1. Consistent with federal and state regulations pertaining to financial aid eligibility, the District must authenticate and verify that the student who registers in a Distance Education course is the same student who participates in and completes the course or program and receives academic credit. No student shall be charged additional fees associated with verification of student identity.

The Vice President of Instruction or designee shall make available for faculty members to utilize while teaching a Distance Education course one or more of these methods to authenticate or verify the student's identity:

- A. Secure credentialing/login and password for users, including the District-provided Learning Management System;
- B. Proctored examinations; or
- C. After consultation with the Academic Senate, new or other technologies and practices that are effective in verifying student identification

Faculty teaching a Distance Education course who accept the electronic *submission* of coursework that impact a student's grade, must verify student identity by requiring enrolled students to submit such electronic coursework through the District-provided Learning Management System or the District-provided student email account. Coursework impacting a student's grade that an instructor allows or requires a student to digitally submit through software or computerized applications other than the District-provided Learning Management System, such as publisher-provided digital homework platforms, must be accessible to the student through integration with, or a hyperlink from, the District-provided Learning Management System.

Nothing in this procedure precludes faculty teaching Distance Education courses from requiring students, as part of their coursework, to utilize or access the internet, software, or computerized applications.

The Vice President of Student Services shall establish procedures for providing students a statement of the District's process to protect student privacy and provide to each student a statement of such process at the time of registration.
