

Carpentry Technology – Certificate of Specialization

Canyon Country Campus Pathway

+If you have completed coursework at another college and/or are starting in a semester other than a Fall term, please follow up with the Counseling Department to determine if this sequence is appropriate for your academic and career goals.

Program Description: The Carpentry Technology Certificate of Specialization is designed to prepare students for entry-level positions in carpentry. Students will gain skills in a wide variety of carpentry applications including but not limited to safety, hand and power tools, wall and roof framing, finish carpentry, and cabinetmaking. Students who complete this certificate will also be eligible to earn industry recognized credentials from the National Center for Construction Education & Research (NCCER).

Program SLO: Apply basic skills required for employment in a carpentry technology related trade.

Canyon Country Campus Pathway: This pathway allows students to start and finish their program at the Canyon Country Campus (CCC) and in conjunction with Online and/or OnlineLIVE formatted courses.

Important Information: For students interested in earning an Associate’s degree and/or transfer, please follow up with the Counseling Office for additional information @ <https://www.canyons.edu/counseling> or (661)362-3288/(661)362-3811.
