#### Q3 Please describe how Academic Senate evaluates progress towards its priorities.

| 1 | My perception is we talk and vote on many initiatives etc. but don't ever hear follow upFor instance we said we were going to have a discussion about a return to campus at the very first meeting of Spring and we have not spent one minute on any further moment on what the status is of a possible return   |
|---|--|
| 2 | Academic Senate has a very well thought out process of listing item on the agenda first as discussion 1-2 or 3 times and collecting feedback from the body. A item that may be of large priority is then listed as an agenda item, where the item can again be discussed. There may be times when an item still requires additional discussion and it may go back to a specific workgroup or committee, or ad-hoc committee to be worked out. The committee may then return with a update and/or it may be brought back again on the agenda. |
| 3 | In the Academic Senate items are brought forth as a Discussion item first, unless it is an emergency action item such as the Covid Pandemic then we deal with it right away. After the Senate discusses the items then at the next meeting they become an Action item for us to vote on, unless there is need for more discussion then it will remain as a discussion item.  |
| 4 | I believe we evaluate progress through tracking the action items, ongoing business items, and archiving previous agenda/minutes.   |
| 5 | Committee reports and discussion between Senators and their divisions, and amongst Senators.   |
| 6 | maintains organized process of discussion items and voting   |

#### Q4 Please use the space below to provide feedback on ways to improve the process by which Academic Senate evaluates the degree to which its plans have been launched and areas of focus completed.

| 1 | It would be good to spend a few moments hearing at the start of the meeting, how what we do is actually improving our campus culture and policy  |
|---|--|
| 2 | If there is an area of focus that may be part of a long term project such as SOAA plans or the work of Guided Pathways the Academic has in the past kept those records of items that have come through on the agendas as required by the Brown Act. However, there may be times when the authors need to be contacted and therefore, a tracking sheet has been developed to keep track of when items come through were they are in various stages with work teams or work groups. This helps with following up with the status of various project or updates requested by the Senate. It is also a good way to see when specific plans or new processes or programs where launch. This is also the case with the Starfish notification system. I do recommend continuing to do this for some longer term projects to see how those plans where implemented, to develop the ability to collect feedback and to determine if there has been any success. |
| 3 | I think our process is fine. I have only been a senator for 8 months, so I think I will have more input on this matter after some time, but I like the current process.  |
| 4 | Perhaps and annual report of "accomplishments" or tallied work product by subcommittee.  Otherwise, our robust agenda document our work product.   |
| 5 | More individual feedback could help the pocess.  |
| 6 | An Academic Senate monthly all-college announcement would be helpful.  |

### Q5 Please describe how Academic Senate's priorities incorporate emerging mandates/trends.

| 1 | Clearly we seem to be directly responding to the political events of the past 12 months  |
|---|--|
| 2 | Academic Senate being an important and long standing governing board of the district ensures it follows any new CCCO executive orders, guidelines and/or mandates. This is done either by bringing them forward to the Academic Senate as a standing rule, new resolution or to discussion potential changes to policies. When it comes to policies the Senate may first forward new mandates/trends to the Policy Review Committee and/or College Policy Council. The items then return to Academic Senate and may then need to go to the BOT for final approval. |
| 3 | As I stated earlier any pressing issues the Academic Senate may need to have a discussion on an item, with an immediate vote. That is rare normally we discuss as a group and vote at the next meeting.  |
| 4 | Emerging mandates/trends impact policy, curriculum, perspective, etc and the Academic Senate supports and incorporates these through policy updates, resolutions, and other recommendations to the BOT.  |
| 5 | We are incredibly responsive to emerging mandates and trends at COC. In fact, our focus tends to be on the "new" and less on nurturing the existing.   |
| 6 | The Senate president or subcommittees report on what the State Chancellor recommends or other districts are doing.   |
| 7 | Recent discussion regarding racism and response is an example-significant issues are prioritized.  |

### Q6 Please describe how Academic Senate's priorities support action priorities of other committees.

| # | RESPONSES  | DATE |
|---|--|------|
| 1 | not sure how to answer this one  |      |
| 2 | As there are sub-committee of the Academic Senate those committees serve to focus on the various priorities of the Academic Senate. For example, the Curriculum Committee evaluates and develops curriculum in addition approves the continuance discontinuance of various programs and courses. This is an area of Academic Senate 10-1 focus. The Academic Senate also supports various policy changes that may be of priority to the Policy Review Committee. This is in particular when there are needs to update or review policies. The Academic Staffing Committee and the MQE committee are both responsible for the determination and recommendations of new positions and the review of qualification for new faculty positions. These are high priorities for these committees and the Academic Senates ensures that recommendation from ASC are reported out and the all newly hired faculty or faculty administrator discipline memos are also review and approved by the Academic Senate which are also a major priority of MQE. |      |
| 3 | Academic Senate has another committee called the Executive Cabinet of Academic Senate. This is a group of all of the Chairs for the Committees among the College. This group will give their feedback on any pressing issues and can vote on issues that the Academic Senate is working on. So this process includes all committees among the college in the decision making process.  |      |
| 4 | The work of other committees, especially senate committees, funnels back through Academic Senate for further support and/or discussion.  |      |
| 5 | The Senate leadership is always available for consultation and willing to agendize important subcommittee matters.   |      |
| 6 | All COC committees have the opportunity to place themselves on the agenda.   |      |
| 7 | Other committees come and speak, gaining input and support. This is great process.   |      |

#### Q7 Please indicate your level of agreement with the following questions:

|   | STRONGLY<br>DISAGREE | DISAGREE   | NEUTRAL    | AGREE       | STRONGLY<br>AGREE | I<br>DON'T<br>KNOW | NOT<br>APPLICABLE | TOTAL |

#### Q8 The frequency of meetings to accomplish the committee work is:

Answered: 14 Skipped: 0

| ANSWER CHOICES         | RESPONSES |    |
|------------------------|-----------|----|
| Too few                | 7.14%     | 1  |
| Just right             | 85.71%    | 12 |
| Too many               | 0.00%     | 0  |
| Other (please specify) | 7.14%     | 1  |
| TOTAL                  |           | 14 |

| # | OTHER (PLEASE SPECIFY)   |  |
|---|--|--|
| 1 | Due to the large amount of agenda item request it may be a good idea to add one more additional meeting. As spring break tends to eliminate 1 meeting. |  |

#### Q9 The duration of each meeting to accomplish the committee work is:

Answered: 14 Skipped: 0

| ANSWER CHOICES         | RESPONSES |    |
|------------------------|-----------|----|
| Too short              | 7.14%     | 1  |
| Just right             | 78.57%    | 11 |
| Too long               | 7.14%     | 1  |
| Other (please specify) | 7.14%     | 1  |
| TOTAL                  |           | 14 |

| # | OTHER (PLEASE SPECIFY)  |
|---|---|
| 1 | I would recommend either expanding the time by 30 minutes for some meetings but not all or calling special meetings to approve important documents that can be held more so as business meetings. |

#### Q10 The meeting day/time is conducive to my work schedule.

Answered: 14 Skipped: 0

| ANSWER CHOICES | RESPONSES |    |
|----------------|-----------|----|
| Yes            | 92.86%    | 13 |
| No             | 7.14%     | 1  |
| TOTAL          |           | 14 |

### Q11 Please indicate how the meeting day/time could be adjusted so that it works better for your work schedule.

| # | RESPONSES  |  |
|---|--|--|
| 1 | I have no problem with the day/time of the meeting. I think afternoons tends to be more open for other peoples calendars and morning tend to be too busy for some. |  |

### Q12 Please indicate where your committee's meeting minutes/agendas are posted. (Mark all that apply)

| Committ   | ee Intranet Site   | 42.86% | 6 |

## Q18 Please indicate any assistance you need to be more effective in communicating Academic Senate's discussions and work to your constituencies.

| 1 | I am not sure how quickly we turn around AS meeting minutes - but ASAP would make it easier to reference during a school meeting  |
|---|---|
| 2 | There has been some discussion regarding the development of a new Clerk and Treasurer positions. The Clerk positions may act as a liaison for ASCCC appointed faculty liaison positions. The Clerk may also be responsible for developing the Academic Senate Newsletter. The Clerk may assist with other committees funding. If these positions are developed they may help with those areas and provide that assistance to me.  |
| 3 | None at this time.  |
| 4 | The biggest issue I have in relaying information is timing. Senate meetings are twice a month and school meetings are only once a month for one hour. The timing doesn't always align well with sharing and collecting information for senate. In addition, if it is a topic requires further thought or discussion once it has been shared at a school meeting, there really isn't an opportunity for this to occur. And, the monthly school meeting is only one hour. |
| 5 | More time dedicated in division meetings would be helpful.  |

# Q19 Please indicate the type/content of Professional Development or Training that would help you to be a more effective member of Academic Senate. Mark all that apply

### Q21 Please use the space below to provide comments on aspects of Academic Senate that you think are working well.

| 1 | I honestly was very excited to join the AS. I saw it as an opportunity to learn more about the college, and how to communicate faculty needs to my peers. I really do enjoy learning about policy, as well as how this committee fits in with short term and long term planning. It's also quite educational to hear my peers speak up when we discussions.   |
|---|---|
| 2 | With the recent need to work remotely due to the COVID-19 crisis it was important that the Academic Senate continue to host their meetings. I was very impressed and pleased with how quickly everyone adapted to zoom meetings and learned the software. While it was a bit confusing during the 1st and 2nd meeting there have been many changes adapted and implemented. Those area include using the participants window for counting votes and tracking abstentions. This new process has helped to save a lot of time when counting votes. Another change was requiring senators to add a "1" in front of their names to allow sorting via the participants window. Lastly, I ike that the Academic Senate held virtual celebratory meetings for tenured and emeriti faculty. |
| 3 | I feel we have well organized meetings with great dialogue. I feel we make it a safe space for everyone to be heard and to discuss difficult and important topics. I think we have great time management and spend the right enough time on the subjects that need to be addressed. I also like how I feel I have a voice in this committee, which is important for each Senator to have.   |
| 4 | The Academic Senate works well. Timelines are met and the senate president does a great job setting the agenda to cover the most important items.   |
| 5 | Under David Andrus, we are having more meaningful conversations about important matters. Reports have been less time-consuming which has been helpful. We cannot always conclude a discussion but generally the discussions are more fruitful/.   |
| 6 | Everyone wants the best for COC.  |
| 7 | This is a talented, cohesive and respectful group.  |
|   |   |

# Q22 Please use the space below to provide suggestions or ideas on how the structure of the meetings and/or operations of the Academic Senate could be expanded on or changed to help the committee to be more effective.

| # | RESPONSES   | DATE |
|---|---|------|
| 1 | I am not sure if this where you need to hear this, but when I first joined the committee, I really was excited about the Senate's directive and mission. In the past several months though, I really feel like the AS is veering off into more political activism and less about actual academic priority. For instance, we are four meetings into the Spring semester and we have not had an earnest discussion on a return to campus. I understand that the AS is limited in what it can dictate to instruction, but we have spent hours discussing resolutions condemning racism with the promise of further discussion. Not that I think this isn't an important topic but I find our continued focus on it comes at the cost of what as a body we should be finding a way to get our students back on campus and face to face learning. We have spent some time debating policy on who should be trained via remote/asynchronous learning (which I think is fantastic), but have little follow up on the Instructions decision to incorporate it as a future and popular learning modality. In summary we seem to be more fired up about resolutions, than of keeping COC at the highest academic realm. |      |
| 2 | I would suggest that when needed to Academic Senate call either Special Celebration meetings or Special meetings . The Special Meetings could be held to simply take motions to pass various documents if there are urgent deadlines coming up.   |      |
| 3 | I really do not have any at this time. I really like how it is ran.   |      |
| 4 | Difficult to say. If members came more prepared, discussion could be more focused. Often Senators are learning about an issue in the meeting, rather than preparing for discussions ahead of time.  |      |
