. Emphasis is placed on selecting a career based on self-examination of interests, values, abilities, and personality through assessment inventories, skill exercises, and career research.

COUNS 070 DISTANCE LEARNING AND STRATEGIES FOR SUCCESS
Units: 1.00
18.00 hours lecture
Introduces the practical strategies and skills necessary to succeed in distance education. Students will learn how to anticipate, avoid, and/or solve typical problems encountered in the distance learning environments. Familiarity with the Windows operating systems is necessary. Offered pass/no-pass only.

COUNS 075 BUILDING MATH CONFIDENCE
Units: 0.50
9.00 hours lecture
Builds math confidence and develops successful math study strategies while maintaining a positive attitude toward learning math. Offered pass/no-pass only.

COUNS 100 SUCCESS STRATEGIES FOR THE REENTRY ADULT
Units: 3.00
CSU 54.00 hours lecture
Introduces adult reentry students to the educational, psychological, intellectual, social and health-related factors that impact lifelong learning, well-being, and success. Topics include motivation, self-discovery and self-efficacy, critical and creative thinking, effective study strategies, learning styles, health & wellness issues and lifestyle choices, effective written and oral communication, cross-cultural communication, time and stress management strategies, career exploration and educational and life planning.
COUNS 110 CAREER/LIFE PLANNING  
Units: 3.00  
CSU 54.00 hours lecture  
Introduces self-assessment tools to identify college majors and careers by clarifying interests, skills, values, and personality type. Students also examine the decision-making process, self-management, life roles and goal-setting. Includes a review of labor market trends, career research, interviewing skills, resume and cover letter writing, and job search strategies.

COUNS 111 INTRODUCTION TO COLLEGE AND STRATEGIES FOR SUCCESS  
Units: 1.00  
CSU 18.00 hours lecture  
Provides students with the skills necessary to increase success in college. Topics include: college culture, goal setting, time management, study strategies, college services/resources and educational planning.

COUNS 120 UNIVERSITY TRANSFER PLANNING  
Units: 1.00  
CSU 18.00 hours lecture  
Provides students with information and resources to facilitate a smooth transfer to four-year colleges and universities. Topics include UC/CSU applications, major and general education requirements, financial aid/scholarships, personalized student education plans, and analysis of factors involved in the selection of transfer schools.

COUNS 142 LEARNING TO LEARN  
Units: 3.00  
CSU 54.00 hours lecture  
Focuses on brain-based learning strategies that develop self-regulatory learning: discovering self-motivation; gaining self-awareness; developing emotional intelligence; employing interdependence; accepting personal responsibility; applying active listening, reading and note-taking; monitoring performance; and developing a growth mindset that believes in self. Students will combine theory and practice to become successful learners and successful college students.

COUNS 150 STUDENT SUCCESS  
Units: 3.00  
UC:CSU 54.00 hours lecture  
Examines the responsibilities and benefits of higher education, including educational planning, goal setting, and career choices are examined. Life skills and study skills are provided.

CULINARY ARTS

Certificate of Achievement: Culinary Arts  
The Culinary Arts program is designed to prepare students for careers in the culinary field. The design of the program is balanced between developing the culinary tactile skills of food preparation and the management qualities necessary for career growth. The program will focus on cooking skills development, problem solving, and challenging students to critically evaluate the strengths and weaknesses of culinary operations and identify entrepreneurial approaches to operations.

Certificate Student Learning Outcome:  
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment in the food industry.

Program Requirements:  
Units Required: 33.5

Certificate of Specialization: Baking and Pastry  
The Culinary Arts Baking and Pastry Certificate of Specialization is designed for those interested in professional baking. It includes comprehensive study with an emphasis on application of fundamental baking techniques and ingredients. Program completers are prepared for entry level employment as bread bakers, pastry cooks, cake decorators, or confectioners.
Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment in the baking industry.

Program Requirements:
Units Required: 13

CULARTS-127 Principles of Baking ....................3.0
CULARTS-128 Principles of Baking II .................3.0
CULARTS-129 Cake Decorating Essentials .............3.0
CULARTS-130 Pastry Art ....................................2.0
CULARTS-131 Chocolates ..................................2.0

CULARTS 050 KNIFE SKILLS
Units: 2.00
18.00 hours lecture, 54.00 hours lab
Co-requisite: CULARTS-055
Introduces basic knife skills, including theory and proper technique, emphasizing correct sanitation practices and good motor skills.

CULARTS 055 CULINARY SAFETY AND SANITATION
Units: 1.00
18.00 hours lecture
Introduces principles of food safety and sanitation in a food service operation. Topics include sanitation regulations, personal hygiene, contamination sources, microorganisms, proper food handling techniques and storage, comprehensive cleaning and sanitizing, and workplace safety concepts.

CULARTS 083 WINE AND FOOD AFFINITIES
Units: 1.50
18.00 hours lecture, 27.00 hours lab
Prerequisite: HRMGT-225 and students must be 21 years of age to enroll.
Food and wine pairing in professional food service operations. Pregnant women and persons with allergies to sulfites are advised not to take this class. Wine will be tasted.

CULARTS 120 INTRODUCTION TO THE CULINARY ARTS
Units: 1.00
CSU 18.00 hours lecture
Introduces the fundamentals of the culinary arts, history, terminology, culinary mathematics, and explores culinary careers.

CULARTS 121 CULINARY FUNDAMENTALS I
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Co-requisite: CULARTS-050 and CULARTS-055
Recommended Preparation: CULARTS-120
Introduces classical cooking and current theories to provide students with the basics of food chemistry and cooking techniques, as well as equipment, ingredients and basic professional cooking techniques.

CULARTS 123 CULINARY FUNDAMENTALS II
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: CULARTS-050, CULARTS-055 and CULARTS-121
Continues development of skills learned in CULARTS-121. Introduces intermediate level culinary techniques and modern cooking styles, emphasizing beef, poultry, fish and shellfish, pork and game cooking techniques. Plate presentation theory and practice explored.

CULARTS 125 PRINCIPLES OF GARDE MANAGER I
Units: 3.00
CSU 27.00 hours lecture, 81.00 hours lab
Prerequisite: CULARTS-050, CULARTS-055 and CULARTS-121
Introduces theory and practical skills needed to produce quality salads, sandwiches, appetizers and cold sauces for a restaurant pantry station. Also includes identification and production of cheese and fruit displays.

CULARTS 127 PRINCIPLES OF BAKING
Units: 3.00
CSU 27.00 hours lecture, 81.00 hours lab
Co-requisite: CULARTS-055
Introduces the principles of baking, including the basic characteristics and function of the major ingredients and the importance of accurately measuring weight.

CULARTS 128 PRINCIPLES OF BAKING II
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: CULARTS-127
Introduces the preparation of refined pastries and desserts. The theory and practical skills required to produce quality pastries for the hotel/restaurant/catering industries.
CULARTS 129 CAKE DECORATING ESSENTIALS
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisites: CULARTS-055 and CULARTS-127
Presents a variety of preparation techniques that emphasize the fundamentals of the American and European style of cake decoration. Commercial culinary practices that will be included are: equipment, procedures of cake production, coloring techniques, design transfer, cake construction, borders, and icings.

CULARTS 130 PASTRY ART
Units: 2.00
CSU 18.00 hours lecture, 54.00 hours lab
Prerequisite: CULARTS-128
Co-requisite: CULARTS-129
Introduces culinary techniques to prepare industry standard individual plated desserts, and their components. Includes working with pulled sugar, garnishing preparation and preparation of frozen desserts.

CULARTS 131 CHOCOLATES
Units: 2.00
CSU 9.00 hours lecture, 81.00 hours lab
Prerequisite: CULARTS-128
Introduces fundamental techniques in chocolate production, including candies, confections and desserts.

CULARTS 132 CULINARY FUNDAMENTALS III
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: CULARTS-123
Presents advanced theory in culinary techniques and modern cooking styles, including breakfast and brunch cookery, vegetarian dishes and menu design.

CULARTS 133 INTERNATIONAL CUISINE
Units: 2.50
CSU 27.00 hours lecture, 54.00 hours lab
Prerequisite: CULARTS-123
Introduces the skills necessary to prepare international foods including traditional methods of preparation and the cultural influences on each dish; promotes an appreciation of international foods and culture.

CULARTS 134 ICUE CAFE PRODUCTION
Units: 4.00
CSU 36.00 hours lecture, 108.00 hours lab
Prerequisite: CULARTS-132
Provides fundamentals of commercial food preparation and restaurant operations. Students rotate through stations of a student-run cafe, developing food preparation skills and hands on experience.

CULARTS 135 CATERING
Units: 3.00
CSU 27.00 hours lecture, 81.00 hours lab
Prerequisite: CULARTS-121
Presents practical training for chefs in all aspects of catering, including food service, staff and management.

CULARTS 136 ICUE FRONT OF HOUSE SERVICE
Units: 3.00
CSU 27.00 hours lecture, 81.00 hours lab
Prerequisite: CULARTS-121
Presents practical training for chefs in all aspects of service for the front of the house.

CULARTS 150 FOOD SERVICE COSTS AND CONTROLS
Units: 2.00
CSU 36.00 hours lecture
Recommended Preparation: CULARTS-121
Prepares the student to determine food, beverage, and labor costs and apply to appropriate cost controls.
DANCE

The Dance program introduces students to a variety of dance techniques, theories and styles, both contemporary and classic. There are numerous opportunities for students of all skill levels and interest to develop talent in performance and choreography by participating in informal concerts or enrolling in the COC Dance Company. Many dance courses meet general education requirements in the arts, humanities and/or physical education categories. An associate degree is not available in dance.

DANCE 100 DANCE APPRECIATION
Units: 3.00
UC:CSU 54.00 hours lecture
Examines the influences that have historically and culturally shaped dance throughout the world. Non-performance course. Does not satisfy the Physical Education activity requirement for the associate degree.

DANCE 101 INTRODUCTION TO WORLD DANCE
Units: 1.00
UC:CSU 54.00 hours lab
Introduces world dance, focusing on selected dances of world cultures including Asia, Latin America, Australia, New Zealand, Europe and Africa.

DANCE 107 DANCE CONDITIONING
Units: 1.00
UC:CSU 54.00 hours lab
Focuses on dance conditioning including practice of dance exercises for muscle development, conditioning, strength and flexibility.

DANCE 108 PILATES
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Introduction to exercises designed for non-dancers and dancers to improve on the biomechanical and neuromuscular aspects of the body.

DANCE 111 FUNDAMENTALS OF DANCE MOVEMENT
Units: 1.00
UC:CSU 54.00 hours lab
May be taken four times for credit
Introduces ballet, modern and jazz dance techniques, focusing upon basic skill development in all three styles of dance, as well as the development of strength, flexibility, coordination and rhythm for all movement techniques.

DANCE 121 MODERN DANCE I
Units: 1.00
UC:CSU 54.00 hours lab
Introduces the basic movements, patterns and style of modern dance, emphasizing elementary skills and techniques while conferring an appreciation of modern dance and increasing understanding of body structure and movement.

DANCE 122 MODERN DANCE II
Units: 1.00
UC:CSU 54.00 hours lab
Prerequisite: DANCE-121
Continues Modern Dance I focusing on learning intermediate movements, patterns and styles intrinsic to modern dance.

DANCE 130 HIP-HOP DANCE
Units: 1.00
UC:CSU 54.00 hours lab
Introduces the fundamentals of hip-hop dancing, pop and lock, funk, krumping, free-styling, break dancing and other dances classified as hip-hop style of dance.

DANCE 131 INTRODUCTION TO JAZZ TECHNIQUES
Units: 1.00
UC:CSU 54.00 hours lab
Introduces jazz dance, emphasizing elementary skills and techniques of various dance jazz dance styles.

DANCE 132 INTERMEDIATE JAZZ
Units: 1.00
UC:CSU 54.00 hours lab
Prerequisite: DANCE-131
Presents intermediate jazz skills.

DANCE 133 INTRODUCTION TO AFRICAN DANCE
Units: 1.00
UC:CSU 54.00 hours lab
Introduces dances from West Africa focusing on the dances performed in Senegal, Gambia and Guinea.
DANCE 134 BALLROOM AND SOCIAL DANCE
Units: 1.00
UC:CSU 54.00 hours lab
Introduces students to beginning ballroom techniques, including salsa, swing waltz, foxtrot, tango cha-cha and other selected dances. Dances may vary by semester.

DANCE 135 BEGINNING TAP DANCE
Units: 1.00
UC:CSU 54.00 hours lab
Introduces basic and elementary tap techniques, as well as various routines and rhythmic structures.

DANCE 136 INTERMEDIATE TAP
Units: 1.00
UC:CSU 54.00 hours lab
Introduces intermediate level tap skills, syncopated rhythmic combinations and evaluation techniques for the sound and rhythmic accuracy of the taps.

DANCE 137 FLAMENCO AND SPANISH DANCE
Units: 1.00
UC:CSU 54.00 hours lab
Introduces students to the fundamental steps, movements, rhythms and music of flamenco and Spanish dance.

DANCE 141 INTRODUCTION TO BALLET TECHNIQUES
Units: 1.00
UC:CSU 54.00 hours lab
Introduces the basic skills and techniques of ballet exercises at the barre in order to develop flexibility, strength, control and resilience. The course concentrates on simple port de bras, adagio, and allegro combinations.

DANCE 142 INTERMEDIATE BALLET
Units: 1.00
UC:CSU 54.00 hours lab
Prerequisite: DANCE-141
Continues the ballet skills introduced in Dance 141, with additional emphasis on the rhythm, design, and dynamics of ballet dance.

DANCE 159 COMMERCIAL DANCE
Units: 2.00
CSU 108.00 hours lab
Introduces movement techniques for the dance entertainment industry, including dance for feature films, videos, television, industrial shows, musicals, and other commercial applications.

DANCE 161 COC DANCE COMPANY PRODUCTION
Units: 3.00
UC:CSU 18.00 hours lecture, 108.00 hours lab
Prerequisite: DANCE-111 and Successful Audition.
Offers students an opportunity to participate in a concert dance production in a capacity to be determined by the abilities of the individual and the demands of the choreography.

DANCE 170 INTRODUCTION TO CHOREOGRAPHY
Units: 1.50
UC:CSU 81.00 hours lab
Prerequisite: DANCE-111
Introduces the fundamental skills and concepts necessary to choreograph dance for the stage.

DANCE 180 INTRODUCTION TO YOGA
Units: 1.00
UC:CSU 54.00 hours lab
Introduces yoga techniques designed to improve both fitness and health through mind and body integration.
**DRAFTING**

**Certificate of Specialization: Mechanical Drafting**

The drafting program is designed to prepare students for careers in industry as drafters or related occupations. Engineers require drafting skills, as do architects and designers. The techniques of drafting are used in many types of industries such as automotive, electronics, building construction, aeronautical/aerospace, machine design, advertising, illustrating, and engineering. The program provides students with entry-level skills and knowledge in the fields of computer mechanical drafting. Competencies include knowledge of orthographic projection and isometric sketching, AutoCAD generated drawings, current practices in construction technology, 2-D and 3-D drawings, drafting techniques such clarity, line weight expression and accuracy to name a few.

**Certificate Student Learning Outcome:**
Students will be able to demonstrate proficiency in the core skills and knowledge required for a drafting position in the civil, electrical, electronic or mechanical engineering fields.

**Program Requirements:**

**EARLY CHILDHOOD EDUCATION**

The Early Childhood Education (ECE) degree and certificate programs give students the opportunity to prepare for careers in the field of early childhood education and/or transfer to a four-year university. Education and training prepares students for entry into a variety of careers in the field. The field of early childhood education needs trained, creative educators to provide high quality services to children and families in a variety of settings.

**Associate in Science Degree: Early Childhood Education for Transfer**

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AS-T in Early Childhood Education. Additional majors are being developed. Please see a counselor or visit www.canyons.edu/Counseling for more information.
Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in the
core skills and knowledge required for employment as
an Early Childhood Educator in a Title 22 or Title 5
licensed center in the field of Early Childhood.

Program Requirements:
Units Required: 24

- ECE-101 Child Growth and Development . . . .3.0
- ECE-121 Principles and Practices of
  Teaching Young Children . . . . . . . . .3.0
- ECE-123 Introduction to Curriculum for
  Young Children . . . . . . . . . . . . . . . . .3.0

ECE 101 CHILD GROWTH AND DEVELOPMENT
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID CDEV 100

Recommended Preparation: ENGL-101 or 101H
Examines the major physical, psychosocial, and cognitive/language developmental milestones of children, both typical and atypical from conception through adolescence. Emphasizes interactions between maturational processes and environmental factors, while studying developmental theory and investigative research methodologies. Field observation required. Formerly ECE-120.

ECE 121 PRINCIPLES AND PRACTICES OF TEACHING YOUNG CHILDREN
Units: 3.00
CSU 54.00 hours lecture
C-ID ECE 120

Prerequisite: ECE-101
Recommended Preparation: ENGL-101 or 101H
Examines underlying principles of developmentally appropriate practices applied to programs, environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative and intellectual development for all children. This course includes a review of the historical roots of early childhood programs and the evolution of professional practices promoting advocacy, ethics and professional identity. Formerly ECE-110.

ECE 123 INTRODUCTION TO CURRICULUM FOR YOUNG CHILDREN
Units: 3.00
CSU 54.00 hours lecture
C-ID ECE 130

Prerequisite: ECE-121
Presented an overview of the knowledge and skills needed to provide developmentally appropriate curriculum for young children. Examines the teacher's role in supporting development, fostering the joy of learning, and creativity through the essential role of play. Content areas include language/literacy, social/emotional/sensory learning, art, music, math, science, health/safety, and motor development. Formerly ECE-115.
ECE 125 CHILD, FAMILY AND COMMUNITY
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID CDEV 110
Prerequisite: ECE-101
Examines the developing child in a societal context focusing on the interrelationship of family, school, and community and emphasizing historical and sociocultural factors. The processes of socialization and identity development will be highlighted, showing the importance of respectful, reciprocal relationships that support and empower families.

ECE 127 HEALTH, SAFETY, NUTRITION FOR CHILDREN
Units: 3.00
CSU 54.00 hours lecture
C-ID ECE 220
Introduces the regulations, policies, and procedures for early childhood curriculum related to child health, safety, and nutrition. Explores the importance of collaboration with families and health professionals to ensure physical health, mental health and safety for all children, families, and professionals.

ECE 129 OBSERVATION AND ASSESSMENT
Units: 3.00
CSU 54.00 hours lecture
C-ID ECE 200
Prerequisite: ECE-123
Introduces the regulations, policies, and procedures for early childhood curriculum related to child health, safety, and nutrition. Explores the importance of collaboration with families and health professionals to ensure physical health, mental health and safety for all children, families, and professionals.

ECE 130 INFANT/TODDLER DEVELOPMENT AND CURRICULUM
Units: 3.00
CSU 54.00 hours lecture
Surveys infant/toddler development and its implications for group child care settings, including principles of infant/toddler philosophy and care giving.

ECE 131 PRACTICUM – FIELD EXPERIENCE
Units: 3.00
CSU 27.00 hours lecture, 81.00 hours lab
C-ID ECE 210
Prerequisite: ECE-129
Provides guided supervision for early childhood education. Focuses on connecting theory to practice, and enhancing professional behaviors. Students additionally plan and implement child-centered, play-oriented approaches to teaching, learning, and assessment.

ECE 135 SCHOOL AGE CHILD CARE PROGRAMS AND CURRICULUM
Units: 3.00
CSU 54.00 hours lecture
Examines the need and design of school age child care programs, emphasizing developmental stages of the child ages 5-13, curriculum development, the relationship of the family, and the special needs of the school age child.

ECE 137 SCHOOL AGE CHILD CARE PROGRAMS AND CURRICULUM
Units: 3.00
CSU 54.00 hours lecture
Examines the need and design of school age child care programs, emphasizing developmental stages of the child ages 5-13, curriculum development, the relationship of the family, and the special needs of the school age child.

ECE 138 SCHOOL AGE CHILD CARE PROGRAMS AND CURRICULUM
Units: 3.00
CSU 54.00 hours lecture
Examines the need and design of school age child care programs, emphasizing developmental stages of the child ages 5-13, curriculum development, the relationship of the family, and the special needs of the school age child.

ECE 139 SCHOOL AGE CHILD CARE PROGRAMS AND CURRICULUM
Units: 3.00
CSU 54.00 hours lecture
Examines the need and design of school age child care programs, emphasizing developmental stages of the child ages 5-13, curriculum development, the relationship of the family, and the special needs of the school age child.

ECE 140 RECREATIONAL LEADERSHIP IN SCHOOL AGE CHILD CARE
Units: 3.00
CSU 54.00 hours lecture
Presents different leadership techniques as they apply to various recreational activities for school age children, emphasizing behavioral management skills, and recreational activities for large groups of children.

ECE 144 MUSIC AND MOTOR DEVELOPMENT FOR THE YOUNG CHILD
Units: 2.00
CSU 36.00 hours lecture
Provides the basic skills, methods and theory in music and motor activities relating to the young child, including developing a portfolio of materials, lesson plans and classroom demonstrations.

ECE 151 ART AND CREATIVITY FOR YOUNG CHILDREN
Units: 2.00
CSU 36.00 hours lecture
Explores art and creativity in young children, including a selection of developmentally appropriate media, motivational techniques and classroom arrangements. A creative art curriculum resource file will be developed.
ECE 155 SCIENCE AND MATH FOR THE YOUNG CHILD
Units: 2.00
CSU 36.00 hours lecture
Provides an experiential and discovery approach to learning in the areas of science and math. Students plan and implement developmentally appropriate math and science experiences for young children and apply theoretical concepts in a variety of ways.

ECE 156 LITERATURE AND LANGUAGE DEVELOPMENT FOR THE YOUNG CHILD
Units: 2.00
CSU 36.00 hours lecture
Emphasizes a basic understanding of how children learn language skills, including developing techniques to promote and establish a language and literature program in the preschool setting through the use of flannel board activities, stories, puppets, drama, finger plays and circle activities.

ECE 160 UNDERSTANDING AND EDUCATION OF EXCEPTIONAL CHILDREN
Units: 3.00
CSU 54.00 hours lecture
Introduces the field of special education, emphasizing the developmental theories as they apply to the understanding and education of exceptional children through age eight. Overview of special needs categories as defined by PL94-142 (IDEA), inclusion, and preparation of Individual Education Plan (IEP).

ECE 165 TEACHING CHILDREN IN A DIVERSE SOCIETY
Units: 3.00
CSU 54.00 hours lecture
C-ID ECE 230
Examines the development of social identities in diverse societies and the implications of oppression and privilege as they apply to young children, families, programs, classrooms and teaching. Emphasizes culturally and linguistically appropriate anti-bias approaches, self-examination, and reflection on issues related to social identity, stereotypes, media and schooling.

ECE 201 SUPERVISION AND ADMINISTRATION OF CHILDREN'S PROGRAMS
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: ECE-101 or PSYCH-172/172H, ECE-121 & ECE-125
Principles and practices of supervision and administration of children's programs. Content includes Title 22 and Title 5 requirements regarding organizational structure, budgets, personnel policies and practices, record keeping, reporting, community relationships and resources, regulatory agencies and parents. Also reviews social and public policy and professional groups influencing child development today.

ECE 202 ADVANCED SUPERVISION AND ADMINISTRATION OF CHILDREN'S PROGRAMS
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: ECE-201
Provides opportunities for administrators of children's programs to learn techniques in hiring and training staff. Covers philosophies of management and staff relations including team building and human resource development. Course meets one of the requirements of the Child Development Permits for Site Supervisor or Program Director as needed for Title 5 programs.

ECE 220 ADULT SUPERVISION AND THE MENTOR PROCESS IN EARLY CHILDHOOD EDUCATION
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: ECE-131
Recommended Preparation: ENGL-101 or ENGL-101H
Presents methods and principles of supervising student teachers, volunteers, staff, and other adults in early care and education settings. Emphasizes the roles and development of early childhood professionals as mentors and leaders.
ECONOMICS

Economics study attempts to clarify how the use of natural, technical, and financial resources affect the lives of human beings. Economic concerns can range from how individuals and businesses make decisions, to the roles of government and the Federal Reserve, to the complex world of international trade. Economic theories are examined and applied to the modern economic world. Topics of specialization include macroeconomics and microeconomics, how businesses make decisions, business statistics, using numbers for analysis, U.S. economic history, the economic development of the U.S. economic history, the economic development of the U.S. consumer economics, how consumers make economic choices, and comparative economic systems, and the comparison of capitalism and socialism as it is applied in different countries. An associate degree is not available in economics.

ECON 170 ECONOMIC HISTORY OF THE UNITED STATES
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the economic development of the U.S. emphasizing a topical approach, including the development of business cycles, trade, banks in the new nation, manufacturing, tariffs, slavery, big business, labor, government regulation and deregulation leading to a modern industrial nation. (Same as HIST-170). Meets Title V American Institutions U.S. History requirement for the associate degree.

ECON 170H ECONOMIC HISTORY OF THE UNITED STATES - HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
Recommended Preparation: ENGL-101 or ENGL-101H
Surveys the economic development of the U.S. emphasizing a topical approach, including the development of business cycles, trade, banks in the new nation, manufacturing, tariffs, slavery, big business, labor, government regulation and deregulation leading to a modern industrial nation. Additional reading, writing, critical thinking, and research techniques required (Same as HIST-170H). Meets Title V American Institutions U.S. History requirement for the associate degree.

ECON 201 MACROECONOMICS
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: MATH-060
Examines the basic concepts of economics, emphasizing macro-analysis including the nature of the American economy, national income analysis, money and banking, fiscal and monetary policies.

ECON 201H MACROECONOMICS - HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: MATH-060
Examines the basic concepts of economics, emphasizing macro-analysis including the nature of the American economy, national income analysis, money and banking, and fiscal and monetary policies. Additional reading, writing, and research techniques are required.

ECON 202 MICROECONOMICS
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: ECON-201 or ECON-201H
Examines how individuals, firms, and industries perform in our economy, including supply and demand, perfect competition, monopolies, oligopolies, monopolistic competition, wages, prices and profits.

ECON 202H MICROECONOMICS-HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: ECON-201 or ECON-201H
Examines how individuals, firms, and industries perform in our economy, including supply and demand, perfect competition, monopolies, oligopolies, monopolistic competition, wages, prices and profits. Additional reading, writing and research required.

ECON 291 STATISTICAL METHODS IN BUSINESS AND ECONOMICS
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: MATH-070
Examines descriptive statistics, elements of probability distributions, sampling, estimation, and confidence intervals, tests of hypothesis, linear regression and correlation, including applications to problems in business and economics. Writing and the use of spreadsheet software are required. UC credit limitation: ECON-291, MATH-140, MATH-140H, PSYCH-104, and SOCI-137 combined; maximum credit, one course.
EDUCATION

EDUC 102 MATH AND SCIENCE TEACHING SEMINAR
Units: 1.50
CSU 18.00 hours lecture, 27 hours lab
Recommended Preparation: Self-identified as being interested in math or science teaching and placement as a MESA program tutor or workshop facilitator or in a local science or math secondary classroom. Presents an overview of mathematics and science instruction, including exploration of educational theories and practices. Requires a field component in the MESA study center at the Valencia campus or in a public junior high school or high school classroom with a credentialed teacher.

EDUC 203 INTRODUCTION TO TEACHING IN A DIVERSE SOCIETY
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces students to concepts and issues related to teaching diverse learners in contemporary public schools. Topics include teaching as a profession and a career, contemporary educational issues, common core state standards, and requirements for earning a teaching credential. Students will attend lecture and participate in 30 hours of required field work/observation. CSU credit limitation; consult a counselor. TB test and Livescan may be required.

ELECTRONIC SYSTEMS TECHNOLOGY

The Electronic Systems Technology program trains students for careers in the electrical service industries including data network services, telecommunication services, audio/video service and home security systems.

ESYST 101 BASIC ELECTRONICS
Units: 4.00
CSU 54.00 hours lecture, 54.00 hours lab
Introduces basic electronics and electronic systems technology. Formerly CMPELC-130.

ESYST 111 ELECTROMECHANICAL SYSTEMS
Units: 4.00
CSU 54.00 hours lecture, 54.00 hours lab
Co-requisite: ESYST-101
Presents the theory and application of mechanical devices and their control circuits, including component recognition, electrical schematic diagrams, hydraulics, pneumatics, AC and DC motors, stepping motors, mechanical drive systems, and servomechanisms.

ESYST 112 INDUSTRIAL ROBOTICS
Units: 4.00
CSU 54.00 hours lecture, 54.00 hours lab
Co-requisite: ESYST-101
Presents industrial robotics, including designing, building, operating, and programming.

ESYST 113 INDUSTRIAL CONTROLLERS
Units: 4.00
CSU 54.00 hours lecture, 54.00 hours lab
Co-requisite: ESYST-101
Presents basic control systems for process machines and driven equipment used in industry, including programmable controllers, basic electrical circuits, input devices, output devices, control diagrams, and specific programmable controller applications.
ENGINEERING

Associate in Science Degree: Engineering
The Engineering program provides curriculum concerned with the fundamentals of mechanics, electrical theory, and materials that can be applied to all disciplines within engineering. The degree concentrates on helping students develop critical thinking skills, a creative imagination, and excellent communication skills to effectively function in the professional environment. Most careers in engineering require a baccalaureate or graduate degree. Career options include: mechanical engineer, civil engineer, computer engineer, aerospace engineer, biomedical engineer, automotive engineer, and manufacturing engineer.

Degree Student Learning Outcome:
Students will be able to interpret, analyze, and evaluate engineering concepts.

ENGR 096 DISCOVER ENGINEERING
Units: 2.00
18.00 hours lecture, 54.00 hours lab
Explores the various engineering disciplines by examining engineering problems and their solutions. Includes essential techniques for success in subsequent engineering courses and orientation to relevant computer based technologies.

ENGR 101 INTRODUCTION TO SCIENCE, ENGINEERING AND TECHNOLOGY
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Prerequisite: MATH-102
A study of engineering and engineering technology. Topics include history, careers, ethics and responsibilities, engineering calculations and problem solving with examples taken from the topics of statistics, statics, mechanics, material science, electrical circuits, and engineering economy.

ENGR 110 INTRODUCTION TO AUTOCAD
Units: 3.00
UC:CSU 36.00 hours lecture, 54.00 hours lab
Introduces two-dimensional computer-aided drafting using AutoCAD® software. Course topics include tolerance and dimensioning, mechanical drafting symbols, orthographic projection, section and auxiliary views, isometric construction, and composition of working drawings.

ENGR 114 SOLIDS MODELING FOR MECHANICAL DRAFTING
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces the computer aided aspects of mechanical design and development utilizing the solids modeling program Solidworks. Emphasizes surface modeling and “top-down” design as related to mechanical objects and their assembly.
**ENGR 151 MATERIALS OF ENGINEERING**
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: CHEM-201 or 201H.
Covers the properties of materials as they relate to atomic and crystal structure. Topics include atomic structure and bonding, crystalline structures, phases and phase diagrams, metals, polymers, electrical and magnetic properties, optical properties, corrosion and process methods.

**ENGR 151L MATERIALS OF ENGINEERING LAB**
Units: 1.00
UC:CSU 54.00 hours lab
Co-requisite: ENGR-151.
Presents crystalline structures, mechanical properties of metals, the electrical properties of semiconducting materials, and polymers in a laboratory setting. Investigates experiments involving cold-working, heat-treatment, material hardness, ductile-to-brittle fracture behavior, fatigue, equilibrium phase diagrams, steel microstructure, corrosion, and process methods.

**ENGR 152 STATICS**
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: PHYSIC-220
Applies the principles of mechanics to rigid bodies in two and three-dimensional equilibrium. Focuses on graphical solutions using force vectors and equivalent force systems to solve problems pertaining to friction, centroids, center of gravity, and moments of inertia for areas.

**ENGR 153 ELECTRICAL CIRCUITS I**
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: MATH-212 and PHYSIC-221
Presents electric circuit analysis in both time and frequency domains, transient and steady state solutions. Topics include linear circuit analysis techniques, Kirchhoff's laws, Network theorems, mesh and nodal analysis, operational amplifiers, Thevenin/Norton equivalents, natural and step response of RLC circuits, AC circuits, phasors, three phase power, frequency response, and resonance.

**ENGR 161 STRENGTH OF MATERIALS**
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: ENGR-152
Emphasizes stresses and strains under axial, shearing, and torsional forces; flexural stresses and deflections of simple beams; columns; and combined stresses.

**ENGR 161L STRENGTH OF MATERIALS LAB**
Units: 1.00
UC:CSU 54.00 hours lab
Co-requisite: ENGR-161
Presents physical and engineering properties of materials resulting from tension, shear stresses, compression, bending, hardness, torsion, impact, and combined loading in a laboratory setting. Also investigates column buckling, moment of inertia, beam deflection, flexure, and design beyond the elastic limit.
The study of English prepares students for careers in any field for which close reading, critical thinking, and thoughtful, accurate written and verbal expression are necessary.

The English Department offers several areas of instruction:

- College skills courses, which integrate reading and writing instruction to prepare students for success in transfer-level composition courses
- Transfer-level composition courses, which fulfill the language and rationality general education requirement and reading and writing competency requirements for graduation, as well as CSUGE and IGETC transfer requirements
- Literature courses, which fulfill humanities general education and transfer requirements and provide cultural enrichment as well as experience with close reading and analysis
- Creative writing courses, which fulfill humanities general education and transfer requirements and provide instruction in multiple genres as well as literary magazine production
- Technical writing courses, which prepare students for writing in the workplace
- A linguistics course, which analyzes systems of grammar, the social and historical contexts of language, language learning, and language change

Associate in Arts Degree: English for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   - The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   - A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in English. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

Degree Student Learning Outcome:

Students will be able to:

- Appraise the contributions and relevance of literature.
- Apply multiple perspectives and critical thinking methods to analyze and interpret literature.

### Associate in Arts Degree: English

The English associate degree provides students with a wide variety of intellectual skills while introducing them to a major source of cultural enrichment. The major includes both creative writing and literature courses. The creative writing courses provide instruction in multiple genres. The literature courses offer a broad range of types and periods of literature.

#### Degree Student Learning Outcome:
- Appraise the contributions and relevance of literature.
- Apply multiple perspectives and critical thinking methods to analyze and interpret literature.

**ENGL 089 ESSENTIAL READING AND WRITING SKILLS**

Units: 3.00

54.00 hours lecture

Provides an introduction to essential college skills including source-based composition, critical reading of fiction and non-fiction, and success strategies. Units do not apply to the associate degree.

**ENGL 091 INTRODUCTION TO COLLEGE READING AND WRITING**

Units: 3.00

54.00 hours lecture

Prerequisite: ENGL-089 or placement as determined by the COC English assessment process.

Prepares students to write well-organized, unified and coherent essays for a college audience and teaches critical reading skills for college-level reading material. No credit if taken after ENGL-094 or ENGL-096.
ENGL 094 INTRODUCTION TO TECHNICAL READING AND WRITING
Units: 3.00
54.00 hours lecture
Prerequisite: ENGL-089 or placement as determined by the COC English assessment process.
Develops the reading and writing skills needed to be successful in the workplace, including the rhetorical principles and compositional practices necessary for writing effective business letters, memos, resumes, instructions, proposals, annotated bibliographies, and reports. No credit if taken after ENGL-091 or ENGL-096.

ENGL 096 ACCELERATED PREPARATION FOR COLLEGE READING AND WRITING
Units: 4.00
72.00 hours lecture
Prerequisite: Placement as determined by the COC English assessment process.
Provides an accelerated approach to prepare students for transfer-level English composition by focusing on writing strategies for well-organized, unified, and coherent college essays and critical reading skills for interpreting college-level reading material. Units do not apply to the associate degree.

ENGL 101 ENGLISH COMPOSITION
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ENGL 100
Prerequisite: ENGL-091, ENGL-094, ENGL-096, ESL-100 or placement as determined by the COC English assessment process.
Builds critical reading and expository writing skills through the analysis and evaluation of college-level, non-fiction readings and the composition of well-organized, full-length essays containing properly documented evidence.

ENGL 101H HONORS ENGLISH COMPOSITION
Units: 4.00
UC:CSU 72.00 hours lecture
C-ID ENGL 100
Prerequisite: ENGL-091, ENGL-094, ENGL-096, ESL-100 or placement as determined by the COC English assessment process.
Builds critical reading and expository writing skills through the analysis and evaluation of college-level, non-fiction and fiction readings and the composition of well-organized, full-length essays containing properly documented evidence. The honors component requires expanded and more complex reading and writing assignments.

ENGL 102 INTERMEDIATE COMPOSITION, LITERATURE AND CRITICAL THINKING
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: ENGL-101 or ENGL-101H
Builds on the critical thinking, reading, and writing practice begun in English 101, including critical analysis, interpretation, and evaluation of literary works, along with writing of argumentative essays about literary works.

ENGL 102H INTERMEDIATE COMPOSITION, LITERATURE AND CRITICAL THINKING - HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: ENGL-101 or ENGL-101H
Builds on the critical thinking, reading, and writing practice begun in English 101, including critical analysis, interpretation, and evaluation of literary works, along with writing of argumentative essays about literary works. Honors work challenges students to be more analytical and creative through expanded assignments such as more in depth engagement with, and application of literary theory.

ENGL 103 CRITICAL READING, WRITING AND THINKING
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ENGL 105
Prerequisite: ENGL-101 or ENGL-101H
Examines the principles of critical thinking as applied to writing and reading arguments on complex issues. Focuses on close textual analysis, argumentative writing, and logical reasoning.

ENGL 103H CRITICAL READING, WRITING AND THINKING – HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: ENGL-101 or ENGL-101H
Examines the principles of critical thinking as applied to writing and reading arguments on complex issues. Focuses on close textual analysis, argumentative writing, and logical reasoning. Honors work challenges students to be more analytical and creative through expanded assignments such as more in depth engagement with, and application of, techniques of persuasion and argumentation.

</tbody>
</table>
ENGL 225 CHILDREN'S LITERATURE
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ENGL 180
Prerequisite: ENGL-091, ENGL-094, ENGL-096, ESL-100 or placement as determined by the COC English assessment process.
Recommended Preparation: ENGL-101 or ENGL-101H
Introduces literature written for children, with emphasis on analysis and evaluation, including cultural, psychological, and literary contexts.

ENGL 250 BRITISH LITERATURE I
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ENGL 160
Prerequisite: ENGL-091, ENGL-094, ENGL-096, ESL-100 or placement as determined by the COC English assessment process.
Recommended Preparation: ENGL-101 or ENGL-101H
Surveys the literature written in the British Isles up to the last quarter of the 18th century.

ENGL 251 BRITISH LITERATURE II
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ENGL 165
Prerequisite: ENGL-091, ENGL-094, ENGL-096, ESL-100 or placement as determined by the COC English assessment process.
Recommended Preparation: ENGL-101 or ENGL-101H
Surveys British literature from the late eighteenth century to contemporary British and post-colonial texts.

ENGL 260 AMERICAN LITERATURE I
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ENGL 130
Prerequisite: ENGL-091, ENGL-094, ENGL-096, ESL-100 or placement as determined by the COC English assessment process.
Recommended Preparation: ENGL-101 or ENGL-101H
Surveys the major movements and genres of American literature from its beginnings through the Civil War.

ENGL 261 AMERICAN LITERATURE II
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ENGL 135
Prerequisite: ENGL-091, ENGL-094, ENGL-096, ESL-100 or placement as determined by the COC English assessment process.
Recommended Preparation: ENGL-101 or ENGL-101H
Surveys a wide range of American authors and their relationship to major literary and intellectual movements from the second half of the nineteenth century to the present.

ENGL 262 AMERICAN MULTICULTURAL LITERATURE
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys of various genres of multicultural literature of the United States, addressing issues of voice, agency and the construction of American identity across racial, ethnic, regional, and gender boundaries in the cultural context of a diverse country.

ENGL 263 INTRODUCTION TO POETRY
Units: 3.00
UC:CSU 54.00 hours lecture
Examines major poetic forms and literary elements in selected English poems representing a diversity of voices. Emphasizes close, analytical reading of imagery, symbol, figurative language, rhythm, and sound to discover theme, tone and significance.

ENGL 264 STUDY OF FICTION
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: ENGL-091, ENGL-094, ENGL-096, ESL-100 or placement as determined by the COC English assessment process.
Recommended Preparation: ENGL-101 or ENGL-101H
Presents selected prose fiction from various writers in Western Civilization. Emphasizes short fiction of the 19th and 20th centuries plus one novel. Through close reading and discussion, students will learn to analyze and interpret prose narratives.

ENGL 270 INTRODUCTION TO AFRICAN-AMERICAN LITERATURE
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys of African American literature from the 1700s to the present, including poetry, fiction, autobiography, essays, drama and oral literature.
ENGL 271 MYTHOLOGY
Units: 3.00
UC:CSU 54.00 hours lecture
Presents a multicultural look at basic themes and archetypes in mythology, including creation, the female and male divine, heroic quest, the trickster and sacred places.

ENGL 272 THE BIBLE AS LITERATURE
Units: 3.00
UC:CSU 54.00 hours lecture
Reading and discussion of selected books of the Old and New Testaments: saga, myth, epic, story, historical writing, poetry, wisdom literature, prophecy, parables, letters and proverbs.

ENGL 273 WORLD LITERATURE I
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ENGL 140
Prerequisite: ENGL-091, ENGL-094, ENGL-096, ESL-100 or placement as determined by the COC English assessment process.
Recommended Preparation: ENGL-101 or ENGL-101H
Presents selected prose fiction from various writers in Western Civilization. Emphasizes short fiction of the 19th and 20th centuries plus one novel. Through close reading and discussion, students will learn to analyze and interpret prose narratives.

ENGL 274 WORLD LITERATURE II
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID ENGL 145
Prerequisite: ENGL-091, ENGL-094, ENGL-096, ESL-100 or placement as determined by the COC English assessment process.
Recommended Preparation: ENGL-101 or ENGL-101H
Surveys world literature in translation from the Renaissance to modern times, including European, Japanese, Russian, Chinese, Middle Eastern, African, and Latin American literature.

ENGL 275 SHAKESPEARE
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the principles of Shakespearean poetry and drama, including detailed reading of selected poems, comedies, tragedies and histories.

ENGL 280 WOMEN'S LITERATURE
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys literature written by women from diverse cultural backgrounds throughout various literary periods.

ENGL 281 INTRODUCTION TO SCIENCE FICTION
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces fantasy and science fiction as literature, emphasizing the history and traditions of the genre, the use of mythology, and the political, philosophical and social commentary in works studied.
ENGLISH AS A SECOND LANGUAGE

The ESL program offers beginning, intermediate, and advanced level courses providing essential language skills aimed at preparing non-native speakers of English for college-level work. An associate degree is not available in English As A Second Language.

ESL 060 COLLEGE READING, WRITING AND GRAMMAR LEVEL I
Units: 3.00
54.00 hours lecture
Develops reading, writing, and grammar skills designed to move non-native speakers of English toward college-level work. Units do not apply to the associate degree.

ESL 061 COLLEGE LISTENING AND SPEAKING I
Units: 3.00
54.00 hours lecture
Provides practice in speaking in informal college situations. Focuses on listening, speaking, and pronunciation through extensive practice in common college situations. Units do not apply to the associate degree.

ESL 070 COLLEGE READING, WRITING AND GRAMMAR LEVEL II
Units: 3.00
54.00 hours lecture
Prerequisite: ESL-060 or COC Credit or Noncredit placement test
Continued development of reading, writing, and grammar skills necessary for college-level work. Units do not apply to the associate degree.

ESL 071 COLLEGE LISTENING AND SPEAKING II
Units: 3.00
54.00 hours lecture
Provides extensive practice in oral communication in both formal and informal college situations. Develops listening strategies. Units do not apply to the associate degree.

ESL 080 COLLEGE WRITING AND GRAMMAR LEVEL III
Units: 3.00
54.00 hours lecture
Prerequisite: ESL-070 or appropriate placement as determined by the COC placement process.
Focuses on writing researched non-personal paragraphs and short essays using more advanced grammatical structures. Units do not apply to the associate degree.

ESL 081 COLLEGE LISTENING & SPEAKING III
Units: 3.00
54.00 hours lecture
Provides intensive practice in academic listening, note-taking, and speaking skills. Focuses on fluency. Units do not apply to the associate degree.

ESL 083 COLLEGE READING, VOCABULARY AND DISCUSSION III
Units: 3.00
54.00 hours lecture
Prerequisite: ESL-070 or appropriate placement by the COC ESL placement process.
Develops reading, vocabulary skills, and discussion techniques through analysis of fiction and non-fiction materials.

ESL 091 ACCENT REDUCTION
Units: 3.00
54.00 hours lecture
Focuses on accent reduction for non-native speakers of English. Course covers discrete sounds and phonemes as well as stress and intonation, aural discrimination, and sound patterns reproduction. Offered pass/no-pass only. Units do not apply to the associate degree.

ESL 100 COLLEGE READING AND WRITING IV
Units: 4.00
UC-CSU 72.00 hours lecture
Prerequisite: ESL-080 and 083 or appropriate placement as determined by the COC ESL placement process.
Reading, composition, and grammar for advanced non-native speakers, designed to prepare students for transfer-level English composition courses, including complex sentence patterns and researched multi-paragraph essays.
ENVIRONMENTAL SCIENCES

The Environmental Sciences focus on understanding the relationships between nature and humanity. The courses offered provide the necessary background knowledge and training for students to successfully transfer into prominent four-year colleges and universities in the fields of Environmental Studies and Sciences. Environmental scientists are needed to develop sustainable solutions to global problems currently facing our society.

An associate degree is not currently available in Environmental Sciences.

ENVRMT 101 INTRODUCTION TO ENVIRONMENTAL STUDIES
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces the use of the Earth's natural resources by human civilizations; the roles that economics, ethics, law, history, politics, culture and gender inequity have played in resource use and distribution; as well as career opportunities in environmental studies.

ENVRMT 103 INTRODUCTION TO ENVIRONMENTAL SCIENCE
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Provides students with an understanding of the natural processes operating in the world. Explores environmental processes associated with society and emphasizes the scientific method, elements of statistics and sampling, and the completion of research-based experimental studies along with required field trips.

ENVRMT 104 ENERGY RESOURCES AND CONSERVATION
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces a quantitative survey of current energy resources, alternate methods of energy generation, and various energy conservation methods using scientific inquiry, including practical applications relevant to today's economy and technology. Field trips required.

FIRE TECHNOLOGY

Associate in Science Degree: Fire Technology - In-Service
This degree is for the fire service professional who wishes to advance within the fire service. Upon completing the degree program, fire service professionals will further their knowledge in the following areas: Fire command, fire management and fire prevention officer training. Promotional opportunities include Fire Apparatus Operator, Fire Captain, Battalion Chief, Division Chief, Assistant Fire Chief and Fire Chief.

Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for fire service professionals in incident command system, fire investigation, fire command, fire management, and fire prevention.

Program Requirements:
Units Required: 27

Associate in Science Degree: Fire Technology - Pre-Service
The Fire Technology - Pre-Service degree/certificate program prepares students for careers in the fire service, either public or private. After completion of the program, students will have a basic understanding in fire protection, prevention and behavior, fire company organization and procedures, fire hydraulics, wildland fire behavior and fire investigation among other areas. HLHSCI 151 (EMT) may be waived if the student has successfully completed EMT training; however, two additional elective courses must be taken in lieu of HLHSCI 151.
Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge of fire organization, fire prevention, fire equipment and systems, building construction for fire protection, fire behavior and combustion and emergency medical technician.

Program Requirements:
Units Required: 32

FIRETC 101 FIRE PROTECTION ORGANIZATION
Units: 3.00
CSU 54.00 hours lecture
Introduces fire services and fire protection careers, including fire department organization, firefighting tactics, fire prevention, tools and equipment, alarm systems, and water systems.

FIRETC 102 FIRE PREVENTION TECHNOLOGY
Units: 3.00
CSU 54.00 hours lecture
Provides fundamental knowledge relating to the field of fire prevention, including history and philosophy of fire prevention, organization and operation of a fire prevention bureau, use and application of codes and standards, plans review, fire inspections, fire and life safety education, and fire investigation.

FIRETC 103 FIRE PROTECTION EQUIPMENT AND SYSTEMS
Units: 3.00
CSU 54.00 hours lecture
Provides information relating to the features of design and operation of fire alarm systems, water-based fire suppression systems, special hazard fire suppression systems, water supply for fire protection and portable extinguishers.

FIRETC 104 BUILDING CONSTRUCTION FOR FIRE PROTECTION
Units: 3.00
CSU 54.00 hours lecture
Examines building construction as it relates to fire protection, classification of occupancy and types of construction with emphasis on fire protection features including building equipment, facilities, fire resistant materials and high-rise considerations.
FIRETC 105 FIRE BEHAVIOR AND COMBUSTION
Units: 3.00
CSU 54.00 hours lecture
Explores the theories and fundamentals of how and why fires start, spread and are controlled.

FIRETC 106 PRINCIPLES OF FIRE AND EMERGENCY SERVICE ADMINISTRATION
Units: 3.00
CSU 54.00 hours lecture
Introduces the student to the organization and management of a fire and emergency services department and the relationship of government agencies to the fire service. Emphasis is placed on fire and emergency service, ethics, and leadership from the perspective of the company officer.

FIRETC 107 FIRE APPARATUS AND EQUIPMENT
Units: 3.00
CSU 54.00 hours lecture
Presents fire apparatus design including mobile and fixed apparatus, a review of construction specifications and performance capabilities, and the effective deployment, utilization and performance of equipment under emergency conditions.

FIRETC 108 FIRE PROTECTION HYDRAULICS AND WATER SUPPLY
Units: 3.00
CSU 54.00 hours lecture
Presents the theory and principles of using water in fire protection, including the hydraulic principles used to solve water supply problems.

FIRETC 109 PRINCIPLES OF FIRE AND EMERGENCY SERVICES SAFETY AND SURVIVAL
Units: 3.00
CSU 54.00 hours lecture
Introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout emergency services.

FIRETC 110 WILDLAND FIRE BEHAVIOR
Units: 3.00
CSU 54.00 hours lecture
Introduces principles related to wildland fire behavior such as weather, fuel and topographic factors.

FIRETC 120 HAZARDOUS MATERIALS
Units: 3.00
CSU 54.00 hours lecture
Examines basic fire chemistry and problems of flammability as encountered by emergency services personnel including fuels, flammable solids, combustible metals, plastics and oxidizers. Examines basic hazardous material response elements in regards to EMS personnel and their role as first responders.

FIRETC 123 FIRE INVESTIGATION
Units: 3.00
CSU 54.00 hours lecture
Provides the fundamentals and technical knowledge needed for proper fire scene interpretations, including recognizing and conducting origin and cause, preservation of evidence and documentation, scene security, motives of the fire setter, and types of fire causes.

FIRETC 125 FIREFIGHTING TACTICS AND STRATEGY
Units: 3.00
CSU 54.00 hours lecture
Examines the principles of fire control through utilization of personnel, equipment and extinguishing agents on the fire ground.

FRENCH
(See Modern Language)
GEOGRAPHY

Geography is the broad spatial science that studies the location, distribution, and interaction among all physical and cultural features of Earth. These studies include physical processes that create and modify landforms, affect daily weather and long-term climates, and influence the setting for all biologic phenomena such as plants, animals and humans. These studies also include the distribution and interaction of cultural phenomena such as population, language, religion, economics, politics, diseases, agriculture, migration, resources, urban patterns, ethnic studies, and the many short-term and long-term effects of humans on the environment. The geography program also includes the study and use of graphs, maps, and geospatial digital data retrieval and cartographic technology.

Through lecture, lab, and field study, the geography program provides insight, perspective, and application required to assist citizens in making well-informed decisions involving the inter-relationships between the natural physical environment and the systems and networks of human societies.

Associate in Arts Degree: Geography for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts Degree for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Geography. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

Degree Student Learning Outcome:

Students will be able to locate and analyze the distribution of physical and cultural features in the world, relate them to modifying processes, and assess variables that influence resulting spatial patterns.

Program Requirements:

Units Required: 18

GEOG-101 Physical Geography ............... 3.0
   OR
   GEOG-101H Physical Geography - Honors .... 3.0
   GEOG-102 Human Geography ............... 3.0

Plus six units from the following:

GEOG-101L Physical Geography Lab ........... 1.0
GEOG-103 Weather and Climate ............... 3.0
GEOG-104 World Regional Geography ......... 3.0
GIS-101 Introduction to Geographic Information Systems ........ 3.0

Plus six units from the following:

ANTHRO-103 Cultural Anthropology .......... 3.0
   OR
   ANTHRO-103H Cultural Anthropology – Honors 3.0
GEOL-101 Physical Geology ............... 3.0

GEOG 101 PHYSICAL GEOGRAPHY

Units: 3.00
UC:CSU 54.00 hours lecture
C-ID GEOG 110

Examines the basic physical elements of Earth and the processes that affect climate, water, soils, vegetation, landforms, how humans and the environment interrelate, the fundamentals of Earth/Sun relationships and cartography.
GEOG 101H PHYSICAL GEOGRAPHY - HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID GEOG 110
Recommended Preparation: ENGL-101 or ENGL-101H
Examines the basic physical elements of Earth and the processes that affect climate, water, soils, vegetation, landforms, how humans and the environment interrelate, the fundamentals of Earth/Sun relationships, and cartography. Honors work challenges students to be more analytical and creative through expanded assignments that include additional critical thinking, research, and presentation techniques.

GEOG 101L PHYSICAL GEOGRAPHY LAB
Units: 1.00
UC:CSU 54.00 hours lab
C-ID GEOG 111
Co-requisite: GEOG-101 or GEOG-101H
Focuses on observation, interpretation, and application of data of Earth's environment, utilizing the tools and techniques of physical geographers. Field trip may be required.

GEOG 102 HUMAN GEOGRAPHY
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID GEOG 120
Analyzes the spatial distribution and interaction of human patterns such as population, language, religion, economics, migration, ethnicity, urban and political systems, agriculture, development, and human-environment interactions.

GEOG 103 WEATHER AND CLIMATE
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID GEOG 130
Introduces the mechanics and processes of the atmosphere, including general and severe weather, weather forecasting, climates, and the complex natural and human influences on global climate change. May include field work and field trips.

GEOG 104 WORLD REGIONAL GEOGRAPHY
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID GEOG-125
Examines the interdependency, connectivity, and diversity of the world's regions, while exploring the processes of global change and their interactions with the environmental and social identities of regional landscapes, cities, and peoples.

GEOGRAPHIC INFORMATION SYSTEMS
Geographic Information System (GIS) is a computer-based geospatial management system that allows the user to visualize, question, analyze, interpret, and understand complex data in order to reveal relationships, patterns, and trends. The study of GIS leads to increased efficiency, improved communication, and all-around better decision making in an almost endless variety of fields and disciplines.

GIS 101 INTRODUCTION TO GEOGRAPHIC INFORMATION SYSTEMS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID GEOG 155
Introduces the fundamental concepts, methods, and applications of Geographic Information Systems (GIS) and its role in spatial analysis and decision making.
GEOLOGY

Geology is the science that studies the earth. These studies includes earth's formation and composition, the processes that create resources such as fuels, minerals, and construction materials, the energy systems that modify landforms on the crust, the historical evolution of life and global climates, and the continuing interaction between humans and the natural environment.

Through lecture, lab, and field study, the geology program provides insight, perspective, and application required to assist citizens in making well informed decisions concerning earth-related issues such as water resources, building and engineering, natural disasters, agriculture and ocean resources, and the long-term effects on our planet from an increasing population.

Associate in Science Degree: Geology for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

   1. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AS-T in Geology. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

Degree Student Learning Outcome:
Students will be able to synthesize information from a variety of sources and disciplines in order to solve geologic problems.

Program Requirements:
Units Required: 29

GEOL 100 PHYSICAL GEOLOGY LAB
Units: 1.00
UC:CSU 54.00 hours lab
C-ID GEOL 100L

Co-requisite: GEOL-101
Provides the principles and tools of direct and remote observation of Earth’s crustal evolution and surface processes through analysis of minerals, rocks, fossils, topographic and geologic maps, cross sections and other geologic tools. Field work may be required.

GEOL 101 PHYSICAL GEOLOGY
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID GEOL 100

Explores the basic features of the exterior and interior of the earth's crust, the materials of which those features are composed, and the geologic processes which produced them. Field trips may be required.

GEOL 102 HISTORICAL GEOLOGY
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
C-ID GEOL 111

Studies the evolution of the earth's crust and the earth's plant and animal life from the beginnings to the present as revealed in geologic strata and in the fossil record. Emphasizes the evolution of the North American continent, its landforms, contiguous oceans, animals and plants, including some study of the principles of paleontology. Field trips may be required.
GEOL 103 THE SCIENCE OF LIFE THROUGH DINOSAURS
Units: 3.00
UC:CSU 54.00 hours lecture
Presents the origins, evolution, diversity, anatomy, physiology, ecology, habitat, behaviors, extinction, and paleontology of the dinosaurs in the Mesozoic Era.

GEOL 104 NATURAL DISASTERS
Units: 3.00
UC:CSU 54.00 hours lecture
Examines the earth processes, forces, and systems that cause natural disasters, including volcanic eruptions, earthquakes, hurricanes, tsunamis, tornadoes, floods, climate change, landslides, mass extinction, and extraterrestrial impacts. Field trips may be required.

GEOL 105 GEOLOGY OF CALIFORNIA
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the major geomorphic provinces of California, including their geologic history, topography, geologic structures, rock units, natural resources, and possible environmental risks. Field trips may be required.

GEOL 109 EARTH SCIENCE
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID GEOL 120
Surveys the terminology and basic concepts of the fields of Earth science, including astronomy, geology, meteorology, and oceanography. Examines Earth's changing geological systems and the importance of Earth science phenomenon to daily life. UC credit limitation: no credit if taken after a college-level course in Astronomy, Geology, Meteorology or Oceanography. Field trip may be required.

GEOL 109L EARTH SCIENCE LABORATORY
Units: 1.00
UC:CSU 54.00 hours lab
C-ID GEOL 120L
Co-requisite: GEOL-109
Presents laboratory experiences focusing on Earth Science materials and systems in the lithosphere, hydrosphere, atmosphere, and solar system.

GEOL 218 INTRODUCTION TO OCEANOGRAPHY
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Studies Earth's oceans and their origin, sea floor features, sediments, coastal processes, circulation, waves, tides, seawater properties, and marine life.

GRAPHIC AND MULTIMEDIA DESIGN

Associate in Arts Degree: Graphic & Multimedia Design – Graphic Design
This program offers an associate degree in Graphic and Multimedia Design with an emphasis in graphic design. The primary goal of this degree is to provide students with a foundation of knowledge and technical abilities required of a graphic design position. Elective courses provide preparedness to specific industry requirements. All courses are sequenced to facilitate transferability to an art or design program at a four-year university. Along with the transferability aspect of this program, the associate degree in Graphic and Multimedia Design with an emphasis in graphic design will also provide students with basic skills and competencies.

Degree Student Learning Outcome:
Students will be able to build and present a professional portfolio highlighting technical skill, conceptual ability, and creative achievement in graphic design for print.

Program Requirements:

Certificate of Achievement: Graphic & Multimedia Design – Multimedia
Multimedia is a rapidly growing industry combining video, sound, animation and graphics with digital technology into an interactive environment. The multimedia certificate develops students' creative and technical skills by providing hands-on training in current technologies. The two-year program prepares students for employment in Web design, interface design, motion graphics, digital photography, graphic arts, digital video production and game design.

Certificate Student Learning Outcome:
Students will be able to build and present a professional portfolio highlighting technical skill, conceptual ability, and creative achievement in web and interactive design.

GMD 041 INTRODUCTION TO INDESIGN
Units: 1.00
13.50 hours lecture, 13.50 hours lab
Introduces page layout for print media using Adobe InDesign. Students learn how to utilize layout features for both text and images. Basic computer knowledge is assumed. Offered pass/no-pass only.

GMD 044 INTRODUCTION TO ILLUSTRATOR
Units: 1.00
13.50 hours lecture, 13.50 hours lab
Introduces computer illustration using Adobe Illustrator, including how to create images, use type and layout features, use filters, and format images for print, Web and multimedia formats. Basic computer knowledge is assumed. Offered pass/no-pass only.
GMD 047 INTRODUCTION TO PHOTOSHOP  
Units: 1.00  
13.50 hours lecture, 13.50 hours lab  
Introduces digital imaging using Adobe Photoshop, including how to composite, work with layers, select pixels and adjust digital images. Basic computer knowledge is assumed. Offered pass/no-pass only.

GMD 094L GRAPHICS LAB  
Units: 1.00  
54.00 hours lab  
A lab for the currently-enrolled graphics student who wishes to increase skills through the use of the graphics lab facility. Note: Students must attend faculty supervised weekly scheduled class time posted in printed schedule. Hours must be accrued at a time separate from any other class in which the student is also registered. This course is not a required course for any certificate or degree in the graphics program. Offered pass/no-pass only. Units do not apply to the associate degree.

GMD 097L MULTIMEDIA LAB  
Units: 1.00  
54.00 hours lab  
A lab for the currently-enrolled graphics student who wishes to increase skills through the use of the graphics lab facility. Note: Students must attend faculty supervised weekly scheduled class time posted in printed schedule. Hours must be accrued at a time separate from any other class in which the student is also registered. This course is not a required course for any certificate or degree in the graphics program. Offered pass/no-pass only. Units do not apply to the associate degree.

GMD 101 INTRODUCTION TO VISUAL COMMUNICATION  
Units: 3.00  
UC:CSU 36.00 hours lecture, 54.00 hours lab  
Introduces the concepts and practices applicable to visual communication, including the elements and principles of composition, divergent thinking, and the creative process. Includes instruction in several software applications.

GMD 120 HISTORY OF GRAPHIC DESIGN  
Units: 3.00  
UC:CSU 54.00 hours lecture  
Surveys the origin and evolution of graphic design, including the development of typography, advertising, poster design, illustration, corporate identities and trademarks.

GMD 142 DIGITAL ILLUSTRATION  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Introduces digital illustration for graphic design using Adobe Illustrator and Adobe Photoshop. Topics include: book, editorial and package design.

GMD 144 GRAPHIC DESIGN I  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: GMD-101  
Introduces the design of print graphics, covering various page layout formats and the fundamentals of typographic design. Includes instruction in several software applications.

GMD 145 TYPE AND TYPOGRAPHY  
Units: 3.00  
UC:CSU 36.00 hours lecture, 54.00 hours lab  
Introduces type and typography for visual communication. Traditional and contemporary techniques are combined to explore the art of letterforms.

GMD 173 MOTION DESIGN  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Introduces the fundamental concepts, terminology, and techniques of motion design using industry standard software such as Adobe AfterEffects.

GMD 177 WEB PAGE DESIGN I  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Recommended preparation: GMD-101 and GMD-145  
Introduces the fundamental concepts, terminology and techniques of web and interactive design using industry standard software.

GMD 242 GRAPHIC DESIGN II  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Introduces advanced visual communication skills in print graphics, using graphic software applications to explore logo, advertising and publication design.

GMD 277 WEB PAGE DESIGN II  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Recommended preparation: GMD-177  
Introduces advanced concepts, terminology and techniques of web and interactive design using industry standard software such as Adobe Photoshop and Adobe Dreamweaver.
HEALTH SCIENCE

Certificate of Specialization: Emergency Medical Technician I
Prepares students for certification and employment as an Emergency Medical Technician (also known as EMT-Basic). Includes emergency department and ambulance clinical observations. Health clearance and background check required prior to start of clinical rotations. Upon successful completion, students are eligible to take the National Registry EMT-B examination. This course meets DOT objectives. May be repeated if used for legally mandated training.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in EMT skills and knowledge as required by state and local regulations.

HLHSCI 149 NUTRITION FOR FITNESS AND BALANCED LIVING
Units: 2.00
UC:CSU 36.00 hours lecture
Examines the psycho-biological, cultural, social, cognitive, and environmental factors that influence a persons eating and physical activity behaviors and body image. Provides practical strategies to promote healthy attitudes and behaviors. UC credit limitation: HLHSCI-149 and HLHSCI-150 combined, maximum credit one course.

HLHSCI 150 NUTRITION
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces the study of food and nutrients throughout the lifespan and their impact on quality of life and disease prevention. UC credit limitation: HLHSCI-149 and HLHSCI-150 combined, maximum credit one course.

HLHSCI 151 EMERGENCY MEDICAL TECHNICIAN I
Units: 8.00
CSU 136.00 hours lecture, 24.00 hours lab
Prerequisite: Must be 18 years or older the first day the class meets and have completed an American Heart Association "BLS for the Healthcare Provider" course and present AHA BLS Healthcare Provider card to instructor the first day of class. Recommended Preparation: HLHSCI-046
Prepares students for certification and employment as an Emergency Medical Technician, including emergency department clinical experience and ambulance ride-along. Health clearance and background check required prior to start of clinical rotations. Upon successful completion students are eligible to take the National Registry EMT examination. The course meets the U.S. Department of Transportation (DOT) National EMS Education Standards (DOT HS 811 077A, January 2009). May be repeated if used for legally mandated training.

HLHSCI 153 EMERGENCY MEDICAL TECHNICIAN REFRESHER
Units: 1.50
CSU 24.00 hours lecture, 8.00 hours lab
Recommended Preparation: HLHSCI-151 or current/lapsed EMT Certification
Designed to provide the knowledge required for L.A. County/State of California EMT recertification, including L.A. County scope of practice, NREMT transition materials and skills testing.
HLHSCI 243 WOMEN AND HEALTH
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys past and current issues surrounding women's health, including anatomy, sexuality, reproductive health, STD's, disorders common to women, mental health, domestic violence, menopause and women in the health profession. UC credit limitation: HLHSCI-100 and HLHSCI-243 combined, maximum credit one course.

HLHSCI 249 MEDICAL TERMINOLOGY
Units: 3.00
CSU 54.00 hours lecture
Presents a comprehensive study of medical terminology, emphasizing determining meanings by dividing words into their component parts. Basic anatomy and physiology are discussed. Correct spelling, pronunciation and meaning of common medical terms related to individual body systems, clinical procedures, laboratory tests and pathological conditions are covered.

HISTORY
In a broad sense, history is the study and record of all human experience. It examines people, institutions, ideas and events through the past, develops cultural literacy, critical thinking and other useful skills while helping to plan for the future. By having knowledge of the origins and people of the past we are able to obtain a better understanding of ourselves as individuals and as a society.

History provides a solid fundamental preparation for careers in business, industry, government and education. It also serves as a preparation for law school, foreign service, international work, urban affairs, and library science.

Associate in Arts Degree: History for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on universi-
Degree Student Learning Outcome:
Students will be able to analyze and interpret the significance of specific historical events and time periods.

HIST 101 HISTORY OF WESTERN CIVILIZATION: THE PRE-INDUSTRIAL WEST
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID HIST 170
Surveys the history of Western Civilization from earliest times to the 16th Century, including the development of economic, socio-political, and cultural institutions from pre-history to Riverine cultures of the Near East, Greco-Roman world and medieval and early modern Europe.

HIST 101H HISTORY OF WESTERN CIVILIZATION: THE PRE-INDUSTRIAL WEST HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID HIST 170
Recommended Preparation: ENGL-101 or ENGL-101H
Surveys the history of Western Civilization from earliest times to the 16th Century, including the development of economic, socio-political, and cultural institutions from pre-history to Riverine cultures of the Near East, Greco-Roman world and medieval and early modern Europe. Additional reading, writing, critical thinking, and research techniques are required.

HIST 102 HISTORY OF WESTERN CIVILIZATION: THE MODERN ERA
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID HIST 180
Surveys the history of Western Civilization from the 16th Century to the present period, including the economic, socio-political, and cultural developments in Europe, the Americas, and the emergent nations of the modern era.

HIST 111 UNITED STATES HISTORY I
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID HIST 130
Surveys American civilization, from the Pre-Columbian era through Reconstruction, emphasizing the political, cultural, economic, and social history of the United States. Meets Title 5 American Institutions U.S. History requirement for the associate degree. UC credit limitation: HIST-111, 111H, 112, 112H and 115 combined, maximum credit, two courses.

HIST 111H UNITED STATES HISTORY I - HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID HIST 130
Recommended Preparation: ENGL-101 or ENGL-101H
Surveys American civilization, from the Pre-Columbian era through Reconstruction, including the political, cultural, economic, and social history of the United States. Additional reading, writing, and research techniques required. Meets Title V American Institutions U.S. History requirement for the associate degree. UC credit limitation: HIST-111, 111H, 112, 112H and 115 combined, maximum credit, two courses.

HIST 112 UNITED STATES HISTORY II
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID HIST 140
Surveys the political, economic, and social history of the United States from Reconstruction to the present. Meets Title V American Institutions U.S. History requirement for the associate degree. UC credit limitation: HIST-111, 111H, 112, 112H and 115 combined, maximum credit, two courses.

HIST 112H UNITED STATES HISTORY II - HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID HIST 140
Recommended Preparation: ENGL-101 or ENGL-101H
Surveys the political, economic, and social history of the United States from Reconstruction to the present. Additional reading, writing, and research techniques required. Meets Title V American Institutions U.S. History requirement for the associate degree. UC credit limitation: HIST-111, 111H, 112, 112H and 115 combined, maximum credit, two courses.
HIST 115 UNITED STATES HISTORY SINCE 1945
Units: 3.00
UC:CSU 54.00 hours lecture
Examines the political, social, and cultural events occurring in the United States since 1945, exploring the connections with racial unrest, foreign and military policy, civil liberties, and governmental responsibility. UC credit limitation: HIST-111, 111H, 112, 112H and 115 combined, maximum credit, two courses.

HIST 120 THE ROLE OF WOMEN IN THE HISTORY OF THE UNITED STATES
Units: 3.00
UC:CSU 54.00 hours lecture
Explores the political, economic, and intellectual history of women in the development of the United States from the early Colonial Era to the present day, including their challenges and contributions. Meets Title 5 American Institutions US History requirement for the associate degree.

HIST 120H THE ROLE OF WOMEN IN THE HISTORY OF THE UNITED STATES - HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
Recommended Preparation: ENGL-101 or ENGL-101H
Explores the political, economic, and intellectual history of women in the development of the United States from the early Colonial Era to the present day, including their challenges and contributions. Additional reading, writing, and research techniques required. Meets Title 5 American Institutions US History requirement for the associate degree.

HIST 130 SOCIAL AND CULTURAL HISTORY OF THE UNITED STATES
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the social, ethnic, and cultural history of the United States, from the 15th Century to the present, including changes in society, immigration, ethnicity, race, gender, and culture. Meets Title 5 American Institutions U.S. History requirement for the associate degree.

HIST 161 WORLD HISTORY I
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID HIST 150
Examines world civilization from prehistory through the 1500’s, including Greek and Roman philosophies, Confucianism, Hinduism, Buddhism, Christianity, Islam, political institutions, social practices, literature, women’s status, and cross-cultural influences.

HIST 170 ECONOMIC HISTORY OF THE UNITED STATES
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the economic development of the U.S. emphasizing a topical approach, including the development of business cycles, trade, banks in the new nation, manufacturing, tariffs, slavery, big business, labor, government regulation and deregulation leading to a modern industrial nation. Same as ECON-170. Meets Title 5 American Institutions U.S. History requirement for the associate degree.

HIST 170H ECONOMIC HISTORY OF THE UNITED STATES - HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
Recommended Preparation: ENGL-101 or ENGL-101H
Surveys the economic development of the U.S. emphasizing a topical approach, including the development of business cycles, trade, banks in the new nation; manufacturing, tariffs, slavery, big business, labor, government regulation and deregulation leading to a modern industrial nation. Additional reading, writing, critical thinking, and research techniques required (Same as ECON 170H). Fulfills Title 5 U.S. History requirement for the associate degree.

HIST 191 HISTORY OF EASTERN CIVILIZATION I
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys Asian civilizations from antiquity to the nineteenth century, including philosophical and social environments and cultural and political trends. Specifically examines China and Japan, as well as neighboring areas like Korea, India, and Southeast Asia.

HIST 192 HISTORY OF EASTERN CIVILIZATION II
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys Asian civilizations from the nineteenth century to the present, emphasizing the regions of China, Japan, Korea, India, and Southeast Asia. Topics include Western imperialism, nationalist movements, Asian affairs during World War II, communist regimes, economic modernization, and cultural trends.
HIST 193 HISTORY OF INDIA
Units: 3.00
UC:CSU 54.00 hours lecture
History of India's diverse populations, social practices, religions, government institutions, nationalist movements, art, and literature from antiquity to the present, including the Indus Civilization, Mughal Empire, tenets and socio-political implications of Hinduism, Buddhism, Islam, British colonialism, communal strife, and modern India.

HIST 210 HISTORY OF CALIFORNIA
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys California from its pre-Columbian past to the present and emphasizes the economic, political, social, and natural history utilizing a cross-cultural emphasis.

HIST 212 HISTORY OF THE MIDDLE EAST
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the Middle East, ancient civilizations in the Fertile Crescent leading up to the rise of Islam, including economic, political, ethnic, religious, and national differences.

HIST 240 LATIN AMERICAN CIVILIZATION
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys the geography, history, culture, economic, and political development of Latin America from the late pre-Colombian era to the present.

HIST 243 HISTORY OF MEXICO AND THE MEXICAN AND CHICANO PEOPLES
Units: 3.00
UC:CSU 54.00 hours lecture
Examines the history of Mexico and the Mexican/Chicano people from the late Pre-Cortesian era to the present, including Aztec and Maya societies, Mexican Independence Movement, Mexican Revolution, and the North American Free Trade Agreement.

HOTEL AND RESTAURANT MANAGEMENT

Associate in Science Degree: Hotel and Restaurant Management
The Associate of Science degree program in Hotel and Restaurant Management provides a broad based fundamental approach to the managerial functions in both the hotel and restaurant industry. The combined designation adds accounting requirements to either the restaurant or the hotel management program offerings.

Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment in hotel and restaurant management.

Program Requirements:
Units Required: 18

HRMGT 126 DINING ROOM SERVICE
Units: 2.00
CSU 18.00 hours lecture, 54.00 hours lab

Recommended Preparation: HRMGT-225
Designing quality food and beverage operations service systems. Evaluates and matches guest service needs to efficient and courteous food presentation techniques. A wide variety of table appointments and settings are evaluated in conjunction with presentation and design principles.

HRMGT 150 INTRODUCTION TO HOTEL/RESORT OPERATIONS
Units: 3.00
CSU 54.00 hours lecture
Introduces students to lodging operations with an emphasis on the accounting, management and performance standards of a lodging enterprise.

HRMGT 210 HOTEL AND RESTAURANT LAW
Units: 3.00
CSU 54.00 hours lecture
Provides fundamental legal principles and concepts requiring appropriate response and action by hospitality personnel, including proactive actions and programs to limit legal exposure.

HRMGT 220 RESTAURANT OPERATIONS
Units: 3.00
CSU 54.00 hours lecture
Examines operations, management, policy, development and related aspects of a retail restaurant establishment.

HRMGT 225 FOOD SERVICE SANITATION AND SAFETY
Units: 3.00
CSU 54.00 hours lecture
Presents the concepts and related practices that assure a safe and sanitary food service facility, emphasizing the application of the HACCP (Hazard Analysis of Critical Control Point) system of prevention. Areas covered include the following: food handling and processing, foodborne illness and prevention, and accident and fire prevention.

HRMGT 235 HOTEL AND RESTAURANT SALES AND MARKETING
Units: 3.00
CSU 54.00 hours lecture
Examines the fundamentals of marketing plans used by hotels and restaurants, emphasizing advertising, promotions, merchandising and sales.

**HUMANITIES**

Humanities studies the history and development of human thought and culture. By focusing on literature, history, philosophy, art and film, humanities courses seek a broad and interconnected understanding of the human experience.

**HUMAN 100 INTRODUCTION TO STUDIES IN THE HUMANITIES**

Units: 3.00
UC:CSU 54.00 hours lecture

*Recommended Preparation: ENGL-091*

Introduces themes and methods of inquiry of the Humanities. Compares and contrasts ideas and cultural expressions of Western and Non-Western Civilizations, focusing on a selected theme chosen each term.

**HUMAN 101 FORMS AND IDEAS IN HUMANITIES**

Units: 3.00
UC:CSU 54.00 hours lecture

*Recommended Preparation: ENGL-091*

Introduces the interdisciplinary analysis and interpretation of art, literature, and philosophical ideas. Examines the relationship between forms, ideas, and world civilizations.

**HUMAN 150 GREAT BOOKS, GREAT IDEAS**

Units: 3.00
UC:CSU 54.00 hours lecture

Surveys humanistic works of literature, philosophy, history, and the arts from Greek Antiquity to the end of the Medieval period as related to contemporary values and ideas.
INTERIOR DESIGN

The Interior Design program goals are designed to prepare graduates for employment in the current job market and/or fulfill transfer requirements to a four-year institution where courses fulfill the lower division requirements of a specific major or serve as electives. An important element of the program is to offer professional-level curriculum that provides graduates with the ability to perform in a variety of occupations as industry demands change and economic conditions fluctuate. Additionally, the comprehensive curriculum follows CIDA (Council for Interior Design Accreditation) standards to meet the functional and aesthetic needs pertaining to clients and the interior environments. Students who complete this Associate in Science Degree will be eligible to sit for the Certified Interior Designer examination upon graduation that may lead to becoming a Certified Interior Designer. Additionally, the comprehensive curriculum follows FIDER standards to meet the functional and aesthetic needs pertaining to clients and the interior environments.

ID 084 DIGITAL ILLUSTRATION FOR ARCHITECTURE AND INTERIOR DESIGN

Units: 2.00
18.00 hours, lecture, 54.00 hours lab
Introduces graphic illustration software for architecture and interior design presentations. Same as ARCHT-084.
**ID 091 ART AND ACCESSORIES IN INTERIOR DESIGN**  
Units: 1.00  
18.00 hours lecture  
Covers the use and application of fine collectibles, art, serigraphs, lithographs, posters, framing methods, portable light fixtures, linens, and tableware in interior design. Field trips may be required.

**ID 092 MERCHANDISING FOR INTERIOR DESIGN**  
Units: 1.00  
18.00 hours lecture  
Surveys retail store operations, store policies, customer service, sales techniques, and strategies used by visual merchandisers to attract customers. Field trips may be included.

**ID 093 HOME STAGING AND APPLICATIONS**  
Units: 1.50  
18.00 hours lecture, 27.00 hours lab  
Introduces home staging for marketability, including home staging applications. Field trips may be required. Students who have earned credit for ID 094 & 095 cannot receive credit for this course. Offered pass/no-pass only.

**ID 096L INTERIOR DESIGN LAB**  
Units: 1.00  
54.00 hours lab  
A lab for the currently-enrolled student who wishes to increase skills through the use of the CAD lab facility. Note: Students must attend faculty supervised weekly scheduled class time posted in printed schedule. Hours must be accrued at a time separate from any other class in which the student is also registered. This course is not a required course for any certificate or degree in the interior design program. Offered pass/no-pass only. Units do not apply to the associate degree.

**ID 100 CAREERS IN ARCHITECTURE, INTERIOR DESIGN AND RELATED FIELDS**  
Units: 1.00  
CSU 18.00 hours lecture  
Surveys careers in architecture, interior design and related fields, including degree requirements, transfer institutions, income, and employment opportunities. Field trips may be required. (Same as ARCHT-100).

**ID 101A INTRODUCTION TO INTERIOR DESIGN**  
Units: 3.00  
CSU 54.00 hours lecture  
Introduces the principles and elements of interior design based on function and aesthetics. Field trips may be required.

**ID 101B INTRODUCTION TO INTERIOR DESIGN LAB**  
Units: 1.00  
CSU 54.00 hours lab  
Co-requisite: ID-101A  
Lab component applying content from ID-101A.

**ID 102 APPLIED COLOR FOR DESIGNERS**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Focuses on color concepts through two- and three-dimensional design problems, theory and application of color in design and/or digital illustration. Concentrates on color systems and psychology, and appropriate color choices for various projects. Field trips may be required.

**ID 103 PERSPECTIVE AND INTERIOR ILLUSTRATION**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Introduces basic black and white interior graphic communication techniques focusing on one and two-point perspective sketch techniques, graphic charts, material representation, plan and elevation graphics; emphasis on composition, shade, shadow, lighting, and texture.

**ID 104 RAPID VISUALIZATION AND ILLUSTRATION**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Recommended Preparation: ID-103  
Introduces techniques for freehand drawing and illustration necessary for visual communication and presentation, including rapid sketching, and projects in pencil, pen, shading, marker and/or water color.

**ID 105 INTRODUCTION TO PRODUCTION DESIGN**  
Units: 3.00  
CSU 54.00 hours lecture  
Examines the process of production design in TV, film, and theatre, including the design process of various production team members. Educational and professional qualifications for entry into the industry are reviewed. Field trips may be required.
ID 106 TRADE RESOURCES FOR TV, FILM, AND THEATRE
Units: 2.00
CSU 18.00 hours lecture, 54.00 hours lab
Explores trade resources for set decorators working in TV, film and theatre.

ID 110 ARCHITECTURAL DRAFTING I
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Presents current practices in architectural drafting and construction technology focusing on a small single family residence. Drafting techniques will emphasize clarity, line weight expression and accuracy. Same as ARCHT-110.

ID 111 KITCHEN AND BATH DESIGN
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Presents the analysis and application of the design process to space planning, materials and finish choices, codes application, and selection of specialized equipment unique to the planning of kitchens and baths. Field trips may be required.

ID 113 INTERIOR DESIGN MATERIALS AND SPECIFICATIONS
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: ID-101A & ID-101B
Introduces the selection, specifications, and computations for interior design materials, products and textiles for residential and commercial design. Field trips may be required.

ID 114 ARCHITECTURE AND INTERIORS HISTORY: ANTIQUITY - CLASSICAL REVIVAL
Units: 3.00
CSU 54.00 hours lecture
Explores the history of building styles in architecture, and the decorative arts in interior design from Antiquity to Classical Revival. Emphasis is placed on style development as it relates to social, economic, and political influences. Field trips may be required.

ID 115 ARCHITECTURE AND INTERIORS HISTORY: CLASSICAL REVIVAL - POST MODERN
Units: 3.00
CSU 54.00 hours lecture
Traces the development of styles in the decorative arts, architecture, and interior furnishings in the period from Classical Revival to Post Modern. Emphasizes style development as it relates to social, economic and political influences. Field trips may be required.

ID 120 DESIGN II – DESIGN PROCESS
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: ID-110 or ARCHT-110 Recommended
Preparation: ARCHT-120 and ID-101B and ID-103
Presents solutions to designing interior and/or exterior spaces, including human factors for all populations, and develops 2-D and 3-D presentations. Same as ARCHT-190.

ID 207 RESIDENTIAL DESIGN
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisites: ID-101A and ID-101B and ID-110
Addresses residential space planning, programming, and support spaces explored through creative expression. Includes critiques and design presentations.

ID 217 ADVANCED INTERIOR DESIGN STUDIO I
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisites: ID-103 or ID-104, ID-114 or ID-115, ID-113 and ID-207
Examines creative design solutions for residential environments, including new construction and/or remodeling for diverse clients and budgets. Field trips may be required.

ID 219 INTERIOR DESIGN PORTFOLIO
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Presents the process of preparing a professional interior design portfolio including an appropriate selection of work, concept improvement and methods of presentation.

ID 295 PROFESSIONAL PRACTICES FOR INTERIOR DESIGN
Units: 3.00
CSU 54.00 hours lecture
Presents basic principles, procedures, and office systems necessary to professionally organize and carry through a creative interior design project from the original client contract to final billing and collecting. Field trips may be required.
KINESIOLOGY – PHYSICAL EDUCATION

The Physical Education-Kinesiology program offers a diverse curriculum which includes theory courses in Physical Education-Kinesiology, health education, and athletic training/sports medicine. A wide variety of movement courses are offered for the development of physical activity skills, knowledge, and fitness necessary for lifetime wellness in the areas of group exercise, aquatics, team sports, and recreation.

Associate in Arts Degree: Kinesiology for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

1. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on universi-ty admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Kinesiology. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in the core academic skills and knowledge required for transfer into a kinesiology program at a four-year college or university.

Program Requirements:
Units Required: 21-24

<table>

### Associate in Science Degree: Sports Medicine

The Sports Medicine program/degree prepares the student for appropriate procedures in the recognition, prevention, care and rehabilitation of athletic related injuries. This program is designed to prepare students to transfer into university degree programs in related fields including but not limited to athletic training, physical therapy, and orthopedics.

**Degree Student Learning Outcome:**
Demonstrate the necessary skills and knowledge required for prevention, evaluation, diagnosis, immediate care and rehabilitation of athletic injuries.

**Recommended electives:**

**Certificate of Specialization: Personal Training**

This certificate will help prepare those who are interested in entering the private training industry. This set of courses will assure that students will have a solid background in Kinesiology, resistance training program design, exercise techniques, and an array of conditioning techniques.

**Certificate Student Learning Outcome:**

Students will be able to demonstrate proficiency in the core skills and knowledge required for employment as a personal trainer.

**Program Requirements:**

</table>
| KPEA 165B   | INTERMEDIATE GOLF               | 1.00  | 54.00 lab    | Recommended Preparation: KPEA-165A  
Develops intermediate level golf skills emphasizing the techniques and tactics for long irons and woods.                                                                                                     |
| KPEA 165C   | ADVANCED GOLF                   | 1.00  | 54.00 lab    | Recommended Preparation: KPEA-165B  
Develops advanced skills including course management, match and stroke play strategies, and club selection.                                                                                                  |
| KPEA 170A   | BEGINNING SOCCER                | 1.00  | 54.00 lab    | Introduces the techniques of the sport of soccer for the beginning level player, emphasizing recreation play, strategy and rules.                                                                            |
| KPEA 170B   | INTERMEDIATE SOCCER             | 1.00  | 54.00 lab    | Develops intermediate-level soccer skills, emphasizing intermediate/advanced play, strategy and rules.                                                                                                      |
| KPEA 175A   | BEGINNING SOFTBALL              | 1.00  | 54.00 lab    | Introduces the fundamentals of softball, including the rules and mechanics of throwing, hitting, and catching, and overall gamesmanship.                                                                     |
| KPEA 175B   | INTERMEDIATE SOFTBALL           | 2.00  | 108.00 lab   | Designed to enable students to become proficient in the intermediate skills of softball with emphasis on play and strategy. Progressive instruction includes hitting, fielding, throwing and catching, including weight training and conditioning. A lead-up class for intercollegiate softball. |
| KPEA 180A   | BEGINNING SWIMMING              | 1.00  | 54.00 lab    | Introduces beginning swimming skills, emphasizing water safety.                                                                                                                                              |
| KPEA 180B   | INTERMEDIATE SWIMMING           | 1.00  | 54.00 lab    | Develops intermediate swim skills, emphasizing the four competitive swim strokes. Speed and endurance will be emphasized in a training environment.                                                                |
| KPEA 180C   | ADVANCED SWIMMING               | 1.00  | 54.00 lab    | Develops advanced swim skills emphasizing four competitive swim strokes, as well as advanced speed and endurance training.                                                                                  |
| KPEA 185A   | BEGINNING TENNIS                | 1.00  | 54.00 lab    | Introduces rules, methods, techniques and basic fundamentals for the beginning tennis player.                                                                                                                |
| KPEA 185B   | INTERMEDIATE TENNIS             | 1.00  | 54.00 lab    | Develops intermediate tennis skills emphasizing play and strategy.                                                                                                                                          |
| KPEA 185C   | ADVANCED TENNIS                 | 1.00  | 54.00 lab    | Presents advanced tennis skills with highly competitive game playing, including attacking ground strokes, quick volleys, offensive overheads, serves, service returns and power ground strokes. |
**KPEA 195A BEGINNING VOLLEYBALL**
Units: 1.00
UC:CSU 54.00 hours lab
Introduces the fundamentals of volleyball, including rules, serving, setting, passing, attacking, blocking, digging and overall gamesmanship.

**KPEA 195B INTERMEDIATE VOLLEYBALL**
Units: 1.00
UC:CSU 54.00 hours lab
Introduces intermediate volleyball skills and strategies, including jump-serving, the quick attack, 6-2 and 5-1 offensive systems, and rotational defense.

**KPEA 195C ADVANCED VOLLEYBALL**
Units: 1.00
UC:CSU 54.00 hours lab
*Recommended Preparation: KPEA-195B*
Introduces advanced skills including the quick attack, jump serving, and strategies associated with the game of volleyball at an advanced/competitive level.

**KPEI 153 OFF-SEASON CONDITIONING FOR INTERCOLLEGIATE SPORTS**
Units: 1.00-2.00
UC:CSU 54.00-108.00 hours lab
May be taken four times for credit
Specific physical fitness related to off-season intercollegiate athletic participation. An understanding of and participation in advanced exercise programs contributing to the advancement of athletic performance. Emphasis is placed on individual and group activities that contribute to specific sport advancement.

**KPEI 245A INTERCOLLEGIATE BASEBALL**
Units: 3.00
UC:CSU 162.00 hours lab
May be taken four times for credit
Intercollegiate competition in the sport of baseball. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

**KPEI 245B OFF-SEASON BASEBALL TRAINING**
Units: 2.00
UC:CSU 108.00 hours lab
May be taken four times for credit
Provides off-season training in the sport of baseball. Appropriate for members of the intercollegiate baseball team and individuals interested in baseball training at an advanced level.

**KPEI 250A INTERCOLLEGIATE BASKETBALL I**
Units: 1.50
UC:CSU 81.00 hours lab
May be taken four times for credit
Fall intercollegiate competition in the sport of basketball. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

**KPEI 250B INTERCOLLEGIATE BASKETBALL II**
Units: 1.50
UC:CSU 81.00 hours lab
May be taken three times for credit
Spring intercollegiate competition in the sport of basketball. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

**KPEI 255A INTERCOLLEGIATE CROSS-COUNTRY**
Units: 2.00
UC:CSU 108.00 hours lab
May be taken four times for credit
Intercollegiate competition in the sport of cross country. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

**KPEI 255B OFF-SEASON CROSS-COUNTRY TRAINING**
Units: 2.00
UC:CSU 108.00 hours lab
May be taken four times for credit
Provides off-season training in the sport of cross country. Appropriate for members of the intercollegiate cross country team and individuals interested in cross country training at an advanced level.
KPEI 260A INTERCOLLEGIATE FOOTBALL
Units: 3.00
UC:CSU 162.00 hours lab
May be taken four times for credit
Intercollegiate competition in the sport of football. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

KPEI 260B OFF-SEASON FOOTBALL TRAINING
Units: 2.00
UC:CSU 108.00 hours lab
May be taken four times for credit
Provides off-season training in the sport of football. Appropriate for members of the intercollegiate football team and individuals interested in football training at an advanced level.

KPEI 265 INTERCOLLEGIATE GOLF
Units: 2.00
UC:CSU 108.00 hours lab
May be taken four times for credit
Intercollegiate competition in the sport of golf. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

KPEI 270A INTERCOLLEGIATE SOCCER
Units: 3.00
UC:CSU 162.00 hours lab
May be taken four times for credit
Intercollegiate competition in the sport of soccer. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

KPEI 270B OFF-SEASON SOCCER TRAINING
Units: 2.00
UC:CSU 108.00 hours lab
May be taken four times for credit
Provides off-season training in the sport of soccer. Appropriate for members of the intercollegiate soccer team and individuals interested in soccer training at an advanced competitive level.

KPEI 275A INTERCOLLEGIATE SOFTBALL
Units: 3.00
UC:CSU 162.00 hours lab
May be taken four times for credit
Intercollegiate competition in the sport of softball. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

KPEI 275B OFF-SEASON SOFTBALL TRAINING
Units: 2.00
UC:CSU 108.00 hours lab
May be taken four times for credit
Provides off-season training in the sport of softball. Appropriate for members of the intercollegiate softball team and individuals interested in softball training at an advanced level.

KPEI 280A INTERCOLLEGIATE SWIMMING
Units: 3.00
UC:CSU 162.00 hours lab
May be taken four times for credit
Intercollegiate competition in the sport of swimming. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

KPEI 280B OFF-SEASON SWIMMING TRAINING
Units: 2.00
UC:CSU 108.00 hours lab
May be taken four times for credit
Provides off-season training in the sport of swimming. Appropriate for members of the intercollegiate swim team and individuals interested in swimming training at an advanced level.

KPEI 290A INTERCOLLEGIATE TRACK AND FIELD
Units: 3.00
UC:CSU 162.00 hours lab
May be taken four times for credit
Intercollegiate competition in the sport of track and field. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

KPEI 290B OFF-SEASON TRACK AND FIELD TRAINING
Units: 2.00
UC:CSU 108.00 hours lab
May be taken four times for credit
Provides off-season training in the sport of track and field. Appropriate for members of the intercollegiate track and field team and individuals interested in track and field training at an advanced level.
### KPEI 295A INTERCOLLEGIATE VOLLEYBALL

**Units:** 3.00  
**UC:CSU** 162.00 hours lab  
May be taken four times for credit  
Intercollegiate competition in the sport of volleyball. Students must meet California Community College eligibility requirements as established by the California Community College Athletic Association.

### KPEI 295B OFF-SEASON VOLLEYBALL TRAINING

**Units:** 2.00  
**UC:CSU** 108.00 hours lab  
May be taken four times for credit  
Provides off-season training in the sport of volleyball. Appropriate for members of the intercollegiate volleyball team and individuals interested in volleyball training at an advanced level.

### KINESIOLOGY - THEORY (KPET)

#### KPET 104 THEORY AND ANALYSIS OF FOOTBALL

**Units:** 3.00  
**UC:CSU** 54.00 hours lecture  
Presents advanced football fundamentals, including the theory and philosophy of offensive and defensive strategy, principles of the kicking game and special teams, and coaching organization and implementation. Does not meet the physical education activity requirement for the associate degree.

#### KPET 107 THEORY AND ANALYSIS OF BASKETBALL

**Units:** 3.00  
**UC:CSU** 54.00 hours lecture  
Presents the history, rules, styles, game strategy, and current developments of basketball while preparing teams for games and practices. Does not meet PE activity requirement. UC credit limitations, consult a counselor.

#### KPET 108 THEORY AND ANALYSIS OF SOCCER

**Units:** 3.00  
**UC:CSU** 54.00 hours lecture  
Examines the history, rules, styles, game strategy, current developments, preparations of teams for games and weekly practice schedules, of soccer. Does not meet PE activity requirement. UC credit limitations, consult a counselor.

#### KPET 120 EMERGENCY PROCEDURES

**Units:** 2.00  
**UC:CSU** 18.00 hours lecture, 54.00 hours lab  
Introduces procedures to maintain health in emergency first aid situations. Successful course completion qualifies a student for the American Red Cross Community First Aid and Safety, CPR for the Professional Rescuer and Automated External Defibrillation cards. Does not meet the Physical Education requirement for the Associate Degree.

#### KPET 200 INTRODUCTION TO KINESIOLOGY

**Units:** 3.00  
**UC:CSU** 54.00 hours lecture  
**C-ID** KIN 100  
Introduces the field of kinesiology as a profession and an academic discipline. Focuses on the following sub-disciplines: exercise physiology, sports nutrition, biomechanics, motor control and learning, sports medicine/athletic training, rehabilitative medicine, teaching and coaching, and sports psychology. This course does not satisfy the physical education activity requirement for the associate degree. UC credit limitation: KPET-200 and 201 combined, maximum credit one course.

#### KPET 201 PRINCIPLES OF PHYSICAL FITNESS AND CONDITIONING

**Units:** 3.00  
**UC:CSU** 54.00 hours lecture  
Fitness and conditioning concepts and their relationship to the human body. Focus is on physiological principles and the conditioning process. This course does not satisfy the physical education activity requirement for the associate degree. UC credit limitation: KPET-200 and 201 combined, maximum credit one course.

#### KPET 205 PERSONAL TRAINER CERTIFICATION PREPARATION

**Units:** 2.00  
**CSU** 36.00 hours lecture  
Preparation for taking the CPT, Certified Personal Trainer, exam through the National Strength and Conditioning Association, NCSA. Covers methods of client assessment, measurement, and evaluation. Highlights include resistance training program design, nutrition, body composition, and cardio-respiratory fitness. Instruction in proper weight training exercise fundamentals and spotting techniques. Does not meet the Physical Education requirement for the associate degree.
KPET 209 AMERICAN SPORTS IN FILM
Units: 3.00
CSU 54.00 hours lecture
Examines American sports history, the portrayal of sport, and the contributions made by members representing various gender, ethnic and socio-economic backgrounds as depicted through sports related films.

KPET 210 PREVENTION AND CARE OF ATHLETIC INJURIES
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces the field of athletic training, including the role of the athletic trainer in relation to the physician, coach and athlete, emphasizing the prevention, recognition, and treatment of common sports injuries. Does not meet the Physical Education activity requirement for the associate degree.

KPET 210L PREVENTION AND CARE OF ATHLETIC INJURIES LAB
Units: 1.00
UC:CSU 54.00 hours lab
Covers the principles and techniques for application of protective taping, padding, wrapping and bracing, emphasizing the prevention of sport and exercise injuries. Does not meet the Physical Education activity requirement for the associate degree.

KPET 212 SPORTS MEDICINE CLINICAL EXPERIENCE
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Recommended Preparation: KPET-120 & KPET-210L
Provides instruction and clinical experience for students interested in sports-related injury care and rehabilitation. Includes injury assessment and diagnosis, therapeutic modality usage and selection, and rehabilitation of sports injuries. Does not meet the physical education activity requirement for the associate degree.

KPET 213A PRACTICUM IN SPORTS MEDICINE – LOWER EXTREMITY
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Prerequisite: KPET-210, KPET-210L & KPET-212. Recommended Preparation: KPET-120
Focuses on practical experience in sports medicine, emphasizing lower extremity athletic injuries. Includes immediate recognition, diagnosis, treatment, rehabilitation and taping technique to enable athletes to return safely to competition. Does not meet the physical education activity requirement for the associate degree.

KPET 213B PRACTICUM IN SPORTS MEDICINE – UPPER EXTREMITY
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Prerequisite: KPET-210, KPET-210L & KPET-212. Recommended Preparation: KPET-120
Focuses on practical experience in sports medicine, emphasizing upper extremity athletic injuries. Includes immediate recognition, diagnosis, treatment, rehabilitation and taping technique to enable athletes to return safely to competition. Does not meet the physical education activity requirement for the associate degree.

KPET 213C PRACTICUM IN SPORTS MEDICINE – GENERAL MEDICAL CONDITIONS
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Prerequisite: KPET-210, KPET-210L & KPET-212. Recommended Preparation: KPET-120
Focuses on practical experience in sports medicine with a specific focus on traumatic injuries and general medical conditions as they pertain to the athletic population. Includes immediate recognition, diagnosis and treatment of traumatic injuries and general medical conditions to enable athletes to safely compete. Does not meet the physical education activity requirement for the associate degree.

KPET 217 SPORTS MANAGEMENT
Units: 3.00
CSU 54.00 hours lecture
Introduces organization, management, planning, staffing, directing, and controlling a sports program, including such areas as budget, facilities, scheduling, officials, transportation, public relations, parent and booster clubs, purchase and care of athletic equipment, fundraising and marketing.

LAND SURVEYING

Associate in Science and Certificate of Achievement Degree: Land Surveying

The focus of the Land Surveying program is to provide the student with a thorough background in land surveying and mapping in addition to an introduction to the collecting, manipulating, formatting and mapping of geospatial data. A student who successfully completes the program will have the technical expertise necessary for an entry level position in the field of Land Surveying or related fields of geographic information systems specialists, architectural services, and engineering services. Land Surveyors typically measure and record property boundaries and the topography of the land covered by construction and engineering projects. Surveys are used to establish legal boundaries to prepare maps and exhibits, and write descriptions of land tracts that satisfy legal requirements. The program also assists students in preparing for the State Land Surveyor–In-Training and Land Surveyor’s Exams.

Degree and Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment in land surveying.

Program Requirements:
Units Required: 33

SURV 101 INTRODUCTION TO LAND SURVEYING
Units: 4.0
CSU 54.00 hours lecture, 54.00 hours lab
Recommended Preparation: MATH-070 & MATH-083
Presents the fundamentals of land surveying, field practice, and calculations. Includes equipment and equipment use, horizontal, vertical, angular measurements; error, traversing, leveling and stadia. Also covers the history of and careers in surveying.

SURV 102 ADVANCED LAND SURVEYING
Units: 4.0
CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: SURV-101
Recommended Preparation: MATH-102
Presents computation of horizontal and vertical curves, tachometry, earthwork, error, adjustment of level nets and topographic surveys. Includes procedures for U.S. Public Land surveys and State Plane Coordinates System.

SURV 103 ADVANCED APPLICATIONS IN SURVEYING I
Units: 3.0
CSU 54.00 hours lecture
Recommended Preparation: SURV-102
Focuses on measurement analysis and adjustments, geodesy, various mapping elements, state plane coordinates and the use of GPS for land surveying applications.

SURV 104 ADVANCED APPLICATIONS IN SURVEYING II
Units: 3.0
CSU 54.00 hours lecture
Recommended Preparation: SURV-102, SURV-103, MATH-102
Presents photogrammetry and celestial surveying, emphasizing concepts and calculations performed by the land surveyor, including horizontal and vertical curves.

SURV 105 BOUNDARY CONTROL AND LEGAL PRINCIPLES I
Units: 3.0
CSU 54.00 hours lecture
Recommended Preparation: SURV-102
Introduces the basic elements of the U.S. Public Land Survey System (PLSS), including background, history, subdivisions of sections, and restoration of lost corners. Principles of preparing land descriptions for surveyors and title companies.
SURV 106 BOUNDARY CONTROL AND LEGAL PRINCIPLES II
Units: 3.00
CSU 54.00 hours lecture
Recommended Preparation: SURV-105
Examines principles of boundary control, including land descriptions, property transfer, senior rights, conveyances, and case law pertaining to boundary disputes.

SURV 107 CONSTRUCTION SURVEYING
Units: 4.00
CSU 54.00 hours lecture, 54.00 hours lab
Prerequisite: SURV-101, Recommended Preparation: SURV-102
Introduces construction surveys for pipelines, tunnels, culverts, bridges, buildings, highways and municipal surveys.

SURV 110 COMPUTER-AIDED DRAFTING FOR SURVEYORS
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Recommended Preparation: SURV-101
Introduces computer aided drafting for land surveying using AutoCAD Civil 3D.

LIBERAL ARTS AND SCIENCES

The Liberal Arts and Sciences major is designed for students planning to transfer to either the California State University or University of California. To earn the Associate in Arts degree with a Liberal Arts and Sciences major, students must complete either the Intersegmental General Education Transfer Curriculum (IGETC) UC or CSU option or the CSU General Education Certification pattern and one of the three areas of emphasis. The areas of emphasis are: Mathematics and Science, Social and Behavioral Sciences or Humanities. The area of emphasis requires a minimum of 18 units with a grade of "C" or better in all courses in the area of emphasis. The courses identified for each area of emphasis fulfill major preparation requirements as demonstrated through ASSIST.org articulation. A minimum of six units must be within a single discipline and in the case of the Mathematics and Science area of emphasis at least one mathematics course must be completed. Select courses based on ASSIST.org data for major preparation articulation with selected transfer institutions. Consult a counselor for specific information regarding the intended major at the college the student is choosing.

Courses used to complete a student's area of emphasis can double count for general education just as they may for any other major.

Although the associate degree recognizes the completion of lower division general education requirements, it does not guarantee admission to a specific campus in the CSU or UC system, nor does it guarantee admission to a specific major. Some majors and schools require a higher GPA than is necessary for the associate degree. Students should meet with a counselor to determine the lower division major preparation needed for their intended transfer school.

- Complete CSU General Education Breadth for Certification, including the American Institutions and Diversity requirements. Consult with the Counseling Office for the appropriate list of applicable courses.
- "Earn a "C" or "CR" grade or higher in all CSU Breadth course.
- Complete a minimum of 60 degree applicable CSU transferable semester units.
- Earn a cumulative G.P.A. of 2.0 in all college coursework completed.
- Meet College of the Canyons residency requirements for graduation.

Note: No Physical Education and/or wellness courses are required.
To meet requirements for the IGETC - CSU associate degree program, students must:

- Complete IGETC - CSU Certification pattern. Consult with the Counseling Office for the appropriate list of applicable courses.
- Meet the American Institutions and Diversity requirements.
- Earn a “C” or “CR” grade or higher in all IGETC courses.
- Complete a minimum of 60 degree applicable CSU transferable semester units.
- Earn a cumulative G.P.A. of 2.0 in all college coursework completed.
- Meet College of the Canyons residency requirements for graduation.

Note: No Physical Education and/or wellness courses are required.

To meet requirements for the IGETC - UC associate degree program, students must:

- Complete IGETC - UC Certification pattern.
- Meet the American Institutions and Diversity requirements.
- Earn a “C” or “CR” grade or higher in all IGETC courses.
- Complete a minimum of 60 degree applicable UC transferable semester units.
- Earn a cumulative G.P.A. of 2.0 in all college coursework completed.
- Meet College of the Canyons residency requirements for graduation.

Note: No Physical Education and/or wellness courses are required.

**Associate in Arts Degree: Liberal Arts and Sciences**

**Degree Student Learning Outcome:**
Students will be able to analyze concepts from the liberal arts and sciences.

**Humanities Emphasis – Minimum 18 units:** Select at least six units from one discipline.

Certificate of Achievement: IGETC
The certificate of achievement UC IGETC allows the student transferring to a four-year college or university the opportunity to receive a certificate. The requirements for this certificate of achievement are completion of UC IGETC with a grade of “C” or better in each course. Specific requirements can be found at www.assist.org or consult with the counseling department.

Certificate of Achievement: CSU General Education Breadth
The certificate of achievement CSU GE Breadth allows the student transferring to a four-year college or university the opportunity to receive a certificate. The requirements for this certificate of achievement are completion of CSU GE Breadth with a grade of “C” or better in each course. Specific requirements can be found at www.assist.org or consult with the counseling department.

LIBERAL STUDIES

The Liberal Studies – Elementary Teaching Preparation Associate in Arts Degree will be replaced with the Elementary Teacher Education Associate in Arts for Transfer Degree effective for Fall 2015. Please see the catalog addendum for more information on the Elementary Teacher Education Associate in Arts for Transfer Degree.

Associate in Arts Degree: Liberal Studies-Elementary Teaching Preparation
The Liberal Studies-Elementary Teaching Preparation (Multiple Subject) major is designed for students who are interested in transferring to four-year college or university in Liberal Studies or a teacher preparation program. The requirements of this major includes general education requirements for the associate's degree.

Students planning to transfer should meet with a counselor to identify required courses for their specific transfer institution and develop an educational plan.

Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in the core academic skills and knowledge required for transfer into liberal studies or a teacher preparation program at a four-year college or university.

LIBRARY/MEDIA TECHNOLOGY

Library/Media Technology courses provide training in phases of library/media work, background knowledge of the types of libraries and media centers and their services, and actual work experience.

LMTECH 100 COLLEGE RESEARCH SKILLS
Units: 1.00
UC:CSU 18.00 hours lecture
Examines strategies and skills needed to locate, retrieve, evaluate, synthesize and utilize information among the various library and other resources to conduct successful college research.

MANUFACTURING TECHNOLOGY

Manufacturing Technology is a career technical education program designed to prepare students for a variety of entry-level positions in a manufacturing environment. These positions may include manual machine operator, computer numerical control operator, CAD/CAM designer, or programmer. Classes are designed for first-time college students, re-entry students, and current industry employees requiring skill enhancement or upgrade training. Learned skills may include the ability to operate conventional and CNC machinery, program CNC machinery, operate various CAD/CAM systems and interpret blueprints.

Certificate of Specialization:
Manufacturing Technology - CAD/CAM
This certificate prepares students on CAD/CAM training using MASTERCAM specifically used in the automotive, aerospace, and manufacturing industries. Upon completion of the certificate, students will be able to work in the automotive, aerospace, and manufacturing industries as a CAD/CAM design engineer, machinist, CNC operator, or CNC programmer.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core CAD/CAM skills and knowledge required for a variety of manufacturing industries.

Program Requirements:
Units Required: 6

<table>

Certificate of Specialization:
Manufacturing Technology - CATIA
This certificate prepares students on CATIA software specifically used in the automotive, aerospace, and manufacturing industries. Upon completion of the certificate, students will be able to work in the automotive, aerospace, and manufacturing industries as a designer or drafter.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core CATIA skills and knowledge required for a variety of manufacturing industries.

Program Requirements:
Units Required: 6

<table>

Certificate of Specialization: Automated Machining
This certificate provides students training in CAD/CAM using MASTERCAM and CNC Programming specifically used in the automotive, aerospace, and manufacturing industries. Upon completion of the certificate, students will be able to work in the automotive, aerospace, and manufacturing industries as a CAD/CAM design engineer, machinist, CNC operator, or CNC programmer.

Certificate Student Learning Outcome:
Students will be able to accurately perform a variety of CAD/CAM and CNC application and calculations using appropriate equipment.

Program Requirements:
Units Required: 12

<table>

Certificate of Specialization: Machining/CNC
This certificate prepares students for CNC programming specifically used in the automotive, aerospace, and manufacturing industries. Upon completion of the certificate, students will be able to work in the automotive, aerospace, and manufacturing industries as a CNC machinist, CNC lathe operator, production machinist, or CNC programmer.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core CNC skills and knowledge required for a variety of manufacturing industries.

MFGT 090 MEASUREMENTS AND COMPUTATIONS
Units: 3.00
54.00 hours lecture
Focuses on measurements and calculations used in career technical fields. Reviews basic computations and measurement systems.

MFGT 121 CNC 1: OPERATION AND MANUAL PROGRAMMING
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Explores the history of NC/CNC, elementary CNC programming conventions, cutting tool types, automatic tool changing, tool offsets and compensation, CNC set up procedures, and CNC mill and lathe practice.

MFGT 122 CNC 2: CONCEPTS AND PROGRAMMING
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: MFGT-121
Studies advanced skills for programming and set up for mill and lathe parts on computer numerical control machine tools (3-axis & 5-axis).

MFGT 131 CAD/CAM I
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Introduces computer aided design and manufacturing using MASTERCAM as a CAD/CAM environment, emphasizing the writing and running of CNC lathe programs and machining metal parts. Includes a review of machining & CNC programming fundamentals, the MASTERCAM environment and process overview, basic 2D geometry construction and modification, process and toolpath planning, and 2-axis toolpath generation and editing.

MFGT 132 CAD/CAM II
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: MFGT-131
Provides intermediate level CAD/CAM training using MASTERCAM and SolidWorks. This course is intended primarily for manufacturing technology students and industrial practitioners who have some experience with MASTERCAM.

MFGT 141 CATIA I
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: MFGT-141
Introduces solid modeling using CATIA software. Topics include sketching, part design modeling, wire frame and surface design, and assembly design.

MFGT 142 CATIA II
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: MFGT-141
Introduces advanced topics in 3D modeling using CATIA software, including sketching, part design modeling, wire frame and surface design, assembly design, DMU Kinematics, part preparation for manufacturer, and an introduction to Finite Element Analysis (FEA).
The Mathematics program provides curriculum from basic arithmetic to algebra, statistics, linear algebra, calculus, and differential equations. These courses fulfill breadth requirements, associate degree requirements and transfer major requirements for degrees in mathematics, physics, chemistry and engineering. Many B.A./B.S. level careers require extensive background in mathematics. Virtually all two-year career programs in the business or technology fields require a solid foundation in mathematics. Examples of these career options include computer programmer, financial analyst, statistician, systems analyst, urban planner, and teacher.

**Associate in Science Degree: Mathematics for Transfer**

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

1. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system.

**Degree Student Learning Outcome:**

Students will be able to:

- Prepare for the mathematical reasoning required in upper division work in their major, including the ability to generalize concepts and comprehend increasing levels of abstraction.
- Demonstrate mathematical literacy, problem solving ability, and modeling ability.

**Program Requirements:**

Units Required: 18-21

Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AS-T in Mathematics. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.
Program Requirements:
Units Required: 18

MATH-211 Calculus I ......................... 5.0
MATH-212 Calculus II ......................... 5.0
MATH-213 Calculus III ......................... 5.0

Plus three units from the following:

MATH-140 Introductory Statistics ............. 4.0
MATH-140H Introductory Statistics - Honors ... 4.0
MATH-214 Linear Algebra ..................... 3.0
MATH-215 Differential Equations ............. 3.0
CMPSCI-111 Introduction to Algorithms and Programming/Java .................. 3.0
PHYSIC-220 Physics for Scientists and Engineers: Mechanics of Solids and Fluids .... 4.0

MATH 058 ALGEBRA PREPARATION
Units: 5.00
90.00 hours lecture
Introduces the basic elements of arithmetic and algebra for those who need a preparatory course before enrolling in Elementary Algebra or Intermediate Algebra for Statistics. An alternative to the Math-059 computer-assisted course.

MATH 059 ALGEBRA PREPARATION - COMPUTER-ASSISTED
Units: 5.00
90.00 hours lecture
A computer-assisted introduction to the basic elements of arithmetic and algebra for those who need a preparatory course before enrolling in elementary algebra or Intermediate Algebra for Statistics. An alternative to the Math-058 traditional course.

MATH 060 ELEMENTARY ALGEBRA
Units: 5.00
90.00 hours lecture
Prerequisite: MATH-058 or MATH-059 or appropriate math placement as determined by the COC mathematics assessment process.

Designed to develop beginning algebra skills, including the fundamental concepts of operating within the real number system, working with first degree equations in one unknown, identifying and evaluating functions, factoring of and multiplication of polynomials, and working with algebraic fractions, linear equations and graphs, systems of linear equalities, exponents and radicals, quadratic equations, and applications. Units do not apply to the associate degree.

MATH 070 INTERMEDIATE ALGEBRA
Units: 5.00
90.00 hours lecture
Prerequisite: MATH-060 or appropriate math placement as determined by the COC assessment process.

Examines higher degree and rational equations and inequalities, functions and graphs, systems of equations, exponential and logarithmic functions, introduction to sequences, and applications.

MATH 075 INTERMEDIATE ALGEBRA FOR STATISTICS
Units: 5.00 – Not transferable
90.00 hours lecture
Prerequisite: MATH-058 or MATH-059 or appropriate placement as determined by the COC assessment process.

Introduces intermediate algebra topics and the basic elements of exploratory data analysis. (Advisory: This class is not intended as preparation for calculus. It is only a prerequisite for those students wanting to take MATH-111, 130, or 140. Those students needing MATH-103 or 104 need to take both MATH-060 and 070.)

MATH 083 GEOMETRY
Units: 5.00
90.00 hours lecture
Prerequisite: MATH-060 or appropriate math placement as determined by the COC mathematics assessment process.

Presents geometric theory and concepts and their application.

MATH 102 TRIGONOMETRY
Units: 3.00
CSU 72.00 hours lecture
Prerequisite: MATH-070 and MATH-083 or appropriate math placement as determined by the COC mathematics assessment process.

Examines circular and trigonometric functions, inverse trigonometric functions, identities, trigonometric equations, solutions of triangles, complex numbers, vectors, and applications.

MATH 103 COLLEGE ALGEBRA
Units: 4.00
UC:CSU 90.00 hours lecture
Prerequisite: MATH-070 or appropriate math placement as determined by the COC mathematics assessment process.

Presents linear and non-linear algebraic relations and functions, conic sections, exponential and logarithmic functions, matrices and determinants, complex numbers and selected topics from theory of equations, sequences and series. UC credit limitation: MATH-103 and MATH-104 combined, maximum credit one course.
MATH 104 PRECALCULUS
Units: 5.00
UC:CSU 90.00 hours lecture
Prerequisite: MATH-102 or appropriate math placement as determined by the COC mathematics assessment process.
Introduces equations, inequalities, functions, systems of equations, conic sections, roots of polynomial equations and an introduction to limits. UC credit limitation: MATH-103 and MATH-104 combined, maximum credit one course.

MATH 111 FINITE MATH
Units: 4.00
UC:CSU 90.00 hours lecture
Prerequisite: MATH-070 or MATH-075 or appropriate math placement as determined by the COC mathematics assessment process.
Introduces math concepts related to game theory, linear algebra, finance, logic, probability and statistics.

MATH 130 MATH FOR ELEMENTARY SCHOOL TEACHERS
Units: 3.00
UC:CSU 54.00 hours lecture
Prerequisite: MATH-070 or MATH-075 or appropriate math placement as determined by the COC mathematics assessment process.
Introduces number theory, problem solving techniques, and the development, structure and history of the real number system. (Designed primarily for students intending to teach at the elementary or junior high school level.)

MATH 140 INTRODUCTORY STATISTICS
Units: 4.00
UC:CSU 90.00 hours lecture
Prerequisite: MATH-070 or MATH-075 or appropriate math placement as determined by the COC mathematics assessment process.
Examines statistical methods including empirical and theoretical frequency distributions, sampling, estimation, hypothesis testing, correlation, regression, probability, counting techniques and computer-based statistical software. UC credit limitation: MATH-140H, MATH-140, BUS-291, ECON-291, PSYCH-104 and SOCI-137 combined, maximum credit one course.

MATH 140H INTRODUCTORY STATISTICS - HONORS
Units: 4.00
UC:CSU 90.00 hours lecture
Prerequisite: MATH-070 or MATH-075 or appropriate math placement as determined by the COC mathematics assessment process.
Examines statistical methods including empirical and theoretical frequency distributions, sampling, estimation, hypothesis testing, correlation, regression, probability, counting techniques and computer-based statistical software. Honors work challenges students to be more analytical through expanded assignments involving critical analysis of peer-reviewed journals and primary scientific literature. UC credit limitation: MATH-140H, MATH-140, BUS-291, ECON-291, PSYCH-104 and SOCI-137 combined, maximum credit one course.

MATH 211 CALCULUS I
Units: 5.00
UC:CSU 90.00 hours lecture
C-ID MATH 211
Prerequisite: MATH-104 or appropriate math placement as determined by the COC mathematics assessment process.
Introduces limits, derivatives and integrals, as well as applications including rate of change, maxima-minima, curve sketching, and area problems.

MATH 212 CALCULUS II
Units: 5.00
UC:CSU 90.00 hours lecture
C-ID MATH 221
Prerequisite: MATH-211
Covers differentiation and integration of transcendental functions, techniques of integration, improper integrals, infinite series, and applications.

MATH 213 CALCULUS III
Units: 5.00
UC:CSU 90.00 hours lecture
C-ID MATH 230
Prerequisite: MATH-212
Presents vectors and vector calculus, functions of several variables, partial derivatives, multiple integrals, line and surface integrals, Green's Theorem, the Divergence Theorem, Stokes' Theorem.

MATH 214 LINEAR ALGEBRA
Units: 3.00
C-ID MATH 250
Prerequisite: MATH-212
Presents linear algebra including real vector spaces, inner product spaces, linear transformations, matrices, determinants and eigenvalues.
MATH 215 DIFFERENTIAL EQUATIONS
Units: 3.00
UC:CSU 72.00 hours lecture
C-ID MATH 240
Prerequisite: MATH-213
Presents ordinary differential equations, systems of linear differential equations, the Laplace transform, numerical methods, series solutions and applications.

MATH 240 MATH ANALYSIS FOR BUSINESS AND SOCIAL SCIENCE
Units: 5.00
UC:CSU 90.00 hours lecture
Prerequisite: MATH-103 or MATH-104
Presents main topics of calculus as applied to business and social science, including limits, differentiation, and integration.

MEDIA ENTERTAINMENT ARTS

Media Entertainment Arts seeks to create, improve, expand and strengthen relevant and rigorous academic programs of study, in cooperation with local high school, ROP, and community and regional business and industry partners. By developing sequentially modeled curricula and practicum for media, entertainment, and design industrial arts, Media Entertainment Arts will link current industry skills and foundation Career and Technical Education standards to all aspects of study.

Associate in Arts Degree: Animation Production
The Animation Production Program will prepare students for an entry-level position in the animation industry with emphasis in either computer or hand-drawn methods. The associate degrees are also designed to transfer to four-year colleges or universities. At the conclusion of their studies, all students will be prepared for entry-level positions in a number of fields (for example: video game design, television and motion picture production) requiring them to create animation, by either computer or hand-drawn methods, or a combination of the two. Classes include traditional drawn animation, character design, layout, storyboarding, 2-D computer animation, and 3-D computer animation.

Degree Student Learning Outcome:
Students will be able to:
- Create portfolio-ready artwork demonstrating their mastery of the fundamentals of concept art and 2D animation.
- Critique animation projects using industry standards.

Program Requirements:
Units Required: 29.5

College of the Canyons
**MEA 116 FILM/VIDEO EDITING**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Introduces non-linear sound editing and audio creation used for multimedia content, including podcasts, film and television soundtracks, video game sound design, and the internet.

**MEA 118 INTERACTIVE 2D ANIMATION**  
Units: 2.00  
CSU 27.00 hours lecture, 27.00 hours lab  
Introduces 2D computer animation. Students produce a short narrative film using characters.

**MEA 119 ANNOUNCING AND MEDIA PERFORMANCE**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Introduces the theory and practice of broadcast announcing, emphasizing interpretation of copy and pronunciation. Students learn how to develop an “on-air personality” through vocal delivery, eye contact, and body language, as well as the practical use of audio equipment and ad-libbing.

**MEA 120 INTRODUCTION TO CINEMATOGRAPHY**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Examines the well-disciplined creative and technical control of high definition, ultra high definition and film cameras including the demonstration and application of cinematic lighting techniques for both studio and location production.

**MEA 125 NEWS REPORTING AND ANCHORING**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Recommended Preparation: MEA-110  
Examines the tools, techniques and aesthetics used in creating music scores and soundtracks for motion pictures, television, and new media including production fundamentals, audio/visual synchronization, and basic electronic music composition. (Same as MUSIC-159)

**MEA 131 3-D MODELING AND SURFACING**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Introduces 3-D computer design, including modeling, surfacing, textures, lighting and rendering through the use of Maya software. Students learn how Maya ‘nodes’ work with polygon and subdivision modeling as well as surfacing controls. Students learn how to design and explore camera and lighting setups.

**MEA 135 COMPUTER ANIMATION AND SPECIAL EFFECTS**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Recommended Preparation: MEA-131  
Introduces 3-D computer animation and special effects through the use of Maya software. Students learn how the graph editor works to control animation, how to apply the principles of motion and emotion to animated scenes, and how to create visual special effects used in animation and live-action entertainment.

**MEA 155 SOUND FOR FILM, TELEVISION & NEW MEDIA**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Recommended Preparation: MEA-114  
Introduces the tools and techniques used to create professional audio for film, television, and new media. Explores recording methods for both studio and location sound recording and mixing, and examines related concepts, including microphone placement, room acoustics, multi-source mixing, signal flow, and non-linear recording/editing.

**MEA 159 MUSIC FOR FILM, TELEVISION AND NEW MEDIA**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Examines the tools, techniques and aesthetics used in creating music scores and soundtracks for motion pictures, television, and new media including production fundamentals, audio/visual synchronization, and basic electronic music composition. (Same as MUSIC-159)

**MEA 180 FILMMAKING I**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Recommended Preparation: MEA-120  
Introduces basic training in visual storytelling, directing cast and crew, and organizing a film production. Key concepts of narrative structure and production protocol are grounded in technical knowledge of both 16mm film and digital video formats.

**MEA 206 DIGITAL VIDEO EDITING II**  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: MEA-116  
Examines motion picture editing theory in its historical and technical contexts. Students analyze and perform editing processes using stylistically appropriate techniques and devices. Topics include the development and use of film grammar, continuity and montage editing, narrative structure, and experimental techniques.
MEA 210 INTERMEDIATE NEWS REPORTING/WRITING  
Units: 3.00  
CSU 54.00 hours lecture  
C-ID JOUR 210  
Recommend Preparation: MEA-110  
Focuses on coverage of public affairs beats, including local and regional government, police, courts, and school and city boards. Emphasizes both on- and off-campus reporting and writing/news presentation for a variety of news purposes and through multiple platforms.

MEA 215 PHOTOJOURNALISM AND NEWS PHOTOGRAPHY  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
C-ID JOUR 160  
Prerequisite: MEA-120  
Introduces contemporary photojournalism and news photography through applications of theory and concepts of visual communication to digital photographic processes to produce news stories, photographic series, and photo-essays. Note: It is recommended that students have access to a Digital SLR camera with manual exposure and interchangeable lenses. (Same as PHOTO-215)

MEA 218 REAL-TIME VIDEO GAME ANIMATION  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: MEA-131  
Design, create, and animate within a real-time, virtual, 3-D game environment using 3-D character and set modeling, character animation, surface texturing, and virtual set lighting.

MEA 225 NEWS MEDIA PRODUCTION  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Recommended Preparation: MEA-125  
Presents advanced instruction and practicum in new media creation, and television production including newsgathering, on-air reporting, studio operation, and written content for online publication, “Cougar News”.

MEA 230 ONLINE PRODUCTION AND NEW MEDIA MANAGEMENT  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: MEA-225  
Capstone course emphasizing practice in supervising and managing student produced online content for cougarnews.com including news, entertainment, features and sports.

MEA 231 DIGITAL SCULPTURE  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: MEA-131  
Presents digital sculpting software to create 3-D computer images or characters from concept to digital model as well as a professional production process to create digital 3-D creatures for films and games.

MEA 232 CHARACTER AND PROP DESIGN FOR ANIMATION  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Recommended Preparation: ART-124B  
Introduces traditional and digital tools to create animated models, emphasizing emotional content and clarity of design, as well as technical conventions.

MEA 233 ADVANCED 2D DIGITAL ANIMATION  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: MEA-106  Recommended Preparation: ART-124A  
Studies design, composition, perspective, atmospheric and psychological lighting, and camera placement as applied to the construction of scenes, the congruency of sequences, and the designing of environments for animation. Utilizes 2D digital software in the creation of character driven narratives.

MEA 234 CHARACTER ANIMATION  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: MEA-135  
Explores 3-D computer character animation through the use of Maya software to create characters showing action and emotions, including facial animation and non-linear editing.

MEA 235 VISUAL EFFECTS  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: MEA-135. Recommended Preparation: GMD-173  
Advances the practice and theory of using computer generated special effects combined with live action, video, and film. Addresses compositing special effects in a variety of different styles and looks as well as the use of green-screen or matting and rotoscoping and digital set extensions.
ME 255 DIGITAL AUDIO POST-PRODUCTION
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: MEA-155
Examines advanced audio techniques and technologies for the audio post-production process, including digital sound editing, sound design, and mixing of audio soundtracks for film/video media.

ME 261 ADVANCED ANIMATION
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: MEA-106
Examines 2-D character animation and its techniques in depth. Students will complete advanced animation exercises, as well as design and produce a short animated film.

ME 265 ANIMATION PRODUCTION
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: MEA-106, MEA-131, MEA-135
Presents designing, planning, and creating an animated film in a team-based environment.

ME 280 FILMMAKING II: DIRECTING AND PRODUCING
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: MEA-180
Examines advanced filmmaking techniques to create film projects that reflect the personal style of the writer-director, including management skills in directing and producing.

ME 295 PROFESSIONAL PRACTICES/PORTFOLIO
Units: 2.00
CSU 27.00 hours lecture, 27.00 hours lab
Develops career-building skills for Media Entertainment Arts majors seeking employment in the media industry, transfer to four-year film/media arts degree programs, and application to film and media festivals. Focuses on workforce preparation, including: portfolio design and evaluation; creation of professional resumes, cover letters, and artist statements; and examining networking tools including online marketing and social media.

At the very least, prior to enrolling in the clinical practicum courses and training at the clinical laboratory sites.

MEDICAL LABORATORY TECHNICIAN

Associate in Science Degree: Medical Laboratory Technician
The Medical Laboratory Technology Associate Degree program prepares students for employment in clinical laboratories, industry and biotechnology. The MLT Program curriculum, an integration of classroom lectures, student laboratories and clinical training, fosters development of analytical and problem-solving skills required in this profession.

PREREQUISITES – completed with minimum 2.50 GPA
1. Anatomy (4 semester or 6 quarter units)
2. Physiology (4 semester or 6 quarter units)
3. Microbiology (4 semester or 6 quarter units)
4. Preparatory General Chemistry (4 semester or 6 quarter units)
Completing program prerequisites, does not assure admission into the program.

RECOMMENDED PREPARATION
ENGL-101 or ENGL-101H. It is highly recommend that students be proficient in both the written and oral English language prior to enrolling in the program or, at the very least, prior to enrolling in the clinical practicum courses and training at the clinical laboratory sites.

APPLICATION PROCEDURE:
1. Submit College of the Canyons application and obtain a student identification number.
2. Submit the following documents to Admissions and Records:
   • Official sealed transcripts from all colleges attended, except COC (must include all coursework regardless if MLT prerequisite or not)
   • For transcripts from other countries, an official sealed foreign transcript evaluation from a NACES approved agency
   • Official College Board AP English score
   • A copy of high school transcript, copy of diploma, OR copy of GED certificate
   • Students with transcripts evaluated by ACCRAO should contact the Allied Health & Public Safety division office for assistance.
3. Submit MLT Program Application to the Allied Health and Public Safety Division Office. Evidence of completion of Phlebotomy must be attached to the application. A valid COC email address is required.

4. The MLT application and official transcripts will be evaluated to determine if applicant meets current MLT Program selection criteria. Applicants will not be eligible for selection if admission requirements are not met.

5. Selected applicants must attend and complete the mandatory program orientation or they will be dropped from the program.

**Mandatory Requirements of all Medical Lab Technician (MLT) Students:**

Once admitted to the MLT Program, students are required to complete lab experiences at affiliated hospitals and clinical labs. Students must have their own means of transportation to these off-campus sites. These facilities have requirements above and beyond the requirements of being a student on a community college campus. All students entering the program must complete the following in order to participate in program activities:

- Current Physical
- Current TB clearance – 2 Step Process or Chest Xray
- Color Blindness Screening – for accommodation purposes only
- Immunizations and Titors
- Drug Screening
- Current CPR card
- Current Fire Life Safety Card
- Malpractice Insurance
- Background Check and OIG/GSA Clearance – any student with questions about background checks should contact the Allied Health & Public Safety division office for a confidential opportunity to discuss this based on healthcare settings requirements about background clearances.
- Hepatitis B Video
- ID Badge

If these mandatory requirements are not met, the student will be blocked from registration for the MLT courses and dropped from the program.

Additional details and information about these requirements will be provided to students upon acceptance to the program. Students who have questions prior to applying the program may contact the Allied Health and Public Safety Division Office for assistance.

**Degree Student Learning Outcome:**

Students will be able to demonstrate proficiency in the core skills and knowledge required for employment as a medical laboratory technician.

**Program Requirements:**

**Units Required:** 58.75

**MLT 050 PHLEBOTOMY**

Units: 3.50

45.00 hours lecture, 54.00 hours lab

**Prerequisite:** Official admission to the MLT Program

Designed to prepare personnel who collect blood samples for medical laboratory analysis. Technique, equipment, and proper patient preparation will be stressed. Successful completion of the course will result in a Phlebotomy Technician Proficiency Certificate, which makes students eligible for State certification. Includes learning experiences both in on-campus skills laboratories and at affiliated clinical sites. Students must have their own means of transportation to these off-campus sites. May be repeated if used for legally mandated training.
MLT 110 CLINICAL HEMATOLOGY
LECTURE
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: Official admission to the MLT Program.
Co-requisite: MLT-110L
Presents hematology from the unclassified stem cell in the bone marrow to both normal and abnormal peripheral blood cells, including the procedures used to identify these cells.

MLT 110L CLINICAL HEMATOLOGY LAB
Units: 1.00
CSU 54.00 hours lab
Prerequisite: Official admission to the MLT Program.
Co-requisite: MLT-110
Introduces the instruments and techniques used for hematology testing, including calibration and interpretation of results. Emphasizes the morphology and identification of common human blood cells.

MLT 112 CLINICAL URINALYSIS LECTURE
Units: 1.00
CSU 18.00 hours lecture
Prerequisite: Official admission to the MLT Program.
Co-requisite: MLT-112L
Presents the properties and constituents of urine, emphasizing the interpretation of qualitative and quantitative clinical analysis of urine, and a comparison of lab results to kidney function.

MLT 112L CLINICAL URINALYSIS LAB
Units: 0.50
CSU 27.00 hours lab
Prerequisite: Official admission to the MLT Program.
Co-requisite: MLT-112
Introduces urine testing, interpretation, and correlation. Emphasizes qualitative and quantitative clinical examination of urine specimens, including the principle of each reaction, quality control, interpretation, and correlation to other laboratory findings.

MLT 114 CLINICAL COAGULATION LECTURE
Units: 1.00
CSU 18.00 hours lecture
Prerequisite: Official admission to the MLT Program.
Co-requisite: MLT-114L
Presents hemostasis, properties, and factors involved in the clotting system, including various coagulation disorders and their related laboratory findings.

MLT 114L CLINICAL COAGULATION LAB
Units: 0.75
CSU 40.50 hours lab
Prerequisite: Official admission to the MLT Program.
Co-requisite: MLT-114
Introduces the techniques and safety procedures used in the clinical coagulation laboratory, emphasizing platelet function tests and intrinsic and extrinsic clotting pathway testing.

MLT 116 CLINICAL MICROBIOLOGY
LECTURE
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: Official admission to the MLT Program.
Co-requisite: MLT-116L
Introduces identification methods, theories, and techniques used in basic bacteriology, parasitology, and mycology emphasizing routine organism identification.

MLT 116L CLINICAL MICROBIOLOGY LAB
Units: 1.00
CSU 54.00 hours lab
Prerequisite: Official admission to the MLT Program.
Co-requisite: MLT-116
Introduces the various techniques and safety procedures in clinical microbiology. Emphasizes the morphology and identification of common pathogenic organisms. Must have completed BIOSCI 221 to enter the course and must be admitted to the MLT program.

MLT 118 CLINICAL IMMUNOLOGY/IMMUNOHEMATOLOGY
LECTURE
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: Official admission to the MLT Program.
Co-requisite: MLT-118L
Introduces the principles of antigen and antibody reactions included in blood grouping and typing, and compatibility testing, and serological and immunohematological procedures.

MLT 118L CLINICAL IMMUNOLOGY/IMMUNOHEMATOLOGY LAB
Units: 1.00
CSU 54.00 hours lab
Prerequisite: Official admission to the MLT Program.
Co-requisite: MLT-118
Introduces serological and immunohematology procedures and techniques to measure analytes qualitatively and quantitatively.
### MLT 120 CLINICAL CHEMISTRY I LECTURE
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: Official admission to the MLT Program. Co-requisite: MLT-120L
Presents the theoretical and practical concepts associated with testing procedures used in the clinical chemistry laboratory, including the fundamentals of general laboratory principles and specific basic instrumentation and methodologies.

### MLT 120L CLINICAL CHEMISTRY I LAB
Units: 1.00
CSU 54.00 hours lab
Prerequisite: Official admission to the MLT Program. Co-requisite: MLT-120
Introduces the various types of instrumentation used in the clinical chemistry laboratory, including testing parameters, calibration, quality control, preventative maintenance, and some manual procedures.

### MLT 124 CLINICAL CHEMISTRY II LECTURE
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: MLT-120 and MLT-120L Co-requisite: MLT-124L
Second in two-part clinical chemistry series, emphasizing the endocrine, liver, kidney, and pancreatic functions. Also includes tumor markers, drug screening, and body fluids.

### MLT 124L CLINICAL CHEMISTRY II LAB
Units: 1.00
CSU 54.00 hours lab
Prerequisite: MLT-120 and MLT-120L Co-requisite: MLT-124
Presents more advanced instrumentation used in the clinical chemistry laboratory to test different body systems as well as drug screening, tumor markers, and body fluids. Includes their principles, testing parameters, calibration, quality control, and preventive maintenance.

### MLT 128 CLINICAL HEMATOLOGY/URINALYSIS/COAGULATION PRACTICUM
Units: 4.00
CSU 216.00 hours lab
Prerequisite: MLT-110 and MLT-110L, MLT-112 and MLT-112L, MLT-114 and MLT-114L
Provides entry-level clinical laboratory experience in the clinical laboratory hematology, urinalysis, and coagulation departments, emphasizing technique, accuracy, and precision.

### MLT 129 CLINICAL MICROBIOLOGY PRACTICUM
Units: 4.00
CSU 216.00 hours lab
Prerequisite: MLT-116 and MLT-116L
Provides entry-level clinical laboratory experience in the clinical laboratory microbiology department, emphasizing technique, accuracy, and precision.

### MLT 130 CLINICAL IMMUNOLOGY/IMMUNOHEMATOLOGY PRACTICUM
Units: 3.00
CSU 162.00 hours lab
Prerequisite: MLT-118 and MLT-118L
Provides entry-level clinical laboratory experience in the serology and blood banking departments, emphasizing technique, accuracy, and precision.

### MLT 131 CLINICAL CHEMISTRY PRACTICUM
Units: 4.00
CSU 216.00 hours lab
Prerequisite: MLT-124 and MLT-124L
Provides entry-level clinical laboratory experience in the general and special chemistry departments, emphasizing technique, accuracy, and precision.
MODERN LANGUAGES

The Department of Modern Languages offers courses in French, German and Spanish. Foreign-language studies provide the student with a foundation in written communication skills of the language. From a vocational standpoint, the program provides skills in translation and interpretation, business, commerce, and foreign-language based research. Foreign-language studies include numerous opportunities for students to enhance language skills and intercultural awareness through activities such as conversational groups, cultural excursions, poetry reading, and foreign film festivals.

CHINESE

CHNESE 101 ELEMENTARY CHINESE I - MANDARIN
Units: 4.00
UC:CSU 72.00 hours lecture
Introduces Chinese language (Mandarin) with emphasis in developing essential skills in communication. Practice in speaking and understanding as well as reading and writing Chinese characters. Introduces the geography, customs and culture of China. Corresponds to the first two years of high school Chinese. Not appropriate for native or heritage speakers.

CHNESE 102 ELEMENTARY CHINESE II - MANDARIN
Units: 4.00
UC:CSU 72.00 hours lecture
Prerequisite: CHNESE-101
Continues the study of the fundamentals of the French language, emphasizing correct pronunciation and mastery of a practical vocabulary, oral and written expression, and the study of the cultures of the contemporary French-speaking world. Not appropriate for native speakers. Corresponds to the third year of high school French.

CHNESE 150 BEGINNING CONVERSATIONAL FRENCH
Units: 3.00
CSU 54.00 hours lecture
Presents the essentials of French for conversational and practical usage. Emphasis on understanding and speaking French in everyday situations, including vocabulary and phrases useful for traveling, studying and working in French-speaking countries.

FRENCH

Associate in Arts Degree: French

Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in communicating in expressive and receptive forms in French. Compare and contrast cultures and histories of the French speaking world.

Program Requirements:
Units Required: 19

FRNCH 101 ELEMENTARY FRENCH I
Units: 4.00
UC:CSU 72.00 hours lecture
Develops language skills in listening, reading, speaking and writing at the novice mid level within a cultural context with a strong emphasis on communication. Corresponds to the first two years of high school French. Not appropriate for native speakers.

FRNCH 102 ELEMENTARY FRENCH II
Units: 4.00
UC:CSU 72.00 hours lecture
Prerequisite: FRNCH-101
Continues the study of the fundamentals of the French language, emphasizing correct pronunciation and mastery of a practical vocabulary, oral and written expression, and the study of the cultures of the contemporary French-speaking world. Not appropriate for native speakers. Corresponds to the third year of high school French.

FRNCH 150 BEGINNING CONVERSATIONAL FRENCH
Units: 3.00
CSU 54.00 hours lecture
Presents the essentials of French for conversational and practical usage. Emphasis on understanding and speaking French in everyday situations, including vocabulary and phrases useful for traveling, studying and working in French-speaking countries.

FRNCH 201 INTERMEDIATE FRENCH I
Units: 4.00
UC:CSU 72.00 hours lecture
Prerequisite: FRNCH-102
Reviews French grammar, emphasizing practical and idiomatic usage as well as analyzing essays, poems and short stories in French by famous authors from the French-speaking world. Corresponds to the fourth year of high school French.

FRNCH 202 INTERMEDIATE FRENCH II
Units: 4.00
UC:CSU 72.00 hours lecture
Prerequisite: FRNCH-201
Presents more advanced grammatical structures and syntax, emphasizing practical and idiomatic usage, as well as analyzing essays, poems, short stories and novels in French by famous authors from the French-speaking world.
GERMAN

GERMAN 101 ELEMENTARY GERMAN I
Units: 4.00
UC:CSU 72.00 hours lecture
Develops language skills in listening, reading, speaking and writing within a cultural context with a strong emphasis on communication. Emphasizes acquisition of vocabulary, structures, and grammatical patterns necessary for comprehension and production of spoken and written German at the beginning level. Taught in German. Corresponds to the first two years of high school German. Not appropriate for native or heritage speakers.

GERMAN 102 ELEMENTARY GERMAN II
Units: 4.00
UC:CSU 72.00 hours lecture
Prerequisite: GERMAN-101
Develops linguistic and cultural proficiency at the novice high level. Taught in German. Corresponds to the third year of high school German. Not appropriate for native or heritage speakers.

ITALIAN

ITAL 101 ELEMENTARY ITALIAN I
Units: 4.00
UC:CSU 72.00 hours lecture
Develops language skills in listening, reading, speaking and writing within a cultural context with a strong emphasis on communication. Emphasizes acquisition of vocabulary, structures, and grammatical patterns necessary for comprehension and production of spoken and written Italian at the beginning level. Taught in Italian. This course is taught in Italian. This course corresponds to the first two years of high school Italian. Not appropriate for native or heritage speakers.

ITAL 102 ELEMENTARY ITALIAN II
Units: 4.00
UC:CSU 72.00 hours lecture
Prerequisite: ITAL-101
Develops linguistic and cultural proficiency at the novice high level. Taught in Italian. Corresponds to the third year of high school Italian. Not appropriate for native or heritage speakers.

ITAL 150 CONVERSATIONAL ITALIAN
Units: 3.00
UC:CSU 54.00 hours lecture
Presents the essentials of Italian for conversational and practical usage. Intensive practice in the expression and comprehension of spoken Italian.

Associate in Arts Degree: Spanish for Transfer
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Spanish. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

Degree Student Learning Outcome:
Students will be able to:
- Demonstrate proficiency in communicating in expressive and receptive forms in Spanish.
- Compare and contrast cultures and histories of the Spanish speaking world.

SPAN 101 ELEMENTARY SPANISH I
Units: 4.00
UC:CSU 72.00 hours lecture
C-ID SPAN 100
Develops linguistic and cultural proficiency at the novice
mid level. Taught in Spanish. Corresponds to the first
two years of high school Spanish. Not appropriate for
native or heritage speakers. UC credit limitation: SPAN101 and 211combined, maximum credit one course.

SPAN 101H ELEMENTARY SPANISH I –
HONORS
Units: 4.00
UC:CSU 72.00 hours lecture
C-ID SPAN 100
Develops linguistic and cultural proficiency at the novice
mid level. Taught in Spanish within a cultural context.
Corresponds to the first two years of high school
Spanish. Not appropriate for native or heritage speakers. UC credit limitation: SPAN-101 and 211 combined,
maximum credit one course. Additional reading and writing assignments are required for honors section.

SPAN 102 ELEMENTARY SPANISH II
Units: 4.00
UC:CSU 72.00 hours lecture
C-ID SPAN 110

Associate in Arts Degree: Spanish
Degree Student Learning Outcome:
- Demonstrate proficiency in communicating in expressive and receptive forms in Spanish.
- Compare and contrast cultures and histories of the
Spanish speaking world.

Santa Clarita Community College District


**SPAN 202 INTERMEDIATE SPANISH II**  
Units: 4.00  
UC:CSU 72.00 hours lecture  
C-ID SPAN 210  
Prerequisite: SPAN-201  
Presents more advanced grammatical structures and syntax at the intermediate high level, emphasizing linguistic and cultural proficiency using cultural and literary materials.

**SPAN 211 SPANISH FOR HERITAGE SPEAKERS I**  
Units: 4.00  
UC:CSU 72.00 hours lecture  
C-ID SPAN-220  
Prerequisite: SPAN-102  
Focuses on developing and strengthening reading and writing skills while exploring Spanish speaking culture. Emphasis is placed on spelling, punctuation, lexical variations, idioms and cultural components of the Spanish language. This class is designed for students who communicate in Spanish, heritage speakers, and/or have near-native oral proficiency. UC credit limitation: SPAN-101 and 211 combined, maximum credit one course. Formerly SPAN-101A.

**SPAN 212 SPANISH FOR HERITAGE SPEAKERS II**  
Units: 4.00  
UC:CSU 72.00 hours lecture  
C-ID SPAN 230  
Prerequisite: SPAN-211  
Focuses on reading and writing with special attention to formal aspects of the language while exploring the Spanish speaking culture. Designed for students who communicate in Spanish and/or have near-native oral proficiency. UC credit limitation: SPAN-102 and 212 combined, maximum credit one course. Formerly SPAN-102A.

**SPAN 240 INTRODUCTION TO LATIN AMERICAN LITERATURE**  
Units: 3.00  
UC:CSU 54.00 hours lecture  
Surveys literature and culture of Latin America from 1492 to the present, including basic literary concepts and analysis of the four genres, narrative, essay, poetry, and drama within literary movements in Latin America. Lectures and discussions are in Spanish.

---

**MUSIC**

**Associate in Arts Degree: Music - Composition**  
The Music-Composition program is designed to give students the ability to develop an individualistic artistic voice through the exposure to the rigors of traditional music theory, performance and musicianship, with the option to choose among various elective courses to focus on their area of creative interest.

The Department of Music offers a comprehensive curriculum to prepare songwriters, electronic minded musicians, symphonic composers, pop and jazz enthusiasts, in the path toward successful creative careers.

Music students in this major must participate in at least two major performing groups while enrolled in the program. Students should select a performing group that fits their performance specialty or interest.

**Degree Student Learning Outcome:**  
Students will be able to apply theoretical music concepts and performance-based skills to produce and to create original music.

**Program Requirements:**

CREDIT PROGRAMS / COURSE DESCRIPTIONS

Music - Concert Performance

Music-Concert Performance students are required to audition and, once accepted, enroll in Music 189 (Individualized Lessons), to receive instruction on an instrument of their choice. Performance majors will be required to take Music 189 and Music 190 (Applied Performance) a total of four times. Students enrolled in this program will also have to take music theory and musicianship classes to earn the degree and to participate in one of the various instrumental ensembles in residence at the college per semester.

Music-Concert Performance option offers music students an array of traditional symphonic, Jazz ensembles and chamber groups to prepare them toward the successful transfer to four-year institutions, as well as providing valuable experiences to build a professional career in music performance.

Music students in this major must participate in at least one major performing group or activity per semester. Students should select a performing group that fits their performance specialty or interest. All ensembles and Jazz improvisation classes are repeatable for credit up to four times all total.

Degree Student Learning Outcome:
Students will be able to apply theoretical music concepts and performance-based skills to produce and to create original music.

MUSIC 090L ELECTRONIC MUSIC LAB
Units: 1.00
54.00 hours lab
A lab for the currently enrolled music student who wishes to increase skills through the use of the music lab facility. Note: Students must attend faculty supervised weekly scheduled class time posted in printed schedule. Hours must be accrued at a time separate from any other class in which the student is also registered. This course is not a required course for any certificate or degree in the Music program. Offered pass/no-pass only. Units do not apply to the associate degree.

MUSIC 100 FUNDAMENTALS OF MUSIC
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces the elements of music and musical notation; music reading and sight-singing; scales and intervals.

MUSIC 101 MUSICIANSHIP SKILLS I
Units: 1.00
UC:CSU 54.00 hours lab
C-ID MUS 125
Prerequisite: MUSIC-100
First in a series of four comprehensive training workshops for musicians. It includes intensive practice of sight-singing, melodic and rhythmic dictations, chord recognition as well as applied music theory exercises.

MUSIC 102 MUSICIANSHIP SKILLS II
Units: 1.00
UC:CSU 54.00 hours lab
C-ID MUS 135
Prerequisite: MUSIC-101
Second in a series of four comprehensive training workshops providing musicians with intensive practice in sight-singing, melodic and rhythmic dictations, chord recognition and applied music theory exercises.

MUSIC 103 MUSICIANSHIP SKILLS III
Units: 1.00
UC:CSU 54.00 hours lab
C-ID MUS 145
Prerequisite: MUSIC-102
Third in a series of four comprehensive training workshops providing musicians with intensive practice in sight-singing, melodic and rhythmic dictations, chord recognition and applied music theory exercises.

MUSIC 104 MUSICIANSHIP SKILLS IV
Units: 1.00
UC:CSU 54.00 hours lab
Prerequisite: MUSIC-103
Fourth in a series of four comprehensive training workshops providing musicians with intensive practice in sight-singing, melodic and rhythmic dictations, chord recognition and applied music theory exercises.

MUSIC 105 MUSIC APPRECIATION
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys musical masterpieces through all eras of musical evolution. Develops an appreciation and understanding of music in relation to culture and other art forms through listening experiences, lecture, and discussion.

MUSIC 106 DEVELOPMENT OF JAZZ
Units: 3.00
UC:CSU 54.00 hours lecture
Presents jazz as a cultural medium, including its historical background and development in the United States.

MUSIC 107 HISTORY OF ROCK & ROLL
Units: 3.00
UC:CSU 54.00 hours lecture
Explores the rise of rock and roll as a modern musical genre and examines its place in modern society.

MUSIC 108 WORLD MUSIC
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys non-Western cultures through their musical traditions.

MUSIC 112 MUSIC HISTORY
Units: 3.00
UC:CSU 54.00 hours lecture
Presents the main periods and styles of Western music from the Middle Ages to the present, including the most important composers as well as the cultural context in which their music was created.

MUSIC 116 PERFORMANCE ENSEMBLES FOR MUSIC THEATER
Units: 2.00-4.00
UC:CSU 108.00-216.00 hours lab
Rehearsal and performance of music for scenes and complete musical theater productions produced in conjunction with Theater and other performing arts departments. Ability to sing or play a wind, brass, string or percussion instrument is assumed. Offered pass/no-pass only.

</tbody>
</table>
MUSIC 142 ELECTRONIC MUSIC COMPOSITION
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Presents the composition and production of in-studio music in a variety of contemporary idioms utilizing digital technology.

MUSIC 146 ELECTRONIC MUSIC FOR THE STAGE
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Focuses on the techniques and aesthetics of music created with the computer for on-stage applications.

MUSIC 151 JAZZ IMPROVISATION
Units: 1.00
UC:CSU 54.00 hours lab
Recommended Preparation: MUSIC-100
Emphasizes understanding basic theoretical structure as well as stylistic, melodic and rhythmic considerations. Designed to assist the jazz musician. Public performance may be required.

MUSIC 153 STUDIO JAZZ ENSEMBLE
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
C-ID MUS 180
Prerequisite: Audition by instructor to ensure satisfactory performance ability.
Examines the historical basis of jazz and fosters the improvement of jazz performance skills on wind, string, vocal or percussion instruments through participation in public concerts. Field trips may be required.

MUSIC 159 MUSIC FOR FILM, TELEVISION AND NEW MEDIA
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Examines technical and aesthetic tools used in electronic music production, to create soundtracks for motion picture, television, and new media. Explores music production fundamentals, including basic composition techniques in synchronization with a visual counterpart. Formerly MUSIC-129. (Same as MEA-159)

MUSIC 160 GUITAR STUDIES I
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Introduces skills for the guitar, including chord structures, sight reading, and rhythm techniques.

MUSIC 161 GUITAR STUDIES II
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Recommended Preparation: MUSIC-160
Advances the study and application of guitar skill through advanced chord structures, sight-reading (open strings through 5th position), and more complex rhythm techniques.

MUSIC 165 SYMPHONY OF THE CANYONS
Units: 1.00
UC:CSU 54.00 hours lab
C-ID MUS 180
Prerequisite: See schedule of classes for audition information.
Examines musical styles, performance techniques and basic theoretical analysis as they relate to performance of symphonic literature, as well as orchestra accompaniment of operatic and major choral works. Includes participation in public performance with the ensemble.

MUSIC 167 JAZZ GUITAR STUDIES I
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Introduces position-playing for jazz guitar, including jazz chordal structures, rhythm comping, harmonic structure and historical context of jazz forms.

MUSIC 168 JAZZ GUITAR STUDIES II
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Recommended Preparation: MUSIC-167
An intermediate level study of position-playing for jazz guitar, including jazz chordal structures, rhythm comping and structural analysis of jazz forms.

MUSIC 169 IMPROVISATION FOR GUITARISTS
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Focuses on the many facets of improvising on the guitar. It is assumed students are able to perform on the guitar at a beginning or intermediate level.

MUSIC 170 BASS GUITAR STUDIES I
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Provides basic skills on the electric bass guitar, focuses on the construction and performance of bass lines through chord changes in standard popular and jazz repertoire. Students will learn note-reading skills on the instrument.
MUSIC 171 BASS GUITAR STUDIES II  
Units: 2.00  
UC:CSU 18.00 hours lecture, 54.00 hours lab  
Second in a series of studies on the application of intermediate skills on the electric bass guitar utilizing basic music theory concepts as they apply to the bass, including construction and performance of complex bass lines through chord changes in standard popular and jazz repertoire as well as intermediate note-reading skills on the instrument.

MUSIC 173 JAZZ VOCAL ENSEMBLE  
Units: 1.00  
UC:CSU 54.00 hours lab  
C-ID MUS 180  
Prerequisite: Audition  
Provides the advanced singer an opportunity to learn and develop jazz vocal technique. The repertoire consists of vocal arrangements from standard and progressive jazz schools. This group refines individual selections to high performance standards and represents the college at intercollegiate festivals, on-campus performances, and in the community. Appropriate sight-singing proficiency and ability to follow a conductor are assumed. Audition through the Department of Music; contact for time, date and other details.

MUSIC 175 FESTIVAL CHOIR: VOICES OF THE CANYONS  
Units: 1.00  
UC:CSU 54.00 hours lab  
C-ID MUS 180  
Examines musical styles, performance practices and rehearsal techniques while refining individual selections to high performance standards and represents the college at intercollegiate festivals, on-campus performances, and in the community. Field trips may be required.

MUSIC 176 CHAMBER SINGERS  
Units: 2.00  
UC:CSU 18.00 hours lecture, 54.00 hours lab  
C-ID MUS 180  
Prerequisite: Audition by instructor to ensure satisfactory performance ability. Contact the Music Department for date, time, and other details.  
Prepares the study and performance of chamber music from the 15th to the 21st centuries, emphasizing the development of skills needed to sing from a variety of choral styles and historical periods. Represents the college at intercollegiate festivals, on-campus events, and within the community. Attendance at all scheduled performances is required.

MUSIC 177 WOMEN’S CHOIR (LES CHANTEUSES)  
Units: 2.00  
UC:CSU 18.00 hours lecture, 54.00 hours lab  
C-ID MUS 180  
Prerequisite: Audition  
Studies musical styles and performance practices from an historical perspective as well as correct and efficient rehearsal techniques as they apply to the selected choral literature. Represents the college at intercollegiate festivals, on-campus events, and within the community. Field trips may be required.

MUSIC 185 SYMPHONIC BAND  
Units: 2.00  
UC:CSU 18.00 hours lecture, 54.00 hours lab  
C-ID MUS 180  
Prerequisite: Audition  
Recommended Preparation: Ability to play a wind, percussion, or brass instrument is assumed.  
Emphasizes the performance of college level wind and percussion standards literature including proper playing and performance technique. Extensive warm-up skills will be developed, along with scale studies and rhythmic refinement exercises. Public performances with the symphonic band are required. Audition through the Music Department; contact for time, date and other details.

MUSIC 186 MUSIC ENSEMBLE  
Units: 2.00  
UC:CSU 18.00 hours lecture, 54.00 hours lab  
Explores chamber music literature and practices. Specific technical skills will be addressed including breathing, phrasing, tonguing, bow technique, embouchure development, as well as vocal techniques and rehearsal standards. Public performance is required.

MUSIC 189 INDIVIDUALIZED MUSIC LESSONS  
Units: 1.00  
UC:CSU 54.00 hours lab  
Prerequisite: Audition  
Co-requisites: MUSIC-190 and one of the following ensemble courses: MUSIC 114, 116, 151, 153, 165, 173, 174, 175, 176, 177, 185 or 186.  
Emphasizes technical development, the performing of musical repertoire, and the development of concert presentation skills. Individual instruction is provided by appointment.

MUSIC 190 APPLIED PERFORMANCE  
Units: 1.00  
UC:CSU 54.00 hours lab  
Co-requisite: MUSIC-189  
Preparation and presentation of music literature to be performed before the class with a subsequent critique by the other students and instructor.
MUSIC 191 CONTEMPORARY PRACTICES IN MUSIC PUBLISHING
Units: 3.00
CSU 54.00 hours lecture
Explores the business of marketing and selling music, including intellectual property statutes, copyright law, royalties and music contracts.

MUSIC 192 MUSIC BUSINESS
Units: 3.00
CSU 54.00 hours lecture
Examines the music business industry as it relates to production, recording, manufacturing, publishing, marketing, copyright and performing rights.

MUSIC 220A CHROMATIC HARMONY I
UC:CSU 54.00 hours lecture
C-ID MUS 140
Prerequisite: MUSIC-120B
Recommended Preparation: Concurrent enrollment in MUSIC-103
Continues the concepts from Tonal Harmony II. Additionally includes: introduction to chromatic harmony; secondary/applied chords; modulation; borrowed chords; introduction to Neapolitan and augmented-sixth chords.

MUSIC 220B CHROMATIC HARMONY II
UC:CSU 54.00 hours lecture
C-ID MUS 150
Prerequisite: MUSIC-220A
Recommended Preparation: Concurrent enrollment in MUSIC-104
Continues the concepts from Music Theory III. Additionally includes: post-Romantic techniques such as borrowed chords and modal mixture, chromatic mediants, Neapolitan and augmented-sixth chords, 9th, 11th and 13th chords, altered chords and dominants; and 20th century techniques such as: Impressionism, tone rows, set theory, pandiatonicism and polytonalism, meter and rhythm.

NANOTECHNOLOGY

The Nanotechnology program trains students in entry-level technical skills for the emerging Nanotechnology workplace. This program focuses on essential science, technology and workplace skills with the goal of preparing students for entry-level jobs in a variety of industries that use laboratories for product development, testing, and quality control as related to Nanotechnology products and processes.

NANO 010 INTRODUCTION TO NANOTECHNOLOGY
Units: 2.00
36.00 hours lecture
Introduces nanotechnology in a descriptive and interdisciplinary way, including an introduction to microscopy used for nanomaterial characterization.
NURSING

College of the Canyons offers two Registered Nursing Programs that are approved by the California Board of Registered Nurses and accredited by the Accreditation Commission for Education in Nursing.

RN Program
Nursing is an art and science incorporating knowledge from the behavioral, biological, and physical sciences. It has a holistic concept of health in which the physical, emotional, psychological, intellectual, social, and spiritual aspects of human functioning are interrelated, independent, and of equal importance. Offered is an Associate Degree in Nursing with a program of clinical components in which the student cares for patients in the acute-care setting and sub-acute setting. The program prepares the students for an entry-level position in the health care setting. An RN (Registered Nurse), after taking a national licensure examination, may move directly into the position of beginning staff nurse. The program prepares the student for this test.

LVN-RN Career Ladder Program
Nursing is an art and science incorporating knowledge from the behavioral, biological, and physical sciences. It has a holistic concept of health in which the physical, emotional, psychological, intellectual, social, and spiritual aspects of human functioning are interrelated, independent, and of equal importance. This program is for students already possessing a LVN license and experience as an LVN that allows them to complete a series of courses providing advance standing due to credit for their experience. Offered is an Associate Degree in Nursing with a program of clinical components in which the student cares for patients in the acute-care setting and sub-acute setting. The program prepares the students for an entry-level position in the health care setting. An RN (Registered Nurse), after taking a national licensure examination, may move directly into the position of beginning staff nurse. The program prepares the student for this test.

Specific Career Ladder Requirements:
LVN to RN applicants must have completed an approved LVN program. Copy of California LVN license must be provided with application.

The following requirements are due prior to beginning the LVN to RN Program:
- Proof of approved I.V. certification course
- LVN to RN students are required to work as an LVN. Proof of a minimum of 4 months of employment as an LVN.

An additional 30 unit option is available to LVNs.

30 Unit Option:
The Career Ladder Student may also choose a "30 Unit Option" plan. The LVN who chooses the "30 Unit Option" must have met the microbiology and physiology requirements with a grade of C or better. The applicant must then take Nursing 109, 126, 234, and 240. Upon satisfactory completion of these classes, the applicant would be eligible to apply to take the RN licensure examination. NOTE: Students who complete this option (30 units) will take NCLEX-RN as a non-graduate. This status will not change even if student goes on to obtain a degree. There is no restriction to practice within California. The student may have difficulty in transferring to another state or territory. The student may also have difficulty applying to a college/university for an advanced degree.

Applicants to this curriculum alternative must meet with the Program Director for objective counseling that includes admission process, course requirements, and the advantages/disadvantages of this route to licensure. TEAS test is required, but results will not deny admission to the program. The applicant is not required to meet college admission requirements.

RN AND LVN TO RN NURSING PROGRAM PREREQUISITES:
1. English 101 (3 units or 5 quarter units)
2. Anatomy (4 semester units or 6 quarter units)
3. Physiology (4 semester units or 6 quarter units)
4. Microbiology (4 semester units or 6 quarter units)
5. Eligibility for Math 070: Intermediate Algebra

The College of the Canyons Registered Nursing Program is committed to servicing the community by providing the highest level of nursing education to all qualified students. The ability to enter the nursing program shall not be hindered by issues of age, sex, religion, ethnic origin, race, or socioeconomic status. Open access shall be the means by which all program participants are selected, all information disseminated, and all selection procedures are determined. Therefore, the following serves as a selection process outline for any, and all, nursing programs at College of the Canyons which require a specific selection process: applications, selection information, and individual program brochures are openly distributed from the Allied Health Office and are provided to any person requesting such data. Potential and current applicants are requested to attend a Nursing Information Session. These sessions are given once each semester. Information covers general campus information and provides specific data pertaining to selection requirements of the nursing programs. The counseling department determines transferability of non-nursing courses. The Director of Nursing and/or Assistant Nursing Program Director determines the transferability of nursing courses.
SELECTION CRITERIA FOR RN AND LVN TO RN PROGRAMS INCLUDING BUT NOT LIMITED TO THE FOLLOWING:

To be considered for entrance, all prerequisites must be completed with a 2.5 GPA or higher. Completing the prerequisites, however, does not assure admission into the program.

SELECTION CRITERIA FOR RN PROGRAMS INCLUDING BUT NOT LIMITED TO THE FOLLOWING:

Students will be admitted to the program based on their scholastic eligibility and placement on a nursing assessment test as per SB 1309.

SCHOLASTIC ELIGIBILITY:

Scholastic eligibility is determined through a statewide approved formula which calculates the student’s probability of successfully completing the ADN program. The formula uses the following criteria:

• Core Biology GPA – all Anatomy, Physiology, and Microbiology courses taken at the college level.
• Core Biology repetitions – the number of times a student has repeated a Core Biology course including withdrawals.
• English GPA – all credit English course grades regardless of the level of the course.
• Overall GPA – the college GPA as it appears on college transcripts excluding non-credit and not-for-credit courses.
• Students must have a minimum required score of 70 to be eligible for admission.

To be more competitive for admission, students are encouraged to:

• Complete all courses without repeating or withdrawing.
• Earn a minimum of a 3.0 GPA in all Biology courses
• Earn a minimum of a 3.0 GPA in all English courses

ASSESSMENT TEST:

Qualified applicants will be required to take a state approved nursing assessment test. Students must rank at the required level to be eligible for admission into the program. Currently, this is a 62% composite score on TEAS test (version V) based on the California Community College Chancellor’s Office recommendation. Valid photo ID must be presented at time of test. See nursing website for updates which reflect current state guidelines and regulations.

RN Applicants:

Final selections are made using both multi-criteria screening and random selection. Qualified applicants not selected must reapply in order to be considered. The Allied Health Division Office does not retain applications or transcripts.

Students not meeting eligibility criteria are offered a remediation plan. After successful completion, students are eligible to reapply for random selection.

If the remediation plan is not complete by the deadline, the student is no longer eligible to apply to the program.

LVN to RN Applicants:

Applicants accepted into the program will first enroll in the Transitions into Nursing course, Nursing 109. Upon completion of Nursing 109, the student will be placed on a waitlist to progress in the program on a space-available basis.

APPLICATION PROCEDURE:

Follow current application process as outlined at www.canyons.edu/nursing

INCOMING TRANSFER STUDENTS

Students may apply to the RN program by transfer or challenge. Students are not allowed to transfer into the first semester; students must enter first semester as a generic student. Students are only eligible to be considered for transfer if they have been in a nursing program within 12 months of the day their application is accepted and are eligible to re-enter their previous program. Students who have been out of a nursing program for more than 12 months must apply as beginning students. Student must provide letter from director of previous nursing program stating student is clinically safe and eligible to return to their program. The Director of Nursing determines how the applicant’s previous courses correlate with the COC Nursing Program curriculum and determines what portion of the program must be taken in order to complete the nursing program at COC. The Director of Nursing has the right to accept or deny any transfer. Approved applicants MUST attend a mandatory orientation and complete Nursing 109. Upon completing Nursing 109, approved applicants will be placed on a waiting list until an opening in the appropriate course becomes available. Transfer students who have previously failed another RN program will only be allowed one entry into the COC RN program. Follow current application process for transfer students as outlined at www.canyons.edu/nursing. Students advised by the BRN to take specific courses to obtain a license must also take the TEAS exam with any necessary remediation, attend a mandatory orientation and complete Nursing 109.

SPECIAL REQUIREMENTS FOR ALL NURSING STUDENTS:

Once admitted to any of the RN programs, the student must comply with the following requirements but not limited to:

• Proof of vaccination followed by positive titers for Hepatitis B (or signed waiver), rubeola, rubella, mumps
• Proof of Diphtheria/Tetanus/Pertussis (Tdap) and annual flu vaccinations
• Negative mantoux or chest x-ray documentation for Tuberculosis clearance.
• An annual physical examination. The first physical with functional abilities verification must be within six months of beginning classes.
• Current CPR certificate (American Heart Association for health care providers)
• Student Registered Nurse malpractice insurance
• Clear background check and OIG/GSA clearance
• Clear 10 panel drug test
• L. A. City Fire Card

Associate in Science Degree: Nursing – Registered Nurse
Nursing science is an art and science incorporating knowledge from the behavioral, biological, and physical sciences. It has a holistic concept of health in which the physical, emotional, psychological, intellectual, social, and spiritual aspects of human functioning are interrelated, interdependent, and of equal importance.

Offered as an Associate Degree in Nursing with a program of clinical components in which the student cares for patients in the acute-care, sub-acute, and home setting. The program prepares the students to take the national licensure exam and for an entry-level Registered Nurse (RN) position in the health care setting.

Degree Student Learning Outcome:
Students will be able to:
- Integrate the perspectives of the provider of care, manager of care, and member of the nursing profession into patient care situations.
- Function in the roles of provider of care, manager of care, and member of the nursing profession.

In order to receive an associate degree, RN students must complete all nursing program requirements with a grade of “C” or better. The physical education and diversity requirements have been waived for the RN students. Students must complete ALL requirements for the associate degree before the student will be allowed to apply for licensure. Consult with a counselor to determine the exact courses needed to complete the degree.

Associate in Science Degree: Nursing – Career Ladder LVN to RN
Nursing science is an art and science incorporating knowledge from the behavioral, biological, and physical sciences. It has a holistic concept of health in which the physical, emotional, psychological, intellectual, social, and spiritual aspects of human functioning are interrelated, interdependent, and of equal importance.

This program is for students already possessing a license as a Licensed Vocational Nurse (LVN) and experience as an LVN, which provides them advance standing due to credit for their experience. Offered as an Associate Degree in Nursing with a program of clinical components in which the student cares for patients in the acute-care, sub-acute, and home setting. The program prepares the students to take the national licensure exam and for an entry-level Registered Nurse (RN) position in the health care setting.

Degree Student Learning Outcome:
Students will be able to:
- Integrate the perspectives of the provider of care, manager of care, and member of the nursing profession into patient care situations.
- Function in the roles of provider of care, manager of care, and member of the nursing profession.
Program Requirements:
Units Required: 43

NURSNG-109 Transition Into Nursing ......... 4.0
NURSNG-126 Psychiatric Nursing ............ 3.75
NURSNG-234 Intermediate Medical-Surgical Nursing ......... 4.75
NURSNG-240 Advanced Medical-Surgical Nursing and Leadership .... 8.50

Plus eight units from the following options:

BIOSCI-201 Introduction to Human Anatomy .... 4.0

AND

BIOSCI-202 Introduction to Human Physiology .... 4.0

OR

BIOSCI-204 Human Anatomy and Physiology I .... 4.0

AND

BIOSCI-205 Human Anatomy and Physiology II .... 4.0

Plus eleven units from the following options:

BIOSCI-221 Introduction to Microbiology .... 5.0
ENGL-101 English Composition .... 3.0

OR

ENGL-101H Honors English Composition .... 3.0
PSYCH-101 Introduction to Psychology .... 3.0

OR

PSYCH-101H Introduction to Psychology - Honors .... 3.0

Plus three units from the following:

COMS-105 Fundamentals of Public Speaking .... 3.0
COMS-105H Fundamentals of Public Speaking – Honors .... 3.0
COMS-223 Small Group Communication .... 3.0

In order to receive an associate degree, LVN to RN students must complete all nursing program requirements with a grade of “C” or better. The physical education and diversity requirements have been waived for the RN students. Students must complete ALL requirements for the associate degree before the student will be allowed to apply for licensure. Consult with a counselor to determine the exact courses needed to complete the degree.

GENERAL INFORMATION
Accrediting and approval agencies for Registered Nursing and LVN-RN Career Ladder Programs:

ACCREDITATION COMMISSION FOR EDUCATION IN NURSING INC. (ACEN)
3343 Peachtree Road NE, Suite 500
Atlanta, Georgia 30326
P: (404) 975-5000
F: (404) 975-5020

BOARD OF REGISTERED NURSING (BRN)
P.O. Box 944210
Sacramento, CA 94244-2100
(916) 322-3350
Link to RN NCLEX pass rates is posted on nursing website.

CERTIFICATES
The Nursing Department offers certificates in health related fields. Students gain experience caring for patients in a variety of community settings. State and local requirements apply to all programs, and students must meet all mandated requirements.

Certificate of Specialization: CNA – Certified Nursing Assistant
Upon completion of this course and a state test for certification, the student will be able to function as a certified nurse assistant in a skilled nursing facility providing basic patient care for residents. The CNA works under the supervision of a licensed vocational nurse or registered nurse.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment as a certified nurse assistant.

Program Requirements:
Units Required for certificate: 6

NURSNG-050 Nurse Assistant Training .... 6.0

NURSNG 045 BASIC EKG INTERPRETATION
Units: 1.50

27.00 hours lecture maximum
Presents basic EKG interpretation including basic principles, normal sinus rhythm, dysrhythmias of focal origin and rhythm blocks. Designed for practicing nurses, student nurses, and those seeking to become a monitor technician.
**NURSNG 050 NURSE ASSISTANT TRAINING**
Units: 6.00
67.50 hours lecture maximum, 121.50 hours lab maximum
Prerequisite: TB test and physical exam within the last six months. Proof of vaccination for Hepatitis B (or signed waiver), rubeola, rubella, mumps, polio, diphtheria, and tetanus required. In order to register, a packet must be picked up in the Nursing Office. Forms must be completed and submitted to the instructor on the first day of class.

Presents the fundamental nursing skills needed to care for the hospitalized patient. Includes clinical practice in a skilled nursing facility with emphasis on the role and responsibilities of the nurse assistant, safety principles and infection control, basic patient care skills, and emotional, social, and spiritual needs of the patient. Upon completion, the student will be eligible to take the California test for certification. Field trip required.

**NURSNG 051 HOME HEALTH AIDE**
Units: 1.75
22.50 hours lecture maximum, 27.00 hours lab maximum
Recommended Preparation: ENGL-091
Prerequisite: CNA Certification, TB test, physical examination within the last six months. Proof of vaccination for hepatitis B (or signed waiver), rubeola, rubella, mumps, diphtheria, and tetanus. Criminal clearance and current CPR card (for health-care providers) required. In order to register, all students must pick up a pre-enrollment packet in the Nursing Office. These forms must be completed and submitted prior to the first class.

Provides theory and practical application of knowledge and skills needed to function as a home health aide. Emphasizes interpretation of client needs, personal care services, nutrition, and cleaning and care tasks in the home. Upon completion, the student will be eligible for California certification. Units do not apply to the associate degree. Field trip required.

**NURSNG 061 INTERPRETATION OF LABORATORY TESTS**
Units: 1.00
18.00 hours lecture maximum
Provides an in-depth review and analysis of laboratory values and their implication across the life span.

**NURSNG 089 SUCCESS IN FUNDAMENTAL NURSING**
Units: 1.00
18.00 hours lecture maximum
Co-Requisite: Nursing 112 and Nursing 114.
Expands on students' critical thinking skills focusing on content from NURSNG 112 & 114.

**NURSNG 092 SUCCESS IN BEGINNING MEDICAL/ SURGICAL NURSING**
Units: 0.50
9.00 hours lecture
Co-requisite: NURSNG-124
Expands on students' critical thinking skills focusing on content from NURSNG 124. Units do not apply to the associate degree. Offered pass/no-pass only.

**NURSNG 093 SUCCESS IN MATERNAL NEWBORN AND PEDIATRIC NURSING**
Units: 0.50
9.00 hours lecture
Co-requisite: NURSNG-236
Expands on students' critical thinking skills focusing on content from NURSNG-236. Units do not apply to the associate degree. Offered pass/no-pass only.

**NURSNG 094 SUCCESS IN PSYCHIATRIC NURSING**
Units: 0.50
9.00 hours lecture
Co-requisite: NURSNG-126
Expands on students' critical thinking skills focusing on content from NURSNG-126. Units do not apply to the associate degree. Offered pass/no-pass only.

**NURSNG 095 SUCCESS IN INTERMEDIATE MEDICAL/SURGICAL NURSING**
Units: 0.50
9.00 hours lecture
Co-requisite: NURSNG-234
Expands on students' critical thinking skills focusing on content from NURSNG-234. Units do not apply to the associate degree. Offered pass/no-pass only.

**NURSNG 096 SUCCESS IN ADVANCED MEDICAL/SURGICAL NURSING**
Units: 1.00
18.00 hours lecture maximum
Co-requisite: NURSNG-240
Expands on students' critical thinking skills focusing on content from NURSNG-240. Units do not apply to the associate degree. Offered pass/no-pass only.
NURSING 109 TRANSITION INTO NURSING
Units: 4.00
CSU 31.50 hours lecture, 121.50 hours lab
Prerequisite: Admission to the Nursing Program.
Designed to assist all transfer, returning, and LVN to RN students to successfully integrate into the Registered Nursing Program, including the knowledge, skills, and attitudes necessary to address health problems of adult and elderly patients as a provider of care, manager of care, and member of the nursing profession. Emphasizes a patient-centered approach by focusing on their multifaceted needs and the integrated concepts of person, health, nursing and environment. Field trip required. Formerly NURSNG-103.

NURSNG 112 FOUNDATIONS OF NURSING
Units: 4.25
CSU 36.00 hours lecture, 121.50 hours lab
Prerequisite: Admission to the Nursing Program.
Prepares the student for patient-centered nursing by focusing on the physiological, psychological, socio-cultural, developmental, and spiritual needs of patients across the lifespan and the integrated concepts of person, health, environment, and nursing. NURSNG-112 & 114 are equivalent to NURSNG-110 & 111.

NURSNG 114 FUNDAMENTALS OF NURSING
Units: 6.50
CSU 63.00 hours lecture, 162.00 hours lab
Prerequisite: NURSNG-112
Prepares the student for patient-centered nursing by focusing on the physiological, psychological, socio-cultural, developmental, and spiritual needs of patients across the lifespan and the integrated concepts of person, health, environment, and nursing. NURSNG-112 & 114 are equivalent to NURSNG-110 & 111. Field trip required.

NURSNG 124 BEGINNING MEDICAL SURGICAL NURSING
Units: 5.75
CSU 63.00 hours lecture, 121.50 hours lab
Prerequisite: NURSNG-114
Prepares the student for patient-centered nursing by focusing on the physiological, psychological, socio-cultural, developmental, and spiritual needs of patients across the lifespan and the integrated concepts of person, health, environment, and nursing. NURSNG-112 & 114 are equivalent to NURSNG-110 & 111. Field trip required.

NURSNG 126 PSYCHIATRIC NURSING
Units: 3.75
CSU 40.50 hours lecture, 81.00 hours lab
Prerequisite: NURSNG-114 and PSYCH-101/101H
Provides the knowledge, skills, and attitudes necessary to provide care for health problems of psychiatric patients across the life-span at a beginning level. Emphasizes a patient-centered approach by focusing on their multifaceted needs and integrated concepts related to wellness and psychological health alterations. Field trip required. Formerly NURSNG-220.

NURSNG 130 NURSING CLINICAL PRACTICE
Units: 2.00
CSU 108.00 hours lab maximum
Prerequisite: NURSNG-124, TB test and physical exam within the last six months. Proof of vaccination for Hepatitis B (or signed waiver), rubeola, rubella, mumps, polio, diphtheria, and tetanus required. In order to register, a packet must be picked up in the Allied Health office. Forms must be completed and submitted to the Allied Health Office by the deadline provided.
Provides additional clinical practice to students emphasizing beginning and intermediate medical/surgical skills. Not appropriate for students who have completed a nursing program. Offered pass/no-pass only. Field trip required.

NURSNG 206 OPERATING ROOM NURSING
Units: 4.75
CSU 81.00 hours lecture, 13.50 hours lab
Prerequisite: NURSNG-234
Prepares the student for operating room nursing, including the three areas of perioperative nursing care: preoperative assessment and planning, intraoperative implementation, and postoperative evaluation. Field trip required.

NURSNG 212 PHYSICAL ASSESSMENT
Units: 1.25
CSU 18.00 hours lecture, 13.50 hours lab
Designed to develop basic skills of physical assessment covering the life span including the health history, physical examination techniques, and the nursing process.

NURSNG 215 PHARMACOLOGICAL PRINCIPLES
Units: 3.00
CSU 54.00 hours lecture maximum
Prepares the student for operating room nursing, including the three areas of perioperative nursing care: preoperative assessment and planning, intraoperative implementation, and postoperative evaluation. Field trip required.

NURSNG 216 BEGINNING MEDICAL SURGICAL NURSING
Units: 6.00
CSU 63.00 hours lecture, 162.00 hours lab
Prerequisite: NURSNG-112
Prepares the student for patient-centered nursing by focusing on the physiological, psychological, socio-cultural, developmental, and spiritual needs of patients across the lifespan and the integrated concepts of person, health, environment, and nursing. NURSNG-112 & 114 are equivalent to NURSNG-110 & 111. Field trip required.

NURSNG 218 ADVANCED PHYSICAL ASSESSMENT
Units: 3.00
CSU 48.00 hours lecture maximum
Prepares the student for operating room nursing, including the three areas of perioperative nursing care: preoperative assessment and planning, intraoperative implementation, and postoperative evaluation. Field trip required.

NURSNG 220 PSYCHIATRIC NURSING
Units: 3.75
CSU 40.50 hours lecture, 81.00 hours lab
Prerequisite: NURSNG-114 and PSYCH-101/101H
Provides the knowledge, skills, and attitudes necessary to provide care for health problems of psychiatric patients across the life-span at an advanced level. Emphasizes a patient-centered approach by focusing on their multifaceted needs and integrated concepts related to wellness and psychological health alterations. Field trip required. Formerly NURSNG-220.

NURSNG 221 ADVANCED MEDICAL SURGICAL NURSING
Units: 4.75
CSU 81.00 hours lecture, 13.50 hours lab
Prerequisite: NURSNG-234
Prepares the student for operating room nursing, including the three areas of perioperative nursing care: preoperative assessment and planning, intraoperative implementation, and postoperative evaluation. Field trip required.
NURSNG 234 INTERMEDIATE MEDICAL-SURGICAL NURSING
Units: 4.75
CSU 45.00 hours lecture, 121.50 hours lab
Prerequisite: NURSNG-124 and NURSNG-126
Presents the knowledge, skills, and attitudes necessary to provide care for complex health problems of adult and elderly patients at an intermediate level. Emphasizes management of patient-centered care by focusing on the multifaceted needs of patients and integrated concepts related to wellness and alterations of oxygenation, tissue perfusion, elimination, mobility, sensation, cognition, and sexuality. Field trip required. Formerly NURSNG-222.

NURSNG 236 MATERNAL CHILD NURSING
Units: 5.50
CSU 58.50 hours lecture, 121.50 hours lab
Prerequisite: NURSNG-234
Presents the knowledge, skills, and attitudes necessary to provide care for health problems of the pediatric, newborn, maternal patient and their families at the intermediate level. Emphasizes management of patient and family-centered care by focusing on the multifaceted needs of the family and integrated concepts related to wellness and alterations health. Field trip required. Formerly NURSNG-122.

NURSNG 240 ADVANCED MEDICAL-SURGICAL NURSING AND LEADERSHIP
Units: 8.50
CSU 72.00 hours lecture, 243.00 hours lab
Prerequisite: NURSNG-234 and NURSNG-236
Presents the knowledge, skills, and attitudes necessary to provide care for complex and multi-system health problems of the adult and elderly patient at an advanced level. Manages groups of patients and provides leadership for patient-centered care by focusing on their multifaceted needs and integrated concepts related to wellness and alterations of oxygenation, tissue perfusion, elimination, mobility, sensation, and cognition. Prepares the student for transition into practice. Field trip required. Formerly NURSNG-232.

NURSNG 242 CRITICAL CARE NURSING II
Units: 3.00
CSU 54.00 hours lecture maximum
Recommended Preparation: For RN or LVN students.
A study of current concepts of critical care nursing of disease processes for each of the major body systems: pulmonary, cardiovascular, neurological, renal, endocrine, hematological, immunologic, gastrointestinal and multisystem. Critical care equipment and procedures related to the care of these clients will be discussed. Psychosocial and ethical and legal aspects of critical care nursing will be addressed.

NURSNG 244 EMERGENCY ROOM NURSING
Units: 3.00
54.00 hours lecture
Prerequisite: NURSNG-222 or RN, LVN license.
Presents current concepts of emergency room nursing practice related to trauma and major medical/surgical emergencies, including special populations and legal and regulatory issues.

NURSNG 250 TRANSITION TO PROFESSIONAL PRACTICE
Units: 3.00
CSU 162.00 hours lab
Prerequisite: TB test, physical examination within the last six months. Proof of vaccination for hepatitis B (or signed waiver), rubeola, rubella, mumps, diphtheria, and tetanus. Criminal clearance and current CPR card (for health-care providers) required. Malpractice insurance, LA City Fire Card and RN license obtained within the past 18 months.
Supports registered nurses licensed within the last 18 months in their progression from education to professional practice. While working with pre-arranged preceptors in acute care facilities, students will have the opportunity to expand upon the knowledge and skills learned in a pre-licensure nursing program. Offered pass/no-pass only. Field trip required.
PARALEGAL

Associate in Arts Degree: Paralegal Studies

The paralegal profession continues to be one of the fastest growing professions in the United States. COC’s Paralegal Studies curriculum prepares students for positions as paralegals in order to improve the accessibility, quality, and affordability of legal services. The Paralegal Studies program goals are to ensure that students who successfully complete the Paralegal Studies Program by obtaining an associate degree have a broad-based understanding of the American legal system and the role of the paralegal in that legal system; the legal theoretical background needed to perform paralegal tasks in substantive areas of law and legal specialties; the knowledge of procedural law emphasizing the paralegal’s role in litigation, mediation, and arbitration; the skills in areas including investigation, legal research, conducting an interview, and written and oral communications; ethically serve the public and the legal system; and the tools needed to become contributing members of the legal profession. Successful paralegals have excellent organizational skills and the ability to perform complex, detailed work quickly and accurately, as well as the ability to work well under pressure. Examples of tasks commonly delegated to paralegals include performing legal and public records research, obtaining and organizing evidence, interviewing clients and witnesses, conducting legal research, and drafting legal documents.

Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment as a paralegal.

PARLGL 101 INTRODUCTION TO LAW

Units: 3.00
CSU 54.00 hours lecture
Provides an overview of the legal system and practices of the legal profession, including paralegals, in the United States while introducing legal concepts, terms, and theories.

PARLGL 104 CONTRACT LAW

Units: 3.00
CSU 54.00 hours lecture
Recommended Preparation: PARLGL-101
Examines contract law, including formation of contracts, statute of frauds, third-party rights and remedies, liability for breach of contract, and the Uniform Commercial Code.

PARLGL 105 TORT LAW

Units: 3.00
CSU 54.00 hours lecture
Recommended Preparation: PARLGL-101
Introduces tort law including the study of negligence, strict liability and intentional torts.

PARLGL 106 LEGAL ANALYSIS AND WRITING

Units: 3.00
CSU 54.00 hours lecture
Recommended Preparation: ENGL-101 or ENGL-101H
Examines the processes of analysis and writing found within the legal profession, including preparation of legal memoranda.

PARLGL 107 LEGAL ETHICS

Units: 1.00
CSU 18.00 hours lecture
Recommended Preparation: PARLGL-101
Examines legal ethics and rules of professional responsibility, including unauthorized practices of law, confidentiality, conflicts of interest, and advice and solicitation, as they affect legal professionals.
General Education Requirements Unique to Paralegal Studies — Complete a minimum of 21 semester units of general education including at least one course in each of the following areas. A given course meets the requirements in only one area. However, courses with asterisks (*) may be used to meet a General Education requirement listed in A–E below as well as the COC Diversity Requirement.

PLEASE ALSO NOTE THAT STUDENTS MAY ELECT TO COMPLETE THE IGETC OR THE CSU GENERAL EDUCATION PATTERNS IN LIEU OF A–E BELOW.

In addition, students need to complete the COC Diversity, PE/Wellness, and Reading, Written Expression and Mathematics Competency requirements, earn 60 units, a C grade in each Paralegal major course requirements, an overall degree applicable GPA of 2.0 plus be in “good standing” at College of the Canyons in order to earn the associate degree.

A. Natural Sciences – minimum 3 semester units required
   Anthropology 101, 101H, 101L
   Astronomy 100, 101, 102
   Biological Science 100, 100H, 104, 106, 107, 107H, 130, 132, 140, 180, 201, 202, 204, 205, 215, 216, 219, 221, 230, 240
   Chemistry 110, 151, 151H, 201, 201H, 202, 255, 256
   Environment 103, 104

   Geography 101, 101H, 101L, 103
   Geology 100, 101, 102, 104, 105, 109, 218
   Physics 101, 110, 111, 220, 221, 222
   Psychology 102

B. Social and Behavioral Sciences - minimum 3 semester units required
   Anthropology 103*, 103H*, 105, 210, 220
   Business 103, 126*
   Communication Studies 223, 225, 246, 256*, 260*, 270
   Economics 170, 170H, 201, 201H, 202, 202H
   Environment 101
   Geography 102*, 104

   Media Entertainment Arts 100
   Political Science 150, 150H, 200, 210, 230, 250, 270, 290*
   Psychology 100, 101, 101H, 105, 109, 126, 172, 172H, 175, 180, 225, 230*, 235*, 240*, 272*
   SHARP 101

C. Humanities and Fine Arts - minimum 3 semester units required
   Anthropology 210*, 220
   Art 110, 111, 115
   Business 160
   Chinese 101, 102
   Cinema 120, 121, 122, 123*
   Communication Studies 105, 105H, 150, 225, 246, 250, 250H, 256*, 260*
   Dance 100
   French 101, 102, 150, 201, 202
   German 101, 102

   History 101, 101H, 102, 161*, 191*, 192*, 193*, 240, 243*
   Humanities 100, 101, 150
   Italian 101, 102, 150
   Music 100, 105, 106, 107, 108*, 112, 120A
   Photo 140
   Sign Language 101, 102, 103, 104, 110*
   Sociology 200*
   Spanish 101, 101H, 102, 150, 201, 202, 211, 212, 240
   Theatre 100, 110, 220, 221

D. Language and Rationality - 6 semester units - minimum grade of “C” required (completion of both 1 & 2 are required)

   1. English Composition:
      Select one course from the following:
      English 101, 101H, 102, 102H, 103, 103H

   2. Communication and Analytical Thinking:
      Select one course from the following:
      Communication Studies 105, 105H, 223, 225, 227
      Computer Science 256
      Philosophy 106, 230

       Psychology 103
       Math 070, 075, 083, 102, 103, 104, 111, 140, 140H, 211, 212, 213, 214, 215
       Sociology 102, 108

E. American Institutions - 6 semester units required
   United States History (History 111) – 3 units
   U.S. Constitution, State and Local Government – 3 units (complete one course from #1 and one course from #2)
   2. Political Science 150 or 150H; or complete both History 111 or 111H and 112 or 112H
PARLGL 108 LEGAL RESEARCH
Units: 3.00
CSU 54.00 hours lecture

Recommended Preparation: PARLGL-101
Covers legal research tools (hard copy and computer databases) and strategies, including primary authority (cases, statutes, regulations, and constitution) and secondary authority.

PARLGL 109 COMPUTER LITERACY FOR PARALEGALS
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab

Presents the specific software applications and document preparation processes used in the legal profession. Familiarity with computer keyboarding and the Windows operating system is assumed.

PARLGL 111 CIVIL LITIGATION I
Units: 3.00
CSU 54.00 hours lecture

Examines the basic functions and procedures found within a civil law office, including pre-suit considerations, jurisdiction, initial pleadings, challenges to and amending the pleadings, calendaring pleading and challenge to pleadings' deadlines, and review of legal ethics.

PARLGL 112 CIVIL LITIGATION II
Units: 3.00
CSU 54.00 hours lecture

Continues the examination of the basic functions and procedures found within a civil law office, including discovery tools, calendaring discovery and trial deadlines, preparation for motion for summary judgment, trial and appeal, and the review of legal ethics.

PARLGL 140 BANKRUPTCY
Units: 3.00
CSU 54.00 hours lecture

Overview of the basic functions, procedures and ethics involved when examining various forms of bankruptcy law. Introduces the techniques of intake, preparation, and filing of the necessary forms to resolve bankruptcy cases.

PARLGL 150 FAMILY LAW
Units: 3.00
CSU 54.00 hours lecture

Introduces students to the fundamentals of family law.

PARLGL 180 ESTATE PLANNING
Units: 3.00
CSU 54.00 hours lecture

Focuses on the preparation of wills, trusts, life insurance, annuities, tax issues and administration after death.

PARLGL 200 PARALEGAL SEMINAR
Units: 1.00
CSU 18.00 hours lecture

Prerequisite: PARLGL-101, 105, 106, 107, 108, 109, 111, 112, and 150

Provides the capstone course for the Paralegal Program. Students will review rules of ethics, write resumes, create portfolios, practice interviewing techniques, and develop skills necessary for employment as a paralegal, while participating in a seminar setting.

PARLGL 201 AGING AND THE LAW
Units: 3.00
CSU 54.00 hours lecture

Examines the expanding legal area of elder law, including ethical considerations, government benefits, health care decision making, Medicare and Medi-Cal benefits, home care versus residential care facilities, and protection from physical and/or fiduciary abuse.
PHILOSOPHY

Philosophy is the activity of trying to make sense of our world through sustained and rigorous thinking about the most difficult questions rooted in the minds of human beings. Thus, the study of philosophy invites reflection upon and analysis of the nature of reality, value, and the self. Courses in philosophy offer students the opportunity for self-development and the building of a coherent view of world and culture. Majoring in philosophy is an excellent way to develop skills in argument analysis as well as critical reasoning, and thus is relevant to understanding problems and evaluating solutions in any area of study or employment. The study of philosophy does not focus on what to think, but on how to think. The program in Philosophy is designed as preparation for transfer to a four-year university with a major in Philosophy, Humanities, or any liberal arts discipline.

Associate in Arts Degree: Philosophy for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Philosophy. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

Degree Student Learning Outcome:
Students will be able to critically engage with the world of ideas, both historical and contemporary, enabling them to interpret and understand their place in the world as citizens and active participants in the expression of human culture and values.

Program Requirements:
Units Required: 18

PHILOS-230 Symbolic Logic . . . . . . . . . . . . . . . . .3.0

Plus three units from the following:

PHILOS-101 Introduction to Philosophy . . . . . . . . . . .3.0

</table>

Explores the central ideas pursued by ancient philosophers, with special emphasis on the Greek philosophers from the Pre-Socratics through Aristotle and may also include the ideas of Hellenistic, Roman, medieval, or non-western thinkers.
PHILOS 111 HISTORY OF MODERN PHILOSOPHY
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID PHIL 140
Explores developing Western philosophical thought from the 16th through the 18th centuries with special emphasis on the implications of empiricism and rationalism in epistemology and metaphysics from Descartes through Kant; may include approximate precursors and successors.

PHILOS 112 HISTORY OF PHILOSOPHY - 20TH CENTURY PHILOSOPHY
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys 20th and 21st century investigations into notions of human nature, the place of individuals in history, and the determination of value and choice. Topics include European existentialism (Nietzsche, Sartre, Camus, etc.), analytical philosophy, and contemporary thinkers and movements.

PHILOS 120 INTRODUCTION TO ETHICS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID PHIL 120
Surveys the major classical and contemporary ethical theories with emphasis on their application to typical life situations in a modern society.

PHILOS 130 INTRODUCTION TO SOCIAL AND POLITICAL PHILOSOPHY
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces major philosophical issues surrounding the nature of society and justifications for the authority of the state, focusing on how the concepts of the common good, individual rights, liberty, equality, and democracy relate to notions of justice, private property and the legitimate use of state power.

PHILOS 220 INTRODUCTION TO COMPARATIVE RELIGION
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys major world religions, Eastern and Western, including historical roots, major doctrines and figures, and central philosophical concerns.

PHILOS 225 INTRODUCTION TO PHILOSOPHY OF RELIGION
Units: 3.00
UC:CSU 54.00 hours lecture
Recommended Preparation: PHILOS-101 or PHILOS-220
Surveys philosophical problems relating to religious belief. Topics include the existence of God, religious experience, the relationship between faith and reason, concepts of God, religion and ethics, miracles, religious language, the problem of evil, personal destiny and religious diversity.

PHILOS 230 SYMBOLIC LOGIC
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID PHIL 210
Recommended Preparation: PHILOS-101
Introduces symbolism and methods of modern logic, including translation of arguments in English into formal logic, development of the idea of logical validity, evaluation of arguments by using truth tables and methods of natural deduction.

PHILOS 240 CONTEMPORARY MORAL PROBLEMS
Units: 3.00
UC:CSU 54.00 hours lecture
Introduces ethical theory and applied contemporary moral issues in areas such as medicine, business, health care, technology and the environment.

PHILOS 250 ENVIRONMENTAL ETHICS
Units: 3.00
UC:CSU 54.00 hours lecture
Recommended Preparation: PHILOS-101
Examines complex moral issues raised by human interactions with non-human animals and the natural world, including pollution, global warming, sustainability, ecofeminism, animal rights, Third World development, property rights, fossil fuel dependency, deep ecology, “Green” politics, species preservation, rights and duties to nature, and the need for developing new, “clean” technologies.
PHOTOGRAPHY

Associate in Arts Degree: Fine Art Photography
This program offers an associate degree in photography. The primary goal of this degree is to provide the student a foundation of knowledge and technical abilities for art photography. Elective courses allow for preparedness specific to industry. All lower division courses are sequenced to optimize transferability to an art or photography program at a four-year university. Along with the transferability aspect of this program, the associate degree in photography will also provide students with basic photographic competencies.

Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in the core academic skills and knowledge required for transfer into a photography program at a four-year college or university.

Program Requirements:
Units Required: 30

Certificate of Achievement: Commercial Photography
This program is designed to prepare a student for an entry-level position in a career related to commercial photography such as commercial photographer, digital imaging technician, event photographer, commercial
assistant photographer, photography laboratory technician, photography restoration specialist, wedding photographer, portrait photographer, or advertising photographer.

**Certificate Student Learning Outcome:**
Students will be able to demonstrate and apply the technical skills and principles of commercial photography.

**PHOTO 092L BLACK AND WHITE LAB PRACTICES**
Units: 1.00
54.00 hours lab

Explores lab practices for students currently enrolled in black and white photography who wish to increase basic skills through the use of the photography lab. Note: Students must attend faculty supervised weekly scheduled class time posted in printed schedule. Hours must be accrued at a time separate from any other class in which the student is also registered. This course is not a required course for any certificate or degree in the photography program. Units do not apply to the associates degree and offered pass/no pass only.

**PHOTO 093L DIGITAL LAB PRACTICES**
Units: 1.00
54.00 hours lab

Explores lab practices for students currently enrolled in digital photography who wish to increase basic skills through the use of the photography lab. Note: Students must attend faculty supervised weekly scheduled class time posted in printed schedule. Hours must be accrued at a time separate from any other class in which the student is also registered. This course is not a required course for any certificate or degree in the photography program. Units do not apply to the associates degree and offered pass/no pass only.

**PHOTO 094L STUDIO LAB PRACTICES**
Units: 1.00
54.00 hours lab

Explores lab practices for students currently enrolled in studio photography who wish to increase basic skills through the use of the photography lab. Note: Students must attend faculty supervised weekly scheduled class time posted in printed schedule. Hours must be accrued at a time separate from any other class in which the student is also registered. This course is not a required course for any certificate or degree in the photography program. Units do not apply to the associates degree and offered pass/no pass only.

**PHOTO 095L CHROMOGENIC COLOR LAB PRACTICES**
Units: 1.00
54.00 hours lab

Explores lab practices for students currently enrolled in color photography who wish to increase basic skills through the use of the photography lab. Note: Students must attend faculty supervised weekly scheduled class time posted in printed schedule. Hours must be accrued at a time separate from any other class in which the student is also registered. This course is not a required course for any certificate or degree in the photography program. Units do not apply to the associates degree and offered pass/no pass only.

**PHOTO 115 PHOTOGRAPHY ON LOCATION**
Units: 1.50
CSU 18.00 hours lecture, 27.00 hours lab

Introduces composition and special techniques for photographing urban and natural landscapes on location. Explore various historic and modern locations. It is recommended students provide a digital SLR camera capable of full manual adjustment. Field trips required.
PHOTO 140 HISTORY OF PHOTOGRAPHY  
Units: 3.00  
UC:CSU 54.00 hours lecture  
Explores the history and appreciation of photography from the nineteenth century to present. Assesses the relationship between photography and history, culture, technology, art, social values, and other concerns.

PHOTO 150 INTRODUCTION TO CAMERAS AND COMPOSITION  
Units: 3.00  
UC:CSU 54.00 hours lecture  
Introduces the fundamental historical development, theory, technology, and basic applications of photography. Examines principles and analysis of artistic and aesthetic qualities of photographic images through group interaction and discussion. Provides demonstration, analysis of function, and technical experience with digital and film single lens reflex cameras. It is recommended students provide a digital or 35mm film SLR camera capable of manual exposure and adjustment. UC credit limitation: PHOTO-150 and PHOTO-160, credit for one course only.

PHOTO 155 PHOTOGRAPHY  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Introduces the fundamental concepts, terminology, and techniques of photography and camera RAW, including the theory and basic principles of image correction and print technologies. It is recommended that students provide a digital SLR camera capable of manual exposure and adjustment.

PHOTO 157 DIGITAL IMAGING  
Units: 3.00  
UC:CSU 36.00 hours lecture, 54.00 hours lab  
Introduces the fundamental concepts, terminology, techniques and applications of digital imaging using industry standard software such as Adobe Photoshop. Through application of theory, students will explore both the technical aspects of image manipulation, as well as the artistic aspects of creating images.

PHOTO 160 BLACK AND WHITE PHOTOGRAPHY  
Units: 3.00  
UC:CSU 36.00 hours lecture, 54.00 hours lab  
Introduces mechanical and artistic principles in recording photographic images using a 35mm SLR camera and printing black and white images including basic history and fundamental mechanics, optics, chemistry, and lighting principles of black and white photography. UC credit limitation: PHOTO-150 and PHOTO-160, credit for one course only.

PHOTO 177 VIDEO CAPTURE FOR STILL PHOTOGRAPHERS  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: PHOTO-150 or PHOTO-155  
Explores video as a tool in preparing still photographic projects and provides the basic technical skills to capture video content, utilizing a DSLR camera. Develops the skill set to record video in tandem with still photography including photographic and video narrative, still and basic HD video camera techniques, lighting, and basic sound recording.

PHOTO 185 EXPERIMENTAL PHOTOGRAPHY  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: PHOTO-155 or PHOTO-160  
Designed for the intermediate level student, this course explores experimental and technical process and creative camera operations, providing students the opportunity to fully develop an understanding of alternative methods of photographic printmaking.

PHOTO 190 STUDIO PHOTOGRAPHY  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: PHOTO-155 or PHOTO-160  
Explores the photographic studio through lectures and demonstrations, including studio lighting equipment and the impact of lighting arrangements on the photographic image, medium format cameras, and examination of the history of studio photography.

PHOTO 195 COLOR PHOTOGRAPHY  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: PHOTO-155 or PHOTO-160  
Presents the principles of light and color in digital or film photography and the practice of exposure and color printing. Students are recommended to furnish a fully manual/adjustable 35mm film or digital SLR camera.

PHOTO 200 PORTRAITURE  
Units: 3.00  
CSU 36.00 hours lecture, 54.00 hours lab  
Prerequisite: PHOTO-155 or PHOTO-160  
Explores basic portraiture techniques for commercial photographic and artistic use, utilizing medium format cameras.
PHOTO 201 INDEPENDENT PROJECTS IN PHOTOGRAPHY
Units: 2.00-3.00
CSU 18.00 hours lecture, 54.00-108.00 hours lab
Prerequisite: PHOTO-150 or PHOTO-155 or PHOTO-160
A course for intermediate and advanced students to research, propose, revise and complete individual photographic projects and techniques. Offered pass/no-pass only.

PHOTO 210 WEDDING PHOTOGRAPHY
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: PHOTO-155 or PHOTO-160
Introduces the essential skills needed for a career in wedding photography, including individual and group portraits, studio lighting, electronic flash, marketing, pricing, and album production.

PHOTO 215 PHOTOJOURNALISM AND NEWS PHOTOGRAPHY
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: PHOTO-150
Introduces contemporary photojournalism and news photography through applications of theory and concepts of visual communication to digital photographic processes to produce news stories, photographic series, and photo-essays. Note: It is recommended that students have access to a Digital SLR camera with manual exposure and interchangeable lenses. (Same as MEA-215).

PHOTO 220 THE BUSINESS OF PHOTOGRAPHY
Units: 3.00
CSU 54.00 hours lecture
Introduces the business of photography, including training and strategies in creating studio space, marketing plans, building clientele, contracts and forms, creating portfolios and pricing.

PHOTO 280 LARGE FORMAT PHOTOGRAPHY AND THE ZONE SYSTEM
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: PHOTO-160
Expands black and white film based photography utilizing large format cameras, including perspective controls, chemicals and materials, and the zone system and its variations.

PHOTO 285 CONCEPT DEVELOPMENT
Units: 3.00
UC:CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: PHOTO-155 or PHOTO-160
Presents advanced theory, concept development and execution of the creative process in Photography 155 or 160. UC credit limitation: PHOTO 160,285 and ART 250 combined: maximum credit, two courses.

PHOTO 295 PROFESSIONAL PRACTICES AND PORTFOLIO
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: PHOTO-155 or PHOTO-160
Provides essential career skills for the field of photography, including preparation and presentation of a photographic portfolio, entrepreneurial and communication skills, and project planning and team work.
PHYSICAL SCIENCE

Physical Science classes prepare students to understand and appreciate nature and become knowledgeable about fundamental forces in nature, the basic principles behind modern technology and energy sources, and the role of science in everyday life. Physical Science may be utilized in such professions as teaching, serving as a technical administrator in government and industry, or completing legal work with patents, scientific librarianship, and scientific journalism.

PHYSCI 101 PHYSICAL SCIENCE
Units: 4.00
UC:CSU 54.00 hours lecture, 54.00 hours lab
Recommended Preparation: MATH-070
Introduces the non-science major to a survey of chemistry, and physics. Includes mechanics, heat, light, sound, motion, magnetism, electricity, light, atomic structure, chemical bonding, chemical reaction rates and their practical applications. Topics are developed with a minimum of mathematical presentation. UC credit limitation: No credit if taken after a college level course in Physics or Chemistry.

PHYSICS

The Physics program provides curriculum concerned with the properties of matter and energy, and their interactions and transformations. The Physics program includes both major and non-major courses. The following is a sample of career options available for physics. Most require a baccalaureate degree, and some require a graduate degree: air pollution operations, consumer safety officer, engineer, teacher, astrophysicist and physicist.

Associate in Science Degree: Physics for Transfer
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AS-T in
Physics. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

**Degree Student Learning Outcome:**
Students will be able to:
- Reason conceptually and logically about physical phenomena using scientific models involving the fundamental physics principles of kinematics, kinetics, energy conservation, electromagnetism, thermodynamics, optics, and modern physics.
- Utilize appropriate instruments to measure and examine examples of physics phenomena and relate the results of experimental data to the concepts discussed in the lecture portion of the class.

**Program Requirements:**

**Units Required: 27**

**PHYSIC 101 INTRODUCTION TO PHYSICS**

Units: 4.00

UC:CSU 72.00 hours lecture

*Recommended Preparation: MATH-070*

Introduces classical and modern physics, including physical principles concerning motion, gravity, heat, light, sound, electricity, magnetism, the atom, the nucleus, relativity, and quantum mechanics.

**PHYSIC 110 GENERAL PHYSICS I**

Units: 4.00

UC:CSU 54.00 hours lecture, 54.00 hours lab

*C-ID PHYS 105*

*Prerequisite: MATH-102*

Presents a non-calculus-based introductory study of Newtonian mechanics, the conservation of energy, momentum, and angular momentum, including topics in vibrational motion, waves, and fluid mechanics. Designed for students majoring in the life sciences or any other major requiring a non-calculus based physics course. UC credit limitation: PHYSICS 110-111, and 220-221-222 combined, maximum credit one series.

**PHYSIC 111 GENERAL PHYSICS II**

Units: 4.00

UC:CSU 54.00 hours lecture, 54.00 hours lab

*Prerequisite: PHYSIC-110*

Presents a non-calculus-based introductory study of electricity and magnetism, optics, and modern physics. Designed for students majoring in the life sciences or any other major requiring a non-calculus-based physics course. UC credit limitation: PHYSICS 110-111 and 220-221-222 combined, maximum credit one series.

**PHYSIC 220 PHYSICS FOR SCIENTISTS AND ENGINEERS: MECHANICS OF SOLIDS AND FLUIDS**

Units: 4.00

UC:CSU 54.00 hours lecture, 54.00 hours lab

*C-ID PHYS 205*

*Prerequisite: MATH-211*

Presents a calculus-based introductory study of particle and rigid body statics and dynamics, vibrational motion, and fluid mechanics.

**PHYSIC 221 PHYSICS FOR SCIENTISTS AND ENGINEERS: ELECTRICITY AND MAGNETISM**

Units: 4.00

UC:CSU 54.00 hours lecture, 54.00 hours lab

*C-ID PHYS 210*

*Prerequisite: PHYSIC-220 and credit for or concurrent enrollment in MATH-212.*

Introduces electric and magnetic fields, circuit theory and electromagnetic induction.

**PHYSIC 222 PHYSICS FOR SCIENTISTS AND ENGINEERS: WAVE MOTION, HEAT, OPTICS, AND MODERN PHYSICS**

Units: 4.00

C-ID PHYS 215, C-ID PHYS 200S - with completion of PHYSIC-220 and 221

*Prerequisite: PHYSIC-220 and credit for or concurrent enrollment in MATH-212.*

Introduces modern physics, including heat, thermodynamics and kinetic theory, wave motion and sound, geometric and physical optics. UC credit limitation: PHYSICS 110-111 and 220-221-222 combined, maximum credit one series.
**PLUMBING TECHNOLOGY**

The Plumbing Technician courses are designed to provide entry level knowledge and skills to students seeking employment as a plumber performing new installation and repair of plumbing systems. Students will gain a broad knowledge of different types of plumbing systems; and their design installation and maintenance.

**PLMB 030 PLUMBING FUNDAMENTALS**
Units: 3.00
54.00 hours lecture
Presents fundamental methods, materials and uses of tools in the plumbing industry, including occupational safety and technical drawings.

**PLMB 050 PRINCIPLES AND PRACTICES**
Units: 3.00
36.00 hours lecture, 54.00 hours lab
Prerequisite: PLMB-030
Presents the skills used in the plumbing industry, including creating plumbing systems and installing fixtures.

**PLMB 060 CONSTRUCTION PRACTICES AND INSTALLATION**
Units: 4.00
36.00 hours lecture, 108.00 hours lab
Prerequisite: PLMB-030
Recommended Preparation: PLMB-050
Presents plumbing systems in new residential and light commercial settings, including blueprints, specifications, calculations, fabrication and installation of piping systems, fixtures and appliances.

**PLMB 065 PLUMBING SERVICE AND REPAIR**
Units: 4.00
36.00 hours lecture, 108.00 hours lab
Prerequisite: PLMB-030
Recommended Preparation: PLMB-050
Presents troubleshooting and plumbing repair in existing residential and light commercial buildings.

**POLITICAL SCIENCE**

Public authority, responsibility, and acquisition of power are studied in the discipline of political science. Introductory courses are for students interested in learning about American government, politics in general and relationships with other political systems in the world. Students majoring in political science who are pre-law will particularly profit from the more advanced courses in the department. Students interested in foreign service, international relations and/or communications will enjoy participating in the Model United Nations program offered by the department. A major in political science is of benefit to students seeking careers in law, the military, economics, law enforcement, business, and public administration

**Associate in Arts Degree: Political Science for Transfer**
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on universi-
ty admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Political Science. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

Degree Student Learning Outcome:
Students will be able to evaluate and analyze the basic institutional structures of competing governments, various theories of political science and thought, the framework of international relations, and public policy as well as social factors influencing government.

**POLISC 150 INTRODUCTION TO AMERICAN GOVERNMENT AND POLITICS**

Units: 3.00

UC:CSU 54.00 hours lecture

C-ID POLS 110

Examines the institutions, activities, and issues of American and California governments while presenting an overview of the major ideas and forces that shape the use of public power in American society. The Constitution, the three branches of government, political parties, interest groups, and the media are among the major topics covered. Satisfies the Title V U.S. Constitution requirement and the California State and local government requirement.

**POLISC 150H INTRODUCTION TO AMERICAN GOVERNMENT AND POLITICS - HONORS**

Units: 3.00

UC:CSU 54.00 hours lecture

C-ID POLS 110

Recommended Preparation: ENGL-101 or ENGL-101H

Examines the institutions, activities, and issues of American and California governments, including an overview of the major ideas and forces that shape the use of public power in American society, the Constitution, the three branches of government, political parties, interest groups, and the media. Additional reading, writing, and research techniques are required in honors section.

**POLISC 200 INTRODUCTION TO POLITICAL SCIENCE**

Units: 3.00

UC:CSU 54.00 hours lecture

C-ID POLS 150

Introduces the nature, scope and methodology of political science, including basic concepts, terms, contending theories, institutions and sub-fields in the discipline. This course does not meet the Title V American Institutions requirement in U.S. Constitution, California State and local government.

**POLISC 210 MODEL UNITED NATIONS**

Units: 3.00

CSU 54.00 hours lecture

May be taken four times for credit

Examines the norms, rules, and procedures of the United Nations leading to participation in a United Nations simulation. Emphasizes parliamentary procedure, international advocacy, the role of the United Nations, and extemporaneous speaking. Field trip required.

**POLISC 230 POLITICAL THEORY**

Units: 3.00

UC:CSU 54.00 hours lecture

C-ID POLS 120

Explores the major political concepts and theories from the early Greeks to modern day political philosophers, including the origins of government, state power, justice, and the distribution of political and economic resources.
POLISC 250 COMPARATIVE GOVERNMENT AND POLITICS
Units: 3.00
UC:CSU 54.00 hours lecture
Provides a comparative, analytical, and theoretical study of political cultures, government institutions, and political processes from selected regions and countries of the world with a strong emphasis on the understanding of comparative elements and variables.

POLISC 270 INTERNATIONAL RELATIONS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID POLS 140
Introduces International Relations theory and analysis examining national, international, transnational and subnational actors and their institutions, interactions and processes as they relate to global issues with specific focus on the basic historical, geographical, economic, ideological, and strategic factors which underlie conflict and cooperation among nations.

POLISC 290 ETHNIC AND GENDER POLITICS
Units: 3.00
UC:CSU 54.00 hours lecture
Examines the history, issues, and political processes that affect the status and power of ethnic and gender groups which have traditionally been politically and economically disadvantaged in the United States, including issues of inclusion and exclusion; otherness and scapegoating; and, barriers of inequality among politically marginalized groups.

PSYCHOLOGY

The Associate in Arts degree in Psychology will provide students with an introduction to the field of behavior including the major perspectives, scientific foundations, and applied areas. The intent is to prepare students for future academic study in the field. The degree includes curriculum that can lead to a baccalaureate degree in psychology at a four-year college or university. The degree can also be a terminal, two year option of study for students interested in psychology who do not wish to pursue a baccalaureate degree in the field.

Associate in Arts Degree: Psychology for Transfer
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Psychology. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.
Degree Student Learning Outcome:
Students will be able to assess the influence of a variety of factors that contribute to behavior and mental processes, evaluate psychological concepts, and compare and contrast theoretical perspectives, empirical findings, and historical trends in the field of Psychology.

PSYCH 100 PSYCHOLOGY AS A MAJOR AND PROFESSION

Units: 3.00
CSU 54.00 hours lecture

Introduces the profession of psychology, including careers in the field and skills important in the psychology major at various educational levels.
**PSYCH 101 INTRODUCTION TO PSYCHOLOGY**  
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID PSY 110  
Introduces the scientific study of behavior through an exploration of major concepts, methods, and research findings. Topics include biological, physiological, and cognitive processes; learning and motivation; life span development; individual differences; behavioral disorders and therapies; social behavior; and applied psychology.

**PSYCH 101H INTRODUCTION TO PSYCHOLOGY - HONORS**  
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID PSY 110  
*Recommended Preparation: ENGL-101 or ENGL-101H*  
Introduces the scientific study of behavior through an exploration of major concepts, methods, and research findings. Topics include biological, physiological, and cognitive processes; learning and motivation; life span development; individual differences; behavioral disorders and therapies; social behavior; and applied psychology. Additional reading, writing, critical thinking, and research techniques are required.

**PSYCH 102 PHYSIOLOGICAL PSYCHOLOGY**  
Units: 3.00  
UC:CSU 54.00 hours lecture  
Prerequisite: PSYCH-101 or PSYCH-101H  
Examines the functional and anatomical aspects of the nervous system in order to interpret behavior in terms of physiological processes, including cellular and organizational structure of the nervous system, the effects of psychoactive substances on the nervous system, the means by which sensory systems detect and process environmental events, and the biological basis of a variety of complex behaviors and mental processes.

**PSYCH 103 INTRODUCTION TO BEHAVIORAL RESEARCH**  
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID PSY 200  
Prerequisite: PSYCH-101 or PSYCH-101H and PSYCH-104 or MATH-140 or MATH-140H or SOCI-137  
Examines the basic principles and concepts of research methodology used in psychology including, naturalistic observation, case study, questionnaire, co-relational research, and laboratory experiments. Research design and the process of data analysis are also reviewed using classic studies, while providing added insight into the scientific method.

**PSYCH 104 STATISTICS FOR THE BEHAVIORAL SCIENCES**  
Units: 3.00  
UC:CSU 54.00 hours lecture  
Prerequisite: MATH-070 or MATH-075  
Examines the methods used in social and behavioral science to analyze and interpret data generated by social and behavioral science research. Emphasis is placed on the gathering of data and the computation, interpretation, application, and presentation of statistics. UC credit limitation: ECON-291, MATH-140, MATH-140H, PSYCH-104 and SOCI-137 combined, maximum credit one course.

**PSYCH 105 PERSONAL GROWTH AND ADJUSTMENT**  
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID PSY 115  
Introduces personal growth while emphasizing the application of theoretical psychology to the issues of adjustment and including an examination of the diverse variety of concepts of the psyche and cross-cultural perspectives on human nature.

**PSYCH 109 SOCIAL PSYCHOLOGY**  
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID PSY 170  
Examines the psychological theories, psychological research and applications in major areas of social psychology, including communication and social interaction, group dynamics, attitudes, stereotyping and prejudice, altruism and aggression, person perception and social cognition, roles, and cultural differences.

**PSYCH 126 COGNITIVE PSYCHOLOGY**  
Units: 3.00  
UC:CSU 54.00 hours lecture  
Examines the theory and research related to information-processing, focusing on attention, perception, memory storage and information retrieval. Also highlights work in artificial intelligence and cognitive neuroscience which serves to describe and explain cognitive processes.

**PSYCH 172 DEVELOPMENTAL PSYCHOLOGY**  
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID PSY 180  
Surveys human development while emphasizing the changes occurring throughout the lifespan as well as examining the physical, emotional, cognitive, and social growth of infants, toddlers, preschoolers, schoolchildren, adolescents, and adults.
PSYCH 172H DEVELOPMENTAL PSYCHOLOGY - HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID PSY 180
Prerequisite: ENGL-101 or ENGL-101H
Surveys human development throughout the lifespan, emphasizing physical, emotional, cognitive, and social changes occurring from the prenatal period through late adulthood. Additional reading, writing, critical thinking, and research techniques are required.

PSYCH 175 HEALTH PSYCHOLOGY
Units: 3.00
CSU 54.00 hours lecture
Introduces the research, theoretical, and methodological approaches utilized in health psychology, including health behavior, primary prevention techniques, stress & coping strategies, treatment settings, and management of chronic and terminal illnesses. Relationships between psychological, biological, and social factors are also examined.

PSYCH 180 POSITIVE PSYCHOLOGY
Units: 3.00
CSU 54.00 hours lecture
Explores the theory and research on the sources and effects of positive cognitive states, positive emotional states, and prosocial behavioral processes. Also examines Western and Eastern cultural approaches to the understanding of human strengths, developmental influences on positive functioning, methods for measuring and enhancing human strengths, and the benefits of human strengths, positive experiences and positive environments.

PSYCH 225 PSYCHOLOGY OF LEARNING AND BEHAVIOR
Units: 3.00
UC:CSU 54.00 hours lecture
Recommended Preparation: PSYCH-101 or PSYCH-101H
Introduces behavioral psychology, covering such topics as classical conditioning, operant conditioning, observational learning, and behavior modification.

PSYCH 230 HUMAN SEXUALITY
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID PSY 130
Prerequisite: PSYCH-101 or PSYCH-101H
Explores the psychological and physiological aspects of human sexuality, including social and biological foundations of sexuality, human anatomy, reproduction, birth process, sexual behavior and attitudes in contemporary society, historical views of sexuality, cross cultural views of sexuality, sexual dysfunction, sexually transmitted diseases, and sexual problems and issues in our society.

PSYCH 235 PSYCHOLOGY OF GENDER ROLES
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys gender issues which affect the psychological development of women and men, including the development of sex roles and the extent to which these roles influence, or are influenced by physiology, the family, education, work, and interpersonal relationships.

PSYCH 240 ABNORMAL PSYCHOLOGY
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID PSY 120
Recommended preparation: PSYCH-101 or PSYCH-101H
Examines the history, patterns, and causes of maladaptive behavior as reviewed in the field of abnormal psychology, including clinical assessments using the current Diagnostic and Statistical Manual, therapies, and prevention strategies.

PSYCH 272 ADULT DEVELOPMENT AND AGING
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys adult human development and aging, emphasizing changes occurring throughout the adult years. Examines the physical, emotional, cognitive, and social growth and aging of adults. Cross cultural studies of development and aging will also be discussed throughout the course.
PUBLIC SAFETY – AGENCY TRAINING

The College, in conjunction with various community partner agencies, provides additional advanced training courses that are approved by the State Fire Marshal, the California Department of Forestry and Fire Protection, and the Commission on Peace Officer Standards Training (P.O.S.T.). These advanced training courses are part of the Los Angeles County Fire Department (FIRET), Los Angeles County Lifeguard (FIRETL), Los Angeles Sheriff Department (LESD), and Los Angeles Police Department (LEPD) series.

Registration for the following courses is limited to students who have successfully completed program prerequisites in all courses listed below. The courses listed below may be repeated if used for legally mandated training and are offered pass/no-pass only unless otherwise noted.

FIRE TECHNOLOGY ADVANCED TRAINING (FIRET)

FIRET 001 FALL FIRE FIGHTER IN-SERVICE TRAINING
Units: 0.25 - 4.00
44.00 hours lecture, 36.00 hours lab
Provides updated information and skills in the areas of fire apparatus, specialized emergency operations, current department policy and procedures, and fire suppression and investigation.

FIRET 002 WINTER FIRE FIGHTER IN-SERVICE TRAINING
Units: 0.25 - 4.00
44.00 hours lecture, 36.00 hours lab
Provides updated information and skills in the areas of fire apparatus, specialized emergency operations, current department policy and procedures, and fire suppression and investigation.

FIRET 003 SPRING FIRE FIGHTER IN-SERVICE TRAINING
Units: 0.25 - 4.00
44.00 hours lecture, 36.00 hours lab
Provides updated information and skills in the areas of fire apparatus, specialized emergency operations, current department policy and procedures, and fire suppression and investigation.

FIRET 004 SUMMER FIRE FIGHTER IN-SERVICE TRAINING
Units: 0.25 - 4.00
44.00 hours lecture, 36.00 hours lab
Provides updated information and skills in the areas of fire apparatus, specialized emergency operations, current department policy and procedures, and fire suppression and investigation.

FIRET 010 FIRE APPARATUS DRIVER/OPERATOR 1A
Units: 2.00
32.00 hours lecture, 8.00 hours lab
Presents techniques and practice in driving emergency vehicles, basic maintenance and pre-trip inspections. This course applies to the requirements for Driver/Operator as established by the California State Board of Fire Services.

FIRET 011 FIRE APPARATUS DRIVER/OPERATOR 1B
Units: 2.00
24.00 hours lecture, 16.00 hours lab
Prerequisite: FIRET-010
Presents updated content reflecting the 2009 NFPA 1002 Standard for Fire Apparatus Driver/Operator Professional Qualifications. Focusing on methods for performing basic hydraulics and techniques on basic inspections, documentation, maintenance, and troubleshooting fire pumps.

FIRET 012 FIRE APPARATUS DRIVER/OPERATOR TILLER TRUCK
Units: 2.00
20.00 hours lecture, 20.00 hours lab
Prerequisite: FIRET-011
Covers truck operations and driver responsibilities, recognized standards, and related laws for fire apparatus.

FIRET 013 FIRE COMMAND 1A
Units: 2.00
40.00 hours lecture
Introduces the principles of command, an overview of the concepts of command safety and the risk management process, pre-incident planning considerations, and command considerations at the fire incident. Addresses Company Officer initial actions at an incident including the development of incident priorities, strategy, and tactics, information on the roles and responsibilities of a Company Officer for post-incident actions.
FIRET 014 FIRE COMMAND 1B
Units: 2.00
40.00 hours lecture
Prerequisite: FIRET-013
Introduces tactics, strategies, and scene management for multi-casualty incidents, hazardous materials incidents, and wildland fires.

FIRET 015 FIRE COMMAND 1C
Units: 2.00
40.00 hours lecture
Prerequisite: FIRET-013
Prepares structural Company Officers for wildland urban interface command operations.

FIRET 016 TRAINING INSTRUCTOR 1A
Units: 2.00
40.00 hours lecture
This is the first of a three-course series. Topics include methods and techniques for training, selecting, adapting, organizing, and using instructional materials appropriate for teaching cognitive lessons; criteria and methods to evaluate teaching and learning efficiency.

FIRET 017 TRAINING INSTRUCTOR 1B
Units: 2.00
40.00 hours lecture
Prerequisite: FIRET-016
This is the second of a three-course series. Topics include methods and techniques for training in accordance with the latest concepts in career education; selecting, adapting, organizing and using instructional materials appropriate for teaching psychomotor lessons; criteria and methods to evaluate teaching and learning efficiency.

FIRET 018 TRAINING INSTRUCTOR 1C
Units: 2.00
40.00 hours lecture
Prerequisite: FIRET-017
This is the third of a three-course series. Topics include a variety of methods and techniques for developing lesson plans and tests in accordance with the latest concepts in career education.

FIRET 020 I-200 INCIDENT COMMAND SYSTEM
Units: 0.15-0.50
8.00-24.00 hours lecture
Intended for fire personnel who understand the Incident Command System. Develops the necessary foundation for the student to participate as a member of a wildland fire incident. Topics include the principles and features of ICS, an organizational overview, incident facilities, incident resources, and common responsibilities.

FIRET 021 I-300 INTERMEDIATE ICS
Units: 0.50
24.00 hours lecture
Expands knowledge of ICS organization and operation with regard to supervisory roles on expanding or type 3 incidents. Includes ICS fundamentals review, incident/event assessment and agency guidance in establishing incident objectives, incident resource management, planning process, demobilization, transfer of command, and close out.

FIRET 022 I-400 ADVANCED ICS
Units: 0.25
16.00 hours lecture
Present the theories and techniques needed to manage large single-agency and complex multi-agency/multi-jurisdictional responses. Topics include fundamentals for command and general staff, major and/or complex incident/event management, area command and multi-agency coordination.

FIRET 023 GPS LAND NAVIGATION TECHNICIAN
Units: 0.50
16.00 hours lecture, 8.00 hours lab
Introduces land navigation techniques using a map and compass as well as navigation using a GPS unit. The lecture based class will conclude with a field exercise where students will demonstrate knowledge and skills learned.

FIRET 024 L-280 FOLLOWERSHIP TO LEADERSHIP
Units: 0.25
16.00 hours lecture
Introduces fundamental leadership concepts of the wildland fire service, focusing on the framework, values and principles that guide wildland fire leaders in providing leadership across a broad range of missions.

FIRET 025 S-190 INTRODUCTION TO WILDLAND FIRE BEHAVIOR
Units: 0.15
8.00 hours lecture
Provides an introduction to wildland fire behavior Issues that are important to wildland fire spread and safety to firefighters involved in suppression.

FIRET 026 S-290 INTERMEDIATE WILDLAND FIRE BEHAVIOR
Units: 0.75
32.00 hours lecture
Second course in a series designed to prepare the prospective fireline supervisor to undertake safe and effective fire management operations and predict fire behavior.
FIRET 027 S-390 INTRODUCTION TO WILDLAND FIRE BEHAVIOR CALCULATIONS
Units: 0.75
32.00 hours lecture
Develops knowledge and skills required for effective fire behavior predictions.

FIRET 028 S-490 ADVANCED WILDLAND FIRE BEHAVIOR CALCULATIONS
Units: 2.00
40.00 hours lecture
Instructs advanced wildland fire behavior for effective and safe fire management operations.

FIRET 029 S-200 INITIAL ATTACK INCIDENT COMMANDER
Units: 0.25
10.00 hours lecture, 6.00 hours lab
Prepares the student to function as an initial attack incident commander at the ITCT4 level in the incident command system. Meets national wildlife coordinating group curriculum criteria. Prepares students for employment with wildland fire management agencies and municipal fire departments.

FIRET 030 S-212 WILDFIRE CHAINSAWS
Units: 0.75
24.00 hours lecture, 12.00 hours lab
Provides introduction to the function, maintenance and use of internal combustion engine powered chainsaws and their tactical wildland fire application. This course prepares the student to be a “Trainee Faller A”, performing low complexity project and fireline tasks under the supervision of a fully qualified evaluator.

FIRET 031 S-215 FIRE OPERATIONS IN THE URBAN INTERFACE
Units: 0.75
16.00 hours lecture, 16.00 hours lab
Prepares initial attack incident commanders and company officers to effectively deal with wildland fires that threaten life, property, and improvements.

FIRET 032 S-223 FIRELINE EMT
Units: 0.25
16.00 hours lecture
Designed to meet the training needs of an incident FEMT as outlined in the Field Operations Guide, ICS 420-1, FireSCOPE California.

FIRET 033 S-230 FIRE CREW SUPERVISOR
Units: 0.25
8.00 hours lecture, 8.00 hours lab
Presents training for the single resource boss position from initial dispatch through demobilization to the home unit. Topics include operational leadership, preparation and mobilization, assignment preparation, risk management, entrapment avoidance, safety and tactics, offline duties, demobilization, and post incident responsibilities.

FIRET 034 S-231 ENGINE BOSS - SINGLE RESOURCE
Units: 0.25
16.00 hours lecture
Presents information and skills associated with Engine Boss. Topics include engine and crew capabilities and limitations, information sources, fire size-up considerations, tactics, and wildland/urban interface tactics.

FIRET 035 S-234 IGNITION OPERATIONS
Units: 0.75
16.00 hours lecture, 16.00 hours lab
Provides training in the functional roles and responsibilities connected with firing operations. Topics include: planning, ignition procedures and techniques, and equipment applicable to wildland and prescribed fire. Addresses the role of the ignition specialist or firing boss as the organization manages escalation from a non-complex to a complex situation.

FIRET 036 S-244 FIELD OBSERVER/ S-245 DISPLAY PROCESSOR
Units: 2.00
40.00 hours lecture
Designed for individuals responsible for conducting field observations. Topics covered include: field observer skills, how weather conditions contribute to wildland fires, safety tactics and strategies.

FIRET 038 S-248 STATUS/CHECK-IN RECORDER
Units: 0.25-0.50
16.00-24.00 hours lecture
Introduces students to the tools and techniques used to perform the duties of a status check-in recorder (SCKN).

FIRET 039 S-349 RESOURCES UNIT LEADER/DEMOBILIZATION UNIT LEADER
Units: 0.75
32.00 hours lecture
Designed to meet the training needs of a RESL and DMOB as outlined in the Wildland Fire Qualification System Guide (PMS 310-1) and the position task books developed for these positions.
FIRET 040 S-258 INCIDENT COMMUNICATION TECHNICIAN
Units: 0.15-4.00
4.00-40.00 hours lecture, 4.00-40.00 hours lab
Provides prerequisite knowledge and skills necessary to perform the tasks of a communications technician (COMT) in the Incident Command System (ICS). Includes installation, maintenance, and troubleshooting of National Incident Radio Support Cache (NIRSC) communications equipment on incidents.

FIRET 041 S-270 BASIC AIR OPERATIONS
Units: 0.25
16.00 hours lecture
Introduces principles of aviation management and safety, including agency aircraft, tactical and logistical uses of aircraft, and requirements for take-off and landing areas.

FIRET 042 S-271 HELICOPTER CREW MEMBER
Units: 0.50-2.00
24.00-40.00 hours lecture
This course is designed to provide student proficiency in all areas of the tactical, logistical use of helicopters to achieve efficiency and standardization.

FIRET 043 S-370 INTERMEDIATE AVIATION OPERATIONS
Units: 0.50-0.75
24.00-36.00 hours lecture
This course of study is to provide Incident Commanders and other fire line supervisors with an understanding of the aviation tools and knowledge to effectively use aviation resources safely, effectively and efficiently on a wildland fire incident.

FIRET 044 S-330 STRIKE TEAM LEADER
Units: 0.75
32.00 hours lecture
Provides tactics and strategy as it relates to the management of a strike team or task force and meets the S-330 training requirements of the California Incident Command Certification System (CICCS) for the position of Strike Team/Task Force Leader-All Risk.

FIRET 045 S-336 FIRE SUPPRESSION TACTICS
Units: 0.75
32.00 hours lecture
Prepares experienced Single Resource Bosses and Initial Attack Incident Commanders in the tactics necessary at the Strike Team/Task Force Leader level. Designed to meet training requirements in ICS Operations and is specific to wildland fire suppression.

FIRET 046 S-346 SITUATION UNIT LEADER
Units: 0.25 – 4.00
4.00 – 66.00 hours lecture, 14.00 hours lab
Designed to meet the training needs of a Situation Unit Leader (SITL) as outlined in the Wildland Fire Qualification System Guide (PMS 310-1).

FIRET 047 S-348 RESOURCES UNIT LEADER
Units: 0.25
20.00 hours lecture
Prepares the student for duties and responsibilities of a resource unit leader (RESL) on large scale incidents, including organizing and managing the unit, check-in, tracking resource status, operational planning and resources unit products.

FIRET 048 S-354 FACILITIES UNIT LEADER
Units: 0.15-4.00
8.00-80.00 hours lecture
Course objectives include 1) arrive at incident properly equipped, gather information to assess the assignment, and begin initial planning activities of a FACIL; 2) plan, staff, and manage the facilities unit in a safe manner to meet the needs of the incident; 3) coordinate with the logistics units and other sections to assist in accomplishing the overall objectives of the facilities unit; and 4) utilize the National Interagency Mobile Food Services and Shower Facilities Contracts to ensure services are provided to the government.

FIRET 049 S-355 GROUND SUPPORT UNIT LEADER
Units: 0.25
16.00 hours lecture
Addresses the following: 1) Arrive at incident properly equipped, gather information to assess the assignments, and begin initial planning activities of a GSUL; 2) plan, staff, and manage the ground support unit in a safe manner to meet the needs of the incident; 3) coordinate with the logistics units and other sections to assist in accomplishing the incident objectives; and 4) demobilize the ground support unit.

FIRET 050 S-356 SUPPLY UNIT LEADER
Units: 0.25
16.00 hours lecture
Reviews the functions, relationships, and strategies used by management, specifically supply unit leaders throughout the fire process, including mobilization and demobilization techniques.
FIRET 051 S-358 COMMUNICATIONS LEADER
Units: 0.50
24.00 hours lecture
Designed to prepare the student to accomplish the duties and responsibilities of a communications unit leader on a large incident.

FIRET 052 S-359 MEDICAL UNIT LEADER
Units: 0.50
24.00 hours lecture
Provides instruction in operational settings, including situational assessment skills, coordination with other operational units, and ability to plan, staff and organize the medical unit team.

FIRET 053 S-381 LEADERSHIP AND ORGANIZATIONAL DEVELOPMENT
Units: 0.50
24.00 hours lecture
Designed to provide the experienced wildland firefighter with the communication and supervision skills necessary to perform as a unit leader on a wildland fire incident.

FIRET 054 S-400 INCIDENT COMMANDER
Units: 0.50
24.00 hours lecture
Delivers information for operating as an Incident Commander within the framework of ICS. Subjects covered include: incident briefing, incident planning, incident management, unified command, and incident demobilization.

FIRET 055 S-403 INFORMATION OFFICER
Units: 0.50 - 0.75
28.00-32.00 hours lecture
Covers training requirements for a Public Information Officer Type 2. Topics include information organization and assignment, developing a communications strategy, information operations, creating a safe environment, effective media relations, incident within an incident, community relations analysis, documentation, demobilization, and transitioning.

FIRET 056 S-404 SAFETY OFFICER
Units: 0.50
24.00 hours lecture
Designed to meet the training needs of the Safety Officer position in the incident command system. Topics include safety officer effectiveness, analysis techniques, safety messages, briefings and reports, and high hazard operations.

FIRET 057 S-420 COMMAND AND GENERAL STAFF
Units: 2.00
40.00 hours lecture
Presents advanced training for individuals to be assigned to the Command and General Staff positions on a wildland fire incident. Topics develop the skills and knowledge that are necessary to perform on wildland Type 2 incidents in a command or general staff position, information required to set up organizational elements necessary to mitigate a wildland fire incident, how to request additional resources as needed, and supervision issues related to coordination of staff activity.

FIRET 058 S-430 OPERATIONS STAFF CHIEF
Units: 0.75
32.00 hours lecture
Presents the information necessary to meet the training requirements of the Operations Section Chief. Includes information to assess incident and determine immediate needs and actions, a description of the six principles of command and the six basic rules of emergency operations management, delineation of the relationship between general staff and the Operations Section Chief, and how to supervise the operations function from situation unit field observers to operations personnel.

FIRET 059 S-440 PLANNING SECTION CHIEF
Units: 0.50
24.00 hours lecture
Designed to meet a portion of the training needs of the planning section chief type 2 (PSC2). Topics include information gathering, strategies, meetings and briefings, incident action plan (IAP), interactions, forms, documents, supplies, demobilization, and an optional technology section. In the final exercise, students observe a simulated planning meeting and use the information derived to find errors in an IAP.

FIRET 060 S-445 INCIDENT TRAINING SPECIALIST
Units: 0.15-0.50
12.00-24.00 hours lecture
Designed for individuals qualifying within the ICS as an Incident Training Specialist, including how to organize and implement an incident training program, develop appropriate training scenarios and preparing incident documentation.

FIRET 061 J-342 DOCUMENTATION UNIT LEADER
Units: 0.15
8.00 hours lecture
Introduces procedures for mobilization and demobilization on an incident, duplication of the IAP and requirements for maintaining incident records.
FIRET 062 J-362 STAGING AREA MANAGER
Units: 0.15
8.00 hours lecture
Presents the skills necessary to perform duties as the staging manager, including establishing and maintaining staging areas where resources are assigned prior to being given a specific fire assignment.

FIRET 063 J-158 RADIO OPERATOR/J-257 INCIDENT COMMAND CENTER MANAGER
Units: 0.25
16.00 hours lecture
Presents information and skills associated with the Radio Operator/Incident Command Center Manager. Topics include mobilization, transfer of information, communications equipment, and demobilization.

FIRET 064 S-300 EXTENDED ATTACK
Units: 0.25
16.00 hours lecture
Provides training to meet needs of the incident commander type 3 (ICT3). Focus is on leadership and command as they relate to the ICT3 position.

FIRET 065 CONFined SPACE RESCue TECHNICian CONTINUING EDUCATION
Units: 0.15
4.00 hours lecture, 4.00 hour lab
Designed for the continuing education of a Confined Space Rescue Technician. Prepares student for confined space emergency response.

FIRET 066 EMERGENCY TRENCH RESCUE
Units: 0.50
16.00 hours lecture, 8.00 hour lab
Provides fire service personnel with hands-on application of the techniques necessary to safely affect a rescue from an excavation or trenching cave-in. Topics include: critical considerations while responding to trenching emergencies, evaluation of cave-in scenes, basic life support procedures and temporary protection for victims, specialized tool usage, shoring techniques, and below grade rescue safety procedures.

FIRET 067 S-341 GIS SPECIALIST FOR INCIDENT MANAGEMENT
Units: 0.50
24.00 hours lecture
Provides training to meet the needs of a Geographic Information Systems Specialist to manage the information needs of all-hazard incidents.

FIRET 068 FIRE BEHAVIOR – STRUCTURE FIRE ATTACK
Units: 0.15
4.00 hours lecture, 4.00 hour lab
Presents hazards and situational tactics of structure firefighting. Focuses on strategies, key skills and hazardous conditions encountered on a structure fire via lecture and lab in a simulated fire attack.

FIRET 070 RESCUE SYSTEMS I
Units: 2.00
16.00 hours lecture, 24.00 hours lab
Provides training in basic search and rescue skills under the California Urban Search and Rescue Operational levels.

FIRET 071 RESCUE SYSTEMS 2
Units: 2.00
20.00 hours lecture, 20.00 hours lab
Provides advanced heavy rescue system techniques. Key topics include structural building types, wood and mechanical shores, crib capacities, floor weight calculations, building search, confined space considerations, damaged structure hazard assessment, use of small power and hand tools, air bags, and USAR ICS.

FIRET 072 RESCUE SYSTEMS 3
Units: 0.50
2.00 hours lecture, 22.00 hours lab
Provides advanced training in structural collapse rescue systems. Topics include safety techniques, rescue system equipment, and structural trends.

FIRET 073 CONFined SPACE RESCue
Units: 2.00
20.00 hours lecture, 20.00 hours lab
Provides intensive hands-on training to prepare firefighters to respond to confined space emergencies. Topics include identifying confined spaces, permit-required confined spaces, hazards associated with permit required confined space, target industries and hazards, state and federal regulations, components of a rescue operation, and the roles and responsibilities of the rescue team.

FIRET 074 RIVER AND FLOOD RESCUE 1
Units: 0.50
8.00 hours lecture, 16.00 hours lab
Provides training of fire service personnel in water rescue techniques. Topics include swift water rescue, submerged vehicles, drowning, use of engine/truck company equipment for water rescue, use of rafts and boats, and underwater search and recovery.
FIRET 075 LOW ANGLE ROPE RESCUE
Units: 0.50
4.00 hours lecture, 20.00 hours lab
Provides instruction in the techniques and methods for using rope, webbing, hardware friction devices, and litters in low angle rescue situations.

FIRET 076 IAFF FIRE GROUND SURVIVAL
Units: 0.25
8.00 hours lecture, 8.00 hours lab
Provides the step-by-step tools to use in a MAYDAY situation or leading to the rescue, including the use of mnemonics, case studies, and life saving techniques needed to facilitate a successful MAYDAY rescue.

FIRET 077 ADVANCED ROPE RESCUE
Units: 0.75
32.00 hours lecture
Provides the requirements for in-service certification of firefighters in high angle rescue situations.

FIRET 078 SWIFT WATER RESCUE CONTINUING EDUCATION
Units: 0.50
2.00 hours lecture, 6.00 hours lab
Provides additional training in river flood rescues. Consists of various selected sections of River Flood 1 and 2. Topics include recognition and avoidance of common river hazards, execution of self-rescue techniques, and advanced rescue methods.

FIRET 079 RIVER AND FLOOD RESCUE 2
Units: 0.25
8.50 hours lecture, 12.50 hours lab
Focuses on recognition and avoidance of common river hazards, execution of self rescue techniques, advanced rescue methods used in team dynamics, victim rescues and scenarios based on real life rescues.

FIRET 090 COUNTY OF LOS ANGELES FIRE DEPARTMENT EXPLORER ACADEMY
Units: 2.50
20.00 hours lecture, 72.00 hours lab
Introduces various manipulative skills associated with fire department activities such as, but not limited to; hydrant operation, hose evolutions, ladder evolutions, breathing apparatus evolutions, and tying of department approved knots. Additionally, Explorers will learn about basic fire behavior, fire chemistry and physics, classes of fires, and extinguishing techniques.

FIRET 091 HAZMAT – FIRST RESPONDER OPERATIONAL REFRESHER
Units: 0.15
3.50 hours lecture, 4.50 hours lab
This is a 3 module FRO refresher course. Students will participate in three distinct scenarios designed to engage the various knowledge and skills required of the First Responder Operational. During these scenarios, the student will develop and implement the strategy, tactics, and tasks necessary to respond to an over-turned tanker. (306/406) Experiencing a hazardous materials leak, they will formulate and implement the strategies, tactics, and tasks necessary to rescue simulated injured workers inside a warehouse. Students will develop and implement the strategy, tactics, and tasks necessary to perform required emergency operations in a simulated hazardous situation.

FIRET 110 HAZARDOUS MATERIALS – TECHNICIAN I
Units: 8.00
CSU 103.00 hours lecture, 57.00 hours lab
Provides the instruction necessary to perform the duties as a Hazardous Materials Technician as referenced in Sub-section 5192, (q)(6) of Title 8 CCR and 29 CFR 1910.120 Sub-section (q)(6) in Modules A-D.
FIRETL 003 OCEAN LIFEGUARD RECHECK INSTRUCTOR TRAINING
Units: 0.50 – 1.50
16.00 – 32.00 hours lecture
Provides required annual recertification for returning lifeguards. Topics include teaching guidelines and program policy for recheck instructors, department updates, teaching techniques, review of CPR changes, running skills stations, and the recheck agenda.

FIRETL 004 LIFEGUARD ACADEMY INSTRUCTOR TRAINING
Units: 1.50
30.00 hours lecture, 10.00 hours lab
Training for Lifeguard Training Academy instructors. Topics include teaching techniques, lecture preparation, Ocean Lifeguard Training Manual review, and candidate discipline.

FIRETL 005 ANNUAL OCEAN LIFEGUARD RECERTIFICATION/INSERVICE - PERMANENT
Units: 0.25
8.00 hours lecture, 2.00 hours lab
Provides annual recheck for all permanent lifeguards. Monthly in-service drills and physical fitness logs are completed by all permanent lifeguards. Topics include department updates, medical skills and rescue skills.

FIRETL 006 ANNUAL OCEAN LIFEGUARD RECERTIFICATION/INSERVICE - RECURRENT
Units: 0.28
8.00 hours lecture, 4.00 hours lab
Provides annual recheck for all recurrent Lifeguards. Monthly in-service drills and physical fitness logs are completed by all permanent lifeguards. Topics include Department updates, medical skills and rescue skills.

FIRETL 007 JUNIOR LIFEGUARD INSTRUCTOR CERTIFICATION
Units: 2.00
40.00 hours lecture
Provides all new and returning Junior Lifeguard instructors with required annual certification. Covers teaching guidelines and program policy for the upcoming summer program. Topics include ocean and beach safety, lifeguard skills, ocean conditions, basic first aid and CPR.

FIRETL 008 ADVANCED DIVER INSERVICE TRAINING
Units: 4.00
54.00 hours lecture, 54.00 hours lab
Provides inservice training for Underwater Rescue and Recovery Unit divers, as well as for Auxiliary and Guest Divers who are working towards meeting the requirements for the Rescue and Recovery Unit. Topics include diver safety, underwater search techniques, victim and property recovery, and maintaining the underwater crime scene.

FIRETL 009 PERSONAL WATERCRAFT SURF RESCUE INSTRUCTOR
Units: 0.75
10.00 hours lecture, 20.00 hours lab
Provides training and certification for instructors of Personal Watercraft Rescue. Major topics include pre and post operations techniques, craft launch and retrieval, craft operation in the surfline, rescue techniques and emergency procedures. After successful completion of this course students become certified PWC Surf Rescue class instructors.

FIRETL 010 BOAT AND MARINE FIREFIGHTING
Units: 1.25
20.00 hours lecture, 20.00 hours lab
Covers basic firefighting tactics and strategies particular to marine, boat and other watercraft fires.

FIRETL 011 PERSONAL WATERCRAFT SURF RESCUE - BASIC
Units: 1.00
10.00 hours lecture, 30.00 hours lab
Introduces Personal Watercraft Surf Rescue. Major topics include pre and post operations techniques, craft launch and retrieval, craft operation in the surfline, rescue techniques and emergency procedures.

FIRETL 013 RESCUE BOAT OPERATOR
Units: 1.25
20.00 hours lecture, 20.00 hours lab
Introduces basic rescue boat operations for emergency rescue personnel. Topics include ocean navigation, boat handling, rescues at sea, weather and emergency communications.

FIRETL 014 CPR INSTRUCTOR CERTIFICATION
Units: 0.50
16.00 hours lecture, 4.00 hours lab
Reviews CPR Guidelines as well as effective teaching and testing techniques. Upon completion students are certified to teach CPR.
FIRETL 015 EMT RECERTIFICATION FOR LIFEGUARDS - PERMANENT
Units: 0.50
10.00 hours lecture, 10.00 hours lab
Provides an intensive review of primary EMT training for permanent lifeguards.

FIRETL 016 EMT RECERTIFICATION FOR LIFEGUARDS - RECURRENT
Units: 0.50
12.00 hours lecture, 12.00 hours lab
Provides an intensive review of primary EMT training for recurrent lifeguards.

FIRETL 017 OCEAN LIFEGUARD SPECIALIST ORIENTATION
Units: 1.50
30.00 hours lecture, 10.00 hours lab
Prepares seasonal lifeguards for their role as an Ocean Lifeguard Specialists. Major topics include: Sub-area operations, radio communications/NFIRS, personnel policies, safe driving, expectations/discipline, code of conduct, public relations, EMS operations, response to terrorism, a review of our General Orders and an intro to information management.

FIRETL 018 LIFEGUARD CAPTAIN ORIENTATION
Units: 0.50
10.00 hours lecture, 10.00 hours lab
Prepares Ocean Lifeguard Specialists for their role as Captains. Major topics include: Sub-area operations, radio communications/NFIRS, personnel policies, safe driving, expectations/discipline, code of conduct, public relations, EMS operations, scheduling, performance evaluations, a review of General Orders and an intro to information management.

FIRETL 019 BASIC BOATING SKILLS AND OPERATIONS
Units: 1.25
20.00 hours lecture, 20.00 hours lab
Prepares potential Rescue Boat deckhands with minimum instruction to operate safely as a deckhand aboard a Los Angeles County Rescue Boat. Topics covered include equipment inventory, electronics, damage control, radio communications, radar operation, engine and boat maintenance, towing, free diving, and rescue procedures.

FIRETL 020 EMERGENCY SAND DRIVING
Units: 0.25
8.00 hours lecture, 2.00 hours lab
Provides training for lifeguards in safe beach driving. Major topics include: Routine beach driving, hazards of driving on the beach, proper driving maneuvers, safely responding code R on the beach, vehicle maintenance, liabilities and public perception.

FIRETL 021 PARAMEDIC CONTINUING EDUCATION
Units: 0.25
8.00 hours lecture, 2.00 hours lab
Updates training for active Paramedics who have completed and maintained EMT-Paramedic Licensure in the State of California and are accredited in Los Angeles County.

FIRETL 025 LIFEGUARD IN-SERVICE TRAINING
Units: 0.50
8.00 hours lecture, 8.00 hours lab
Provides updated information and skills in the areas of lifeguard equipment, specialized emergency operations, current department policy and procedures, and rescue.

LEPD 026 FIREARMS/SEMI-AUTO PISTOL TRANSITION
Units: 0.25
3.00 hours lecture, 13.00 hours lab
Provides the student with the knowledge, techniques, and skills required to safely manipulate and qualify with the striker fired pistol.

LEPD 028 ATV RIDER-LAW ENFORCEMENT
Units: 0.15
4.00 hours lecture, 4.00 hours lab
Provides students with the skills and techniques required to operate an All Terrain Vehicle (ATV) in a law enforcement environment.
LEPD 029 PROFESSIONAL RESOURCE
OFFICER ASSISTANCE CIVIL TRIAL
(PROACT)
Units: 0.15
8.00 hours lecture
Designed to provide law enforcement officers with tech-
niques and resources to reduce the stress experienced
by officers and their families who find themselves
involved in a work-related civil lawsuit. Curriculum
includes subject matter experts in the field of psychologi-
cal processes, employee assistance programs, financial
planning, and police civil litigation.

LEPD 031 MACTAC SQUAD LEADER
Units: 0.15
5.00 hours lecture, 5 hours lab
Prerequisite: LEPD-049
Provides students with basic skills in leading a Multi-
Assault, Counter Capabilities Squad to a proficient level
that will enable the student to immediately deploy a con-
tact team or squad.

LEPD 032 MOTORCYCLE INDIVIDUAL
PROFICIENCY NIGHT ROAD UPDATE
Units: 0.15
5.00 hours lecture, 5.00 hours lab
Introduces the basic fundamentals, emergency proce-
dures, protocols, and advanced skills needed for riding a
motorcycle at night.

LEPD 033 TACTICAL DISPATCH
CONCEPTS
Units: 0.15
8.00 hours lecture
Introduces exposure to Tactical Dispatching concepts for
use when at the Communications Center, at a
Command Post, and/or when at the scene with a
Special Weapons and Tactics (SWAT) Unit. Topics
include tactical incidents, equipment used, and commu-
nication techniques.

LEPD 034 FIREARMS TACTICAL RIFLE
UPDATE
Units: 0.15
4.00 hours lecture, 4.00 hours lab
Provides students with the opportunity to recertify their
use of the tactical rifle. Reviews techniques of the
department issued patrol rifle and includes topics such
as patrol rifle skills, department policy, and legal
updates.

LEPD 035 FIELD TRAINING OFFICER
Units: 2.00
40.00 hours lecture
Provides students with training techniques, and method-
ologies for officers assigned to train and supervise new
field trainees.

LEPD 036 PEAK PERFORMANCE FOR LAW
ENFORCEMENT
Units: 0.15
9.00 hours lab
Provides agency personnel with tools necessary to be
more effective in their direct communications with clients
(co-workers, citizens, etc.).

LEPD 037 MOTORCYCLE OFFICER
UPDATE
Units: 0.15
5.00 hours lecture, 5.00 hours lab
Designed to provide proper motorcycle riding and control
techniques to enhance the officer's ability to avoid acci-
dents and injuries.

LEPD 038 DRIVING UNDER THE INFLU-
ENCE UPDATE
Units: 0.15
8.00 hours lecture
Provides the student with a historical perspective of laws
covering persons driving under the influence of
alcohol/drugs. Introduces an update to DUI statistics,
enforcement techniques, and common field sobriety test-
ing techniques.

LEPD 039 FIREARMS SHOTGUN SLUG
UPDATE
Units: 0.15
4.00 hours lecture, 4.00 hours lab
Designed to update skills necessary to use a depart-
ment issued shotgun with slug ammunition. Topics
include department policy and procedure, and shotgun
manipulations.

LEPD 040 INVESTIGATIVE SUPERVISORY
OPERATIONS
Units: 0.50
24.00 hours lecture
Introduces the student to the leadership concepts, princi-
ples, and techniques for effective supervisory investiga-
tions. The course will focus on the investigative supervi-
sors role in managing and investigating criminal investi-
gations.
LEPD 041 CAL GANG
Units: 0.15
4.00 hours lecture, 4.00 hours lab
Provides students with the fundamental training in techniques and skills necessary to navigate through the Cal-Gang System.

LEPD 042 DISPATCHER’S ABC’S OF CALL TAKING
Units: 0.15
8.00 hours lecture
Provides the student with proper call-taking techniques to employ as a public safety dispatcher.

LEPD 043 UNDERCOVER OPERATIONS
Units: 0.15
8.00 hours lecture
Introduces the Undercover Operations unit within a police department, includes policies, procedures, and use of force options.

LEPD 044 DRIVER TRAINING PSP (EVOC) UPDATE
Units: 0.15
4.00 hours lecture, 4.00 hours lab
Provides behind the wheel instruction in low and high speed emergency vehicle operations, fundamentals of vehicle control, and appropriate employment of pursuit immobilization techniques.

LEPD 045 FIREARMS TACTICAL RIFLE
Units: 0.75
4.75 hours lecture, 31.25 hours lab
Provides students with the ability to safely deploy the patrol rifle in an urban environment and the ability to rapidly respond to active shootings in progress.

LEPD 046 FIREARMS/SHOTGUN TRANSITION
Units: 0.15
3.00 hours lecture, 5.00 hours lab
Provides an introduction and overview of current agency issued duty shotgun.

LEPD 047 BASIC COLLISION INVESTIGATION
Units: 2.00
34.00 hours lecture, 4.00 hours lab
Provides the fundamentals of traffic collision investigation, including basic reporting requirements, determination of the cause of collisions, and traffic control and enforcement.

LEPD 048 POLICE DEPARTMENTS ETHICS AND INTEGRITY
Units: 0.15
8.00 hours lecture
Explores the dynamics of ethical decision making and assists with developing a methodology for examining ethical issues as a police department employee.

LEPD 049 MULTI-ASSAULT COUNTER TERRORISM CAPABILITIES (MACTAC)
Units: 0.15
1.50 hours lecture, 8.50 hours lab
Develops the student's basic skills in Multi-Assault Counter Terrorism Action Capabilities (MACTAC) to a proficient level that enables the student to immediately deploy a contact team or squad able to locate and neutralize violent assaults and/or terrorist acts

LEPD 050 CIVILIAN SUPERVISOR SCHOOL
Units: 2.00
40.00 hours lecture
Provides civilian supervisors with the necessary tools to effectively lead and manage both sworn and civilian employees.

LEPD 052 JUVENILE PROCEDURES SCHOOL
Units: 0.75
32.00 hours lecture
Presents information for agency personnel newly assigned to juvenile matters.

LEPD 053 VICE SCHOOL
Units: 2.25
40.00 hours lecture
Provides an overview of vice operations, unit operations, procedures and responsibilities, and risk management issues for investigators.

LEPD 054 GANG AWARENESS BASIC
Units: 0.50
32.00 hours lecture
Prepares all gang impact team members assigned to GED/CLEAR to gather gang-related intelligence and information, identify gang crime patterns, monitor gang activity, and implement crime suppression strategies.

LEPD 055 GANG SUPERVISOR COURSE
Units: 0.25
8.00 hours lecture, 8.00 hours lab
Designed for police supervisory personnel in the supervision of a unit that is responsible for monitoring and reducing gang activity.
LEPD 056 LAW ENFORCEMENT PROTECTIVE MEASURES
Units: 0.15
8.00 hours lecture
Provides the knowledge and skills needed to respond to and manage incidents involving acts of terrorism, including the concepts of terrorist threats, terrorist activities, weapons of mass destruction, potential targets of terrorism, incident command and law enforcement response actions, and prevention methods.

LEPD 057 WEAPONS OF MASS DESTRUCTION
Units: 0.25 – 1.25
8.00 – 24.00 hours lecture
Explores the scope and nature of weapons of mass destruction (WMD) and hazardous materials, including Incident Command Systems (ICS) protocol.

LEPD 058 WARRANT SERVICES TACTICS
Units: 0.15
8.00 hours lecture
Provides information to officers to evaluate and assess the correct tactical approach on the service of various warrants.

LEPD 059 PATROL OFFICER AUTO THEFT INVESTIGATION
Units: 0.15
8.00 hours lecture
Provides patrol officers with the necessary tools and knowledge when handling auto theft investigations.

LEPD 060 IDAP-DRIVING UNDER INFLUENCE APPREHENSION
Units: 2.00
40.00 hours lecture
Provides peace officers with the knowledge, skills, and abilities to effectively increase the deterrence of Driving Under the influence (DUI) violations, resulting in a reduction of the number of collisions, deaths, and injuries caused by impaired drivers.

LEPD 061 NARCOTICS SCHOOL
Units: 2.00
40.00 hours lecture
Designed for field officers and intended to provide the most current information available concerning drug identification and narcotics investigations. POST certified and CPT awarded.

LEPD 062 DRUG RECOGNITION EXPERT RECERTIFICATION
Units: 0.15
8.00 hours lecture
Provides the student with updated material relating to narcotics and current drug trends. Reviews the legal environment and DWI statistics.

LEPD 063 DRUG INFLUENCE 11550 H&S
Units: 4.00
80.00 hours lecture
Provides an introduction to enforcement of 11550 H/S, Under the Influence of Controlled Substances.

LEPD 064 OFFICER SAFETY FIELD TACTICS UPDATE
Units: 0.75
12.00 hours lecture, 20.00 hours lab
Provides students with an increased knowledge of Department Policy and Procedures. Ensures students are updated on changes in tactical options available and increases their ability to articulate policy. Ensures training is consistent with Use of Force Policy and force options.

LEPD 065 ARREST AND CONTROL INSTRUCTOR PART 1
Units: 2.00
40.00 hours lecture
Provides basic concepts and method application of arrest and control techniques including joint locks, pugilistic, and ground control techniques as required by an arrest and control instructor.

LEPD 066 DRUG RECOGNITION EXPERT INSTRUCTOR
Units: 2.00
40.00 hours lecture
Designed to prepare students for the drug evaluation instructor role. Topics include adult learning styles, delivery of instruction, and DRE course content.

LEPD 068 MAJOR ASSAULT CRIMES INVESTIGATION
Units: 2.00
40.00 hours lecture
Provides students with an overview of the investigative process and skills required to complete a major assault crimes (domestic violence/sexual assault) investigation.

</tbody>
</table>
LEPD 082 FIREARMS SEMI-AUTOMATIC PISTOL 1911
Units: 0.50
10.00 hours lecture, 20.00 hours lab
Designed to prepare officers for safe and proficient operation of a semi-automatic pistol. This includes the proper manipulation, marksmanship, maintenance, parts replacement, care, and cleaning of this weapon system.

LEPD 083 BICYCLE PATROL SCHOOL
Units: 2.00
8.00 hours lecture, 32.00 hours lab
Provides students with the basic fundamentals, knowledge, and skills required for bicycle patrol in a law enforcement environment.

LEPD 084 DRIVER AWARENESS INSTRUCTOR COURSE
Units: 0.50
12.00 hours lecture, 12.00 hours lab
Provides the student with current information relating to their duties as Driving Instructors. Focuses on the latest driving methods.

LEPD 085 SURVEILLANCE TECHNIQUES
Units: 0.50
24.00 hours lecture
Provides students with a basic understanding of surveillance concepts and techniques.

LEPD 086 ARREST AND CONTROL INSTRUCTOR PART 2
Units: 2.00
40.00 hours lecture
Prerequisite: LEPD-065
Reviews techniques taught in the Basic Arrest and Control course as well as adult learning methods, model teaching of techniques, and legal issues facing instructors. Prepares instructors to teach the 40 hour Basic Arrest and Control course.

LEPD 087 FIREARMS TACTICAL SHOTGUN INSTRUCTOR
Units: 1.00
20.00 hours lecture, 20.00 hours lab
Provides students with the skills required to safely deliver department standardized shotgun instruction. Topics include training methods, shotgun manipulations, and department policy.

LEPD 092 HANDGUN INSTRUCTOR SCHOOL (HITS)
Units: 1.25
20.00 hours lecture, 20.00 hours lab
Provides students with the techniques necessary to teach firearms handgun school. Reviews teaching methodology and foundational handgun skills.

LEPD 099 URBAN SEARCH AND RESCUE FOR LAW ENFORCEMENT
Units: 0.50
24.00 hours lecture
Provides law enforcement personnel with the knowledge and skills necessary to conduct urban search and rescue.

LEPD 100 BASIC ACADEMY
Units: 24.00
CSU 550 hours lecture, 370 hours lab
Provides training in basic law enforcement tactics and techniques specifically used by the Los Angeles Police Department. Examines community relations, criminal law, criminal evidence, patrol procedures, investigation, vehicle codes, vehicle operations, communications, physical conditioning, health and safety, self-defense tactics, weapons, and marksmanship. Letter grade.

LEPD 110 SUPERVISOR SCHOOL
Units: 4.00 - 8.00
CSU 76.00 - 152.00 hours lecture, 4.00 - 8.00 hours lab
Provides the student with fundamental concepts and principles of effective supervision. Focuses on management, reporting, and procedure techniques required in the field.

LEPD 111 LEADERSHIP PART I
Units: 2.00
CSU 40.00 hours lecture
Introduces the role of the Supervisor in the area of Leadership. Presents modern behavioral science theories to enhance student’s understanding of human motivation, satisfaction, and performance.

LEPD 112 LEADERSHIP PART II
Units: 0.75
CSU 32.00 hours lecture
Provides framework to help Supervisors organize their knowledge and experience into effective leader actions and integrate the course content into daily leadership practices.

LEPD 113 LEADERSHIP PART III
Units: 2.00
CSU 40.00 hours lecture
Presents challenges to develop and achieve personal potential and integrate the course content into daily leadership practices.
LEPD 114 LEADERSHIP PART IV
Units: 1.50
CSU 32.00 hours lecture
Prerequisite: LEPD-113
Presents an overview of leadership styles and how as a Supervisor those styles impact daily work.

LEPD 120 WATCH COMMANDER SCHOOL
Units: 2.00
CSU 40.00 hours lecture
Introduces the various responsibilities associated with the Watch Commander position.

LEPD 121 DETECTIVE SCHOOL
Units: 2.00 – 4.00
CSU 40.00 – 80.00 hours lecture
Provides detectives and detective trainees with information necessary to perform their assignments. Topics include report writing, crime scenes, evidence, surveillance, warrants, interview and interrogation, case presentation, and courtroom testimony.

LEPD 123 BASIC HOMICIDE SCHOOL (PRESLEY)
Units: 2.00
CSU 36.00 hours lecture, 4.00 hours lab
Provides the training needs of detectives responsible for investigation homicides.

LEPD 140 ICI CRIMINAL INVESTIGATION CORE COURSE
Units: 4.00
CSU 80.00 hours lecture
Provides training for law enforcement personnel assigned to follow-up investigations. The Core Course contains curriculum generic to all investigation specialties.

LEPD 141 ICI BURGLARY
Units: 2.00
CSU 40.00 hours lecture
Designed for the training needs of investigators assigned to investigate burglary, theft, and receiving stolen property crimes. Provides students with the duties and responsibilities frequently faced during these types of investigations.

LEPD 142 ICI VEHICLE THEFT FOUNDATION
Units: 2.00
CSU 40.00 hours lecture
Provides officers assigned to the vehicle theft investigation unit with the necessary information and techniques to conduct investigations.

LEPD 143 ICI HOMICIDE INVESTIGATION
Units: 2.00 - 4.00
CSU 40.00 - 80.00 hours lecture
Introduces laws and investigative theories and methodologies for students to achieve the skills required to perform a homicide investigation.

LEPD 144 ICI SEXUAL ASSAULT INVESTIGATION
Units: 2.00
CSU 40.00 hours lecture
Introduces a 5 module course over the length of 40 hours, focusing on sexual offender typology, victim advocacy, collection of evidence, investigative procedures, and medical and forensic exams are covered extensively.

LEPD 145 ICI GANG INVESTIGATION FOUNDATION SPECIALTY COURSE
Units: 2.00
CSU 40.00 hours lecture
Designed to develop law enforcement personnel capable of investigating and testifying in gang related criminal trials.

LEPD 200 ACADEMY INSTRUCTOR CERTIFICATION COURSE LEVEL 1
Units: 2.00
CSU 40.00 hours lecture
Introduces the principles, concepts, theories, and skills required to qualify as a Police Academy Instructor according to POST standards.

LAW ENFORCEMENT, LOS ANGELES SHERIFF DEPARTMENT AGENCY TRAINING - (LESD)

LESD 010 ARREST AND CONTROL – DRIVER TRAINING
Units: 0.15
4.00 hours lecture, 4.00 hours lab
Provides continued professional training in P.O.S.T. perishable skills.

LESD 011 BASIC TACTICAL COMMUNICATIONS
Units: 0.15 - 4.00
8.00 - 80.00 hours lecture
Introduces the basic communication skills needed to effectively communicate with inmates in a custody setting.

These techniques were selected as a means of maintaining control while minimizing the potential for injury to the subject.</td>
</tr>
</tbody>
</table>
LESD 038 CONTROL, ESCORT, RESTRAIN AND TAKEDOWN (CERT) SERIES #3
Units: 0.15
8.00 hours lecture
Instructs Deputy and Custody Assistant personnel in managing a safe tactical distance when confronted with a resistive or assaultive person while minimizing the potential for injury.

LESD 039 TASER INSTRUCTOR
Units: 0.50
12.00 hours lecture, 4.00 hours lab
Provides operational theory and practical training to instructors on effective operation of the TASER.

LESD 040 FORCE REFRESHER
Units: 0.15
5.00 hours lecture, 3.00 hours lab
Introduces the student to the departments use of force policy, control, search, and handcuffing, situational use of force options chart, and carotid restraint techniques.

LESD 100 BASIC ACADEMY
Units: 24.00
CSU 460 hours lecture, 316 hours lab
Provides training in basic law enforcement tactics and techniques specifically used by the Los Angeles Sheriff Department. Examines community relations, criminal law, criminal evidence, patrol procedures, investigation, vehicle codes, vehicle operations, communications, physical conditioning, health and safety, self-defense tactics, weapons, and marksmanship. Letter grade.

REAL ESTATE
Associate in Science Degree and Certificate of Achievement: Real Estate
The Real Estate program involves the study of California real estate principles, practices, procedures, and law. It offers courses mandated by the California Bureau of Real Estate (CalBRE) to prepare those who desire a career in real estate.

Students must successfully complete and pass the Real Estate Principles class (REAL-100), the Real Estate Practices class (REAL 101), and one additional class (of the student's choosing from the approved list) in the Real Estate Department to academically qualify for the California Real Estate Sales license and examination. These classes may also be applied to the academic requirement for the California Real Estate Broker license and examination.

On successful completion of the full program, the student will be academically qualified to apply to take the California Real Estate Broker examination.

Target occupations for this course of study include real estate sales, real estate broker, mortgage broker, property manager, loan broker, and escrow officer.

Students are advised to check current California Bureau of Real Estate or other applicable agency academic requirements prior to registering for any course to ensure that it satisfies current requirements as a mandatory or elective course for the Real Estate Sales or Real Estate Broker licenses. The CalBRE and other applicable agency requirements change periodically and the Real Estate Program does not warrant that the listed courses meet current requirements.

Degree and Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core knowledge required for the California Bureau of Real Estate examination for real estate sales and real estate broker licenses.

Program Requirements:
Units Required: 26

REC 100 LEISURE FOR LIFE
Units: 3.00
CSU 54.00 hours lecture
Introduces the nature and scope of leisure and the influence of leisure pursuits for personal and social growth. Examines the relationship between personal leisure lifestyle behaviors and wellness. Topics include the development of personal leisure values, assessment of leisure benefits and leisure time management and planning.

REC 101 RECREATION AND LEISURE IN CONTEMPORARY SOCIETY
Units: 3.00
CSU 54.00 hours lecture
Investigates the contributions of play, leisure and recreation to the social, psychological and economic well being of individuals and groups, incorporating local, regional, national and international perspectives.

REC 102 PLANNING PROGRAMS AND EVENTS FOR RECREATION EXPERIENCES
Units: 3.00
CSU 54.00 hours lecture
Presents the principles and practice of effective recreational leadership including program and event planning as it relates to play, recreation, and leisure experiences.

REC 103 OUTDOOR RECREATION AND THE NATURAL ENVIRONMENT
Units: 3.00
CSU 54.00 hours lecture
Examines recreation in the outdoor and natural environment including the emergence of outdoor recreation in the United States, the benefits attributed to outdoor experiences and management policies and practices related to recreation in natural environments. Field Trips may be required.

REC 104 INTRODUCTION TO THERAPEUTIC RECREATION AND SPECIAL POPULATIONS
Units: 3.00
CSU 54.00 hours lecture
Introduces the characteristics and needs of individuals with disabilities and special populations as they relate to the delivery of recreation and leisure services, including the nature and function of recreation in rehabilitation agencies and therapeutic recreation settings, plus planning and adapting recreational programs in various settings.
REC 105 LEADERSHIP IN RECREATION AND LEISURE SERVICES
Units: 3.00
CSU 54.00 hours lecture
Focuses on the foundations of leadership and management skills integral for recreational leaders, emphasizing leadership theories and developing competencies and skills for effective leadership. Examines leadership roles in various recreation and leisure settings.

SIGN LANGUAGE

Associate in Arts Degree: American Sign Language Interpreting
The American Sign Language Interpreting program is a comprehensive two-year program designed to award students with an Associate in Arts degree in American Sign Language Interpreting. The degree will provide students with transfer opportunities to a four-year college or university as well as equip them with the necessary skills for entry-level positions within the field of interpreting.

Students may take American Sign Language courses to satisfy the General Education language requirement. They may also take the courses for pleasure or practical usage in communication with the deaf community, as well as to prepare for a profession that will require communication competence in the language. Enrollment in the courses will provide students with opportunities to develop their linguistic skills as well as their cultural awareness.

Interpreters work in a variety of settings. These include, but are not limited to: educational, legal, medical, religious, community, theater, rehabilitation, and freelance.

Students with an American Sign Language Interpreting degree will develop the following competencies:

* Advanced American Sign Language skills
* Knowledge of the Code of Ethics for Interpreters
* Knowledge of principles, practices, and procedures of interpreting
* Knowledge of Deaf Culture
* Knowledge of interpreting techniques
* Interpreting skills (English to ASL)
* Transliterating skills (English to MCE)
* American Sign Language/MCE to English skills
* Cultural bridging techniques
* Idiomatic and specialized vocabulary skills
* Knowledge of specialized settings and applied techniques
* Fingerspelling skills: Expressive and receptive
* Historical knowledge of American Sign Language, Deaf Culture, and Interpreting
* Knowledge of the structure of American Sign Language

Degree Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment as an interpreter.
Program Requirements:
Units Required: 38

SIGN-103 American Sign Language III . . . . . . .4.0
SIGN-104 American Sign Language IV . . . . . . .4.0
SIGN-110 American Deaf Culture . . . . . . . . . . .3.0
SIGN-112 Interpreting: Principles and Practices . . . . . . .3.0
SIGN-200 Specialized Signs and Settings . . . . . . .3.0
SIGN-201 Interpreting I . . . . . . . . . . . . . . . . . . .3.0
SIGN-202 Transliterating I . . . . . . . . . . . . . . . . .3.0
SIGN-203 Sign to English Interpreting/Transliterating I . . . . . . .3.0
SIGN-204 Interpreting II . . . . . . . . . . . . . . . . . . .3.0
SIGN-205 Transliterating II . . . . . . . . . . . . . . . . .3.0
SIGN-206 Sign to English Interpreting/Transliterating II . . . . . . .3.0

Plus a minimum of three units from the following:

CWE-188SIGN Cooperative Work Experience Education . . . . . . . . . . . . .1.0 - 4.0
ENGL-111 Introduction to Linguistics . . . . . . . . . . . . .3.0
SIGN-111 Fingerspelling . . . . . . . . . . . . . . . . . . .2.0
SIGN-113 Creative Uses of Sign . . . . . . . . . . . . .3.0

SIGN 101 AMERICAN SIGN LANGUAGE I
Units: 4.00
UC:CSU 72.00 hours lecture
A fundamental study of American Sign Language (ASL) whereby students develop expressive and receptive language skills through the learning of basic vocabulary, grammatical structures, and cultural awareness. Corresponds to the first two years of ASL offered in the high school.

SIGN 102 AMERICAN SIGN LANGUAGE II
Units: 4.00
UC:CSU 72.00 hours lecture
Prerequisite: SIGN-101.
Continuing study of American Sign Language (ASL) designed to increase the students proficiency in intermediate ASL communication skills with a continued emphasis on comprehension skills, conversational skills, cultural awareness, grammatical features and vocabulary development. Field assignments required.

SIGN 103 AMERICAN SIGN LANGUAGE III
Units: 4.00
UC:CSU 72.00 hours lecture
Prerequisite: SIGN-102
Continues the study of American Sign Language (ASL) whereby students develop expressive and receptive language skills with an increased emphasis on complex vocabulary, grammatical structures, and cultural awareness. Field assignments required.

SIGN 104 AMERICAN SIGN LANGUAGE IV
Units: 4.00
UC:CSU 72.00 hours lecture
Prerequisite: SIGN-103
An advanced study of American Sign Language (ASL) whereby students develop expressive and receptive language skills with an emphasis placed on fluency and refinement of complex vocabulary, grammatical structures, and cultural awareness. Students gain a greater ability to utilize various verb types, temporal markers, adverbial and adjectival structures. Field assignments required.

SIGN 110 AMERICAN DEAF CULTURE
Units: 3.00
UC:CSU 54.00 hours lecture
Studies various aspects of American Deaf Culture, including the description of deafness, deaf people, the Deaf community as defined by audiology and/or cultural means, service for and by Deaf people, and culture as reflected in the arts and language of Deaf people. Field assignments required.

SIGN 111 FINGERSPELLING
Units: 2.00
CSU 36.00 hours lecture
Prerequisite: SIGN-102
Develops basic skills in receptive and expressive fingerspelling. Strongly recommended for prospective teachers, interpreters, and other professionals working with deaf people. Course taught in American Sign Language. Offered pass/no-pass only.

SIGN 112 INTERPRETING: PRINCIPLES AND PRACTICES
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: SIGN-102
Introduces the field of sign language interpreting including the history of interpreting, models of interpretation, professional standards, code of ethics, interpreter assessments, credentialing, roles and responsibilities.

SIGN 113 CREATIVE USES OF SIGN
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: SIGN-103
Introduces students to artistic expressions of American Sign Language including poetry, storytelling, play on signs, songs, puns, jokes, handshape stories, and theatrical presentation of signs. Perspective, movement, characterization, form, and technique will be explored.
SIGN 200 SPECIALIZED SIGNS AND SETTINGS
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: SIGN-104, 110 and 112
Introduces students to specialized signs for vocabulary and specialized terminology presented in a variety of environments including educational, religious, medical, legal, and theatrical. Special settings (deaf-blind, tactile, oral, teaming, and video-relay) will be analyzed and interpreting techniques will be applied.

SIGN 201 INTERPRETING I
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: SIGN-104, 110 and 112
Introduces the process of consecutive interpreting including skills for analyzing, processing, and interpreting English meaning while conveying it accurately into American Sign Language.

SIGN 202 TRANSLITERATING I
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: SIGN-104, 110 and 112
Introduces the process of consecutive transliteration, analyzing, processing, and interpreting English meaning while conveying it accurately into a Manually Coded English form.

SIGN 203 SIGN TO ENGLISH INTERPRETING/TRANSLITERATING I
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: SIGN-104, 110 and 112
Introduces the skills required for accurate Sign to English interpreting/transliteration. Takes a theoretical and practical approach to analyzing the process and discussing common techniques and difficulties.

SIGN 204 INTERPRETING II
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: SIGN-201
Develops advanced, simultaneous interpreting skills, including the skills for analyzing, processing, and interpreting English meaning and conveying it simultaneously into American Sign Language.

SIGN 205 TRANSLITERATING II
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: SIGN-202
Develops the advanced process of simultaneous transliterating, including skills for analyzing, processing, and interpreting English meaning while conveying it accurately into a Manually Coded English form.

SIGN 206 SIGN TO ENGLISH INTERPRETING/TRANSLITERATING II
Units: 3.00
CSU 54.00 hours lecture
Prerequisite: SIGN-203
Develops the advanced skills and knowledge for accurate simultaneous Sign to English interpretation/transliteration. Takes a theoretical and practical approach to analyzing the process and discussing solutions to common difficulties.
SKILLS FOR HEALTHY AGING RESOURCES AND PROGRAMS

Certificate of Specialization: Skills for Healthy Aging Resources and Programs (SHARP)
As Baby Boomers age, and as they continue to represent a growing percentage of the U.S. population aged 65 and older, the nation faces an increasing use of social services. The longest of which being medical treatment and hospitalization. However, with proper education and training, older adults can effectively decrease their risks of many common injuries and increase their quality of life. Evidence Based Health Promotion (EBHP) is gaining greater recognition among health care professionals working with older adults as a research based model supporting evidence of how, with proper training and education, older adults can decrease the probability of suffering the negative effects of common health risks and increase their chance of aging healthy. Integrating the documented techniques and procedures of EBHP, the SHARP Certificate will provide an intensive semester length program to train individuals as EBHP group facilitators who can teach older adult populations in home or organizational/agency settings the skills necessary to age healthy.

Certificate Student Learning Outcome:
Students will be able to:
- Compare and contrast principles, theories, and methods incorporated in Evidence Based Health Promotion (EBHP) programs.
- Demonstrate applied techniques associated with maintaining healthy aging among older adults.
- Design and implement an EBHP activity plan for older adults.

Program Requirements:
Units Required: 12

SHARP 101 INTRODUCTION TO HEALTHY AGING
Units: 3.00
UC:CSU 54.00 hours lecture
Examines the biological, psychological, and social issues associated with the aging process and reviews aspects of healthy aging among older adults. Formerly GERO-101.

SHARP 102 HEALTH PROMOTION: BEHAVIOR CHANGE THEORIES AND PRACTICES
Units: 3.00
CSU 54.00 hours lecture

Co-requisite: SHARP-101
Examines behavior change, processes, and motivational theories, as well as negotiation and motivational interview techniques, group dynamics, and communication skills among older adults. Formerly GERO-102.

SHARP 103 HEALTH PROMOTION: PROGRAM IMPLEMENTATION
Units: 3.00
CSU 54.00 hours lecture

Co-requisite: SHARP-101 and SHARP-104
Introduces specific Evidence Based Health Promotion (EBHP) programs for older adults that address issues of chronic disease self-management, physical activity, falls prevention, depression care management, and medication management while discussing program instruction and administration. Formerly GERO-103.

SHARP 104 HEALTH PROMOTION: FIELDWORK PRACTICUM
Units: 2.00

CSU 36.00 hours lecture

Co-requisite: SHARP-103 and Cooperative Work Experience
Capstone course to the Skills for Healthy Aging Resources and Programs (SHARP) Certificate by employing fieldwork methodology and program skills in an Evidence Based Health Promotion (EBHP) setting working with older adults. Formerly GERO-104.
## SOCIAL SCIENCE

### Associate in Arts Degree: Social Science

Social Science is the study of people as members of a society. It examines individual and group behavior, communication and decision-making from a contemporary view, as well as historical roots and evolving perspectives. This degree takes an interdisciplinary approach to the field and is designed to provide an overview of the broad range of courses that constitute and are available in the social sciences.

### Degree Student Learning Outcome:

Students will be able to analyze current and historical individuals or groups using concepts and theories from the social sciences.

### Program Requirements:

SOCILOGY

The Sociology major is designed to prepare students for further studies in the discipline which will lead to the B.A., M.A., and/or Ph.D. degrees. The Associate in Arts degree in Sociology will provide an introduction to the major theoretical perspectives, research methodologies, and related sub-areas associated with the field. The degree incorporates the primary courses required for the baccalaureate degree at many four-year colleges and universities, as well as establishes the foundation needed for later graduate studies. Students can also pursue the A.A. degree in Sociology, yet decide not to attain the baccalaureate degree. The field of sociology provides students with a broad based knowledge of human behavior and social interaction, which is transferable to a multitude of areas, including education, law, medicine, government, administration of justice, and organizations.

Associate in Arts Degree: Sociology for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Sociology. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

Degree Student Learning Outcome:
Students will be able to analyze a social issue using sociological concepts.

**SOCI 101 INTRODUCTION TO SOCIOLOGY**

Units: 3.00

UC:CSU 54.00 hours lecture

C-ID SOCI 110

Examines small group interactions and cultural patterns of American and other societies using the conceptual, theoretical, and methodological principles and applications to explain how values, roles, norms, social interaction, and social inequality as well as other concepts influence individuals, groups and society.

**SOCI 101H INTRODUCTION TO SOCIOLOGY - HONORS**

Units: 3.00

UC:CSU 54.00 hours lecture

C-ID SOCI 110

**Prerequisite:** ENGL-101 or ENGL-101H

Examines small group interactions and cultural patterns of American and other societies using the conceptual, theoretical, and methodological principles and applications to explain how values, roles, norms, social interaction, and social inequality as well as other concepts influence individuals, groups and society. Additional reading, writing, and research techniques are required.

**SOCI 102 INTRODUCTION TO SOCIOLOGICAL RESEARCH METHODS**

Units: 3.00

UC:CSU 54.00 hours lecture

C-ID SOCI 120

**Prerequisite:** SOCI-101 or SOCI-101H

**Recommended Preparation:** SOCI-137

Introduces empirical scientific methods used in contemporary sociological research with focus on ethics, theory, hypotheses, variables, quantitative and qualitative data collection, research design, data analysis, and research methods.

**SOCI 103 INTIMATE RELATIONSHIPS AND FAMILIES**

Units: 3.00

UC:CSU 54.00 hours lecture

C-ID SOCI 110

Examines small group interactions and cultural patterns of American and other societies using the conceptual, theoretical, and methodological principles and applications to explain how values, roles, norms, social interaction, and social inequality as well as other concepts influence individuals, groups and society.
research design (e.g., observational, experimental, case study, and comparative historical), data collection, and data analysis using SPSS.

**SOCI 103 INTIMATE RELATIONSHIPS AND FAMILIES**
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID SOCI 130  
Examines the various forms of intimate partner relationships that exist within a diverse, multicultural society. Social, cultural, and political constructs that apply to the definition, status and legality of human partnerships are analyzed.

**SOCI 103H INTIMATE RELATIONSHIPS AND FAMILIES HONORS**
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID SOCI 130  
**Prerequisite:** ENGL-101 or ENGL-101H  
Examines the various forms of intimate partner relationships that exist within a diverse, multicultural society. Social, cultural, and political constructs that apply to the definition, status, and legality of human partnerships are analyzed. Additional reading, writing and research techniques are required.

**SOCI 105 MULTICULTURALISM IN THE UNITED STATES**
Units: 3.00  
UC:CSU 54.00 hours lecture  
Examines several levels of cultural diversity in the context of a complex, modern society, while providing the skills to understand and live in an increasingly multicultural U.S. society.

**SOCI 106 INTRODUCTION TO RACE AND ETHNICITY**
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID SOCI 150  
Examines the Sociological analysis of race, ethnicity, and racism while examining the cultural, historical, political, and economic practices and institutions that support or challenge racism, racial and ethnic inequalities, and patterns of interaction between various racial and ethnic groups.

**SOCI 108 THINKING CRITICALLY ABOUT SOCIAL ISSUES**
Units: 3.00  
UC:CSU 54.00 hours lecture  
**Prerequisite:** ENGL-101 or ENGL-101H  
Compares and contrasts the content, meaning and interpretation of social phenomena as reported by the media and scientific community. Literary criticism, logic, argumentation, and persuasion are used to analyze the content and validity of social issues. UC credit limitation: PHIL-205 and SOCI-108 combined, maximum credit one course.

**SOCI 110 SELF AND SOCIETY**
Units: 3.00  
UC:CSU 54.00 hours lecture  
Examines ways in which culture and socialization affect individual conduct, including social structures and social institutions, and their effect on the development of self-identity, attitudes, values and norms of social behavior.

**SOCI 136 QUALITATIVE ANALYSIS FOR THE SOCIAL SCIENCES**
Units: 3.00  
CSU 54.00 hours lecture  
**Recommended Preparation:** SOCI-102  
Introduces qualitative empirical methods used in contemporary sociological research with focus on ethical qualitative data collection and analysis.

**SOCI 137 STATISTICS FOR THE SOCIAL SCIENCES**
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID SOCI 125  
**Prerequisite:** MATH-070 or MATH-075  
Examines methods used in sociology to gather quantitative data and to compute, interpret, apply, and present statistical analyses via the use of SPSS. UC credit limitation: ECON-291, MATH-140, MATH-140H, PSYCH-104 and SOCI-137 combined, maximum credit one course.

**SOCI 150 INTRODUCTION TO CRIMINOLOGY**
Units: 3.00  
UC:CSU 54.00 hours lecture  
C-ID SOCI 160  
Examines the scientific study of crime and criminality and the definition of crime and its violations as well as the laws and methods used to control criminal behavior.
SOCI 200 INTRODUCTION TO WOMEN'S STUDIES
Units: 3.00
UC:CSU 54.00 hours lecture
Provides an overview of the academic field of women's studies, including the social and cultural consequences of living in a "gendered world." Socialization, communication, politics, crime, sexuality, and religion are examined, as well as the historical and cross-cultural aspects of gender relationships. Additional reading, writing, and research techniques are required.

SOCI 200H INTRODUCTION TO WOMEN'S STUDIES HONORS
Units: 3.00
UC:CSU 54.00 hours lecture
Recommended Preparation: ENGL-101 or ENGL-101H
Provides an overview of the academic field of women's studies, including the social and cultural consequences of living in a "gendered world." Socialization, communication, politics, crime, sexuality, and religion are examined, as well as the historical and cross-cultural aspects of gender relationships. Additional reading, writing, and research techniques are required.

SOCI 205 SOCIETY AND THE ENVIRONMENT
Units: 3.00
UC:CSU 54.00 hours lecture
Examines the interconnections between the social and biological features of society, as well as the sociological ramifications of environmental policies and cultural practices.

SOCI 207 SOCIAL PROBLEMS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID SOCI 115
Applies sociological principles and the research process to identify and analyze contemporary social problems, both nationally and globally, while considering: 1) The role of power and ideology in the definition of social problems; 2) Their causes and consequences; and 3) Solutions and interventions.

SOCI 208 SOCIOLOGY OF DEATH AND DYING
Units: 3.00
UC:CSU 54.00 hours lecture
Examines the cultural, social, and political meanings of death as it exists within the United States and abroad while analyzing the importance of death and its related processes as parts of socially constructed meanings recognized and practiced by society.

SOCI 210 SOCIOLOGY OF DEVIANCE, CRIME AND SOCIAL CONTROL
Units: 3.00
UC:CSU 54.00 hours lecture
Provides a sociological explanation of deviance, crime, and social control found within the United States, including the societal norms, values, and beliefs that influence socially constructed definitions of deviant behavior.

SOCI 230 SOCIOLOGY OF SEXUALITIES
Units: 3.00
UC:CSU 54.00 hours lecture
Examines sociological perspectives, theories, and research of sexuality from historical and contemporary social, cultural, and gendered contexts in a diverse society.

SOCI 233 SOCIOLOGICAL ISSUES OF LIFE AND LONGEVITY
Units: 3.00
UC:CSU 54.00 hours lecture
Examines the life course of older adults and the aging process, including the cultural, social, and political influences that shape concepts of growing old.
Certificate of Specialization: Solar Energy Technician

The Solar Energy Technician certificate of specialization is designed to provide entry level skills to students seeking employment as an installer of solar panels or solar thermal systems. Students will gain a broad knowledge of alternative energy, system design and installation techniques. The program will prepare students for the North American Board of Certified Energy Practitioners (NABCEP) exams in Entry Level Solar Thermal and Entry Level Photovoltaic.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required to design and install basic solar electrical (photovoltaic) systems, and basic solar thermal systems.

Program Requirements:
Units Required: 8

SOLAR 050 PHOTOVOLTAIC SYSTEMS
Units: 5.00
54.00 hours lecture, 108.00 hours lab

Prerequisite: SOLAR-101

Presents the principles of photovoltaics, including site evaluation, system design, performance simulation, permitting, installation, and rebates and financial incentives. Prepares students for the North American Board of Certified Energy Practitioners (NABCEP) Entry Level Photovoltaics Examination.

SOLAR 101 INTRODUCTION TO ENERGY TECHNOLOGY
Units: 3.00
CSU 54.00 hours lecture

Introduces major types of energy and their sources and interrelationships while exploring concepts of renewability, sustainability, and environmental impacts.

THEATRE

The Theatre program at College of the Canyons is designed to provide students with the lower-division major preparation for transfer to a four-year university with a major in Theatre.

Career opportunities for theatre professionals are diverse and serve people at all stages of life, in settings that touch our lives almost daily: live theatrical presentations and performances, recorded medium (including: film, television, radio, video, computer games), large public events and conventions, recreation, art and education programming in both the private and public sectors and amusement parks and attractions. Participation in these settings include, performers, designers, writers, directors, and managers.

Associate in Arts Degree: Theatre Arts for Transfer

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete:

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
   a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
   b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

2. Obtainment of a minimum grade point average of 2.0.

Associate Degrees for Transfer also require that students must earn a C or better in all courses required for the major or area of emphasis.

This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning
to complete the degree for more information on university admission and transfer requirements. At the time of catalog publication, a student may earn an AA-T in Theatre Arts. Additional majors are being developed. Please see a counselor or visit http://www.canyons.edu for more information.

**Degree Student Learning Outcome:**
Students will be able to:

- Demonstrate a basic level of competency as a performer or technician (stagecraft, make-up design, costume construction or stage lighting technology) performing the duties of either in a realized production.
- Analyze and critique dramatic literature and/or performance.

**Program Requirements:**
Units Required: 18

THEATR-130  Fundamentals of Costume
            Design  . . . . . . . . . . . . . . . . . . . . . . .3.0

Associate in Arts Degree: Theatre – Performance
An Associate in Arts degree in Theatre – Performance Emphasis offers courses in both theory and practice. Students acquire an immediately useful set of theatre skills, including acting, voice, movement, and script-analysis, while working with a wide spectrum of production experiences in which to practice them. Courses in history, theory and criticism place the art of theatre in its larger historical context.

The Performance major will acquire a strong foundation in theatre and the dramatic form. Requirements for the major include all aspects of the dramatic event: creation, rehearsal, and performance. Practical experience is gained in a number of performance spaces and genres. Students are provided with the opportunity to participate in a professional setting, giving the student an understanding of the theatrical production and dramatic experience.

Degree Student Learning Outcome:
Students will be able to demonstrate advanced performance techniques.

Program Requirements:
Units Required: 23

THEATR-110  Understanding Theatre  . . . . . .3.0
THEATR-140  Acting Fundamentals  . . . . . . . . . .3.0

THEATR-241  Movement for the Performer  . . . .2.0
THEATR-242  Voice for the Performer  . . . . . . . . .2.0

THEATR 060 THE BUSINESS OF ACTING
Units: 3.00
54.00 hours lecture
Provides an introduction to acting as a business and approaches to becoming a working professional in the entertainment industry, including pictures, resumes, new technologies, agents, unions, interviewing, auditioning and marketing.

THEATR 061 AUDITIONING FOR STAGE,
FILM AND TELEVISION
Units: 2.00
18.00 hours lecture, 54.00 hours lab
Prerequisite: THEATR-140
Presents processes for professional work in theatre, television and film, including selection, preparation and performance of material with which to audition.

THEATR 100 THEATRE APPRECIATION
Units: 3.00
UC:CSU 54.00 hours lecture
Surveys theatre by exploring the creation and presentation of theatrical performances. Students are required to attend on-campus and regional live performances.
THEATR 110 UNDERSTANDING THEATRE
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID THTR-111
Analyzes theatre and the theatrical event from the audience perspective, including the functions of the producer, architect, playwright, director, actors, designers, and critics.

THEATR 120 STAGECRAFT
Units: 3.00
UC:CSU 36.00 hours lecture, 54.00 hours lab
C-ID THTR-171
Provides the theory and practical application of technical elements for the stage including scenic design, construction, painting, rigging, safety practices, methods of shifting scenery, theatrical lighting and programming, and theatrical audio equipment.

THEATR 126 IMPROVISATION
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Introduces the history, theories, principles and practices of theatrical improvisation, including exercises, games and situational scenes designed to hone performance skills.

THEATR 127 IMPROVISATIONAL PERFORMANCE
Units: 2.00
CSU 18.00 hours lecture, 54.00 hours lab
Prerequisite: THEATR-126
Further develops improvisational skills, including spontaneity, physicalization, character and ensemble. Improvisational techniques are directed towards live performance. Requires public performance.

THEATR 130 FUNDAMENTALS OF COSTUME DESIGN
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
C-ID THTR 174
Presents costume history, design and basic construction techniques as an introduction to basic theatrical costuming. Materials, tools, fabrics and their various uses will be investigated.

THEATR 140 ACTING FUNDAMENTALS
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID THTR 151
Introduces principles, practices and techniques of acting as an artistic discipline.

THEATR 141 SCENE PERFORMANCE
Units: 3.00
UC:CSU 36.00 hours lecture, 54.00 hours lab
C-ID THTR-152
Prerequisite: THEATR-140.
Designed for more advanced theater students to further develop voice, movement and the ability to analyze dramatic text and characters through extended scene work.

THEATR 144 ACTING FOR THE CAMERA
Units: 3.00
UC:CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: THEATR-126 or THEATR-140
Presents the fundamental techniques required in acting before the camera, including guidelines for following the specific demands of the camera.

THEATR 161 MUSICAL THEATRE TECHNIQUES
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Recommended Preparation: THEATR-140 and MUSIC-140
Develops vocal skills, choreographic movement and acting techniques for musical theatre, including exercises, solo and fully-staged scenes.

THEATR 162 MUSICAL THEATRE TECHNIQUES II
Units: 2.00
CSU 18.00 hours lecture, 54.00 hours lab
Prerequisite: THEATR-161
Recommended Preparation: MUSIC-141
Explores continued study of vocal skills, movement and acting techniques for musical theatre, including exercises, solo, duet, fully staged scenes, and preparation of audition portfolio.

THEATR 180A MODERN REHEARSAL AND PERFORMANCE I
Units: 1.50-4.00
UC:CSU 18.00 hours lecture, 27.00-162.00 hours lab
Prerequisite: Audition
Recommended Preparation: THEATR-140
Explores a modern production for the beginning collegiate actor from audition to performance through lecture, research and rehearsals. Includes textual analysis, historical research, connecting text to dramatic action on stage, and developing vocal and physical techniques for the beginning actor. Public performance required.
THEATR 184A MUSICAL THEATRE REHEARSAL AND PERFORMANCE I
Units: 1.50-4.00
UC:CSU 18.00 hours lecture, 27.00-162.00 hours lab
Prerequisite: Audition
Explores a musical theatre production for the beginning collegiate actor from audition to performance through lecture, research and rehearsals. Includes textual analysis, historical research, connecting text to dramatic action on stage, and developing vocal and physical techniques for the beginning actor. Public performance required.

THEATR 186A TECHNICAL THEATRE I (BEGINNING)
Units: 1.50-4.00
UC:CSU 18.00 hours lecture, 27.00-162.00 hours lab
Prerequisite: Audition & Interview
Recommended Preparation: THEATR-120 and THEATR-130
Provides beginning technical theatre student the opportunity to provide support for productions through the installation and operation of scenery, props, lights, sound, and wardrobe for the complete run of a theatrical production.

THEATR 188A SOLO PERFORMANCE WRITING
Units: 3.00
CSU 54.00 hours lecture
Introduces the essential elements of writing an original solo show. Includes writing, giving and receiving feedback, and rewriting. Culminates with the final draft.

THEATR 188B SOLO PERFORMANCE
Units: 3.00
UC:CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: THEATR-188A
Introduces the essential elements of rehearsing and performing a solo show. Students will rehearse and perform an original solo show which was developed in THEATR-188A.

THEATR 190 THEATRE PRODUCTION
Units: 1.50-4.00
UC:CSU 18.00 hours lecture, 27.00-162.00 hours lab
Prerequisite: Audition
Explores a study and laboratory exploration of all aspects of theatre production involving actor, technician and manager, and their contributions to the total aesthetic effect of a dramatic production before a public audience.

THEATR 190A NEW PLAYS WORKSHOP AND PRODUCTION
Units: 1.50-4.00
UC:CSU 18.00 hours lecture, 27.00-162.00 hours lab
Prerequisite: Audition and Interview
Provides for the exploration, development, revision, and presentation of new and original theatrical pieces involving playwrights, actors, directors and designers in the process. The course offers close examination of the playwrights function in the theatrical process, the playwright and director relationship as well as the performer's participation with and relationship to newly created dramatic work.

THEATR 190B CLASSICAL THEATRE PRODUCTION
Units: 1.50-4.00
UC:CSU 18.00 hours lecture, 27.00-162.00 hours lab
Prerequisite: Audition
Explores a classical play through lecture, research and rehearsals. Includes textual analysis, historical research, connecting text to dramatic action on stage, and developing vocal and breath techniques for handling heightened text. Culminates in public performances of the play.

THEATR 190C THEATRE PRODUCTION - COMEDY
Units: 1.50-4.00
UC:CSU 18.00 hours lecture, 27.00-162.00 hours lab
Prerequisite: Audition
Explores a comedic play through lecture, rehearsals and performance. stage, and developing physical and vocal technique for comic delivery, including textual analysis, historical research, connecting text to comedic action, culminating in public performances.

THEATR 190D THEATRE PRODUCTION - DRAMA
Units: 1.50-4.00
UC:CSU 18.00 hours lecture, 27.00-162.00 hours lab
Prerequisite: Audition
Explores a dramatic play through lecture, rehearsals and performance, including textual analysis, historical research, connecting text to dramatic action, culminating in public performances.
THEATR 191 TECHNICAL THEATRE PRODUCTION
Units: 1.50-4.00
UC:CSU 18.00 hours lecture, 27.00-162.00 hours lab
C-ID THTR 192
Recommended Preparation: THEATR-120
Provides technical support for TH 190 (A-D), Theatre Production, and TH 193, Summer Theatre Workshop, through the installation and operation of scenery, props, lights, sound, and wardrobe for the complete run of a theatrical production.

THEATR 193 SUMMER THEATRE WORKSHOP
Units: 1.50-4.00
UC:CSU 18.00 hours lecture, 27.00-162.00 hours lab
Prerequisite: Audition
Focuses on production and performance of one or more summer stock presentations.

THEATR 195 SOLO PERFORMANCE
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Recommended Preparation: THEATR-140 and/or THEATR-126
Introduces the essential elements of an original solo show, including writing, giving and receiving feedback, rewriting, rehearsal and performance.

THEATR 210 SCRIPT ANALYSIS
Units: 3.00
CSU 54.00 hours lecture
C-ID THTR 114
Recommended Preparation: THEATR-110
Presents principles and methods employed by actors, directors and designers to analyze dramatic literature as scripts for theatrical performance.

THEATR 220 THEATRE HISTORY I
Units: 3.00
UC:CSU 54.00 hours lecture
C-ID THTR-113
Surveys theatre from ancient times through the 18th century.

THEATR 221 THEATRE HISTORY II
Units: 3.00
UC:CSU 54.00 hours lecture
A study of theatre as a product and reflection of its time, from the late 18th century to the present. Examination and analysis of the effects of the audiences upon playwright, actor, director and settings.

THEATR 240 ACTING SHAKESPEARE
Units: 3.00
UC:CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: THEATR-140.
Explores Shakespeare’s plays and poetry from a performance perspective, through research, exercises, monologues and scene study.

THEATR 241 MOVEMENT FOR THE PERFORMER
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Develops the performer’s instrument as it pertains to the body through stretching and strengthening exercises, awareness, relaxation, flexibility, and responsiveness.

THEATR 242 VOICE FOR THE PERFORMER
Units: 2.00
UC:CSU 18.00 hours lecture, 54.00 hours lab
Introduces fundamentals of voice for the performer in order to communicate openly and effectively, including tonal production, vocal quality, and articulation. Explores voice as an aid in understanding the complex relationship between the actor, the character, and the text.
WATER SYSTEMS TECHNOLOGY

Associate in Science Degree and Certificate of Achievement: Water Systems Technology

Water Systems Technology is the study of water treatment processes, distribution processes, and wastewater processes. The program is designed to prepare students seeking a career in drinking water treatment and distribution or wastewater. The Water Systems Technology program also provides instruction for water and wastewater industry personnel interested in career advancement as well as continuing education opportunities for State certified Water Treatment and Water Distribution Operators certification renewal. Coursework will help prepare students for various certification examinations given by the State of California Water Resources Control Board. Upon completion of the program, students will acquire skills and knowledge in water treatment concepts, wastewater treatment concepts, chemical dosage techniques, water distribution, water chemistry, water quality, water mathematical calculations and other skills needed throughout this vital industry. The students completing the program can become employed as a distribution operator, water treatment plant operator, water service representative, water quality specialist, wastewater collection worker and/or wastewater treatment operator.

Degree and Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment in the water industry.

Program Requirements:

WATER 020 INTRODUCTION TO WATER SYSTEMS TECHNOLOGY
Units: 3.00
54.00 hours lecture
Explores the technologies, potential career opportunities and the State of California Water Resources Control Board certification requirements in the water industry. Topics include water sources, water quality, water treatment, water distribution, and related topics.

WATER 030 WATERWORKS MATHEMATICS
Units: 3.00
54.00 hours lecture
Introduces basic mathematical principles related to water distribution and treatment systems; including areas, volumes, pressure, flow rates, unit conversion, chemical dosage, detention time, filtration rates. Assists in preparation for Water Distribution and Treatment Operator Certification Examinations.

WATER 031 ADVANCED WATERWORKS MATHEMATICS
Units: 3.00
54.00 hours lecture
Prerequisite: WATER-030
Examines advanced study of mathematical principles related to pump hydraulics: horsepower, flow rates, pump curves, chemical dosages, detention time, filtration and backwash rates, CT calculations and various utility management analyses related to budget preparations, water rate structures, and demand design forecasting. Focuses on mathematical computations within the expected range of knowledge on the State of California Water Resources Control Board Certification exams for D3, D4, D5, T3, and T4.

WATER 032 WATER SUPPLY
Units: 3.00
54.00 hours lecture
Recommended Preparation: WATER-030
Examines the sources of drinking water supplies, with special emphasis on water in California. Explores the uses of water, including residential, commercial/industrial/institutional, and landscaping demands. It also examines the roles and methods of conservation on water demand management.
WATER 035 WATER QUALITY
Units: 3.00
54.00 hours lecture
Examines basic principles of chemistry and microbiology, and applies them to drinking water quality and related state and federal regulations.

WATER 040 WATER DISTRIBUTION OPERATOR I
Units: 3.00
54.00 hours lecture
Recommended Preparation: WATER-030
Introduces basic concepts and processes of drinking water distribution systems, including a general background of drinking water sources, regulations, water system design, and various distribution system appurtenances. Assists in the preparation of State of California Water Resources Control Board Operator Certification Exams for Grades I and II.

WATER 041 WATER DISTRIBUTION OPERATOR II
Units: 3.00
54.00 hours lecture
Recommended Preparation: WATER-040 or four years of employment in a water treatment plant, water distribution system or hold a valid Grade I license.
Presents intermediate to advanced principles of water distribution. Assists in preparation for Grade III & IV Water Distribution Operator’s Certificate examination given by the State of California Water Resources Control Board.

WATER 050 WATER TREATMENT PLANT OPERATION PROCESSES I
Units: 3.00
54.00 hours lecture
Recommended Preparation: WATER-030 & WATER-035
Presents the basic operating principles and techniques of the conventional surface water treatment processes of coagulation, flocculation, sedimentation, and filtration, plus those of disinfection processes. Assists in preparation for Grade T1 and T2 Water Treatment Plant Operator’s Certificate examination given by the State of California Water Resources Control Board.

WATER 052 WATER TREATMENT PLANT OPERATION PROCESSES II
Units: 3.00
54.00 hours lecture
Recommended Preparation: WATER-031 and 050.
Examines advanced topics in conventional surface water treatment processes and disinfection, as well as non-conventional treatment processes. Assists in preparation for Grade T3 and T4 Water Treatment Plant Operator’s Certificate examination given by the State of California Water Resources Control Board.

WATER 060 WASTEWATER TREATMENT AND DISPOSAL I
Units: 3.00
54.00 hours lecture
Presents the basic operating principles and techniques of conventional wastewater treatment processes including preliminary treatment, primary treatment, and secondary treatment, as well as wastewater quality assessment, wastewater collection, and wastewater disposal. Assists in preparation for Grade I Wastewater Treatment Plant Operator Certificate examination given by the State of California Water Resources Control Board.

WATER 061 WASTEWATER TREATMENT AND DISPOSAL II
Units: 3.00
54.00 hours lecture
Recommended Preparation: WATER-060
Examines advanced topics in conventional wastewater treatment processes including alternative secondary treatment methods, tertiary treatment, disinfection and dechlorination, solids handling, water recycling, and industrial waste management. Assists in preparation for Grade 2 Wastewater Treatment Plant Operator Certificate examination given by the State of California Water Resources Control Board.
WELDING

Associate in Science Degree and Certificate of Achievement: Welding Technology

Welding Technology is a career technical education program designed to prepare students for a variety of entry-level positions in today's welding and fabrication related industries. Course offerings range from very basic welding fundamentals to the most technically advanced. Students gain skills in safety procedures, applied theory, metal fabrication, and related welding processes. Emphasis is placed on individual instruction. Instructors are AWS Certified Welding Inspectors/Educators. Welding curriculum is aligned with the American Welding Society SENSE Entry Welder Program. Students can earn welder certifications in accordance with the American Welding Society (AWS), The Los Angeles Department of Building and Safety (LADBS), and The American Society of Mechanical of Engineers (ASME). Upon successful completion of the program, students are prepared to enter into the following career opportunities: welder, welding inspector, welding technician/fitter, pipe fitter/welder, and metal fabricator.

Degree and Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in industry-recognized principles and practices as they apply to today's welding and metal fabrication industries.

Certificate of Specialization: Welding Technology – Robotic Welding Automation

The Welding Technology Certificate of Specialization in Robotic Welding Automation provides training to gain the technical and applied skills required to perform advanced programming and operational tasks as per the American Welding Society standards and specifications for robotic welding.

Certificate Student Learning Outcome:
Students will be able to demonstrate advanced-level skills to produce quality welds in the flat, horizontal, vertical, and overhead positions using the shielded metal arc welding process.
Students will be able to:
- Analyze the theory and skills necessary for performing advanced programming and operational tasks as per AWS Robotic Arc Welding standards.
- Safely operate common robotic welding automation systems while performing advanced programming and welding functions.

Program Requirements:
Units Required: 16.5

Certificate of Specialization: Welding Technology - Shielded Metal Arc Welding

The Welding Technology Certificate of Specialization in Shielded Metal Arc Welding (SMAW) is designed for those interested in welding structural steel. Course work includes a comprehensive study with an emphasis on application of fundamental welding techniques and industry practices. Program completers are prepared for entry level employment into industries such as steel construction and maintenance & repair, and general fabrication.

Certificate Student Learning Outcome:
Students will be able to demonstrate advanced level skills to produce quality welds in the flat, horizontal, vertical, and overhead positions using the shielded metal arc welding process.

WELD 080 NON-DESTRUCTIVE TESTING
Units: 3.00
54.00 hours lecture
Surveys common non-destructive testing (NDT) theories and applications as they relate to industry recognized quality control systems. Emphasizes proper evaluation methods using eddy current test (ET), liquid dye penetrate test (PT), magnetic particle test (MT), radiographic test (RT), and ultrasonic test (UT). Field trips may be required. Units do not apply to the associate degree.

WELD 092 INTRODUCTION TO METAL FABRICATION
Units: 2.00
18.00 hours lecture, 54.00 hours lab
First in a three-part series of courses examining the principles and practices of metal fabrication including layout and design techniques, while emphasizing proper operation of drilling, cutting, threading, grinding, and related equipment. Students are exposed to basic design techniques used to fabricate basic metal projects.

WELD 093 INTERMEDIATE METAL FABRICATION
Units: 2.00
18.00 hours lecture, 54.00 hours lab
Prerequisite: WELD-092
Second in a three-part series of courses examining the principles and practices of metal fabrication, while emphasizing proper operation of bending, turning, cutting, milling and related equipment. Students are exposed to enhanced design techniques used to fabricate intermediate metal projects.

WELD 094 ADVANCED METAL FABRICATION
Units: 2.00
18.00 hours lecture, 54.00 hours lab
Prerequisite: WELD-093
Third in a three-part series of courses examining the principles and practices of metal fabrication, while emphasizing safe and proper operation of metal working equipment. Students construct complex projects that involve design, layout, machining, fabrication, and welding technology.

WELD 096 WELDING CERTIFICATION AND LICENSE PREPARATION
Units: 3.00
54.00 hours lecture
Recommended Preparation: WELD-101C & WELD-124
Reviews the practical applications and fundamental concepts to prepare students for the Los Angeles City Department of Building and Safety written structural welding certification test.
WELD 101A INTRODUCTION TO SHIELDED METAL ARC WELDING
Units: 2.50
CSU 27.00 hours lecture, 54.00 hours lab
The first of a three-part series introducing the theory and application of shielded metal arc welding (SMAW). Emphasizes safety procedures, use of SMAW welding equipment and proper welding techniques in accordance with the American Welding Society SENSE program.

WELD 101B INTERMEDIATE SHIELDED METAL ARC WELDING
Units: 2.50
CSU 27.00 hours lecture, 54.00 hours lab
Prerequisite: WELD-101A
The second of a three-part series in the theory and application of shielded metal arc welding (SMAW). Emphasizes safety procedures, use of SMAW welding equipment and intermediate-level welding techniques in accordance with the American Welding Society SENSE program.

WELD 101C ADVANCED SHIELDED METAL ARC WELDING
Units: 2.50
CSU 27.00 hours lecture, 54.00 hours lab
Prerequisite: WELD-101B
The third of a three-part series in the theory and application of shielded metal arc welding (SMAW). Emphasizes safety procedures, use of SMAW welding equipment and advanced-level welding techniques in accordance with the American Welding Society SENSE program. Welder performance certification is emphasized.

WELD 104 INTRODUCTION TO GAS TUNGSTEN ARC WELDING
Units: 2.00
CSU 18.00 hours lecture, 54.00 hours lab
Introduces the principles and practices of gas tungsten arc welding (GTAW), including basic welding-joint design, expansion, contraction, and residual stress in welding of metals.

WELD 105 ADVANCED GAS TUNGSTEN ARC WELDING
Units: 2.00
CSU 18.00 hours lecture, 54.00 hours lab
Prerequisite: WELD-104
Provides further development and strengthening of gas tungsten arc welding (GTAW) skills. Emphasizes theory, techniques and applications of GTAW commonly used in the aerospace, pharmaceutical and motorsport industries.

WELD 114A INTRODUCTION TO ROBOTIC WELDING AUTOMATION
Units: 2.50
CSU 27.00 hours lecture, 54.00 hours lab
The first of a three-part series introducing fundamental theory and hands-on application of robotic welding automation. Emphasizes safety awareness, programming techniques, and basic gas metal arc welding applications using six-axis robotic welding systems.

WELD 114B INTERMEDIATE ROBOTIC WELDING AUTOMATION
Units: 2.50
CSU 27.00 hours lecture, 54.00 hours lab
Prerequisite: WELD-114A
The second of a three-part series introducing intermediate-level theory and hands-on application of robotic welding automation. Emphasizes safety awareness, programming techniques, and intermediate gas metal arc welding applications using six-axis robotic welding systems.

WELD 114C ADVANCED ROBOTIC WELDING AUTOMATION
Units: 2.50
CSU 27.00 hours lecture, 54.00 hours lab
Prerequisite: WELD-114B
The third of a three-part series introducing advanced-level theory and hands-on application of robotic welding automation. Emphasizes safety awareness, programming techniques, and advanced GMAW welding applications using six-axis robotic welding systems.

WELD 120 INDUSTRIAL WELDING I
Units: 5.00
CSU 54.00 hours lecture, 108.00 hours lab
First in a three-part series providing theory and technical skills training towards completion of the American Welding Society SENSE Level I - Entry Welder program. Examines related safety, mathematics, metallurgy, and weld-joint design associated with associated welding and thermal cutting processes.

WELD 122 INDUSTRIAL WELDING II
Units: 5.00
CSU 54.00 hours lecture, 108.00 hours lab
Recommended Preparation: WELD-120
Second in a three-part series providing theory and technical skills training towards completion of the American Welding Society SENSE Level I - Entry Welder program. Focuses on gas metal arc welding in addition to development of flux cored arc welding skills. Examines related safety, mathematics, metallurgy, and weld-joint design associated with associated welding and thermal cutting processes.
WELD 124 INDUSTRIAL WELDING III
Units: 5.00
CSU 54.00 hours lecture, 108.00 hours lab
Prerequisite: WELD-122
Third in a three-part series providing theory and technical skills training towards completion of the American Welding Society SENSE Level I - Entry Welder program. Examines the gas tungsten arc welding process. Safety, mathematics, metallurgy, and weld-joint design are studied in detail. Provides the levels of proficiency needed for various certifications available in today's welding industry.

WELD 130 WELDING METALLURGY
Units: 3.00
CSU 54.00 hours lecture
Introduces basic metallurgy as applied to welding, emphasizing common heat treatment procedures, welding enhancement procedures, and thermal control of stress and strain in relation to ferrous and non-ferrous metals.

WELD 132 BLUEPRINT READING FOR WELDERS AND FABRICATORS
Units: 3.00
CSU 54.00 hours lecture
Recommended Preparation: MFGT-090
Examines blueprint interpretation practices commonly used by welding and metal fabrication industries. Exposure to common drawing types, symbols, views, lines, dimensions, and tolerances. Emphasizes the analysis of welding symbols as approved by the American Welding Society (AWS) and International Organization of Standardization (ISO).

WELD 165 PIPE WELDING FUNDAMENTALS
Units: 3.00
CSU 36.00 hours lecture, 54.00 hours lab
Prerequisite: WELD-101A
Introduces basic theory and application of pipe welding using the shielded metal arc welding (SMAW) process. Procedures leading to skillfulness in pipe weld-joint design, pre-weld fit up, basic metallurgy, weld symbols, and related codes and standards are emphasized.

WINE STUDIES

Certificate of Specialization: Wine Studies
The Wine Studies program is designed to provide students desiring employment in the culinary or restaurant industry with foundational knowledge and skills in world viticulture and wine styles. The curriculum provides introduction to wine appreciation, service and wine and food pairings. Upon completion of the program, students will have a well-developed wine palate and will be able to assist customers in wine selection.

Certificate Student Learning Outcome:
Students will be able to:
- Perform sensory evaluation on wines from a variety of world viticulture regions.
- Compare and contrast the world wine regions.

Program Requirements:
Units Required: 17

Certificate of Specialization: Hospitality Wine Service
The Hospitality Wine Service program is designed to provide students with knowledge and skills related to providing exceptional wine service in restaurants, hotels and other culinary venues. The program provides introductory knowledge on world viticulture and wine styles but focuses on the food, business and service aspects of wine and the role of wine in the hospitality industry.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in the core skills and knowledge required for employment in the wine service/hospitality/restaurant industry.

WINEST 084 WINE SERVICE AND HOSPITALITY  
Units: 1.50  
27.00 hours lecture  
Introduces the basics of wine service for the hospitality industry.

WINEST 085 WINES OF CALIFORNIA  
Units: 2.00  
36.00 hours lecture  
Prerequisite: Students must be 21 years of age to enroll.  
Explores the major wine regions of California including the grape varieties and types of wine production. Includes the wine styles and associated wine laws, structure and culture of California. Pregnant women and persons with allergies to sulfites are advised not to take this class. Wine will be tasted.

WINEST 086 WINES OF ITALY  
Units: 1.50  
27.00 hours lecture  
Prerequisite: Students must be 21 years of age to enroll.  
Introduces the major wine regions of Italy, grape varieties grown, and the wines produced. Includes the process of Italian wine making, the importance of wine in Italian cuisine and culture and the stature Italian wines have achieved worldwide. Pregnant women and persons with allergies to sulfites are advised not to take this class. Wine will be tasted.

WINEST 087 WINES OF FRANCE  
Units: 1.50  
27.00 hours lecture  
Prerequisite: Students must be 21 years of age to enroll.  
Explores the major wine regions of France, the grape varieties and types of wine production. Includes the wine styles and associated wine laws, structure and culture of France. Pregnant women and persons with allergies to sulfites are advised not to take this class. Wine will be tasted.

WINEST 088 WINES OF AUSTRALIA AND NEW ZEALAND  
Units: 1.50  
27.00 hours lecture  
Prerequisite: Students must be 21 years of age to enroll.  
Explores the major wines of Australia and New Zealand, the grape varieties and types of wine production. Includes the wine styles and associated wine laws, structure and culture of Australia and New Zealand. Pregnant women and persons with allergies to sulfites are advised not to take this class. Wine will be tasted.

WINEST 089 WINES OF SPAIN  
Units: 1.50  
27.00 hours lecture  
Prerequisite: Students must be 21 years of age to enroll.  
Explores the major wine regions, grape varieties, and types of wine production of Spain. Includes the wine styles and associated wine laws, structure and culture of Spain. Pregnant women and persons with allergies to sulfites are advised not to take this class. Wine will be tasted.

WINEST 100 WINE APPRECIATION  
Units: 3.00  
CSU 54.00 hours lecture  
Prerequisite: Students must be 21 years of age to enroll.  
Explores the grape varieties and types of wine produced in the major wine regions of France, Italy, Germany, Spain, Australia, New Zealand, South America, and North America. Pregnant women and persons with allergies to sulfites are advised not to take this class. Wine will be tasted.

WINEST 102 WORLD VITICULTURE AND WINE STYLES  
Units: 3.00  
UC:CSU 54.00 hours lecture  
Prerequisite: WINEST-100 and Students must be 21 years of age to enroll.  
Surveys the world of viticulture and the wine industry, including the history of viticulture, grapevine anatomy, worldwide grapes, and wine production, the making of wine and sensory evaluations. Pregnant women and persons with allergies to sulfites are advised not to take this class. Wine will be tasted.

WINEST 104 INTRODUCTION TO WINE IN THE RESTAURANT  
Units: 3.00  
CSU 54.00 hours lecture  
Prerequisite: WINEST-100  
Examines the management of wine purchasing, storage, and selling for the culinary arts or restaurant management professional.
CONTINUING EDUCATION
Noncredit Classes

The College’s Community Education Department provides lifelong learning classes to residents of all ages with opportunities for professional development, skills development, and language acquisition. These courses are offered tuition-free and are supported by the State of California. Courses include English as a Second Language (ESL), Immigrant Education & Citizenship, College Success Skills, programs for Older Adults (Emeritus College), Health and Safety Education, and Career Technical Education programs. Some courses may require a materials fee to be paid at the time of registration to cover the cost of supplies and materials given to students during the class. This fee does not cover the cost of any required textbooks.

COLLEGE SUCCESS SKILLS (BASIC SKILLS)

Certificate of Completion: General Education Development Preparation
This certificate prepares students to take the General Education Development exam.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in reading, writing, science, social studies, mathematics, and the test taking strategies required to meet the GED requirements.

Program Requirements:
Units Required: 0

NC.BCSK-50 Test Taking Skills ................................. 0.0
NC.BCSK-100 GED Preparation .............................. 0.0

Certificate of Competency: Academic Skills
Students who receive this certificate have demonstrated mastery of skills in English and mathematics at the elementary and secondary levels.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in English and mathematics skills at the elementary and secondary levels.

Program Requirements:
Units Required: 0

NC.BCSK-080 Academic Skills I ............................. 0.0
NC.BCSK-085 Academic Skills II .............................. 0.0

NC.BCSK 050 TEST-TAKING SKILLS
Units: 0.00
Addresses the skills necessary to become a successful test-taker, including test anxiety, test types, study tips, time management, and academic integrity. This course may be offered open entry/open exit. Offered pass/no-pass only.

NC.BCSK 080 ACADEMIC SKILLS I
Units: 0.00
Develops basic reading, writing, and math skills through individualized, computer-assisted instruction. This course may be offered open entry/open exit. Offered pass/no-pass only.

NC.BCSK 085 ACADEMIC SKILLS II
Units: 0.00
Continues to develop reading, writing, and math skills through individualized, computer-assisted instruction. This course may be offered open entry/open exit. Offered pass/no-pass only.

NC.BCSK 100 GED PREPARATION
Units: 0.00
Designed to prepare students to pass the five sections of the General Educational Development test: Reading, Writing I and II (essay), Science, Social Studies and Mathematics. Students require basic computer literacy to utilize GED tutorial software. This course may be offered open entry/open exit. Offered pass/no-pass only.

NC.BCSK E21 GRAMMAR AND SENTENCE WRITING
Units: 0.00
Improves writing at the sentence level by focusing on grammar, punctuation, sentence boundaries and word usage. This course is offered in an open entry/open, open/exit format.
NC.BCSK MA3 NONCREDIT ARITHMETIC I
Units: 0.00
The first of a two-course sequence in basic arithmetic including whole numbers, decimals, and integers. This course may be offered in an open entry/open exit format.

NC.BCSK MA4 NONCREDIT ARITHMETIC II
Units: 0.00
The second course in a two-course sequence in basic arithmetic including fractions, mixed numbers, and percentages. This course may be offered in an open entry/open exit format.

NC.TUTR 094 SUPERVISED TUTORING
Units: 0.00
Co-requisite: Enrollment as a COC student and referral of instructor/counselor
Provides individualized and group activities designed to support success in the classroom setting. Includes learning style assessment and follow-up, study skills workshops, group tutorials, activities and assignments for individualized tutoring support. This course may be offered open entry/open exit. Offered pass/no-pass only.

Certificate of Competency: ESL/Beginning Level
Students who receive this certificate have demonstrated mastery of the Model Standards for Adult Education Programs Beginning Low and Beginning High levels of English skills in reading, writing, speaking and listening.

Certificate Student Learning Outcome:
Students will be able to communicate in English through reading, writing, speaking, and listening at the Beginning High level.

Program Requirements:
Units Required: 0

NC.ESL-1A Beginning Low A ............... 0.0
NC.ESL-1B Beginning Low B ............... 0.0
NC.ESL-2A Beginning High A ............... 0.0
NC.ESL-2B Beginning High B ............... 0.0

Certificate of Competency: ESL/Intermediate Level
Students who receive this certificate have demonstrated mastery of the Model Standards for Adult Education Programs Intermediate Low and Intermediate High levels of English skills in reading, writing, speaking and listening.

Certificate Student Learning Outcome:
Students will be able to demonstrate proficiency in English through reading, writing, speaking and listening in English at the Intermediate High level.

Program Requirements:
Units Required: 0

NC.ESL-3A Intermediate Low A ............... 0.0
NC.ESL-3B Intermediate Low B ............... 0.0
NC.ESL-4A Intermediate High A ............... 0.0
NC.ESL-4B Intermediate High B ............... 0.0

NC.ESL 1A BEGINNING LOW A
Units: 0.00
Develops basic English skills at the Beginning Low level through listening, speaking, reading and writing, including grammar, pronunciation, vocabulary and everyday life situations. Offered pass/no-pass only.

NC.ESL 1B BEGINNING LOW B
Units: 0.00
Prerequisite: NC.ESL-1A or Placement Test
Continues and expands the development of basic English skills at the Beginning Low level through listening, speaking, reading and writing, including grammar, pronunciation, vocabulary and everyday life situations.

NC.ESL 2A BEGINNING HIGH A
Units: 0.00
Prerequisite: NC.ESL-1B or Placement Test
Develops English skills at the Beginning High level through listening, speaking, reading and writing, including grammar, pronunciation, vocabulary and everyday life situations. Offered pass/no-pass only.

NC.ESL 2B BEGINNING HIGH B
Units: 0.00
Prerequisite: NC.ESL-2A or Placement Test
Continues and expands the development of English skills at the Beginning High level through listening, speaking, reading and writing, including grammar, pronunciation, vocabulary and everyday life situations. Offered pass/no-pass only.

NC.ESL 3A INTERMEDIATE LOW A
Units: 0.00
Prerequisite: NC.ESL-2B or Placement Test
Develops English skills at the Intermediate Low level through listening, speaking, reading and writing including grammar, pronunciation, vocabulary and everyday life situations. Offered pass/no-pass only.
NC.ESL 3B INTERMEDIATE LOW B
Units: 0.00
Prerequisite: NC.ESL-3A or Placement Test
Continues and expands English skills at the Intermediate Low level through listening, speaking, reading and writing including grammar, pronunciation, vocabulary and everyday life situations. Offered pass/no-pass only.

NC.ESL 4A INTERMEDIATE HIGH A
Units: 0.00
Prerequisite: NC.ESL-3B or Placement Test
Develops English skills at the Intermediate High level through listening, speaking, reading and writing, including grammar, pronunciation, vocabulary and everyday life situations. Offered pass/no-pass only.

NC.ESL 4B INTERMEDIATE HIGH B
Units: 0.00
Prerequisite: NC.ESL-4A or Placement Test
Continues and expands English skills at the Intermediate High level through listening, speaking, reading and writing, including grammar, pronunciation, vocabulary, and common situations.

NC.ESL 01 COMMUNICATION FOR EMPLOYMENT
Units: 0.00
50.82 hours lecture
Recommended Preparation: NC.ESL-2B
Introduces non-native speakers to basic written and verbal communication skills, as well as, cultural knowledge necessary for employment in the United States. Focuses on traditional and web-based employment opportunity resources, completing job applications, writing simple resumes, and answering questions at job interviews. This course may be offered open entry/open exit. Offered pass/no-pass only.

NC.GNST 050 ORIENTATION AND ASSESSMENT - LEARNING DISABILITIES
Units: 0.00
Recommended Preparation: Students wanting to enroll in NC.GNST-050 must meet with the Director of DSPS or designee to determine if assessment is appropriate. Introduces the student to the learning disabilities assessment process and the resources available, including the California Community College eligibility model, achievement and cognitive testing, learning difficulties, support services, study strategies and accommodations. Offered pass/no-pass only.

NC.GNST 081 COGNITIVE BASIC SKILLS - COMPUTER INSTRUCTION
Units: 0.00
Strengthens and retrains cognitive skills in areas of critical thinking, reasoning, communication, memory improvement, visual perception and language skills by use of computer assisted instruction and adaptive technology. Designed specifically for students with a verifiable acquired brain injury. Offered pass/no-pass only.

NC.GNST 082 INDIVIDUAL COMPUTER APPLICATIONS
Units: 0.00
Designed to be a computer-assisted support for students with disabilities enrolled in coursework other than English and Math. Students are able to utilize computer programs, assistive technology, and the Internet, in order to complete course assignments. Topics are taken from the student's regular course load, or from subject matter appropriate to the student's current or future employment. It is tutorial in nature and focuses on the utilization of computers, assistive technology devices, the Internet, a scanner and selected software programs. Offered pass/no-pass only.

NC.GNST 091 INDIVIDUAL STUDIES AND LANGUAGE SKILLS
Units: 0.00
Designed for DSPS students as a support in mainstream English and language-related courses other than Mathematics. It is tutorial in nature and focuses on the utilization of computers, assistive technology devices, the Internet, a scanner and selected software programs. Computer applications are taken from topics based on the student's coursework to provide additional computer support or enhance basic skills. Offered pass/no-pass only.
NC.GNST 092 INDIVIDUALIZED LEARNING ASSISTANCE - MATHEMATICS
Units: 0.00
Designed for DSPS students who are enrolled in mainstream college math classes and whose disability results in educational limitations in math. The course offers small group tutoring for students. Students must be concurrently enrolled in either Math 025 Arithmetic, Math 026 Arithmetic-Computer Assisted, Math 058 Algebra Preparation I, Math 059 Algebra Preparation-Computer Assisted, Math 060 Elementary Algebra, Math 070 Intermediate Algebra or Math 075. Students will learn strategies to enhance math concepts and computation skills. Offered pass/no-pass only.

NC.CITZ 01 CITIZENSHIP FOR NATURALIZATION
Units: 0.00
Introduces the history and government of the United States, including an overview of the branches of government, the Constitution, and the Bill of Rights necessary to pass the U.S. Citizenship Examination. This course may be offered open entry/open exit. Offered pass/no-pass only.

NC.NURS 080 NURSING LEARNING CENTER
Units: 0.00
Provides individualized and group activities for the practice of nursing in a controlled setting to promote proficiency in delivering nursing care in the clinical setting. Expands upon the theoretical concepts taught in nursing courses.

B.S. Civil Engineering ..........Loyola Marymount University |
BOGNA, GINA (1998)
Acting Assistant Dean, Internships, Job Development, and Career Center
M.S. Administration .....................CSU Bakersfield
B.S. Organizational Management.......University of LaVerne
A.S. Computer Business Applications ...College of the Canyons

BRANCH, STEPHEN (2000)
History - Professor
M.A. American Studies ..................University of Southern Florida
B.A. History ..................University of Southern Florida

BREZINA, JENNIFER (2001)
Interim Project Director (65%)
Ph.D. English .......................UC Riverside
M.A. English ..................CSU San Diego
B.A. English ..................UC Los Angeles

BRILL, DAVID (2003)
Radio/Television/Film – Professor
B.S. Journalism ..................University of Colorado

BRILL-WYNKOOP, WENDY (1997)
Photography - Professor
M.F.A Creative Photography ..........CSU Fullerton
B.F.A Photography ...................University of Southern California

BRODE, ROBERT (2000)
Administration of Justice - Professor
J.D. Law ..................Whittier College
A.A. Accounting ..................LA Valley College

BROGDON-WYNNE, PAMELA (1997)
Director EOPS/CARE - Professor
Ed.D. Education ..............Nova Southeastern University
M.S. Guidance Counseling ..........Youngstown State University
B.S. Education/Eng. ..........Youngstown State University

BROWN, KERRY (1998)
Counselor – Professor
M.A. Education Psych./Counseling......CSU Northridge
B.A. Deaf Studies ..............CSU Northridge
A.A. Social Sciences..........College of the Canyons

BUCKLEY, JERRY (2013)
Assistant Superintendent/Vice President, Instruction
Ed.D. Educational Leadership ....CSU San Diego
M.S. Biology ..................CSU Fullerton
M.A. Biology ..................CSU Fullerton
B.S. Biological Sciences ..........University of Southern California

BURIEL, JUAN (2007)
English – Professor
Ph.D. Comparative Literature ......UC Irvine
M.A. Comparative Literature .........UC Irvine
M.A. American Studies ..........University of New Mexico
B.A. American Studies ..........University of New Mexico
B.A. Communication ..........University of New Mexico

BURKE, KELLY (2005)
Biology – Professor
M.S. Microbiology ..........University of Southern Florida
B.S. Biology ..........University of Texas, Arlington

BURNETT, LESLIE (2000)
English – Professor
Ph. D. English ..............University of Hawaii-Hanoa
M.A. Folklore & Mythology ......UC Los Angeles
B.A. English ..................UC Los Angeles

BUTTS, DANIELLE (1999)
Director, Transfer Center - Professor
Ed.D. Education ..........Pepperdine University
M.S. Counseling ...............CSU Northridge
B.A. Deaf Studies/Special ........CSU Northridge

CARRILLO, ADINA (2011)
Nursing – Associate Professor
M.S.N. Nursing ..............UC Los Angeles
B.S. Nursing ..................CSU Fullerton
A.S. Nursing ..............Rio Hondo College

CARROLL, SANDY (2006)
Nursing – Professor
Ed.D. Higher Education ............California Lutheran University
M.S. Nursing ..................Mount St. Mary’s College
B.S. Nursing ..................University of Texas, Arlington

CHENG-LEVINE, JIA-YI (2005)
Interim Director, International Services and Programs
Ph.D. English ..................Indiana University of Pennsylvania
M.A. English ........University of Georgia
B.A. English ........Tamkang University

CHU, HENCELYN (2014)
Director, Medical Laboratory Technologies Assistant Professor
Ph.D. Microbiology ..........Oregon State University
B.A. Medical Technology ..........Andrews University

CIARDI, TERESA (2007)
Physical Science – Professor
M.S. Physics ........University of Wyoming
B.A. Astronomy & Physics ..........Boston University

VARGA, JOHN (1999)
History - Professor
M.A. History ..............................CSU Northridge
B.A. History ..............................CSU Northridge
A.A. Sciences ...........................Glendale Community College

VISNER, JULIA (1985)
Counselor – Professor
M.A. Educational Psychology ....CSU Northridge
B.A. Psychology ..........................CSU Northridge

VO, ANH (2010)
Nursing – Associate Professor
M.S.N. Nursing ..........................CSU Los Angeles
B.S.N. Nursing ..............................CSU Northridge

VOTH, JOSEPH (2013)
English – Assistant Professor
M.F.A Creative Writing ...............CSU Fresno
B.A., English ..............................CSU Fresno

WALDON, RUSSELL (2000)
Business/Business Law – Professor
J.D. Law .................................University of Notre Dame
B.A. Bus. Admin-International Finance & Marketing ....University of Miami

WALLACE, LISA (2000)
English – Professor
Ph.D. English .............................UC Irvine
M.A. English ..............................UC Irvine
B.A. English ..............................UC Irvine
B.A. Spanish ..............................UC Irvine

WALLER, TINA (2008)
Nursing Lab Coordinator – Professor
M.S. Nursing ..............................University of Phoenix
B.A. Psychology ..............................CSU Northridge

WESTON, BRIAN (2015)
Director, Distance and Accelerated Learning
M.A. Public Administration/Public Sector Management and Leadership
B.A. Psychology ..............................CSU Northridge
WHITE, GEORGE LEE (2015)
Photography (Commercial) – Assistant Professor
B.A. Photography ..........Art Center College of Design

WICKLINE, PAUL (2008)
Interim Dean, School of Social and Behavioral Sciences
M.Ed. Education ............Central Washington University
B.A. Education ............Western Washington University

WILDING, MICHAEL (1997)
Assistant Superintendent/Vice President, Student Services
Ph.D. Education ......................UC Los Angeles
M.A. Recreation & Leisure Studies...CSU Northridge
B.A. Anthropology ..................CSU Northridge

WILLIAMS-PAEZ, PAMELA (2001)
Sociology – Professor
M.A. Sociology ..................University of Washington
M.A. Theology .......................Fuller Seminary
B.S. Religious Studies ............Multnomah College
A.A. Biblical Studies .............Multnomah College

WISSMATH, JOHN (2007)
Physical Education – Professor
B.A. Physical Education ..........CSU Chico

WOLF, JAMES (2000)
Biology – Professor
M.S. Biology ..................CSU Northridge
B.A. Biology-Environmental ........CSU Northridge

WOOD, MURRAY (2008)
Chief Development Officer – COC Foundation
M.A. Social Service ..................Bryn Mawr
B.A. English ......................La Salle University

WRIGHT, STANLEY (2000)
Business – Professor
M.B.A. Management ..........Golden Gate University
B.S. Business Administration/Economics ......................University of La Verne
A.A. Liberal Studies ..........Allan Hancock College

YOUNG, MICAH (2015)
Associate Dean, Mathematics, Sciences and Health Professions
M.D. Medicine ..........University of Illinois at Chicago
### PROFESSORS EMERITI

A faculty member who is retiring from the academic profession and who has provided dedicated service to the College, students and the profession, can be recognized as an Emeritus Professor. To be eligible for the status of Emeritus Professor, a faculty member’s name is placed in nomination by his or her Divisional colleagues. The nomination is then put before the Academic Senate for confirmation.

Regulations and Policies
ACADEMIC FREEDOM

A. GENERAL PRINCIPLES ON ACADEMIC FREEDOM
1. Freedom of speech is a right granted to all citizens by the First Amendment of the United States Constitution; it is vital to American standards of fairness and intelligent debate, and, therefore, it extends to the classroom environment for teachers and students.

2. A mature, democratic society functions best when its citizens are permitted and able to exercise their right to discuss, debate, disagree, challenge and engage in dialogue on all topics relating to the welfare of individuals and the larger community.

3. An institution of higher education in such a society is expected to enable its faculty, students and staff to comprehend and value the freedoms and responsibilities inherent in its national culture.

4. Only an academic environment that promotes an open and free exchange of ideas can properly develop the cognitive skills of critical inquiry which promote individual success and societal progress.

5. The college, as an institution of higher education, has an obligation to the community to promote the thoughtful introduction of a full gamut of ideas for discussion. This is facilitated by:
   a. Establishing a policy promoting the principle of academic freedom and encouraging faculty and students to exercise this practice by developing and accepting opportunities for critical thinking and personal growth.
   b. Ensuring that the policy of academic freedom successfully guarantees mutual respect by all participants in the educational environment, including the protection from the threat of political or personal attack. Such guarantees include the full scope of professional faculty obligations relative to assigning textbooks, presenting student learning activities, evaluating student performance or achievement and participating in the academic life of the community.

B. ACADEMIC FREEDOM AND THE FACULTY
1. Academic freedom in the course of instruction means that faculty members teaching in the District have the prerogative to present and explore all issues relevant to their disciplines which contribute to the education of students regarding the substance of each course's content and the student learning outcomes.

2. Quality teaching is understood to involve intellectual honesty and academic integrity in the presentation of subjects assigned. Such professional decorum requires the presentation of differing perspectives and interpretations with balanced intellectual rigor.

3. Faculty members are expected to maintain their own scholastic currency in their academic disciplines, and their capabilities as instructors within those disciplines.

4. It is recognized by the District and faculty members that the faculty members are also private citizens, with all attendant rights and responsibilities as private citizens.

5. The college, as an institution of higher education, recognizes its obligation to ensure that faculty members will be allowed to exercise these responsibilities free from political influence, intimidation, or threat of lawsuit.

a. However, when a member of the faculty speaks or acts in his or her capacity as a private citizen, it needs to be made clear to the audience that the faculty member is speaking as a private citizen.

b. It should be clear that any positions taken by faculty members speaking as private citizens are not to be considered as official District policy or positions.

c. This provision is not intended to limit the right of a faculty member to disagree publicly or privately with District policy, and to participate in peaceful debate on any subject of interest to academic community or the larger issues of society.

C. ACADEMIC FREEDOM AND STUDENTS
1. By accepting an academic course of study within the College system, students accept the principle that they will study in an environment that is designed to present the fullest range of academic insight in the subjects they are enrolled in, including contemporary and historical perspectives, and open, thoughtful examination of differing points of view in pursuit of knowledge within general and specific fields of study.

2. Academic freedom allows students to take reasoned exception to the concepts and conclusions presented in any course of study. Students are, however, responsible for learning the content of any course in which they are enrolled, and can expect to be tested on their knowledge of such information.

D. DISTRICT RESPONSIBILITIES AND SUPPORT
1. The District is committed to the full support of the principle of academic freedom within all its activities.

2. The District supports the freedom of all faculty to inquire, to teach controversial content, to model and encourage critical thinking, and to present all viewpoints within each discipline.

3. The District supports the freedom of all students to inquire, to have access to the full range of information available, to explore difficult and controversial material, to develop and practice critical thinking skills, and to operate in a classroom climate free of intimidation and conducive to the free exchange of ideas is fully encouraged and expected.

4. Under the provisions of the California Education Code, the faculty have the right and the professional responsibility to assign grades. The District recognizes its obligation to ensure that faculty members will be allowed to exercise these responsibilities free from political influence, intimidation, or threat of lawsuit.
EQUAL EDUCATION AND EMPLOYMENT OPPORTUNITY

The Santa Clarita Community College District subscribes to and promotes the principles and implementation of equal opportunity. Pursuant to the provisions of state and federal law, the District's Board of Trustees has adopted policies and procedures ensuring that its programs and activities are available to all persons without regard to race, religious creed, color, ethnic or national origin, ancestry, citizenship status, uniformed service member status, physical disability, mental disability, medical condition, marital status, sex, pregnancy, age, sexual orientation, gender identity, or any other protected basis.

The Santa Clarita Community College District is committed to implementing the concept, intent, and spirit of providing equal employment and educational opportunities to all persons. Positive action will be taken by the administration, faculty, staff and students to ensure the implementation of this policy and to overcome any form of exclusion or discrimination, whether purposeful or inadvertent.

Additional information on these policies and procedures is available in the District's Equal Employment Opportunity Office (Human Resources); University Center (UCEN) 360; (661) 362-3424; TTY (661) 362-5178.

NON-DISCRIMINATION POLICY

The Santa Clarita Community College District does not discriminate on the basis of race, religious creed, color, ethnic or national origin, ancestry, citizenship status, uniformed service member status, physical disability, mental disability, medical condition, marital status, sex, pregnancy, age, sexual orientation, gender identity, or any other protected basis in compliance with Title VI and Title VII of the Civil Rights Act of 1964, as amended by the Civil Rights Act of 1991, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination in Employment Act of 1967, the Americans with Disabilities Act of 1990, the California Fair Employment and Housing Act, the Unruh Civil Rights Act, the Sex Equity in Education Act, and Assembly Bill 803 of 1977. This nondiscrimination policy covers admission and access to, and treatment and employment in, the College's programs and activities, including vocational education. Inquiries regarding the equal opportunity policies, the filing of complaints, or to request a copy of the procedures covering discrimination complaints may be directed to the Assistant Superintendent/Vice President, Human Resources, University Center (UCEN) Room 360, 26455 Rockwell Canyon Road, Santa Clarita, CA 91355; telephone (661) 362-3424. The College recognizes its obligation to provide overall program accessibility throughout the College for disabled persons. Contact the DSP&S Director to obtain information as to the existence and location of services, activities, and facilities that are accessible to and usable by disabled persons.

Inquiries regarding Federal laws and regulations concerning nondiscrimination in education or the District's compliance with those provisions may also be directed to the Office of Civil Rights, U.S. Department of Health and Human Services, 200 Independence Avenue, S.W. Room 509F, HHH Bldg., Washington, D.C. 20201.

POLÍTICA CONTRA LA DISCRIMINACIÓN

El Distrito de Colegios Comunitarios de Santa Clarita no discrimina por motivos de raza, credo religioso, color, origen étnico o nacional, ascendencia, estado de migratorio, miembro de servicio militar, incapacidad física o mental, condición médica, estado civil, sexo, embarazo, edad, orientación sexual, identidad de género, o cualquier otra base protegida en conformidad con Título VI y VII de la Ley de Derecho Civil de 1964 y según la enmienda de la Ley de Derecho Civil de 1991; el título IX de las Enmiendas de Educación de 1972; la sección 504 de la Ley de Rehabilitación de 1973; la Ley de Discriminación por Edad contenida en la Ley de Empleo de 1967; la Ley de Americanos Minusválidos de 1990; la Ley de Empleo y Vivienda Justos de California; la Ley Unruh de Derecho Civil; la Ley de Igualdad Sexual en la Educación; y el Proyecto de Ley 803 de 1977. Esta política contra la discriminación incluye el ingreso, el acceso, el tratamiento y el empleo en los programas y actividades de la institución, incluyendo la educación vocacional.

Para mayor información sobre la política de igualdad de oportunidades, sobre cómo presentar una queja, o sobre cómo pedir una copia de un documento que explique el proceso de quejas por discriminación, puede dirigirse al AssistantSuperintendent/Vicepresidente de Recursos Humanos, del Centro Universitario, de la habitación 360, 26455 Rockwell Canyon Road, Santa Clarita, CA 91355; teléfono (661) 362-3424. College of the Canyons reconoce su obligación de proveer acceso generalizado a los minusválidos por toda la institución. Comuníquese con el coordinador de servicios a los minusválidos si necesita información sobre la prestación de servicios, las actividades, y las instalaciones con acceso para minusválidos.

Para pedir información sobre leyes federales sobre la discriminación en la educación o sobre el cumplimiento de estas normativas por el Distrito Universitario, puede también dirigirse a la Oficina de Derecho Civil, U.S. Department of Health and Human Services, 200 Independence Avenue, S.W. Room 509F HHH Bldg., Washington, D.C. 20201.

SEXUAL HARASSMENT POLICY

I. POLICY STATEMENT

The Santa Clarita Community College District is committed to creating and maintaining an academic and work environment in which all persons who participate in District programs and activities can work together in an atmosphere free of sexual harassment, exploitation, or intimidation, and that values and protects individual dignity and the academic process. Sexual harassment is unlawful and undermines the atmosphere of mutual trust and respect necessary for an effective learning and working environment and hinders the District's ability to fulfill its academic mission. Toward this end, all members of the college community must understand that sexual harassment, sexual discrimination, and sexual exploitation of professional relationships violate the District's policy and will not be tolerated. The District will take every step to resolve complaints promptly and will institute disciplinary proceedings against persons found to be in violation of this sexual harassment policy. For faculty and
staff members, such proceedings may result in a range of sanctions, up to and including termination of District affiliation. Students who violate this policy may be subject to disciplinary measures up to and including expulsion.

II. APPLICABILITY
This policy applies to all applicants for employment and admission to District programs, officers and employees of the District, students, and persons who serve the District as its agents and are under the control of the District. It applies to all aspects of the academic environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any District activity. In addition, this policy applies to all terms and conditions of employment including but not limited to hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, training opportunities and compensation. Specific adherence to this policy shall also be made an express term of every contracted services agreement entered into by the District.

III. LEGAL AUTHORITY
Sexual harassment is a form of sex discrimination which is prohibited by Title VII of the Civil Rights Act of 1964 (as amended by the 1991 Amendments to the Civil Rights Act), by Title IX of the Education Amendments of 1972, the California Fair Employment and Housing Act (FEHA), and California Education Code. Santa Clarita Community College District's Unlawful Discrimination and Affirmative Action Policy also prohibits sex discrimination.

IV. DEFINITION
Sexual harassment may involve the behavior of a person of either sex against a person of the opposite or same sex, and occurs when such behavior constitutes unwelcome sexual advances, unwelcome requests for sexual favors, and other unwelcome verbal or physical behavior of a sexual nature where:

1. Submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment, academic status, or progress;
2. Submission to, or rejection of, such conduct by an individual is used as the basis of employment or academic decisions affecting the individual's welfare;
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's welfare, work or academic performance, or creates an intimidating, hostile, offensive, or demeaning environment; or
4. Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the community college.

A third party may also file a complaint under this policy if the sexual conduct of others in the work or educational environment has the purpose or effect of unreasonably interfering with the third party's welfare, work or academic performance.

Examples of prohibited behavior or prohibited acts that constitute sexual harassment may take a variety of forms. Examples of behavior generally viewed as sexual harassment when they are unwelcome include, but are not limited to:

1. Verbal: Inappropriate or offensive remarks, slurs, jokes or innuendo based on sex. This may include, but is not limited to, inappropriate comments regarding an individual's body, physical appearance, attire, sexual prowess, marital status or sexual orientation; sexually suggestive or insulting sounds or gestures, including sucking noises, winking, and throwing kisses; unwelcome flirting or sexual propositions, invitations or solicitations; demands for sexual favors; verbal abuse, threats or intimidation of a sexual nature (direct or indirect threats or bribes for unwanted sexual activity); or sexist, patronizing or ridiculing statements that convey derogatory attitudes about a particular gender.

2. Physical: Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, stroking, lingering or intimate touches, grabbing, pinching, leering, squeezing, staring, unnecessarily brushing against or blocking another person, whistling, sexual gestures, or giving a neck or shoulder massage. In addition to stalking (either inside or outside the institution), and attempted or actual sexual assault.

3. Visual or Written: The display or circulation of offensive, sexually-oriented visual or written material. This may include, but is not limited to, objects, pictures, posters, cartoons, calendars, drawings, graffiti, video tapes, audio recordings, literature, computer graphics, electronic media transmissions or other materials with sexual content.

4. Environmental: An academic or work environment that is permeated with sexually-oriented talk, innuendoes, insults or abuse not relevant to the subject matter of the class or employment. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom. An environment may be hostile if unwelcome sexual behavior is directed specifically at an individual or if the individual merely witnesses unlawful harassment in his or her immediate surroundings. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual's learning or work. This may include, but is not limited to, consensual sexual relationships.

Romantic or sexual relationships between supervisors and employees, or between faculty or staff members and students are discouraged. There is an inherent imbalance of power and potential for exploitation in such relationships. A conflict of interest may arise if the faculty or staff member must evaluate the student's work or make academic decisions affecting the student or if a
supervisor must evaluate the performance of an employee. The relationship may create an appearance of impropriety and lead to charges of favoritism by other students or other employees. A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing. By definition, sexual harassment is not within the course and scope of an individual's employment with the District.

Sexual harassment may occur between peers. Unwelcome sexual behavior between peers under this definition is unacceptable in the District.

Examples of harassment can include, but are not limited to, all of the behaviors described above as well as the following behaviors:

- leaving obscene messages on campus computers;
- creating a sexually demeaning atmosphere, such as displaying posters and pictures that are sexist or otherwise demeaning to females or males;
- unwelcome touching and grabbing;
- persistent unwanted sexual attention, such as continually asking a person for a date after the person has indicated no interest;
  - whistling or yelling obscenities at people walking by, or loudly discussing their sexual attributes and rating them;
  - threatening rape;
  - mooning, whereby individuals expose their buttocks aggressively;
  - exposing one's genitals;
  - "streaking" - running naked in front of others;
  - "sharking" - biting breasts, buttocks, or other private body parts;
  - shouting obscenities;

The aforementioned lists of behaviors should be used to assist in identifying offensive behaviors but in no way should be construed as exhaustive lists of unacceptable acts. In determining whether the alleged conduct constitutes sexual harassment, consideration should be given to the records of the incident or incidents as a whole and to the totality of the circumstances, including the context in which the alleged incidents occurred. This definition recognizes two categories of sexual harassment:

1. "Quid pro quo" sexual harassment occurs when a person in a position of authority (supervisor and subordinate or teacher and student) makes educational or employment benefits conditional upon an individual's willingness to engage in or tolerate unwanted sexual conduct. (Please note: the relationship may be an indirect one where the harasser has the power to direct others who have authority over the victim.) The perpetrator's intent or lack of intent to harass is not relevant to the determination of whether quid pro quo harassment occurred.

2. "Hostile environment" sexual harassment occurs when unwelcome conduct based on sex is sufficiently severe or pervasive so as to alter the conditions of an individual's learning or work environment, unreasonably interfere with an individual's academic or work performance, or create an intimidating, hostile, or abusive learning or work environment. The victim must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile. The determination of whether an environment is "hostile" must be based on all of the circumstances. These circumstances could include the frequency of the conduct, its severity, and whether it is physically threatening or humiliating. As with quid pro quo harassment, the perpetrator's intent or lack of intent to harass is not relevant to the determination of whether hostile environment harassment occurred.

V. SEXUAL RELATIONSHIPS AND PROFESSIONAL CONDUCT

The basic reasons for which a community college district exists are the discovery and transmission of knowledge, activities which are founded upon the free and open exchange of ideas. Such activities flourish only in a climate uncluttered by exploitation, coercion, intimidation or reprisal. In order for productive learning and the work that supports it to occur, certain conditions should prevail on campus. It is for these reasons that members of the college community - faculty, students and staff personnel - should pursue their responsibilities guided by a strong commitment to basic ethical principles and professional codes of conduct.

Primary responsibility for maintaining high standards of conduct resides especially with faculty and supervisors, since they exercise significant authority and power over others. If the highest standards of professional conduct are to be maintained, however, all responsible members of the community of learning should understand that sexual advances or comments by a faculty member or supervisor toward one of his or her students or employees may constitute unprofessional conduct. Such unprofessional conduct blurs professional boundaries, interferes with a climate conducive to the open exchange of ideas between persons, subverts the normal structure of incentives that spurs work and learning, and interjects attitudes and pressures which may undercut the basic reasons for which the District exists. In such cases, objectivity may be compromised or destroyed and competent evaluation threatened.

VI. PROHIBITED SUPERVISORY OR MANAGERIAL BEHAVIOR

1. No supervisor, manager, administrator, or other authority figure may condition any employment, employee benefit or continued employment in the District on an applicant's or employee's acquiescence to any of the sexual behavior defined above.

2. No supervisor, manager, administrator, or other authority figure may retaliate against any applicant, or employee, or student because that person has opposed a practice prohibited by the Title VII of the Civil Rights Act of 1964 or the California Fair Employment and Housing Act or has filed a complaint, testified, assisted or participated in any manner in an investigation, proceeding or hearing conducted by an authorized investigative agency.
3. No person shall destroy evidence relevant to an investigation of sexual discrimination.

**Behavior Prohibited by all persons**

1. No supervisor, manager, administrator, faculty member, student, or any other person in the District shall create a hostile or offensive work environment for any other person by engaging in any sexual harassment or by tolerating it on the part of any employee or student.

2. No supervisor, manager, administrator, faculty member, student, or any other person in the District shall assist any individual in doing any act which constitutes sexual discrimination against any employee or student of the District.

**VII. RESPONSIBILITIES**

**A. College Community - Faculty, Students or Staff Personnel**

If faculty, students or staff personnel believe that they have been subjected to sexual harassment or any unwanted sexual attention, they should:

- If possible, communicate the unwelcomeness of the behavior to the harasser.
- If practical, communicate to their supervisor (or instructor) that unwelcome sexual behavior has occurred. However, under no circumstances shall a faculty member, student or staff personnel of the District, who believes that she/he has been the victim of sexual harassment by their supervisor (or instructor) be required to first report that harassment to their supervisor (or instructor).
- Make a written record of the date, time, and nature of the incident(s) and the names of any witnesses; and
- Report the incident to the District's Affirmative Action Officer, supervisor, or appropriate District officer.
- Cooperate with any investigation of any alleged act of sexual harassment conducted by the District or by an appropriate state or federal agency.

**B. Administrators, Managers and Supervisors**

Administrators, managers and supervisors must deal expeditiously and fairly with allegations of sexual harassment observed within their classrooms or on campus whether or not they are reported to them. Faculty members must:

- Ensure that harassment or inappropriate sexually oriented conduct is reported to an appropriate administrator or directly to the District's Affirmative Action Officer.
- Discuss sexual harassment policy with their students, as appropriate. Students should be informed of their rights under this policy.

**D. All Employees**

All employees of the District shall:

- Report any conduct, including that directed toward a student, which fits the definition of sexual harassment, to their immediate supervisor or appropriate authority figure. This includes conduct of non-employees, such as sales representatives or service vendors.

**VIII. NON-REPRISAL**

No faculty, administrator or staff, applicant for employment, student, or member of the public may be subject to restraint, interference, coercion or reprisal for action taken in good faith to seek advice concerning a sexual harassment matter, to file a sexual harassment complaint, testify, assist or participate in any manner in the investigation, proceedings, or hearing of a sexual harassment complaint.

**IX. MALICIOUS, FALSE ACCUSATIONS**

A complainant whose allegations are found to be both false and brought with malicious intent will be subject to disciplinary action which may include, but is not limited to, informal reprimand, formal reprimand, demotion, transfer, suspension, or dismissal.

**X. CONFIDENTIALITY**

District administrators will make every reasonable effort to conduct all proceedings in a manner which will protect the confidentiality of all parties. Information will be revealed strictly on a need-to-know basis. All parties to the complaint should treat the matter under investigation with discretion and respect for the reputation of all parties involved.
BP 532 STUDENT GRIEVANCES

Introduction:
The purpose of this policy is to provide a prompt and equitable means for resolving student(s) grievances. In the pursuit of academic goals, the student should be free of unfair or improper action by any member of the academic community. The grievance procedure may be initiated by one or more students who reasonably believe he/she/they have been subject to unjust action or denied rights involving their status or privileges as students. It is the responsibility of the student(s) to submit proof of alleged unfair or improper action.

I. Definitions:
1. Grievant – (A) an individual who is enrolled in or registered with an academic program of the College; and/or has completed the immediately preceding term and is eligible for re-enrollment, including the recess periods between academic terms; (B) a person no longer enrolled at the college where there is a grievable issue; (C) an individual who has submitted an application, however is not enrolled or registered with an academic program. Grievances by applicants shall be limited to a complaint regarding denial of admission.
2. Days - shall mean days when the college is in session, excluding Saturdays, Sundays, holidays, spring break, winter break, and summer and winter session days.
3. Respondent – Any person claimed by a grievant to be responsible for the alleged grievance.
4. Grievance Officer – For the purposes of this policy the Dean of Students, or the CSSO shall serve as Grievance Officers.
5. Standard of Evidence - Should a grievance involve a formal hearing the standard of proof in effect will be that of a “preponderance of evidence.” Evidence may be received of the sort upon which responsible persons are accustomed to rely in the conduct of serious affairs, and is not restricted to evidence admissible under the strict rules of evidence of a court of law.
6. Burden of Proof - It is the responsibility of the grievant(s) to submit proof of alleged unfair or improper action.

This Policy Does Not Apply to the Following:
1. Challenge process for prerequisites, co-requisites, advisories and limitations on enrollment.
2. Grievances pertaining to grades.
3. Alleged violations of sexual harassment, actions dealing with alleged discrimination on the basis of ethnic group identification, religion, age, sex, color, sexual orientation, physical or mental disability.
4. An appeal for residency determination.
5. Eligibility, disqualification or reinstatement of financial aid.
6. Student Discipline
7. Citations (for parking or other infractions)
8. Freedom of the Press
9. Employee Discipline
10. Challenges of established District policies, e.g. Board Rules and Administrative Regulations.
11. Financial claims against the District.

II. Time Limits:
1. The statute of limitations period for requesting a grievance hearing under this policy is one hundred twenty (120) calendar days after the occurrence of the incident giving rise to the grievance; or one hundred twenty (120) calendar days after the student learns, or should have learned, that the student has a basis for filing a grievance.
2. Pursuing an informal remedy for a grievance does not relieve the grievant of the responsibility of requesting a grievance hearing within one hundred twenty (120) calendar days of the incident giving rise to the grievance.
3. Appeal of the time limits, based upon documented extenuating circumstances, as defined in Board Policy, must be made to the Grievance Officer.

III. Informal Resolution
Each grievant shall make a reasonable effort to resolve the matter on an informal basis prior to requesting a grievance hearing, and shall attempt to solve the problem with the person(s) with whom the grievant has the grievance, or that person's immediate supervisor if there is no reasonable opportunity to solve the problem with the individual(s) directly involved.

1. Specifically, the grievant(s) should, if appropriate, schedule a meeting about the issue(s) with the person with whom the grievant(s) has the grievance, and if necessary, schedule a meeting with the person's immediate supervisor and/or schedule a meeting with the appropriate college administrator. An “informal” discussion after class, or a chance meeting regarding the issue, does not constitute completion of step 1 of the informal process.
2. If the matter is not resolved at step “1” above, the grievant will contact the College grievance officer for assistance. The grievant shall provide the grievance officer with a written statement of grievance and may provide any other information and documentation in support of the grievance. The statement of grievance shall specify the time, place, nature of the complaint, and the remedy or corrective action requested. If a grievant believes that a specific District policy has been violated, the grievant should specify the policy or policies alleged to have been violated. The grievance officer shall inform the grievant of their rights and responsibilities under this policy.
3. The grievance officer will provide a copy of the statement of grievance to the respondent within ten (10) days of receipt of the grievance, or as soon thereafter as practicable.
4. The grievance officer shall gather, copy and review pertinent information, records and documentation and communicate with all parties, and attempt to mediate an informal resolution.
IV. Formal Resolution
If there is no informal resolution of the grievance, the grievant has a right to request a grievance hearing. This request must occur no later than one-hundred twenty (120) calendar days after the alleged incident.

A. Meeting of the Grievance Hearing Committee
1. Within fifteen (15) days following receipt of the request for a grievance hearing, or as soon thereafter as practicable, a Grievance Hearing Committee shall meet and decide if a grievance hearing will be held. The committee shall consider whether the grievant has met the following requirements:
   a. The request contains allegations, which, if true, would constitute a grievance under this policy;
   b. The grievant is a student, applicant or former student as defined by this policy;
   c. The grievant has met the requirements of the grievance policy with respect to timeliness;
   d. The grievant has attempted to solve the matter informally;
   e. The grievant is personally and directly affected by the alleged grievance;
   f. The remedy requested by the grievant is appropriate for the act that is alleged and is not frivolous; clearly without foundation, or clearly filed for the purposes of harassment;
   g. The grievant has cooperated in the processing of the grievance.

2. If the above conditions are satisfied, the committee chairperson shall notify the grievance officer in writing, within five (5) days, that a grievance hearing will be held.

3. If the grievance does not meet each of the requirements, the hearing committee chair shall notify the grievant in writing of the rejection of the request for a grievance hearing, together with the specific reasons for the rejection and the procedures for appeal. This notice will be provided within five (5) days of the date the decision is made by the grievance hearing committee. The grievant may appeal this decision per Appeal, Part 1 of this policy.

B. Composition of the Grievance Hearing Committee
1. The grievance hearing committee shall be made up of five members of the campus community. Two members shall be faculty members appointed by the Academic Senate President. Two members shall be students appointed by the Associated Student Government President. One member shall be a classified staff member appointed by the President of the Classified Senate. One of the faculty members shall serve as chair. Alternates will be appointed as necessary. Three members of the above committee shall constitute a quorum. All members are entitled to vote on matters related to the grievance.

2. No person shall serve as a member of the hearing committee if that person has been personally involved in any matter giving rise to the grievance, has made any public statement on the matters at issue, or could otherwise not act in a fair manner.

The grievant(s) or respondent(s) may challenge for cause any member of the hearing committee prior to the beginning of the hearing by addressing a challenge, in writing, to the CEO who shall determine whether cause for disqualification has been shown. If the CEO feels that sufficient grounds for removal of a member of the grievance committee has been presented, the CEO shall remove the challenged member or members and ask that the appropriate person name a replacement.

C. Formal Hearing Procedure
1. The grievance officer will ensure that relevant information and documentation is made available at the hearing. Information requested will be provided in such a way that it does not violate the privacy rights of others.

2. The decision of the grievance hearing committee chair shall be final on all matters relating to the conduct of the hearing unless there is a vote of a majority of the other members of the panel to the contrary.

3. The grievant may obtain the assistance of a person of his or her choice (at his or her own expense), except the grievant may not be represented by legal counsel.

4. The Respondent may represent himself or herself; or the Respondent may obtain the assistance of a person of his or her choice, except the Respondent may not be represented by legal counsel.

5. Each party to the grievance may call witnesses and introduce oral and written testimony relevant to the issues of the matter.

6. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted.

7. Unless the grievance hearing committee determines to proceed otherwise, each party to the grievance shall be permitted to make an opening statement. Thereafter, the grievant or grievants shall make the first presentation, followed by the respondent or respondents. The grievant(s) may present rebuttal evidence after the respondent(s)’ evidence. The burden shall be on the grievant or grievants to prove by substantial evidence that the facts alleged are true and that a grievance has been established as specified above.

8. Hearings shall be closed and confidential unless all parties request that it be open to the public. Any such request must be made no less than 10 days prior to the date of the hearing.

9. In a closed hearing, witnesses shall not be present at the hearing when not testifying, unless all parties and the committee agree to the contrary.

10. The hearing shall be recorded by the grievance officer either by tape recording or stenographic recording, and shall be the only recording made. No witness who refuses to be recorded may be permitted to give testimony. In the event the recording is by tape recording, the grievance hearing committee chair shall, at the beginning of the hearing, ask each person present to identify themselves by name, and thereafter shall ask witnesses to identify
themselves by name. The tape recording shall remain in the custody of the District, either at the college or the District office, at all times, unless released to a professional transcribing service. Any party may request a copy of the tape recording.

11. When the presentation of evidence is concluded, the hearing committee's deliberations shall be confidential and closed to all parties. The hearing committee's deliberations shall not be tape-recorded. Only those committee members present throughout the hearing may vote on the recommendations of the grievance hearing committee.

D. Findings of the Grievance Hearing Committee
1. Within twenty (20) days following the close of the hearing, the grievance hearing committee shall prepare and send a written decision to the grievant(s), respondent, and grievance officer.
2. The decision shall include specific factual findings regarding the grievance, and shall include specific conclusions regarding whether a grievance has been established as defined above.
3. The decision shall also include a specific recommendation regarding the relief to be afforded the grievant, if any.
4. The decision shall be based only on the record of the hearing, and not on matters outside of that record.
5. The record will consist of the original grievance, any written response, and the oral and written evidence produced at the hearing.

IV. Appeal
Part 1.
1. Any appeal relating to a grievance hearing committee decision that the statement of grievance does not present a grievance as defined in these procedures shall be made in writing to the CEO within ten (10) days of that decision.
2. The CEO shall review the statement of grievance and request for grievance hearing in accordance with the requirements for a grievance provided in these procedures, but shall not consider any other matters. The CEO's decision whether or not to grant a grievance hearing shall be final and not subject to further appeal.

Part 2.
1. Any appeal related to the findings of the grievance hearing committee following a formal hearing shall be made, in writing, to the CEO within ten (10) days of that decision.
2. The CEO shall review the record of the hearing and the documents submitted in connection with the appeal, but shall not consider any matters outside of the record. Following the review of the record and appeal statements, the CEO shall make a written recommendation regarding the outcome of the appeal.
3. The CEO may decide to sustain, reverse or modify the decision of the grievance hearing committee. The CEO's decision shall include a statement of reasons for the decision. The CEO's decision shall be final.

The decision on appeal shall be reached within five days after receipt of the appeal documents. Copies of the CEO's appeal decision shall be sent to the grievant, respondent, and the grievance.

COLLEGE OF THE CANYONS STATEMENT ON ACADEMIC INTEGRITY AND PLAGIARISM
Approved by Academic Senate in May, 2010

Students are expected to do their own work as assigned. At College of the Canyons, we believe that academic integrity and honesty are some of the most important qualities college students need to develop and maintain. To facilitate a culture of academic integrity, College of the Canyons has defined plagiarism and academic dishonesty. Due process procedures have been established when plagiarism or academic dishonesty is suspected.

At College of the Canyons, we define plagiarism as follows: Plagiarism is the submission of someone else's work or ideas as one's own, without adequate attribution. When a student submits work for a class assignment that includes the words, ideas or data of others, without acknowledging the source of the information through complete, accurate, and specific references, plagiarism is involved. This may include dual submissions of a similar work for credit for more than one class, without the current instructor's knowledge and approval.

To be specific, below are some of the situations that will be considered plagiarism at College of the Canyons:

• Use information from any source, online or in print, in one's own writing without acknowledging the source in the content and in the reference page of the assignment;
• Simply list the sources in the reference page, without parenthetical citations in the body of the essay;
• Take more than one printed line of words consecutively from the source without putting quotation marks around them, even though the student has put the author's name in the parentheses or in the reference page;
• Turn in work done for other classes, regardless how big or small the assignment may be, without the current instructor's approval—this is considered "self-plagiarism," which is a form of academic dishonesty; or,
• Turn in work by another student, even by accident.

In addition, College of the Canyons has strict rules against using electronic devices during exams without the instructor's approval. To be specific, absolutely no cell phones or any electronic devices can be on the desk or in sight during test or exam without the instructor's approval. The presence of electronic devices in sight during exams may be considered as intention to cheat and will be processed as a form of academic dishonesty.

Cases of alleged academic dishonesty, such as plagiarism or cheating, will be referred to the Dean of Student Services for investigation. See your syllabus for course specific policies, rules, and guidelines on plagiarism and academic dishonesty.
DISTRIBUTION POLICIES GOVERNING STUDENT RIGHTS AND RESPONSIBILITIES

5529 STUDENT CONDUCT

5529.1 Introduction
The California Education Code (section 66300) requires every community college governing board to adopt specific rules governing student behavior along with applicable penalties for violation of such rules.

Students enrolling at College of the Canyons assume an obligation to abide by all College regulations.

For the purposes of this policy, student is defined as an individual who:
1. has submitted an application to the College and has engaged in the admissions process;
2. is enrolled in, or registered in an academic program of the College, including classes for credit, noncredit classes, fee-based training classes, and programs including but not limited to the Employee Training Institute, Community Education, free workshops where teaching and/or teaching occurs, and/or;
3. has completed the immediately preceding term and is eligible for re-enrollment, including the recess periods between academic terms.

5529.2 Grounds for Disciplinary Action
A student may be disciplined for one or more of the following causes which must be College/District related and which may occur either on any District site or elsewhere off-site during a college-sponsored activity or event. This list is not intended to be exhaustive, but is an example of good and sufficient causes for disciplinary action.

A. Any theft, conversion, or damage or destruction of and/or to any property, real or personal, belonging to the College, a member of the College staff, a student, or a campus visitor.
B. Forgery, alteration or misuse of College documents, keys, records, or identification, or knowingly furnishing false information to a college.
C. Cheating, plagiarism, fabrication, and other forms of academic dishonesty, and/or facilitating academic dishonesty.
D. Violation of classroom rules including: the use of cell phones, pagers, other unauthorized devices, attendance and punctuality standards, decorum standards, safety standards, and other standards found in the course syllabus.
E. Physical or verbal abuse, including sexual assault, sexual harassment and stalking, or any threat of force or violence directed toward any member of the College or a campus visitor.
F. Manufacture, use, possession, distribution, or being under the influence of alcohol, narcotics, or other dangerous drugs on campus, or off campus at any College-sponsored event.
G. Unauthorized entry into, unauthorized use of, possession of, or misuse of, College property.
H. Disorderly, lewd, indecent, obscene or offensive conduct or language on College-owned or controlled property of at College-sponsored or supervised function.
I. Possession or use of any firearms, explosives, dangerous chemicals, or other potentially harmful implements or substances while on the College campus or at a College-sponsored event.
J. Failure to identify oneself to or failure to comply with directions of College officials acting in performance of their duties including, but not limited to, the provisions of the Penal Code Sections 626.6 and 626.8.
K. Obstruction or disruption, on or off campus, of the College’s education process, administrative process, or other College function.
L. Violation of any order of the College President, notice of which has been given prior to such violation and which order is not inconsistent with any of the other provisions of this policy. This notice may be given by publication in the College newspaper, website, social network, or by posting on an official bulletin board designated for this purpose.
M. Soliciting or assisting another to undertake any act which would subject a student to expulsion, suspension, probation, or other discipline pursuant to this policy.
N. Abusive behavior directed toward, or hazing of, a member of the College community.
O. Any other cause not listed above which is identified as good cause by Education Code Sections 76032 and 76033.
P. Abuse of computing facilities or computer time, including but not limited to unauthorized entry into a file to use, read, or change the contents or any other purpose; unauthorized transfer of a file; unauthorized use of another individual’s identification or password; use of computing facilities to interfere with the work of another student, faculty member, or College official; and/or use of computing facilities to interfere with a College computing system. For specifics refer to the College of the Canyons Acceptable Use Agreement.
Q. Committing any act or engaging in any behavior that threatens or endangers the health or safety of another individual on campus or at any college sponsored activity or event.
R. Willful misconduct that results in injury or death to a student or to College or District personnel or a campus visitor.
S. Unauthorized preparation, selling, giving, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including but not limited to handwritten or typewritten class notes, or any materials that are the intellectual property of a faculty member, except as permitted by any district policy or administrative procedure.
T. Gambling on College or District property.
U. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the College or District.
V. Failure to follow and comply with established guidelines and regulations of off-site entities while participating in college-sponsored, off-campus activities including, but not limited to, conferences, retreats, field trips, excursions and other College sponsored events.

College of the Canyons
sions, internships, externships, service-learning or volunteer placements, and athletic events.

W. Violation of College or District policies or of campus regulations including those concerning chartering and registration of student organizations, use of College or District facilities, or the time, place and manner of public expression.

X. Attempting to perform any actions that are cause for disciplinary action identified above.

BP 5530 DISCIPLINARY ACTION

5530.1 The following policies regulating student disciplinary actions are adopted for the purpose of providing a uniform method of disciplining students for misconduct, and assuring that all students are accorded fair and objective treatment. Every effort shall be made to make the student aware of these policies.

Types of disciplinary Action (Sanctions)

The following types of disciplinary action may be imposed, or imposed and suspended, by appropriate College authorities when a student is found in violation of College rules and regulations.

1. Warning: Notice to the student that continuation or repetition of specified misconduct may be cause for other disciplinary action.

2. Restitution: The student is required to make payment to the College, or to other persons, groups, or organizations for damages incurred as a result of a violation of this policy.

3. Fine: A fine, as established in the associated Administrative Procedures 5530, payable to the College, for violations of this policy. Failure to pay the specific fine by the established date will result in a Hold on the student's records and ability to register, in any district program, for future terms.

4. Official Reprimand: A written reprimand is for violation of specified regulations or misconduct. It serves to place on record that a student's conduct in a specific instance does not meet with the student's expected performance at the College. A person receiving a reprimand is notified that continued conduct of the type described in the reprimand may result in additional action against the student. The student is further informed that records of reprimands are destroyed four years after the last entry has been made concerning the reprimand.

5. Disciplinary Probation: Disciplinary probation is imposed by the College for a specific length of time during which the student must conform to College standards of conduct. Conditions restricting privileges and/or eligibility may be imposed. For example, students may be removed from all College organization offices and denied the privilege of participating in all College and student-sponsored activities, including public performances. Other conditions, such as community service and academic workshops, may be imposed. The term of disciplinary probation shall be not less than one college month nor longer than four (4) college years. Repetition during the probationary period of conduct resulting in disciplinary probation may be cause for suspension or other, more stringent, disciplinary action.

6. Removal by Instructor: An instructor may remove a student from his/her class, field trip, lab, or other educational program when the student has interfered with the instructional process. The duration will be for the day of the removal, at a minimum, and the next class meeting at the instructor's discretion. The instructor shall immediately report the removal to the Office of Student Services for appropriate action.

7. Disciplinary Suspension: Disciplinary suspension consists of the temporary removal of the student from enrollment in the College for both academic, noncredit, fee-based training classes, and programs including, but not limited to, the Employee Training Institute, Community Education, free workshops and extracurricular purposes. A student may be suspended from one or more classes for the remainder of the school term; or from all classes and activities of the College for one or more terms. A suspended student is not to occupy any portion of the campus and is denied all College privileges including class attendance and privileges noted under “Disciplinary Probation.” Removal of a student suspended from one or more courses may be noted on the student's transcript as "W for withdrawal.

8. Expulsion: Expulsion consists of the permanent and unconditional removal of the student from the College and all its programs. Students may be expelled from the College only by action of the Board of Trustees upon recommendation of the CEO (Education Code 76030). Notation of the expulsion will be noted on the student's official transcript for an indefinite period of time. Appeal of this notation may be made to the CEO using the process established in Policy 5531.3(F) – Due Process.

9. Interim Suspension: Interim suspension consists of temporary removal of the student from the College for both academic and extra-curricular activities during the limited time necessary to complete an investigation and is not necessarily considered a disciplinary action.

Interim Suspension shall be:

a. Imposed by the CEO of the College, or designee, pending a hearing, only when such action is deemed to be necessary for the immediate safety and welfare of the students and staff members or for the protection of the District property;

b. Limited to only that period of time necessary to assure that the purpose of interim suspension is accomplished;

c. For not more than a maximum of ten (10) College days.

Students suspended on an interim basis shall be given an opportunity for a hearing within ten (10) days.

The hearing will be held on the following issues:

a. the reliability of the information concerning the student's conduct,

b. whether the conduct and surrounding circumstances reasonably indicate that the continued presence of...
the student on the campus poses a substantial threat to the student or to others, or to the stability and continuance of normal College functions. This hearing does not preclude the initiation of regular disciplinary action.

BP 5531 DUE PROCESS - STUDENT DISCIPLINARY ACTION

5531.1 Introduction
Students are members of both society and the academic community with attendant rights and responsibilities. Students are expected to comply with the general law as well as College policies. The procedures below apply to alleged misconduct of students on campus, or at official College events off campus.

The following procedures outlined in sections 531.2 and 531.5 represent steps that may be employed to reach a resolution in cases of alleged misconduct. The reader should note that each case is handled individually, and that while due process is always employed, some of the procedures outlined below may not be necessary in every case. Questions concerning these procedures should be addressed to the Office of the Dean of Students.

5531.2 Definition of Terms
Student: The term "student" means an individual who:
1. has submitted an application to the College and has engaged in the admissions process;
2. is enrolled in, or registered in an academic program of the College, including classes for credit, noncredit classes, fee based training classes, and programs including but not limited to the Employee Training Institute, Community Education, and free workshops where teaching and/or training occurs, and/or;
3. has completed the immediately preceding term and is eligible for re-enrollment, including the recess periods between academic terms.

Notice: Whenever this Policy requires giving notice to any student, mailing such notice, to the mailing address most recently provided by the student or, if undeliverable at that address, to the student’s permanent address of record, shall constitute notice.

Days: For purposes of this Policy, the term “days” means normal business days and shall not include Saturdays, Sundays, or administrative holidays.

Student Conduct Committee: Student Conduct Committee: This committee consists of five members of the campus community who convene as needed to adjudicate cases of misconduct. See 531.4 for additional information.

5531.3 Due Process
A. Referral of Cases:
Any member of the campus community who has knowledge of alleged misconduct of students may bring the matter to the attention of the Dean of Student Services. The Dean may require a written statement relative to the alleged misconduct. The Dean of Student Services in consultation with the Academic Senate will develop specific procedures to address alleged violations of academic and/or classroom misconduct. Referrals to the Dean of Student Services Office shall be made within thirty days following the discovery of the alleged misconduct. The CEO may grant exceptions.

B. Investigation and Notice to Student:
Upon receiving notice of the alleged violation, the Dean of Student Services (or designee) may consider information acquired from a complainant and may augment that information through further investigation in order to determine if there is cause to believe that a violation may have occurred. In cases in which the Dean (or designee) determines that there is not cause to believe that a violation may have occurred, the Dean (or designee) may decide that the case will not be pursued further. If the allegation concerned academic and/or classroom misconduct, the Dean will contact the complainant to explain his or her reasoning. The complainant may appeal the decision to not pursue discipline, within 10 working days, to the Vice President of Academic Affairs.

The Dean may refer the matter to other campus and/or community resources.

The Dean shall notify the accused student in writing of the following:
1. the nature of the alleged conduct in question, including a brief statement of the factual basis of the charges; the time, date, and place it is alleged to have occurred; and the campus regulations allegedly violated;
   a. Campus Restraining Order (CRO):
      In cases in which the Dean has a reasonable suspicion to believe that an alleged violation of Policy 5529.2(D) and/or 5529.2(M) occurred, the Dean may issue, in addition to the letter of notification, a Campus Restraining Order (CRO). The CRO shall prohibit named students from intentionally contacting, telephoning, or otherwise disturbing the peace of others specifically named for a specified period of time. A CRO shall not include a provision that terminates the accused student's status as a student, nor shall it be construed as a finding of culpability on the part of any student. Nevertheless, violation of a term or condition of such an Order may be regarded as actionable misconduct and may subject the student to disciplinary action without regard to the outcome of the case that occasioned the issuance of the CRO.

2. a copy of the student conduct procedures; and

3. that an interview with the Dean must be scheduled within seven (7) days for the purpose of an initial hearing. The student may waive the right to an initial hearing and request that the matter be referred directly to the Student Conduct Committee for a hearing.

C. Placement and Notice of Hold:
In the event that the student does not contact the Dean of Student Services Office within the seven
(7) day period, or fails to keep any scheduled appointment, the Dean may then place a hold on the student's records and notify the student that this action has been taken. Such hold will be removed only when the student either appears at the Dean of Student Services Office for a scheduled interview, or requests in writing that the case be referred to the Student Conduct Committee for hearing.

D. Initial hearing with the Dean:
The Dean of Student Services (or designee) shall, at the initial hearing:
1. determine that the student has received a copy of these procedures;
2. discuss confidentiality; inform the student that the content of this and all subsequent communications with the Office regarding information not relevant to the case shall, insofar as allowed by law, be treated confidentially, unless such confidentiality is waived by the student; and that information relevant to the case may be divulged to those who have a legitimate educational interest;
3. describe to the student as completely as possible the allegation, and the College policies allegedly violated, hear the student's defense to such charges and;
4. provide the student with an opportunity to inspect all documents relevant to the case which are in the possession of the Dean at the time of the hearing, and all such documents arriving after the initial hearing but before disposition of the case by the Dean of Students;
5. provide the student with copies of the documents relevant to the case, at the student's request, and;
6. counsel the student regarding the campus discipline process as appropriate.
7. Student may be accompanied by any person(s) of their choice at the initial hearing.

E. Disposition by the Dean of Student Services:
After meeting with the student, the Dean (or designee) may take one of several actions:
1. Insufficient Evidence:
   If the Dean concludes that there is insufficient evidence to sustain a finding of culpability, he or she may decide not to refer the case to the Student Conduct Committee. The complainant may still attempt to resolve the matter through campus and/or community resources.
   In the cases of alleged violations of classroom and/or academic misconduct the Dean will notify the complainant of this outcome (if allowed by law). The complainant may appeal this decision, within ten working days, to the Vice President of Academic Affairs.
2. Informal Agreement of Resolution:
   In cases in which the Dean determines that an Informal Agreement of Resolution is appropriate, the accused student will be informed that this Resolution, while not a part of the student's permanent record, is binding. If the student fails to

abide by the Informal Agreement of Resolution, such failure will be regarded as actionable misconduct, under District Policy 5529.2(K), and may subject the student to disciplinary action by the College.

Each Informal Agreement of Resolution shall be regarded as binding within the College and may include:
   a. Direction by the Dean to the student to refrain from the behavior(s) described by the Dean and/or restrictions regarding contact with others involved in the case.
   b. Required participation by the student in educational programs and/or reconciliation processes, including mediation.
   c. Required participation by the student as an unpaid volunteer in activities that serve the College and/or community.
   d. Retention of the case file and the Informal Agreement of Resolution in the Dean of Student's Office for two years from the date appearing on the Agreement. During those two years, should the Dean have a reasonable suspicion to believe that the student has engaged in misconduct related in nature to the conduct which occasioned the Agreement, both cases may be subject of College disciplinary action.

3. Formal Disciplinary Action:
   a. If the student does not admit culpability, and if the Dean concludes that an Informal Agreement of Resolution is not appropriate, and that there is sufficient evidence such that a student Conduct Committee could find, by a preponderance of the evidence, that the student has violated College policy, the Dean shall refer the case to the Student Conduct Committee for a hearing.
   b. If the student does admit culpability, and if the Dean concludes that there is sufficient evidence to sustain a finding of culpability, the Dean may impose, or impose and suspend, one or more of the sanctions listed in Santa Clarita Community College District Policy 5530 (excluding expulsion); moreover, the imposition of any sanction may be effective retroactively. No sanction involving separation from the College (i.e., Suspension or Expulsion) shall become official until five (5) days from the date appearing on the letter confirming the Dean's disposition. Regardless of the action taken, the Dean shall confirm his or her disposition of the case in a written notice mailed to the student within seven (7) days of the action.

F. Appeal of the Sanction Imposed by the Dean:
If the Dean imposes a sanction of Suspension or recommends Expulsion, the student may submit a written appeal of the imposed Suspension or Expulsion to the CEO within five (5) days of the date appearing on the Dean's written confirmation
of his or her action. The imposition of a sanction of Suspension shall be withheld during such appeal. The CEO's review of such appeal shall be in accordance with the provisions set forth in Section 5531.5, The CEO, below. The CEO's decision is final.

5531.4 The Student Conduct Committee

A. The Student Conduct Committee shall provide a hearing for all cases referred to it under this Policy.

B. It is the intention of this Policy that hearings be set as soon as reasonably possible after referral to the Student Conduct Committee.

C. Hearings shall be held in accordance with generally accepted standards of procedural due process, including, but not limited to, the opportunity to present evidence in an orderly manner, and the right to examine and cross-examine witnesses. The student may be advised by any person of the student's choice, at the student's own expense; however, the student must represent him or herself. The Committee Chair may grant exceptions (for example pending criminal charges against the student). The Committee Chair shall rule on all questions of procedure. Evidence may be received of the sort upon which responsible persons are accustomed to rely in the conduct of serious affairs, and is not restricted to evidence admissible under the strict rules of evidence of a court of law.

D. When the hearing involves an allegation of rape, or other forms of sexual assault, evidence of the complainant's past sexual history, including opinion evidence, reputation evidence, and evidence of specific instances of the complainant's sexual conduct, shall not be admissible by the accused student unless the Committee Chair makes a specific finding of relevance after an offer of proof by the accused student. Under no circumstances is past sexual history admissible to prove consent. The offer of proof must be made and resolved by the panel before the complainant testifies.

E. No inference shall be drawn from the silence of the accused. The standard of proof to be applied in these hearings is that of a preponderance of the evidence. Hearings shall be recorded and the student shall receive, upon request, a copy of the record without charge. The record may be an audio-tape recording of the hearing.

F. The hearing shall be closed to spectators unless the student specifically requests an open hearing.

G. The Committee Chair has the right to exclude spectators from the hearing room if deemed necessary for the quiet or secure conduct of the hearing. When the hearing involves an allegation of rape or other forms of sexual assault, the hearing shall be closed to spectators except for the following:

1. The complainant shall be entitled, for support, to have up to two persons of the complainant's choice accompany the complainant to the hearing. A support person may be called as witness, and the fact that he or she is to act as a witness shall not preclude that person's attendance throughout the entire hearing. If a support person is also a witness, the Committee Chair may require him or her to testify before the complainant. Neither of these persons shall be entitled to represent or defend the complainant. Similar rights shall be afforded the accused student.

2. The complainant shall have the right to be present during the entire hearing, notwithstanding the fact that the complainant is to be called as a witness.

H. Responsibility for Presentation of Cases:

1. At the hearing, the accused must represent him or herself (exceptions may be granted by the Committee Chair); however he or she may receive advice, from any person at the student's own expense. An advisor is not allowed to address the Committee directly and must conduct him or herself in an appropriate manner.

2. If the student wishes the Hearing Coordinator to direct communications concerning the case to his or her advisor, as well as to him or herself, he or she must provide the Hearing Coordinator with such a request, including the name and address of his or her advisor, in writing.

3. The College's representative shall be the Dean of Students or the Dean's designee. The Dean may consult with Campus Attorneys.

I. Continuing Informal Resolution:

Until the Student Conduct Committee makes its report to the CEO, any agreement between the accused student and the Dean of Students as to the disposition of the matter shall bind all parties and terminate all proceedings.

J. Reports to the CEO:

Within fifteen (15) days after the conclusion of a hearing, the Committee Chair shall submit a report advising the CEO of:

1. the Committee's specific finding of fact;
2. whether, in the opinion of a majority of the Committee the student has violated one or more College policies; and
3. a recommendation of sanction, provided that prior to recommending any sanction, the Committee and accused student are briefed by the Dean of Students regarding sanctions imposed in similar cases, and any previous cases of misconduct by the student on file with the Dean of Student Services; and provided further that the Committee indicate the rationale for such recommendation.

The CEO may grant an extension of time for submission of the report for good cause shown and upon such terms as shall avoid undue prejudice to the student. Any member of the Committee may submit a minority report to the CEO.

K. A copy of all reports required to be submitted to the CEO by this Policy, including any minority reports, shall be sent to the accused student, the Dean of Student Services, and the complainant (if allowed by law), when transmitted to the CEO.
L. The accused student shall have seven (7) days from the date appearing on the Committee report in which to submit to the CEO any written argument supporting the student's position.

M. If an accused student does not meet with the Dean and/or does not appear at the hearing, or has withdrawn from the College while subject to pending disciplinary action, the case may proceed to disposition without the student's participation.

5531.5 THE CEO

A. Decision by the CEO:
   The final decision regarding the case shall be made by the CEO except in cases which:
   1. are resolved by the Dean of Students, and no written appeal is made by the student;
   2. include a recommendation for expulsion.

B. Bases for Decision:
   The CEO shall base his or her decision upon:
   1. the report submitted by the Student Conduct Committee;
   2. counsel solicited from the Dean, regarding sanctions imposed in similar cases, and any previous cases of misconduct by the student on file with the Dean of Student Services Office.

C. Sanctions:
   The CEO may decide to impose, or impose and suspend, one or more of the sanctions listed in Section 5530, with the exception of expulsion (discussed below). The CEO is not limited to those sanctions imposed by the Dean, or to those recommended by the Student Conduct Committee, even though such decision may result in a decrease of the student's penalty; moreover, the imposition of any sanction may be effective retroactively.

D. Recommendation for Expulsion:
   Should the Dean, CEO, or CEO designee recommend a sanction of expulsion, the Santa Clarita Community College District Board of Trustees will meet in closed session, unless otherwise requested by the student, to affirm or alter the sanction. The Board is not limited to the recommended sanctions(s), and may impose an alternative sanction, even though such decision may result in a decrease of the student's penalty; moreover, the imposition of any sanction may be effective retroactively.

   Whether the matter is considered at a closed session, or at a public meeting, the final action of the Board shall be taken at the next public meeting and the result of such action shall be public record of the District.

E. Discussion With Student:
   If the CEO deems it necessary or desirable, he or she may meet with the student at any point to discuss the case. The student may be accompanied by any person of his or her choice at the student's own expense.

F. CEO:
   Not later than twenty (20) days after the date appearing on the written appeal of the student; or the report of the Student Conduct Committee, if any, whichever is latest, written notification of the CEO's decision shall be delivered to:
   1. the accused student;
   2. the Chair of the Student Conduct Committee, if the Committee heard or reviewed the case and made a report to the CEO, and
   3. the Dean of Student Services.

   The CEO may also notify other parties of his or her decision. The CEO may direct the Dean of Student Services to notify others, if there is an institutional interest in doing so, and if such parties are authorized to receive such information under the “Santa Clarita Community College District Policy on the Disclosure of Information from Student Records.”

STUDENT SUCCESS AND SUPPORT PROGRAM AND MATRICULATION – STUDENT RIGHTS AND RESPONSIBILITIES

Student Success and Support Program (3SP) is a comprehensive student success program involving the entire campus community. 3SP enhances student access to the California Community Colleges and promotes and sustains the efforts of credit students to be successful in their educational endeavors. The goals of 3SP are to ensure that all students complete their college courses, persist to the next academic term, and achieve their educational objectives through the assistance of the student-direct components of the matriculation process. It is College of the Canyons’ way of supporting the student’s right to succeed in college. College of the Canyons recognizes that student success is the responsibility of the institution and the student, supported by well-coordinated and evidence based student and instructional services to foster academic success.

3SP is a partnership agreement between students and College of the Canyons. The agreement includes the provision of core matriculation services, including an admission process, college orientation, pre-enrollment assessment and placement, advisement and counseling for course selection, educational planning services, a suitable program of study, and follow-up on student progress.

The student agrees to express a broad education goal upon admission, declare a course of study within a reasonable period of enrollment, attend class and complete coursework diligently, and maintain progress toward an education goal.

Student's responsibilities include:
1. Identify an education and career goal upon application.
2. Complete an orientation activity provided by the college.
3. Be assessed to determine appropriate course placement.
4. Participate in counseling, advising, or another education planning service to develop, at minimum, an abbreviated student education plan.
5. Declare a specific course of study no later than after completion of 15 semester units of degree applicable credit coursework.
6. Diligently engage in course activities and complete assigned coursework.
7. Complete courses and maintain progress toward the completion of an education goal and course of study, according to standards established by the college, the District, and the state.
8. Cooperation in the development of a comprehensive student educational plan by the end of the second semester in attendance.

College of the Canyons agrees to provide a strong foundation and support for academic success, providing and mandating the services necessary for students to achieve their educational goals and complete their course of study. College of the Canyons will ensure information regarding its matriculation policies is accessible and available to all students during or prior to enrollment.

**College responsibilities include:**

1. The processing of applications for admission;
2. Orientation services designed to provide, on a timely basis, information concerning campus procedures, academic expectations, financial assistance, resources, and other matters;
3. Assessment of students using State Chancellor-approved tests to determine student competency in computational and language skills; to identify aptitudes, interests, and educational objectives; and to evaluate study and learning skills;
4. Counseling, advising, or other education planning services to assist students in interpreting test results, exploring educational and career interests and aptitudes, identifying educational objectives, and in developing and updating of an education plan;
5. Assistance in the development of a student education plan identifying the student’s education goal, course of study, and the courses, services, and programs to be used to achieve them;
6. Follow-up services to evaluate the academic progress of, and provide support services to, at risk students, students enrolled in basic skills courses, those who have not declared an educational goal as required, or who are on academic probation, as defined by the college, the District, and the state;
7. Referral of students to: support services that may be available, including, but not limited to, counseling, financial aid, health and mental health services, campus employment placement services, Extended Opportunity Programs and Services, campus child care services, tutorial services, foster youth support services, veterans support services, and Disabled Students Program and Services; and curriculum offerings which may be available, including but not limited to, basic skills courses and English as a Second Language.

**MANDATORY CORE SERVICES**

All new students entering College of the Canyons are required to complete three core matriculation services: orientation, assessment, and the development of a first semester education plan through participation in New Student Advising.

**ORIENTATION**

Orientation is a program which acquaints students with college programs, services, facilities and grounds, academic expectations, and institutional procedures.

**ASSESSMENT**

Assessment is a process that includes the administration of assessment instruments to determine student competency in computational and language skills, assisting students in identifying their aptitudes, interests and educational objectives, evaluating students' study and learning skills, and evaluating other factors that may be critical to their success in meeting their educational objectives.

**NEW STUDENT ADVISEMENT**

New Student Virtual Advisement is an online interactive program that guides students in developing education goals and objectives, understanding their assessment results, and designing a one semester educational plan to meet those objectives.

The College will make reasonable efforts to ensure that all new and continuing students are provided the opportunity to participate in orientation, assessment, and new student advising.

**CONFIDENTIALITY OF STUDENT RECORDS AND ACCESS TO RECORDS**

*(Family Educational Rights and Privacy Act)*

College of the Canyons maintains student records to ensure the privacy of all such records in accordance with statutes set forth in the Family Educational Rights and Privacy Act of 1974. By law, the college shall not permit access to or release of records or information to outside agencies without an educational interest unless the College obtains the student’s written permission.

This statute applies regardless of the student’s age. Once a student under the age of 18 is admitted, they are considered a college student and this law applies to their records.

The one area of student records that can be released is called “Directory Information.” Directory information is defined as: student's name, district provided email address, current enrollment status, dates of attendance, major field of study, degrees and awards received, participation in officially recognized activities and sports, weight and height of members of athletic teams, and the most recent public or private school attended by the student. Directory information will only be blocked from release by written request of the student. Students may file a written release to block such information in the Admissions & Records office. The College, at its discretion, may limit or deny the release of student directory information to public or private persons or organizations based on the best interests of the students.
In accordance with the privacy act, the College also has the right to release students’ records to institutions and agencies on the basis of educational interest. These are examples of situations where records would be released on the basis of educational interest: college officials, state and federal educational and auditing officers, requests in connection with the application for or receipt of financial aid, subpoenas, recovery services, book publishers in accordance with online tools used in the classroom, and court orders.

Any student has the right to inspect and review his or her student records, within five days of making an official request. The student may challenge the accuracy of the record or the appropriateness of its retention. Records maintained under this statute include, but are not limited to information regarding: college admission, registration, academic history, official transcripts from other schools and colleges, career, student benefits or services, extra-curricular activities, counseling and guidance, discipline or matters related to student conduct and any other information the college feels appropriate. All official transcripts from other schools and colleges become property of the College upon receipt and photocopies are not released.

The College makes a reasonable charge for furnishing copies of any student record, except for the normal College procedures that apply to transcript requests. Particular questions with respect to students’ rights under the Family Educational Rights and Privacy Act of 1974 should be directed to the Director of Admissions & Records.

BP 3900 SMOKING/TOBACCO USAGE IN AND ON CAMPUS FACILITIES

In the interest of promoting health and well being of district students, staff and visitors and maintaining the safety of district facilities, it shall be the policy of the district to limit or prohibit smoking/tobacco usage in and on campus facilities. This includes and is not limited to the use of an electronic cigarette/vapor, hookah pen or pipe, or other device to ingest flavored serums, with or without nicotine and which dispense vapors.

Administrative Procedure

AP 3900 Smoking/Tobacco Usage In and On Campus Facilities

A. Student, employee, and visitor health is a primary concern of the Santa Clarita Community College District. Because of the clear evidence of the harmful nature of smoke inhalation and air contamination, the district, in accordance with state law, bans smoking/tobacco usage within all campus buildings and in any outdoor area except in designated smoking areas. This policy includes all college-leased and college-occupied buildings. In addition, smoking/tobacco usage shall be prohibited at events held on campus initiated by internal district users or external agencies as defined by the Civic Center Act. Further, smoking/tobacco usage is banned in the swimming pool area, in the Cougar Stadium, and in all college vehicles.

B. Smoking shall be allowed in a designated area near Cougar Stadium. In addition, smoking is allowed in perimeter parking lots away from the central campus.

1. Smoking is not permitted in the parking area directly adjacent to Boykin Hall and the lot adjacent to the Early Childhood Education Center.

2. Following recommendations from the Health and Welfare Committee, other smoking areas may be designated by the chief executive officer of the district.

C. All other tobacco usage in and on district facilities is expressly prohibited.

D. Violators shall be subject to appropriate disciplinary action.

E. Questions regarding this policy shall be directed to the chief executive officer of the district or his/her designee. Any review and decision by the chief executive officer of the district or his/her designee shall be deemed to be final.

SUBSTANCE ABUSE PREVENTION INFORMATION

As students and employees you should be aware that illicit drug use and alcohol abuse may lead to financial, health, psychological, work, school and legal problems. College of the Canyons presents these facts to make you aware of the dangers of abuse of illicit drugs and alcohol.

HEALTH RISKS

The following are commonly abused drugs and their associated health risks:

Alcohol
- Brain, heart, liver disease
- Fetal alcohol syndrome
- Some forms of cancer
- Addiction
- Reduced life expectancy
- Death from severe overdoses causing respiratory and heart shutdown

Alcohol is involved in two-thirds of violent behavior, one-half of all injuries, one-third of all emotional difficulties and one-third of all academic problems on college campuses. The use of alcohol is detrimental to athletic and academic skills, and impairs concentration, judgment and body coordination.

Marijuana
- Breast enlargement in men
- Increased appetite
- Loss of motivation and purpose
- Heavy psychological dependence
- Loss of sex drive and reduced fertility
- May cause heart and lung damage
- Insomnia for up to 6 months after quit using

Cocaine
- Excitability and restlessness
- False feeling of self-confidence
- Painful nose bleeds and nasal erosion

In the interest of promoting health and well being of district students, staff and visitors and maintaining the safety of district facilities, it shall be the policy of the district to limit or prohibit smoking/tobacco usage in and on campus facilities. This includes and is not limited to the use of an electronic cigarette/vapor, hookah pen or pipe, or other device to ingest flavored serums, with or without nicotine and which dispense vapors.

Administrative Procedure

AP 3900 Smoking/Tobacco Usage In and On Campus Facilities

A. Student, employee, and visitor health is a primary concern of the Santa Clarita Community College District. SUBSTANCE ABUSE PREVENTION INFORMATION

As students and employees you should be aware that illicit drug use and alcohol abuse may lead to financial, health, psychological, work, school and legal problems. College of the Canyons presents these facts to make you aware of the dangers of abuse of illicit drugs and alcohol.

HEALTH RISKS

The following are commonly abused drugs and their associated health risks:

Alcohol
- Brain, heart, liver disease
- Fetal alcohol syndrome
- Some forms of cancer
- Addiction
- Reduced life expectancy
- Death from severe overdoses causing respiratory and heart shutdown

Alcohol is involved in two-thirds of violent behavior, one-half of all injuries, one-third of all emotional difficulties and one-third of all academic problems on college campuses. The use of alcohol is detrimental to athletic and academic skills, and impairs concentration, judgment and body coordination.

Marijuana
- Breast enlargement in men
- Increased appetite
- Loss of motivation and purpose
- Heavy psychological dependence
- Loss of sex drive and reduced fertility
- May cause heart and lung damage
- Insomnia for up to 6 months after quit using

Cocaine
- Excitability and restlessness
- False feeling of self-confidence
- Painful nose bleeds and nasal erosion
• Quick addiction
• Depression
• Easy overdose leading to heart failure
• Crack babies
• Behavior leading to exposure to the AIDS virus and syphilis

**Stimulants**
• Loss of appetite
• Insomnia
• High distractibility
• Anxiety and severe depression
• Suicidal tendencies, anger, violence, and psychotic or criminal behavior

In addition to the above, opiates, depressants, deliriants, hallucinogens and tobacco have significant health risks. Tobacco use is the leading preventable cause of disease and premature death in the United States. Tobacco use causes more deaths each year than alcohol use, car crashes, suicide, AIDS, homicide, and illegal drug use combined. Save your health and your money: schedule a free appointment with the tobacco cessation counselor at the Student Health and Wellness Center (661)362-3259.

Therapeutic drugs, when used for medical treatment, can have beneficial and predictable results. Drugs used for non-medical reasons can cause serious physical and psychological problems.

**APPLICABLE LEGAL SANCTIONS**
Laws and regulations forbidding substance abuse include the Federal Controlled Standards Act, the California State Business and Professional Code, and the California State Penal Code.
Legal sanctions may be taken against you if you are:
• Driving under the influence of any drug,
• In possession of illegal drugs or controlled substances,
• Using a false I.D. to obtain alcohol,
• Obtaining or providing alcohol for people under legal age,
• Giving prescription drugs to others,
• Selling any drug or controlled substance.

**Santa Clarita Community College District Board Policy**
In accordance with Public Law 101-226 DRUG-FREE SCHOOLS AND COMMUNITIES ACT AMENDMENT OF 1989, the Board of Trustees of Santa Clarita Community College District prohibits the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on college property and as part of any college-sponsored or sanctioned activity.
Any student or employee in violation of this policy is subject to disciplinary action up to, and including, expulsion from college or termination from employment and referral for prosecution for violations of the standard of conduct.

The decision to take disciplinary action in any such instance rests with the Board of Trustees after consideration of the recommendation of the chancellor of the college.
