Want to get involved at COC? Join ASG!

Getting involved with the Associated Student Government (ASG) is a valuable experience in which you can build lifelong friendships and help to create change for students. It does require time and effort, but those who have served on ASG always say the work put in is well worth the difference they can make! Also, if you are planning to transfer or obtain employment in the future, ASG helps to enhance your resume and promotes development of professional skills most colleges and employers are looking for...and it's FUN!

For more information about ASG including scheduled events, meeting agendas, and officer roles please visit: [Student Development - Associated Student Government](http://StudentDevelopment-AssociatedStudentGovernment)

Science Center Update

The Science Center is expected to open for classes in the Fall 2020. Due to circumstances beyond our control (primarily the heavy rains), the date was pushed out a semester, however, it has not dampened our excitement and anticipation of this much needed instructional space. A large portion of the major framing appears completed now. Keep watching for updates!

Student Employment

Looking for a job? Have you thought about working on campus? It can save you time, gas money and can provide you with great work experience to help build your resume. There are several ways to inquire about positions on campus including checking with the Career Center and approaching departments directly that you would like to work in, but the easiest way is to visit the Student Employment webpage at <https://www.canyons.edu/student-services> and fill out an application online. To be eligible to work on campus, you must be enrolled in at least 6.0 units at COC, have a cumulative GPA of 2.0 or higher, and be in good standing. Department supervisors will now have access to your information and will call if they have a need (and funding). For more information, call 661-362-3463, or email StudentEmployment@canyons.edu.

Need a quiet place to study? The Library is open 9am-4pm Monday through Thursday in this Summer, and would love to have you stop in. It offers textbooks, computer and printer access, comfortable seating, and more. The Library is located in Room 307.

Campus Safety

Important Tips:

- Campus Safety Escort Service Summer Hours Monday - Thursday, 5:30pm - 10:00pm
- Please follow posted speed limits and be courteous to other drivers.
- As a pedestrian, please watch for cars that may not see you, use the crosswalks and pedestrian sidewalks.
- Student parking is available in Lots 1, 2, and 3, and a student parking permit is required at all times.
- Our campus is a one way only road from entry to exit. Please follow posted street signs.
- Pickup/drop off of students is allowed at the designated white curbs only. Parking or stopping at red curbs causes traffic to back up and it's a fire code violation.
- Marked Green curbs are for 30 minute parking only, unless the designated time is posted differently.

Visit us in Building 511, or contact us at 661-362-3977. Thank you, and be SAFE!
