Dr. Van Hook noted this document represents the fiscal accountability criteria set by the Chancellor's Office. It asks each District to use the checklist as a guide for sound fiscal management. Our responses to this checklist show extremely favorable results. Many community colleges are not as fiscally sound and are placed on a "watch list" from the Chancellor's Office. Rather, we are in a cycle of growth, and the District is in a strong fiscal position as opposed to many that are declining, losing revenue, and laying off staff.
