NEW COURSE PROPOSALS – DISCUSSION OF NEED

The following new course proposals will be discussed at this meeting with the authors of the proposals to determine the need of adding the course to our curriculum.
The course outlines will not be reviewed at this meeting.

Subject & Number	Title	Rationale for New Course Proposal	Author	Effective
NC.HLTH-010	Personal Care Aide Training	Responding to a need for a better trained and better integrated long-term care workforce, a large group of California Community Colleges developed a competency-based, adult learner-centered curriculum for personal care workers. The California Personal and Home Care Aide State Training (PHCAST) Program team enhanced the core curriculum with the addition of two modules – Career Development and Customer Service Excellence.	M. Pakgohar G. Rieck	TBD
NC.HLTH-011	Health Professions Employability Skills			

Subject & Number	Title	Rationale for New Course Proposal	Author	Effective
NC.VOC-010	Physical Fitness Preparation for Public Safety I	One of the biggest obstacles to employment as a Firefighter or Law Enforcement Officer is meeting the physical fitness requirements of these careers. This program reflects a regular concern from Police and Fire training/academy staff and recruiters that many applicants are ill prepared for the physical components of the Police and Fire Academies. Academy training staff have repeatedly indicated that physical fitness is the top disqualifier from the Police and Fire Academies. These professions require peak human physical and mental performance. It is therefore critical that our pre-service students understand and build upon the foundations of healthy lifestyles in order to meet or exceed the physical fitness requirements of Public Safety careers.	K. Kawamoto L. Alvarez	TBD
NC.VOC-011	Physical Fitness Preparation for Public Safety II			

-Motion to adopt the need for and conduct a full review of NC.VOC-010 & NC.VOC-011; Motion by Jeremy Patrich, second by Jessica Crowley. All in favor: Unanimous.
