## NEW COURSE PROPOSALS – DISCUSSION OF NEED

The following new course proposals will be discussed at this meeting with the authors of the proposals to determine the need of adding the course to our curriculum.  
The course outlines will not be reviewed at this meeting.

Subject & Number	Title	Rationale for New Course Proposal	Author	Effective
PHILOS-206	Critical Reasoning and Analytical Writing	Currently, all our philosophy courses qualify as IGETC and CSU-GE courses, with the exception of 106, Critical Reasoning. Many community colleges, such as LACCD, e.g. Pierce, Antelope Valley, Gavilan, and so on, have two separate critical reasoning courses, one that is akin to our CSU 106 course, and another that is an IGETC course. Having an IGETC course would allow us to maximize our enrollment and qualify our new critical reasoning class as part of certain pathways, e.g. the Law School Pathway, which currently does not include Philosophy, since it has no critical reasoning IGETC course. If this course is accepted, we would either retain 106 (non-IGETC) or eliminate it, depending on the recommendation of the committee.	A. Jones-Cathcart	TBD
