

## Sociology AA-T (CSU GE Track)

+If you have completed coursework at another college and/or are starting in a semester other than a Fall term, please follow up with the Counseling Department to determine if this sequence is appropriate for your academic and career goals.

**Program Description:** The Sociology major is designed to prepare students for further studies in the discipline which will lead to the B.A., M.A., and /or PhD degrees. The Associate in Arts degree in Sociology will provide an introduction to the major theoretical perspectives, research, methodologies, and related sub-areas associated with the field. The degree incorporates the primary courses required for the bachelor's degree at many four-year colleges and universities, as well as establishes the foundation needed for later graduate studies. Students can also pursue the A.A. degree in Sociology, yet decide not to attain the bachelor's degree. The field of sociology provides students with a broad based knowledge of human behavior and social interaction, which is transferable to a multitude of areas, including education, law, medicine, government, administration of justice, and organizations. [The Student Transfer Achievement Reform Act \(SB 1440\)](#)

Program SLO: Analyze a social issue using sociological concepts.
