

# Music -AA (Associate GE Track)

+If you have completed coursework at another college and/or are starting in a semester other than a Fall term, please follow up with the Counseling Department to determine if this sequence is appropriate for your academic and career goals.

**Program Description:** The Music Program is designed to give students the ability to develop an individualistic artistic voice through the exposure to the rigors of traditional music theory, performance and musicianship, with the option to choose among various elective courses to focus on their area of creative interest. Music students are required to audition and, once accepted, enroll in Music 189 (Individualized Lessons), to receive instruction on an instrument of their choice. Music majors will be required to take Music 189 and Music 190 (Applied Performance) a total of four times. Students will also have to take music theory and musicianship classes to earn the degree.

The Department of Music offers a comprehensive curriculum to prepare performers, songwriters, electronic minded musicians, symphonic composers, pop and jazz enthusiasts, for the path toward successful creative careers.

Music students must participate in at least one major performing group per semester while enrolled in the program. Students should select a performing group that fits their performance specialty or interest.

**Program SLO:** Students will be able to apply theoretical music concepts and performance-based skills to produce and perform standard repertoire and to create original music.

**Important Transfer Information:** The sequence listed below, may not meet all your transfer admissions requirements. Connect with a counselor to develop an individual student education plan through the Counseling Department @ <https://www.canyons.edu/counseling> or (661)362-3288/(661)362-3811.

Major courses are sequenced and **BOLDED** based on recommendations by the [Music Department](#).
