In Memorial

WE MOURN THE PASSING OF JACK SHINE

It is with great sadness and a heavy heart that we mourn the passing of our dear friend Jack Shine.

- Quiet and self-effacing, Jack had a habit of downplaying his achievements, even describing himself as “a modestly successful businessman.” In reality Jack was a very successful businessman who was uncharacteristically modest and an amazing inspirational leader with integrity. He was gracious, selfless and sincere. He invested his time, talents, generosity, and heart into making other people’s lives better.
- Jack had vision and the rare ability to see what others could not. When he spoke, his opinions proved decisive, his decisions resolute. He possessed keen insights honed through years of business and non-profit leadership.
- Jack was a prominent figure in the history of the Santa Clarita Valley and instrumental in shaping the eastern part of our community. He transformed vacant land into great neighborhoods under the American Beauty label.
- Jack shifted gears in retirement, shaping the community in different ways by investing himself in philanthropy and service. His work with Habit for Humanity and other organizations is known throughout our community.
- Jack was actively engaged with our Foundation Board of Directors and served on the Performing Arts Center’s K-12 Educational Outreach Advisory Board and was a Patron of the Arts. He and Doreen provided invaluable support to college programs and initiatives, helping our students to achieve success.
- Jack will be sorely missed by the College, the community and me.

- Brian was a tutor with our MESA program prior to getting accepted into the University of California, San Diego.

COC STUDENT PROVIDES LIFE SAVING HELP DURING LAS VEGAS TRAGEDY

The recent tragedy in Las Vegas is a demonstration of senseless violence that saddens us all.

- COC EMT student **Matt Cuddihy**, who is studying to become a firefighter, was at the concert and treated a number of people at the scene, providing them with life saving care.
- Matt shared his amazing story of heroism with ABC7 News.
- We are extremely proud of Matt and his instructors in the EMT program.
- The college's flags have been lowered to half staff to honor the Las Vegas victims.
- Our thoughts are with the victims and their families.

*Part of the healing process is
sharing with other people who care.*
