

Minutes from 1/26 Meeting

- 1) There has been no update on how IE2 wants to integrate Canyons Cares into the student success teams.
- 2) Michael had mentioned prior about Cares being involved in a project that Patty Robinson wants to do where Classified staff would be involved with community service projects and have more engagement with the local community. Hopefully, there will be more information about this in upcoming meetings.
- 3) Projects:
 - Money Talks-Part 2
 - The date will be sometime in April since it is Financial Literacy Month. Hopefully, the middle of April from April 10-13.
 - Lisette is in the process of waiting for a reply from Cecilia Zumbado at SchoolsFirst to see if they are available around that time to do a presentation.
 - It may be a better idea to have it in a larger room than before. A Hyflex room may be more conducive to our needs of preferring to do hybrid again. Mentry 343 is the largest room and its capacity is 86 people.
 - It may be a good idea to have index cards on each of the tables and participants can write any questions they have on there.
 - There definitely needs to be a moderator online to help with any questions participants may have.

- It would be best to have people to help with this event, so if interested please let Joanna know.
