# Outline

- Course SLO (CSLO) Assessment
  - Accreditation Requirements
  - Senate Recommendations
  - Missing Assessments
  - Assessment Schedule/Reminder List
- Institutional and Program SLO (ISLO/PSLO) Mapping
  - Mapping & ISLO/PSLO Assessment
  - Mapping Needs and Challenges
  - Future Mapping Workflows (New & Revised Courses)
- Next Steps & Resources

# Accreditation Requirements

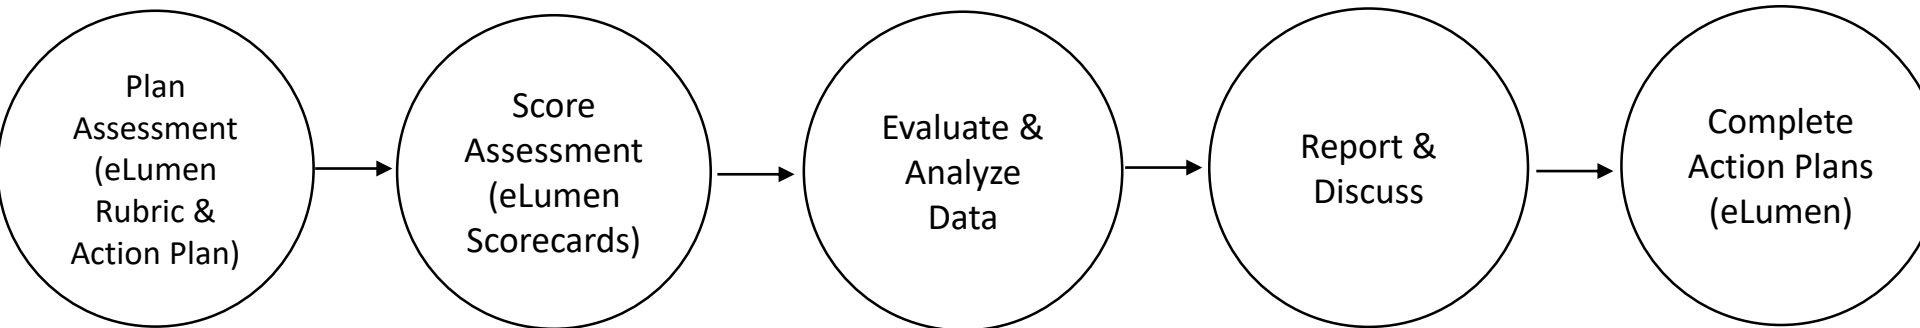

- SLO Assessment is an Accreditation Requirement
- *ACCJC Standards* Document, “Assuring Academic Quality and Institutional Effectiveness”:
  - The institution defines and assesses student learning outcomes for all instructional programs and student and learning support services. (ER 11)
  - The institution establishes institution-set standards for student achievement, appropriate to its mission, assesses how well it is achieving them in pursuit of continuous improvement, and publishes this information. (ER 11)
  - The institution uses assessment data and organizes its institutional processes to support student learning and student achievement.
- Compliance Critical to Accreditation Standing

# Senate Recommendation

- CASL Recommendations, Adopted by Senate March 2022:
- Student Learning Outcomes (SLO) are fully assessed **every three years.**
  - Fully assessed SLOs include the following parts: **completed data collection (scorecard), completed reflection templates, department discussion of results, and an action plan documenting the discussion and plans for the future.**
- CASL also strongly recommends that **all new courses are assessed the first time they are offered.**

# Assessment Documentation

- Entire Assessment Process Needs to be Documented
- eLumen is our current assessment system/repository

# Benefits of eLumen Assessment

- Helps Track Student Success/Understanding
- Helps with Curriculum Change Decisions
- Helps locate Disproportionate Impact
- Helps identify and justify Program Needs

# Some Immediate Issues

- Many courses have never been assessed.
  - Courses with No Assessment since 2019
    - [Assessment Reminder Document](#)
    - Archived courses may appear
    - Course Numbering/Duplicates
    - Let us know what needs to be removed from this document
    - If assessments took place outside of eLumen, send us data and documentation; we will enter into eLumen
    - Many courses not assessed

# eLumen Support & Other Help

- We want to help you with assessment & eLumen as much as possible. We will:
  - Build eLumen rubrics/assessments on request
  - Build action plans in eLumen on request
  - Enter action plans into eLumen on request
  - Enter past assessment data (2019-current) into eLumen
- Additional Help:
  - Help build assessment schedules for your department
  - Individual Meetings with us
  - Sample Materials and Resources (CASL Website)
  - Anything we can do to help, we want to do it!

# Assessment Reminder Document

- A list of courses to be assessed
  - Similar to Curriculum 5 Year Course Revision List
  - Provides potential Assessment Schedule
  - Serves as a reminder
  - Helps us prepare in advance
  - Prevents surprises and helps on-time assessment

# SLO Mapping

# SLO Mapping

- Program & Institutional SLOs (PSLOs & ISLOs) must also be assessed.
- Course SLOs should be mapped to both Program SLOs and Institutional SLOs.
- This “mapping allows for indirect assessment of Program and Institutional SLOs as needed” (“Senate Approved CASL Recommendations,” March 2022)
- I.e., if CSLOs are mapped to P/ISLOs, we can use CSLO assessments to complete P/ISLO assessments. PSLOs and ISLOs can be assessed through CSLO assessment.

# Mapping Challenges

- New courses are not currently being mapped.
  - We are working with curriculum to potentially adjust new course documentation to add mapping.
- When Courses are revised, P/ISLO mapping should be re-evaluated and potentially adjusted.
  - Revisions to CSLOs may cause mapping changes.
- Program revisions may change mapping.
  - Required courses may change.

# What We Hope to Do

- Update all mapping for accuracy
- Keep up with mapping changes (dynamic)
- Modify the new course/program documentation
- Include mapping information in course revision

# Assessment & Mapping: How Can You Help Us?

- Let us know of any discrepancies in our lists
- Update CSLO mapping to ISLOs, PSLOs
- Send us past assessments for entry into eLumen
- Work with us on courses missing assessment
- Consider building a department assessment schedule—we are happy to help!
- Consider a C&A Coordinator for your dept
- Join the Committee (CASL/PR)
  - 2nd & 4th Wednesdays 1:30-2:50 pm (Zoom)

# Resources

- [CASL SLO Handbook](#): A handbook developed by CASL to guide you in the assessment process. An excellent resource.
- [CASL Assessment Resources Page](#): Resources on assessment including eLumen guides.
- [How to Enter Assessment Scores in eLumen](#): Explains eLumen assessment entry. If you don't build your own rubric, this can be your main guide to eLumen.
- [Training for eLumen Handout](#): Guide for creating an assessment in eLumen, but we are happy to build assessments in eLumen for you.
- [Assessment Reports](#): Includes the Assessment Reminder Document (2023 to 2025 Assessment Report...) discussed here and I/PSLO Mapping Reports (Reports of all the current mapping in eLumen—viewable by department)
