## NEW COURSE PROPOSALS – DISCUSSION OF NEED

The following new course proposals will be discussed at this meeting with the authors of the proposals to determine the need of adding the course to our curriculum.  
The course outlines will not be reviewed at this meeting.

Subject & Number	Title	Rationale for New Course Proposal	Author	Effective
HIST-116	African American History to 1877	Launching a sequence of African American history courses is vital if College of the Canyons intends to realize its goals of promoting equity and inclusiveness. This set of courses also represents a gap in the current History department offerings, since African American history has not been offered at all for at least fifteen years. Further, launching these courses conforms to objectives outlined by the Equity Minded Practitioners committee, as well as the ideals of culturally responsive teaching practices endorsed by the Center for Excellence in Teaching and Learning. Also, should the college proceed with its planned multicultural center it is incumbent that we develop course offerings that align with this mission. These courses will also be submitted to satisfy the new Ethnic Studies CSU-GE Area F requirement.	B. Riffel	TBD
